1.02 WITHDRAWAL OF SUBMITTALS

A. Prior to Submittal Deadline (Bid Opening)

Submittals may be withdrawn prior to the scheduled submittal deadline by providing written notice to the City's Purchasing Division. The notice may be submitted in person or by mail; however, it must be received by the City's Purchasing Division prior to the submittal deadline.

B. After Submittal Deadline

No submittal can be withdrawn after having been opened as set forth in the solicitation announcement, and before the actual award of the contract, unless the award is delayed more than 60 calendar days beyond the date of opening. If a delay of more than 60 calendar days does occur, the Respondent must submit written notice to the purchasing manager that Respondent is withdrawing its submittal.

1.03 SUBMITTAL IS NON-COLLUSIVE

The Respondent acknowledges that by its delivery of a submittal to the City in response to this solicitation it represents that the prices in such submittal are neither directly nor indirectly the result of any formal or informal agreement with another Respondent.

Submittals, unless previously withdrawn, will be read aloud, irrespective of any irregularities or informalities in such submittal, at the time and place specified in the solicitation announcement.

All submittals must remain open for acceptance by the City for a period of at least 60 calendar days from the date of opening.

1.05 RIGHT TO REJECT

The City of Tacoma reserves the right to reject any and all submittals, waive minor deviations or informalities, and if necessary, call for new submittals.

A. Requests for Proposals (RFP)

without limitation, and may exercise, at its sole discretion, the following rights and conditions:

1.06 EVALUATION OF SUBMITTALS

The City of Tacoma reserves the right to award to the lowest and best responsible Respondent(s) delivering a submittal in compliance with the specification documents, provided such submittals are reasonable and are in the best interest of the City to accept. The City may use a number of criteria for determining award, including evaluation factors set forth in Municipal Code Section 1.06.262. Respondents who are inexperienced or who fail to properly perform other contracts may have their submittal rejected for such cause.

A. Evaluation Factors

In addition to the factors set forth in Municipal Code Section 1.06.262, the following may be used by the City in determining the lowest and best responsible submittal:

1. Compliance with the Specification and with applicable City requirements, including by not limited to, the City's Ethics Code and its Small Business Enterprise and Local Employment and Apprenticeship programs.
2. Submittal prices, listed separately if requested, as well as a lump sum total (if the unit price does not compute to the extended total price, the unit price shall govern).
3. Time of delivery and/or completion of performance (delivery date(s) offered).
4. Warranty terms.
5. Quality of performance of previous contracts or services, including safety requirements and past compliance with the City's Ethics Code.
6. Previous and existing compliance with laws and ordinances relating to contracts or services.
7. Sufficiency of financial resources.
8. Quality, availability and adaptability of the supplies or services to the particular use required.
9. Ability to provide future maintenance and service on a timely basis.
10. Location of nearest factory authorized warranty repair facility or parts dealership.
11. Ability, capacity, experience, stability, reputation, integrity, character, judgment, technical qualifications and skill to perform the contract or provide the services required.

All other elements or factors, whether or not specifically provided for in this Specification, which would affect the final cost to, and the benefits to be derived by, the City, may be considered in determining the award of the contract. The final award decision will be based on the best interests of the City.

B. Cash Discount

Payment discount periods of 20 calendar days or more, if offered in the submittal, will be considered in determining the apparent lowest responsible submittal. Discounts will be analyzed in context of their overall cumulative effect.

1.07 COMPLETION OF CITY FORMS

All submittals must be completed in ink or typewritten using the forms included with this Specification, and submitted exactly as specified.

City forms requiring signature must be signed in ink by an authorized officer, employee or agent of the Respondent.

1.08 CORRECTION OF AMBIGUITIES AND OBVIOUS ERRORS

The City reserves the right to correct obvious errors in the Respondent's submittal. In this regard, if the unit price does not compute to the extended total price, the unit price shall govern.

