December 2020 meeting minutes - All approved

Management report: Eric Davis

Village is quiet. There are 57 residents. We got the dog station and no issues with the surrounding areas. Everyone is social distancing, in Christmas spirit, would like to use the community spaces but are not in current use due to Covid. 5 911 calls, all medical, all are doing well.

Case management report: Ty Campbell

Councilmember Beal: Feel like village is in good hands.

Matthew Jorgenson from City of Tacoma: No updates on TEMS 2.

Officer Butts: Crime trend. Vehicle crime is up city wide. Theft is 6% down from this time last year

Tony spoke to Eric about the tents around the surrounding area. He was told that it was individuals waiting to get into TEMS. Eric clarified that it was not any of the residents, but individuals that are unsheltered in the area. Tony went and checked it out and knows that these are not individuals connected to TEMS, feeling good about what the staff is doing.

Question from member: What's the best way to report vehicle prowls? Also said that they have video of prowlers. Officer: Call 911. Eric: If you have film or a picture and you think that they belong to the village come see us.
