Subject: **2022 Amendment – Minor Plan and Code Amendments**
Memo Date: January 13, 2022
Meeting Date: January 19, 2022

Action Requested:
Comment and Direction.

Discussion:

At the next meeting on January 19, 2022, the Planning Commission will review the application of “Minor Plan and Code Amendments” for the 2022 Annual Amendment to the [One Tacoma Comprehensive Plan](#) and [Land Use Regulatory Code](#) (or “[2022 Amendment](#)”).

This application identifies minor, non-policy type of revisions to *One Tacoma Plan* and various sections of the Tacoma Municipal Code, intended to keep information current, address inconsistencies, correct errors, increase clarity, and improve provisions that, through implementation of the Plan and administration of the Code, are found to be unclear or not fully meeting their intent. (See Attached)

Project Summary:

The [2022 Amendment](#) is an annual process for amending the Comprehensive Plan and/or Land Use Regulatory Code pursuant to Tacoma Municipal Code, Section TMC 13.02.070. The process began with accepting applications during January-March 2021 and is slated for completion in June 2022. The Planning Commission is tentatively scheduled to release the 2022 Amendment Package for public review on February 16, conduct a public hearing on March 16, and make a recommendation to the City Council on April 20; and the City Council’s review/adoption will occur in May-June 2022. The 2022 Amendment Package includes the following applications:

- (1) NewCold Land Use Designation Change
- (2) South Sound Christian Schools Land Use Designation Change
- (3) Work Plan for South Tacoma Groundwater Protection District Code Amendments
- (4) Minor Plan and Code Amendments
- (5) Recent Council Requests (Shipping Containers and “Electrified Fences”)

Prior Actions:

- 12/15/21 – Review of Status
- 10/06/21 – Review of Status
- 07/21/21 – Determination on Applications (proceeding with technical analysis)
- 06/16/21 – Public Scoping Hearing on the Applications
- 05/19/21 – Assessment of “South Tacoma Economic Green Zone” and “Minor Amendments”
- 05/05/21 – Assessment of “NewCold” and “South Sound Christian Schools”

1.	<p><u>Definition of Family (Director Rule 03-2021)</u></p> <ul style="list-style-type: none">TMC 13.01.060.F Zoning Definitions <p>Senate Bill 5235 (SB 5235), signed into law by the Governor, effective July 25, 2021, includes a key restriction on how local governments define and regulate residential unit occupancies. For the City of Tacoma, currently, "Family" is defined in TMC 13.01.060.F as follows:</p> <p><i>"Family." One or more persons related either by blood, marriage, adoption, or guardianship, and including foster children and exchange students, or a group of not more than six unrelated persons, living together as a single nonprofit housekeeping unit; provided, however, any limitation on the number of residents resulting from this definition shall not be applied if it prohibits the City from making reasonable accommodations to disabled persons in order to afford such persons equal opportunity to use and enjoy a dwelling as required by the Fair Housing Amendments Act of 1988, 42 U.S.C. 3604(f)(3)(b).</i></p> <p>Per the new State law, these types of broad zoning limitations on the number of unrelated individuals that can live in a dwelling unit are no longer allowed. Per the PDS Director's Rule 03-2021, effective July 25, 2021, the City will no longer use this definition to limit residential occupancy. This issue and potential permanent corrective code amendments should be included in the scope of work for the 2022 Amendment.</p>	<ul style="list-style-type: none">Replace the current definition of "Family" in the Land Use Code with the following: <i>"Family." One or more persons, related or unrelated, living together as a single household where all members have common access to and use of living, kitchen and other shared spaces.</i> <p>(Note: This definition change achieves basic consistency with the new state law. However, the state law, as well as policy adopted through Home In Tacoma Phase 1 call for a more holistic review of the use of the term "family" and of other standards that limit the number of people who can live in a dwelling unit.)</p>