1.09 CLARIFICATION OF SPECIFICATION

Questions regarding this Specification and/or any included terms, conditions, forms, plans or drawings are to be submitted in writing to the City staff person identified as the contact for this Specification. All requests for interpretation must be received by the City no later than five business days prior to the opening date. Any interpretation of this Specification will be made by addendum duly issued and posted to the Purchasing website at www.TacomaPurchasing.org. Such addendum must be acknowledged in the submittal. The City of Tacoma will not be responsible for any other explanation or interpretation of the specification documents.

1.10 ALTERATIONS NOT ALLOWED

Except as otherwise specifically provided in the specification documents, submittals that are incomplete or conditioned in any way, contain erasures, alternatives or items not called for, or not in conformity with law, may be rejected as being non-responsive. Any attempt to condition the submittal by inserting exceptions to the Specification or any conditions, qualifications or additions that vary its terms may result in rejection of the

submittal. The City cannot legally accept any submittal containing a material deviation from the Specifications.

1.11 INSERTION OF MATERIAL CONFLICTING WITH SPECIFICATIONS

Only material inserted by the Respondent to meet requirements of the specification documents will be considered. Any other material inserted by the Respondent will be disregarded by the City of Tacoma as being non-responsive and may be grounds for rejection of the submittal.

1.12 FIRM PRICES/ESCALATION

Except as specifically allowed elsewhere in the specification documents, only firm prices will be accepted.

1.13 SHIPPING

Prices must be quoted FOB destination (the place of destination as defined in RCW 62A.2-319, as that statute may hereafter be amended), with freight prepaid and allowed (shipping costs included in unit prices), and risk of loss remaining with Respondent until delivery is tendered.

1.14 LEGAL HOLIDAYS

1.15 TAXES

Unless otherwise required in this Specification, applicable federal, state, city and local taxes shall be included in the submittal as indicated below. The total cost to the City, including all applicable taxes, may be the basis for contract award determination. As used herein, the term "taxes" shall include any and all taxes, assessments, fees, charges, interest, penalties, and/or fines imposed by applicable laws and regulations in connection with the procurement of goods and/or services hereunder.

A. Federal Excise Tax

The City of Tacoma is exempt from federal excise tax. The City will furnish a Federal Excise Tax Exemption certificate, if required. If the Respondent fails to include any applicable tax in its submittal, then Respondent shall be solely responsible for the payment of said tax.

B. State and Local Sales Tax

C. City of Tacoma Business and Occupation Tax

It is the Respondent's obligation to include City of Tacoma Business and Occupation tax in the unit and/or lump sum prices submitted; it shall not be shown separately on the submittal.

Per Sub-Title 6A of the City of Tacoma Municipal Code, transactions with the City of Tacoma may be subject to the City's Business and Occupation Tax.

1.17 PUBLIC DISCLOSURE

Washington State Public Disclosure Act (RCW 42.56 et seq.) requires public agencies in Washington to promptly make public records available for inspection and copying unless they fall within the specified exemptions contained in the Act. Documents submitted under this Specification are considered public records and, unless exempt from disclosure under the Act, will be made available for inspection and copying by the public in response to a public records request.

1.18 PROPRIETARY OR CONFIDENTIAL TRADE SECRET INFORMATION

If the Respondent considers any submittal document to be exempt from disclosure under the law, the Respondent shall clearly mark on the specific page(s) affected such words as "CONFIDENTIAL," "PROPRIETARY" or "TRADE SECRET." The Respondent shall also submit an index with its submittal identifying the affected page number(s) and location(s) of all such identified material. **Failure to provide an index identifying the location of the material in the submittal that Respondent considers to be protected from disclosure will result in the records being released in response to a request for those records without further notice to Respondent. Marking the entire submittal as "confidential" or "proprietary" or "trade secret" is not acceptable and is grounds to reject such submittal.**

If a public records request is made for disclosure of all or any part of Respondent's submittal, **and** Respondent has (i) properly marked and (ii) indexed the material it asserts to be exempt from disclosure, the City will determine whether the material is exempt from public disclosure. If, in the City's opinion, the material is subject to a possible exemption to disclosure, the City will notify Respondent of the request and impending release and allow the Respondent ten (10) business days to take whatever action Respondent deems necessary to protect its interests. The City will reasonably cooperate with any legal action initiated by the Respondent to prevent release; provided that all expense of such action shall be borne solely by the Respondent, including any damages, penalties, attorney's fees or costs awarded by reason of having opposed disclosure and Respondent shall indemnify City against same. If the Respondent fails to take such action within said period, the City will release all materials deemed subject to disclosure. Submission of materials in response to this solicitation shall constitute assent by the Respondent to the foregoing procedure and the Respondent shall have no claim against the City on account of actions taken pursuant to such procedure.

