WELCOME TO TOWN

TAG CITY

I was born on the
hilltop at Joseph's Hospital
I never want to
move to a different
city or state because
I love hilltop, it's
the best sub area in
Washington to me. If
you don't go to hilltop,
you won't know how it
is.

I grew up on hilltop. It
wasn't always a good
experience. But my family
always makes us feel better.
I just want to have
a good neighborhood for the
new people who move here
so they could have an good
experience every time I see
my kids
My kids
I love hilltop it is a good place.
