

2019-2020 Tacoma Artists Initiative Program Funding Guidelines

ABOUT THE TACOMA ARTISTS INITIATIVE PROGRAM

The Tacoma Artists Initiative Program (TAIP) was established in 1999 to encourage the contributions made by individual artists within the City of Tacoma. The goal of the program is to recognize high quality creative expression of the artists in our community and assist them in generating new work and presenting that work to the community through a free public component. Artists working in all disciplines including literary, performing, new media, visual arts, and interdisciplinary are encouraged to apply. Only one application per artist will be accepted.

PROJECT REQUIREMENTS

Creation of New Work

Artists should focus on the generation and/or completion of new artwork. All funded projects must take place within the Tacoma city limits.

Public Component

Artists are required to share their art or artistic practice with the citizens of Tacoma in a public forum that is free and accessible to everyone and is located within the Tacoma city limits.

ABOUT THE MONEY

TAIP funding awards are \$2,500 and are determined through a competitive application process. The number of contracts awarded will be based on the availability of funds and review of each application as measured against the evaluation criteria detailed in these guidelines. No funding is guaranteed until official approval of the budget by Tacoma City Council.

Contracts will specify a specific public benefit that will be provided to the citizens of Tacoma in exchange for the funding. Examples of public benefit include but are not limited to:

- a free exhibition of artwork
- a free public reading
- a free workshop or artist talk
- a free performance
- a free public screening of a film

The financial need of an applicant is not considered when evaluating applications. Artists are encouraged to support their projects from a variety of sources. TAIP funding will be issued in two payments, after the completion of deliverables as outlined in the funding contract. Artist should be prepared to cover the costs of their project until that time, but the City will work with each awardee on a case-by-case basis to try and stagger payment phases to lessen financial strain.

Description of Proposed Project - In 350 words or less, describe your project to the selection panel including how TAIP funding would be used towards the project.

Description of Public Component - In 200 words or less, describe the free public component to your project. Include pertinent information such as potential location (must be in Tacoma), dates, and promotion plans if available. Include how your project will positively benefit the community.

EVALUATION CRITERIA

Artistic Merit (50%)

Artistic Merit will count for 50% of the applicant's score and is the most important criteria in reviewing each application. Artistic Merit will be judged based on the work samples submitted in combination with the written project description.

Community Impact and Equity (30%)

Community Impact and Equity will count for 30% of the applicant's score. The most successful applicants will document that proposed activities will reach large audiences and/or underserved/underrepresented segments of the community (can include underrepresented art forms). All arts activities supported by the Tacoma Arts Commission must be accessible to the full breadth of Tacoma's citizenry.

Equity is the fair treatment, access, opportunity, and advancement for all people, while at the same time striving to identify and eliminate barriers that have prevented the full participation of some groups. The Tacoma Arts Commission and its staff are dedicated to promoting equity and social justice through the arts. Equity need not be a central component of every applicant's project, and will be taken into account more broadly by the selection panel in considering the individuals being funded directly and/or communities being reached via the public components of proposed projects. We encourage applicants to address how they are reaching out to diverse racial/ethnic identities, gender identities, ages, and abilities with the public event portion of their proposed project or the project itself when applicable. Artists must demonstrate understanding of or connection to any culturally-specific art forms or groups referenced in the project.

Capacity to Complete the Program (20%)

Capacity to Complete the Program will count for 20% of the applicant's score. A successful application will demonstrate that the artist has the capacity and commitment to produce the proposed project. Capacity to Complete the Program will be judged on the feasibility of producing the project with the proposed budget in combination with the written responses describing the proposed project.