1.19 TITLE VI OF THE CIVIL RIGHTS ACT OF 1964

The City of Tacoma ensures full compliance with Title VI of the Civil Rights Act of 1964 by prohibiting discrimination against any person on the basis of race, color, national origin or sex in the provision of benefits and services resulting from its federally assisted programs and activities. 2.20 TERMINATION AND SUSPENSION

The City may terminate this Contract at any time, with or without cause, by giving 10 business days written notice to Contractor. In the event of termination, all finished and unfinished work prepared by the Contractor pursuant to this Contract shall be provided to the City. In the event City terminates this Contract due to the City's own reasons and without cause due to the Contractor's actions or omissions, the City shall pay the Contractor the amount due for actual work and services necessarily performed under this Contract up to the effective date of termination, not to exceed the total compensation set forth herein.

The City may suspend this Contract, at its sole discretion, upon three business days written notice to the Contractor. Such notice shall indicate the anticipated period of suspension. Any reimbursement for expenses incurred due to the suspension shall be limited to the Contractor's actual expenses and shall be subject to verification. The Contractor shall resume performance of services under this Contract without delay when the suspension period ends.

Termination or suspension of this Contract by City shall not constitute a waiver of any claims or remaining rights the City may have against Contractor relative to performance hereunder.

2.21 INDEMNIFICATION – HOLD HARMLESS

The Contractor shall indemnify, defend and hold harmless the City, its officials, officers, agents, employees and volunteers, from any and all claims, demands, damages, lawsuits, liabilities, losses, liens, expenses and costs arising out of the subject matter of this Contract; provided that this provision shall not apply to the extent that damage or injury results from the fault of the City, or its officers, agents, or employees. The term "fault" as used herein shall have the same meaning as set forth in RCW 4.22.015, as that statute may hereafter be amended.

The Contractor specifically assumes potential liability for actions brought by the Contractor's own employees against the City and, solely for the purpose of this indemnification and defense, the Respondent specifically waives any immunity under the state industrial insurance law, Title 51 RCW.

These indemnifications shall survive the termination of this Contract.

A waiver or failure by either party to enforce any provision of this Contract shall not be construed as a continuing waiver of such provisions, nor shall the same constitute a waiver of any other provision of this Contract.

2.22 INSURANCE

The Contractor shall maintain all necessary insurance to protect Contractor and the City from losses and claims that may arise out of or result from performance of duties related to the Contract, including Worker's Compensation, automobile public liability and property damage, commercial general liability, professional liability, errors and omissions and others, as specified in the Insurance Requirements attachment.

2.23 INDEPENDENT CONTRACTOR STATUS

The Contractor is considered an independent contractor who shall at all times perform his/her duties and responsibilities and carry out all services as an independent contractor and shall never represent or construe his/her status to be that of an agent or employee of the City, nor shall the Contractor be eligible for any employee benefits. No payroll or employment taxes or contributions of any kind shall be withheld or paid by the City with respect to payments to Contractor. The Contractor shall be solely responsible for all said payroll or employment taxes and/or contributions including, but not limited to, FICA, FUTA, federal income tax, state personal income tax, state disability insurance tax and state unemployment insurance tax. If the City is assessed, made liable or responsible in any manner for such taxes or contributions, the Contractor agrees to indemnify and hold the City harmless from all costs incurred, including attorney fees.

Unless otherwise specified in writing, Contractor shall provide at its sole expense all materials, working space, and other necessities and instruments to perform its duties under this Contract. The Contractor, at

its sole expense, shall obtain and keep in force any and all applicable licenses, permits and tax certificates necessary to perform Contract services.

