

SHORELINE MASTER PROGRAM UPDATE

OPEN HOUSE AND VISIONING

Tacoma

OPEN HOUSE AND VISIONING

Thursday, October 29, 2009 5:00 pm Tacoma Municipal Building
TMB North Room 16, 733 Market Street or 7... St. Helens

The City of Tacoma needs your input on the Shoreline Master Program Update! The Shoreline Master Program provides policies and regulations that guide development along all of Tacoma's shoreline areas. The SMP places priority on

1. Protecting water quality and the environment
2. Water-dependent uses
3. Public access to the shoreline

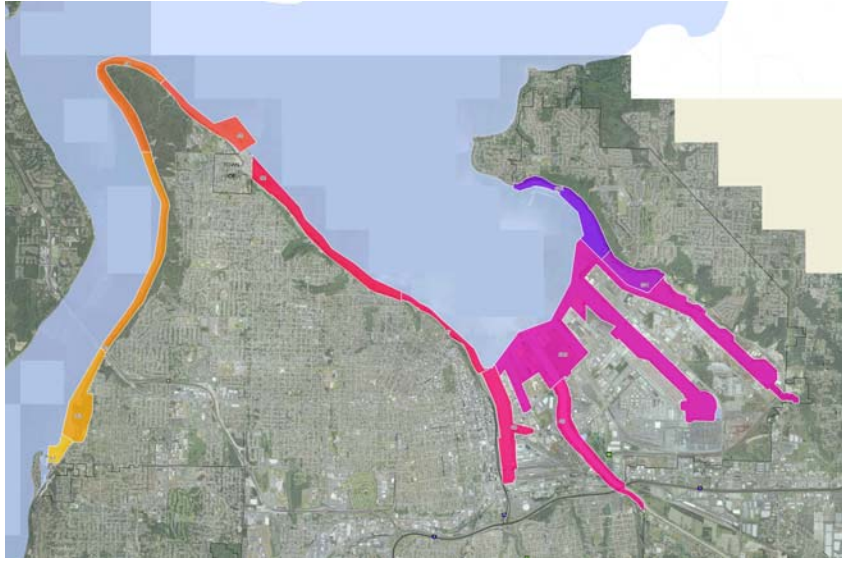

What is the Purpose of the Open House?

The Open House and Visioning will solicit public ideas for future restoration, public access and shoreline uses. Tell us what you see for your shorelines, share your ideas, and make an impact on the future of your City!

Where can I get Additional Information?

Additional information, including draft documents, is available on the Planning Division website: www.cityoftacoma.org/planning and click on "Shoreline Master Program Update."

The City of Tacoma has 42 miles of shoreline and 14 shoreline districts. The map above denotes the existing shoreline districts. Policies and standards for development are under review for all of these areas.
