

Stadium and St Helens Neighborhoods:

We Want to Hear From You About Parking!

The City of Tacoma's Parking Technical Advisory Group (PTAG) is a group of community volunteers who assist the City in developing parking policies. PTAG understands that there are parking issues in the Stadium District and they need to hear from people who know this area best. That would be you.

Your ideas are needed to determine the best plan for sharing parking resources.

At the first open house, we heard concerns and frustrations with inconsistent enforcement, inadequate turnover of spaces and limited parking supply. Please consider attending the next open house to help us come up with ideas to solve these problems. Feel free to stop by at any time during the open house and stay for as long or as short as you would like. If the time doesn't work with your schedule, contact Parking Services with your concerns and ideas at parking@cityoftacoma.org or (253) 591-5437.

The open house will start at 4 p.m. and will provide an opportunity to share your parking experiences.

MARK YOUR CALENDAR FOR MEETING #2:

Thursday, September 6, 2018
4 - 6 p.m.

First Presbyterian Church
South Building
102 Tacoma Ave S., Tacoma, WA

Visit cityoftacoma.org/ptag to review comments we've received so far.