2.24 NOTICES

Except for routine operational communications, which may be delivered personally or transmitted by electronic mail or facsimile, all notices required hereunder shall be in writing and shall be deemed to have been duly given if delivered personally or mailed first-class mail, postage prepaid, to the Contractor's registered agent and to the applicable City department representative.

2.25 CITY OWNERSHIP OF WORK/RIGHTS IN DATA/PUBLICATIONS

To the extent that Contractor creates any work subject to the protections of the Copyright Act (Title 17 U.S.C) in its performance of this Contract, Contractor agrees to the following: The work has been specially ordered and commissioned by the City. Contractor agrees that the work is a "work made for hire" for copyright purposes, with all copyrights in the work owned by City. To the extent that the work does not qualify as a work made for hire under applicable law, and to the extent that the work includes material subject to copyright, Contractor hereby assigns to City, its successors and assigns, all right, title and interest in and to the work, including but not limited to, all copyrights, patent, trade secret and other proprietary rights, and all rights, title and interest in and to any inventions and designs embodied in the work or developed during the course of Contractor's creation of the work.

The Contractor shall be solely responsible for obtaining releases and/or licenses for the reproduction, distribution, creation of derivative works, performance, display, or other use of copyrighted materials. Should the Contractor fail to obtain said releases and/or licenses, the Contractor shall indemnify, defend and hold harmless the City for any claim resulting there from.

2.26 PUBLIC DISCLOSURE

This Contract and documents provided to the City by Contractor hereunder are deemed public records subject to disclosure under the Washington State Public Records Act, Chapter 42.56 RCW (Public Records Act). Thus, the City may be required, upon request, to disclose this Contract and documents related to it unless an exemption under the Public Records Act or other laws applies.

2.27 DUTY OF CONFIDENTIALITY

Contractor acknowledges that unauthorized disclosure of information or documentation concerning the Scope of Work hereunder may cause substantial economic loss or harm to the City. Except for disclosure of information and documents to Contractor's employees, agents, or subcontractors who have a substantial need to know such information in connection with Contractor's performance of obligations under this Contract, the Contractor shall not without prior written authorization by the City allow the release, dissemination, distribution, sharing, or other publication or disclosure of information or documentation obtained, discovered, shared or produced pursuant to this Contract.

2.28 DISPUTE RESOLUTION

In the event of a dispute pertaining to this Contract, the parties agree to attempt to negotiate in good faith an acceptable resolution. If a resolution cannot be negotiated, then the parties agree to submit the dispute to voluntary non-binding mediation before pursuing other remedies. This provision does not limit the City's right to terminate authorized by this Contract.

2.29 GOVERNING LAW AND VENUE

Washington law shall govern the interpretation of this Contract. The state or federal courts located in Pierce County shall be the venue of any mediation, arbitration or litigation arising out of this Contract.

2.30 ASSIGNMENT

The Contractor shall not assign, subcontract, delegate, or transfer any obligation, interest or claim to or under this Contract without the prior written consent of the City.

2.31 WAIVER

A waiver or failure by either party to enforce any provision of this Contract shall not be construed as a continuing waiver of such provisions, nor shall the same constitute a waiver of any other provision of this Contract.

2.32 SEVERABILITY AND SURVIVAL

If any term, condition or provision of this Contract is declared void or unenforceable or limited in its application or effect, such event shall not affect any other provisions hereof and all other provisions shall remain fully enforceable. The provisions of this Contract, which by their sense and context are reasonably intended to survive the completion, expiration or cancellation of this Contract, shall survive termination of this Contract.

2.33 CONFLICT WITH CONTRACT

In the event of any conflict between this document, Standard Terms and Conditions Section 2, Services, and the Professional Services Contract or other type of Contract (Contract) ultimately negotiated and entered into between Respondent and the City, the provisions of the Contract shall prevail. However, absent any such conflict the provisions of this document, Standard Terms and Conditions Section 2, Services, are fully incorporated into and considered part of the Contract.