2.	<p><u>Preliminary and Final Plats</u></p> <ul style="list-style-type: none"> TMC 13.04 Platting and Subdivisions <p>Based on the decision for the Morcos Preliminary Plat, our attorney has recommended that we take out language that states that an approved preliminary short or long plat is an assurance that the Final Plat will be approved. This language is not provided for in the RCW 58.17.100; rather it was added in by a previous PW's Director many years ago. Proposed amendments are needed to improve consistency with State law.</p>	<ul style="list-style-type: none"> Amend TMC 13.04.090.F. as follows: “After approval of a preliminary short plat application by the Director, the short plat shall be filed with the Pierce County Auditor <u>for recording</u>, and only after such filing shall the short plat be deemed approved and accepted by the City of Tacoma. The approved short subdivision decision, however, shall be assurance to the subdivider that the short plat will be recorded provided that:.....” Amend TMC 13.04.100.D. as follows: “Approval of the preliminary plat is a tentative approval and does not constitute final acceptance of the plat. 3.	<p><u>Residential Landscaping Requirements</u></p> <ul style="list-style-type: none"> TMC 13.06.09.J.5. Landscaping Buffers <p>In the code prior to the reorganization, landscaping was exempt for single, two, and 3 family homes. In the old code, landscaping buffers were also in this section and therefore exempt. The re-organized code moved buffers into a new section that does not have the same exemption listed in the applicability.</p> <p>1. Exemptions:</p> <p>a. 4.	<p><u>Homeowners' Association Owned Open Space & Other Tracts</u></p> <ul style="list-style-type: none"> TMC 13.04.090.H.20 & 100.F.20 Short Plat/Short Subdivision Procedures <p>The code allows open space & other tracts to be owned by a homeowner's association, the property owners within the subdivision or dedicated to the public.</p> <p>The homeowner's association should be removed as an option. These often go defunct/bankrupt, taxes aren't paid & the tract reverts to Pierce County which auctions it off. This causes problems because the new owner usually wants to develop the open space or other tract. Our code should ensure that property taxes are paid on these tracts by requiring they are included as a proportional interest for each property owner in the plat. That way Pierce County assesses each property owner in the plat a portion of the tax for the tract along with the taxes for their individual homes.</p> <p>RCW 58 has no provisions that require local jurisdictions to include ownership by a Homeowners' association as an option. Pierce County's code (Chapter 8.F30.030) also has no allowance for Homeowners' Association.</p>	<ul style="list-style-type: none"> Amend TMC 13.04.090.H.20 as follows: 20. Common facilities and open spaces shall be located on separate, individual tracts, unless otherwise approved by the Director, and shall be dedicated, reserved or otherwise held in common by a homeowners' association or by a proportional ownership interest shared among all of the property owners within the short subdivision, or alternatively, and only if acceptable to the receiving public agency, dedicated to the public Amend TMC 13.04.100.F.20 as follows: 20. Also, this definition is listed twice in the section, where the 2nd occurrence should be deleted.</p> <p>The “art gallery or museum” currently included in the definition of “Public Benefit Use” should be replaced with “cultural institutions.”</p> <p>It is also suggested that the “community meeting rooms” option be deleted from the definition of “Public Benefit Use.” We have found applicants are inclined to use this as a sort of “loophole”, to basically circumvent having to do any actual commercial space option on the ground floor where required. With this change, they will be designing to commercial standards regardless in the downtown areas.</p> <p>Also, “Public benefit use” should be added as a use category to these use charts of TMC 13.06.030, TMC 13.06.040, and TMC 13.06.060. Indicate which districts allow, prohibit, and required conditional use permits for this use in these districts.</p>	<ul style="list-style-type: none"> • Amend TMC 13.01.060.C as follows: “Cultural institutions.” Institutions displaying or preserving objects of interest in one or more of the arts or sciences. Day care available to the general public 2. Human services, such as employment counseling and walk-in clinics 3. Recreation, such as health clubs 4. Community meeting rooms 5. 4. 7.	<p><u>Efficiency Unit Parking Exemption</u></p> <ul style="list-style-type: none"> • TMC 13.06.090.C.3.i. Required off-street parking for Downtown Districts <p>Suggest cleaning up and clarifying the language in the off-street parking exemption for group housing, student housing and efficiency units in Downtown Districts. The current provision pertaining to bicycle parking spaces can be removed, because all units are already required to provide more bike parking spaces than what is called out here regardless. The “(whichever is greater)” is vague language and should be clarified.</p>	<ul style="list-style-type: none"> • Amend 13.06.090.C.3.i. as follows: (f) Group housing; student housing; and, efficiency multi-family dwellings (250-450 sf in size) are exempt from vehicular parking requirements (with the exception of required accessible parking), provided the following: <ul style="list-style-type: none"> • A minimum of 0.75 bicycle spaces per dwelling or unit are provided in an indoor, locked location. • Within a single building, no more than 20 dwelling units, or 50% of the total dwelling units (whichever is greater), may utilize this bonus. <u>For buildings that are greater than 40 dwelling units, 50% of the total dwelling units may utilize this bonus.</u>

8.	<p><u>Single-family detached dwellings – Small Lots (Level 2)</u></p> <ul style="list-style-type: none"> TMC 13.06.020.F.1.k Residential District Development Standards (row “k” of the table) <p>Several clarification type of amendments to row “k” of the table of Residential District Development Standards are suggested, as follows:</p> <ol style="list-style-type: none"> The placement of the “Additional exceptions to Minimum Lot Requirements” under the title line of the row “Single-family detached dwellings – Small Lots (Level 2)” causes confusion with customers. The additional exceptions are only applicable to single-family detached dwelling lots, not to all uses in the R district. Since the lead paragraph (the first paragraph in the right section) already explains that these exceptions can be applied for the Level 2 small lot minimum size, removing this placement under the title line should help eliminate the confusion. The wording of the lead paragraph, however, often leads customers to think all they need is a variance to get a smaller Level 2 lot. The latest example is a 7,440 sf lot that wanted to subdivide into a 3,000 sf and 4,440 sf lot through a variance. The Planned Residential District phrase isn’t necessary because it’s set out separately later in the section (020.F.1.m). The language about design standards is extraneous because these are by definition Level 2 lots and subject to all standards. The pipestem exception is listed above in 020.F.1.j and also in the section about small lots (13.06.020.J) and not needed here. 	<ul style="list-style-type: none"> Amend TMC 13.06.020.F.1.k as follows: <p>k. Critical areas and buffers may not be counted toward lot size averaging.</p> <p>Alley lot area credit: In R-1, R-2, and R2-SRD and HMR-SRD Districts, half of the width of abutting alleys which are utilized for vehicular access to the lot may be counted toward the required minimum lot area, up to an additional reduction equivalent to 10 percent of the Standard Minimum Lot Size.</p> <p>Level 2 Small Lots must meet the Level 2 Small Lot Design Standards of Section 13.06.100.F.</p> <p>Small lot exceptions are not applicable to pipestem lots.</p>
