

# Stadium and St Helens Neighborhoods:

## We Want to Hear From You About Parking!

The City of Tacoma's Parking Technical Advisory Group (PTAG) is a group of community volunteers who assist the City in developing parking policies. PTAG understands that there are parking issues in the Stadium District and they need to hear from people who know this area best. That would be you.

**Your input is necessary to help inform us of the challenges you experience on a daily basis.**

Please consider attending an open house conversation to share concerns, frustrations, and ideas to give feedback on the parking situation in the area. Feel free to stop by at any time during the open house and stay for as long or as short as you would like. If the time doesn't work with your schedule, please contact us with your concerns and ideas.

**For more information contact Parking Services at [parking@cityoftacoma.org](mailto:parking@cityoftacoma.org) or (253) 591-5437.**

The open house will start at 4 p.m. and will provide an opportunity to share your parking experiences.

### MARK YOUR CALENDAR:

Thursday, August 2, 2018  
4 - 6 p.m.

First Presbyterian Church - South Building  
102 Tacoma Ave S., Tacoma, WA