SECTION 3 – PROJECT INFORMATION AND REQUIREMENTS

3.01 PURPOSE AND BACKGROUND

PURPOSE

The City of Tacoma (“City”) Planning and Development Services Department (“PDS”) is requesting proposals to create a web component for the Prairie Line Trail’s historic narrative and works of art. In 2015, the City of Tacoma received a Heritage Capital Projects Fund Grant to document and provide an interpretation plan for the city-owned portions of the Prairie Line Trail (PLT). The City of Tacoma is currently working with Artifacts Consulting, Inc. (<http://www.artifacts-inc.com/>) to develop an interpretation plan for the trail, identify historic themes, and assemble a reference archive. This work is meant to inform, inspire, and directly support historic interpretation along the trail and its artwork. The web component is one component of a multi-faceted interpretation approach, as described below.

BACKGROUND

The City of Tacoma was awarded a Washington State 2015-2017 Heritage Capital Projects Fund grant for the Prairie Line Trail Historic Interpretation Project. The overall project converts one mile of the historic Prairie Line railroad corridor, through downtown Tacoma, into a signature public space integrating a multi-use trail, historic/cultural interpretation, public art, multimedia, and green features. This interpretation plan includes the Union Station Conservation District, the Brewery District, the University of Washington Tacoma campus, and the Tacoma waterfront. The plan should take into account related themes from Tacoma’s history and cultural/ethnic groups.

The Prairie Line Trail is historically significant as the west coast terminus of the transcontinental railroad. The former BNSF railway travels through the Brewery District, University of Washington-Tacoma campus, past Tacoma Art Museum, and down to the Thea Foss Waterway. The Trail is located in a vibrant area of downtown, adjacent to the Greater Tacoma Convention and Trade Center, Tollefson Plaza, restaurants, and retail. The Sound Transit Light Rail crosses the Prairie Line Trail and Museum of Glass and Washington State History Museum are nearby.

Once completed, this rail to trail conversion will create a linear park and active transportation gateway to the waterfront; build on downtown Tacoma's natural, historic, and cultural assets; and become an integral component of the vision of an attractive, livable, and revitalized downtown.

To date, roughly one third of the overall trail (the section running through the University of Washington-Tacoma campus) has been completed. Construction on the next third of the trail is planned to begin in spring 2017, and the final third is currently being designed. www.cityoftacoma.org/PLT.

Substantial planning and design has already been completed. In 2011, Urban Planner Todd Bressi and the design team of Lucy Begg and Robert Gay (Thoughtbarn) developed a public art plan for the Prairie Line Trail, supported by the National Endowment for the Arts. The plan will be a resource for developing artwork along the PLT: http://cms.cityoftacoma.org/CEDD/TacomaCulture/arts/TA_PrairieLine_Plan032712.pdf

1.07.010 Policy and purpose.

It is the policy of the City of Tacoma that citizens be afforded an opportunity for full participation in our free enterprise system and that historically underutilized business enterprises shall have an equitable opportunity to participate in the performance of City contracts. The City finds that in its contracting for supplies, services and public works there has been historical underutilization of small businesses located in certain geographically and economically disfavored locations and that this underutilization has had a deleterious impact on the economic well-being of the City. The purpose of this chapter is to remedy the effects of such underutilization through use of reasonably achievable goals to increase opportunities for historically underutilized businesses to participate in City contracts. It is the goal of this chapter to facilitate a substantial procurement, education, and mentorship program designed to promote equitable participation by historically underutilized businesses in the provision of supplies, services, and public works to the City. It is not the purpose of this chapter to provide any person or entity with any right, privilege, or claim, not shared by the public, generally, and this chapter shall not be construed to do so. This chapter is adopted in accordance with Chapter 35.22 RCW and RCW 49.60.400.

A. No person that is engaged in the construction of public works for the City, engaged in the furnishing of laborers or craftspeople for public works of the City, or is engaged for compensation in the provision of non-public works and improvements supplies and/or services to the City, shall discriminate against any other person on the basis of race, religion, color, national origin or ancestry, sex, gender identity, sexual orientation, age, marital status, familial status, or the presence of any sensory, mental or physical disability in employment. Such discrimination includes the unfair treatment or denial of normal privileges to a person as manifested in employment upgrades, demotions, transfers, layoffs, termination, rates of pay, recruitment of employees, or advertisement for employment.

(Ord. 27867 Ex. A; passed Dec. 15, 2009)

1.07.040 Program administration.

A. The Community and Economic Development Director, or his or her designated SBE Program Coordinator, shall be responsible for administering this chapter and obtaining compliance with respect to contracts entered into by the City and/or its contractors. It shall be the duty of the Director to pursue the objectives of this chapter by conference, conciliation, persuasion, investigation, or enforcement action, as may be necessary under the circumstances. The Director is authorized to implement an administrative and compliance program to meet these responsibilities and objectives.

B. The Director is hereby authorized to adopt and to amend administrative rules and regulations known as the SBE Regulations to properly implement and administer the provisions of this chapter. The owner(s) of the company executes an Affidavit of Small Business Enterprise Certification and files it with the City which states that all information submitted on the SBE application is accurate, that the business has sought or intends to do business with the City and/or within the Pierce County area and has experienced or expects to experience difficulty competing for such business due to financial limitations that impair its ability to compete against larger firms; and
4. The company can demonstrate that it also meets at least one of the following additional requirements:
 - a. The company's business offices, or the personal residence of the owner, is located within a City of Tacoma designated Renewal Community/Community Empowerment Zone, prior to designation as a SBE, or

d. The company's business offices are located in a federally designated HUBZONE in a County wherein the work will be performed, or an adjacent county, for at least 12 months prior to designation as a SBE.

B. Application Process. The SBE Program Coordinator shall make the initial determination regarding certification or recertification. Each SBE applicant shall provide the following documents; as such documents are more fully described in the SBE Regulations, to the SBE Program Coordinator:

1. A completed Statement of Personal Net Worth form;
2. A completed, signed, and notarized Affidavit of Small Business Enterprise Certification that affirms compliance with the certification and documentation requirements of this section;

(Ord. 28274 Ex. A; passed Dec. 16, 2014; Ord. 28147 Ex. A; passed May 7, 2013; Ord. 28141 Ex. A; passed Mar. 26, 2013; Ord. 28110 Ex. B; passed Dec. 4, 2012; Ord. 27867 Ex. A; passed Dec. 15, 2009)

1.07.060 Program requirements.

A. Establishment of Annual SBE Goals. The SBE Regulations adopted pursuant to this chapter shall state reasonably achievable cumulative annual goals for utilization of SBEs in the provision of supplies, services, and public works procured by the City. Cumulative annual goals for the participation of SBEs in City contracts shall be based on the number of qualified SBEs operating within Pierce County or in a county that is adjacent to Pierce County or in a HUBZone in a county where the supplies, services and/or public works will be delivered or performed. The dollar value of all contracts awarded by the City to SBEs in the procurement of supplies, services, and public works shall be counted toward the accomplishment of the applicable SBE goal. The initial cumulative annual SBE goal for all public works, non-public works and improvements supplies and services procured by the City of Tacoma is 22 percent.

B. Revision of Annual SBE Goals. SBE utilization goals for supplies, services, and public works shall be reviewed annually to determine the total level of SBE participation reasonably attainable. If no certified SBEs are available to provide supplies, services, and/or public works, the dollar value of such supplies, services, or public works shall be exempt from the calculation of the cumulative annual goals set forth in the SBE Regulations. Proposed reduction of the cumulative annual SBE goals shall be in accordance with the SBE Regulations.

C. Application of SBE Goals to Contracts. The SBE Program Coordinator shall consult with City departments/divisions to establish the SBE goal for competitively solicited contracts of \$25,000 and above, in accordance with this chapter and the SBE Regulations. No SBE goal will be established if no certified SBEs are available to provide supplies, services and/or public works.

D. Waivers. City departments/divisions or the SBE Program Coordinator may request to waive one or more of the requirements of this chapter as they apply to a particular contract or contracts. Waivers may be granted in any one or more of the following circumstances:

1. Emergency: The supplies, services and/or public works must be provided with such immediacy that neither the City nor the contractor can comply with the requirements herein. Such emergency and waiver must be documented by the department/division awarding the contract.
2. Not Practicable: Compliance with the requirements of this chapter would impose an unwarranted economic burden or risk to the City after consideration of existing budgetary approvals.
3. Sole source: The supplies, services, and/or public works are available from only one source, and subcontracting possibilities do not reasonably exist as determined by the finance purchasing manager.
4. Government purchasing. The City is a party to or included in a federal, state or inter-local government purchasing agreement as approved by the finance purchasing manager.
5. Lack of SBEs: An insufficient number of qualified SBE contractors exist to create SBE utilization opportunities.
6. Best interests of the City: Waiver of SBE goals is in the best interests of the City due to unforeseen circumstances, provided that said circumstances are set forth in writing by the requestor.

E. Review of Waivers. A waiver determination by the finance purchasing manager may be reviewed by the Board of Contracts and Awards (C&A Board). The C&A Board may also review a request to reduce or waive the SBE utilization goals based on Not Practicable or Best Interests of the City circumstances. The C&A Board shall determine whether compliance with such goals would impose unwarranted economic burden on, or risk to, the City of Tacoma as compared with the degree to which the purposes and policies of this chapter would be furthered by requiring compliance. If the determination of the C&A Board does not resolve the matter, a final determination shall be made by the City Council or Public Utility Board, as the case may be.

(Ord. 28141 Ex. A; passed Mar. 26, 2013; Ord. 27867 Ex. A; passed Dec. 15, 2009)

1.07.070 Evaluation of submittals.

A. All submittals for a supplies, services, or public works and improvements contract valued at \$25,000 or more shall be evaluated for attainment of the SBE goal established for that contract in accordance with this chapter and the SBE Regulations.

B. The determination of SBE usage and the calculation of SBE goal attainment per this section shall include the following considerations:

1. General. The dollar value of the contract awarded by the City to a SBE in the procurement of supplies, services, or public works shall be counted toward achievement of the SBE goal.
2. Supplies. A public works and improvements contractor may receive credit toward attainment of the SBE goal for expenditures for supplies obtained from a SBE; provided such SBE assumes the actual and contractual responsibility for delivering the supplies with its resources. The contractor may also receive credit toward attainment of the SBE goal for the amount of the commission paid to a SBE resulting from a supplies contract with the City; provided the SBE performs a commercially useful function in the process.
3. Services and Public Works subcontracts. Any bid by a certified SBE or a bidder that utilizes a certified SBE shall receive credit toward SBE goal attainment based on the percentage of SBE usage demonstrated in the bid. A contractor that utilizes a SBE-certified subcontractor to provide services or public works shall receive a credit toward the contractor's attainment of the SBE goal based on the value of the subcontract with that SBE.
4. Brokers, Fronts, or Similar Pass-Through Arrangements. SBEs acting as brokers, fronts, or similar pass-through arrangements (as such terms are defined in the SBE Regulations) shall not count toward SBE goal attainment unless the activity reflects normal industry practices and the broker performs a commercially useful function.

C. Evaluation of competitively solicited submittals for public works and improvements and for services when a SBE utilization goal has been established for the contract to be awarded shall be as follows:

1. When contract award is based on price. The lowest priced bid submitted by a responsive and responsible bidder will be reviewed to determine if it meets the SBE goal. Such low bid shall be determined to meet the SBE goal if the bidder is a certified SBE.

a. If the low bidder meets the SBE goal, the bid shall be presumed the lowest and best responsible bid for contract award.

b. If the lowest priced bid does not meet the SBE goal, but the bid of any other responsive and responsible bidder does, and such other bid(s) is or are priced within five percent of the lowest bid, then the following formula shall be applied to each such other bid:

$$(\text{Base Bid}) \left[\frac{\text{SBE Usage Percentages}}{\text{SBE Goal Percentages}} \right] \times (.05 \times \text{Low Base Bid}) = \text{Evaluated Bid}$$

c. The lowest evaluated bid after applying said evaluation formula shall be presumed the lowest and best responsible bid for contract award.

d. In no event shall a bidder's evaluated bid price be adjusted more than 5 percent from its base bid price for purposes of contract award.

2. When contract award is based on qualifications or other performance criteria in addition to price. Solicitations shall utilize a scoring system that promotes participation by certified SBEs. Submittals by respondents determined to be qualified may be further evaluated based on price using the formula applicable to price based contract awards above. The SBE Regulations may establish further requirements and procedures for final selection and contract award, including:

- a. Evaluation of solicitations for Architectural and Engineering (A&E) services;
- b. Evaluation and selection of submittals in response to requests for proposals; and
- c. Selection of contractors from pre-qualified roster(s).

D. Evaluation of competitively solicited submittals for supplies when no SBE utilization goal has been established for the contract to be awarded shall encourage SBE participation as follows:

1. A submittal from a responsive certified SBE that is priced within five percent of the otherwise lowest responsive bid shall be recommended for award. Otherwise, the lowest responsive bidder shall be recommended for contract award.

E. The SBE Regulations may establish further SBE goal evaluation requirements and procedures for award of contracts between \$5,000 and \$25,000.00 and for non-competitively solicited contracts. City departments/divisions shall use due diligence to encourage and obtain SBE participation for supplies, services, and public works contracts under \$5,000.

(Ord. 28141 Ex. A; passed Mar. 26, 2013; Ord. 27867 Ex. A; passed Dec. 15, 2009)

1.07.080 Contract compliance.

A. The contractor awarded a contract based on SBE participation shall, during the term of the contract, comply with the SBE goal established in said contract. To ensure compliance with this requirement following contract award, the following provisions apply:

- 1. Any substitutions for or failure to utilize SBEs projected to be used must be approved in advance by the SBE Program Coordinator. Substitution of one SBE with another shall be allowed where there has been a refusal to execute necessary agreements by the original SBE, a default on agreements previously made or other reasonable excuse; provided that the substitution does not increase the dollar amount of the bid.
- 2. Where it is shown that no other SBE is available as a substitute and that failure to secure participation by the SBE identified in the solicitation is not the fault of the respondent, substitution with a non-SBE shall be allowed; provided, that, the substitution does not increase the dollar amount of the bid.
- 3. If the SBE Program Coordinator determines that the contractor has not reasonably and actively pursued the use of replacement SBE(s), such contractor shall be deemed to be in non-compliance.

B. Record Keeping. All contracts shall require contractors to maintain relevant records and information necessary to document compliance with this chapter and the contractor's utilization of SBEs, and shall include the right of the City to inspect such records.

(Ord. 28141 Ex. A; passed Mar. 26, 2013; Ord. 27867 Ex. A; passed Dec. 15, 2009)

1.07.090 Program monitoring.

A. The SBE Program Coordinator shall monitor compliance with all provisions of this chapter and the SBE Regulations. The SBE Program Coordinator shall establish procedures to collect data and monitor the effect of the provisions of this chapter to assure, insofar as is practical, that the remedies set forth herein do not disproportionately favor one or more racial, gender, ethnic, or other protected groups, and that the remedies do not remain in effect beyond the point that they are required to

eliminate the effects of under utilization in City contracting. The SBE Program Coordinator shall have the authority to obtain from City departments/divisions, respondents, and contractors such relevant records, documents, and other information as is reasonably necessary to determine compliance.

B. The SBE Program Coordinator shall submit an annual report to the Community and Economic Development Director, Director of Utilities, and the City Manager detailing performance of the program. The report shall document SBE utilization levels, waivers, proposed modifications to the program, and such other matters as may be specified in the SBE Regulations.

(Ord. 28141 Ex. A; passed Mar. 26, 2013: Ord. 28110 Ex. B; passed Dec. 4, 2012: Ord. 27867 Ex. A; passed Dec. 15, 2009)

1.07.100 Enforcement.

The Director, or his or her designee, may investigate the employment practices of contractors to determine whether or not the requirements of this chapter have been violated. Such investigation shall be conducted in accordance with the procedures established in the SBE Regulations.
