The Environmental Services Department, Science and Engineering Division recommends a contract be awarded to low bidder Rodarte Construction, Inc., Auburn, WA, for the replacement of approximately 10,500 linear feet of existing wastewater sewer mains and 800 linear feet of stormwater sewer mains. The contract amount reflects a base award of $3,118,323.75, excluding sales tax, plus a 10 percent contingency, for a cumulative amount of $3,430,156.13, excluding sales tax.

The City of Tacoma’s wastewater collection system consists of over 700 miles of underground pipe that conveys wastewater from residential and commercial customers to one of three different locations where it is treated prior to being discharged into Puget Sound.

To help address the problem of aging sewer infrastructure, Environmental Services developed an Asset Management Program. This ongoing program focuses on rehabilitating a certain amount of the City’s poorest condition pipes every year. Depending on a pipe’s age and condition, rehabilitation can be accomplished using pipe-lining technology that minimizes or eliminates the need for disruptive excavation, or in more severe cases, removing and replacing the existing pipe using traditional excavation methods.

The deteriorated wastewater pipes within the project limits were installed over 80 years ago. The pipes have exceeded their design life, require recurring maintenance and repairs, and are at risk of failure. If failure were to occur, it would result in sewer overflows of untreated wastewater into Commencement Bay and potentially into the basements of adjacent buildings. If repairs are made after it fails, costs go up dramatically.

The condition of these pipes requires complete replacement performed using open-cut excavation methods rather than pipe-lining. All excavation will be performed within existing paved roadways and gravel alleys. Because this work will be disturbing the existing paved roadways, the aging storm water pipes will also be replaced. These roads and alleys will be repaired in accordance with the City’s Right-of-Way Restoration Policy upon completion of the underground sewer work.

The reduced risk of sewer overflows from this project represents an improvement to human health and the environment. This project will also provide improvements to ergonomic components of Tacoma’s sidewalks through curb ramp reconstruction at certain intersections within the project limits. Preventive rehabilitation of underground sewers in the project vicinity, prior to complete failure, represents the lowest lifecycle cost solution to maintaining these assets.

Request for Bids, Specification No. PW12-0423F was opened December 27, 2012. The City received 13 bid proposals. The project was advertised in the
Tacoma Daily Index and the Seattle Daily Journal of Commerce. Rodarte Construction, Inc. submitted the lowest responsive bid. The table below reflects the amount of the base award.

The Environmental Services Department, Science and Engineering Division is requesting the City Council to award a contract to low bidder Rodarte Construction, Inc., of Auburn, WA, for a base amount of $3,118,323.75, excluding sales tax, plus a 10 percent contingency for a cumulative amount of $3,430,156.13, excluding sales tax.

Background

The City of Tacoma's wastewater collection system consists of over 700 miles of underground pipe that conveys wastewater from residential and commercial customers to one of three different locations where it is treated prior to being discharged into the Puget Sound.

To help address the problem of aging sewer infrastructure, Environmental Services developed an Asset Management Program. This ongoing program focuses on rehabilitating a certain amount of the City's poorest condition pipes every year. Depending on a pipe's age and condition, rehabilitation can be accomplished using pipe-lining technology that minimizes or eliminates the need for disruptive excavation. When a pipe's condition is more severe, removing and replacing the existing pipe using traditional excavation methods can be required.

The condition of the wastewater pipes in the project vicinity (see attached map) requires complete replacement using traditional open-cut excavation methods. The excavation work will occur within the existing paved roadways and gravel alleys. These roads and alleys will be repaired in accordance with the City's Right-of-Way Restoration Policy. Because this work will be disturbing existing paved roadways, aging stormwater pipes beneath these roadways that are in poor condition will also be replaced.

The contract will replace approximately 10,500 linear feet of wastewater sewer pipe and approximately 800 linear feet of stormwater sewer pipe.

Funding

Funds are budgeted in ES Wastewater Fund 4300. The entire contract amount has a base award of $3,118,323.75, excluding sales tax, plus a 10 percent contingency, for a cumulative amount of $3,430,156.13, excluding sales tax.

Reason for Project

The underground wastewater pipes scheduled for replacement by this project were installed over 80 years ago. The pipes have exceeded their design life, require recurring maintenance
and repairs, and are at risk of failure. If failure were to occur, it would result in sewer overflows of untreated wastewater into Commencement Bay and potentially into the basements of adjacent buildings. The proposed project would replace these pipes and reduce the risk of sewer overflows. Additionally, if repairs are made after failure then costs go up dramatically.

A reduced risk of sewer overflows from this project represents an improvement to human health and the environment. This project will also provide improvements to ergonomic components of Tacoma's sidewalks through curb ramp reconstruction at certain intersections within the project limits. Preventive rehabilitation of underground sewers in the project vicinity, prior to complete failure, represents the lowest lifecycle cost solution to maintaining these assets.

COMPETITIVE BIDDING: This contract was originally awarded to The CEI Group, Inc., as a result of Request for Proposals Specification No. GF08-0550F in January 2009. The contractor has agreed to increase the contract at the same prices, terms, and conditions as the original contract.

CONTRACT HISTORY: The initial contract was approved per City Council Resolution No. 37645 on November 4, 2008, in the amount of $418,000, plus sales tax. Request for Proposal Specification No. GF08-0550F

DATE: January 14, 2013

The City Council is being requested to increase Contract No. 4600005136 to The CEI Group, Inc., of Trevose, PA, by $120,000, plus sales tax, for accident management. It includes auto repair estimates, independent appraisals, auto repairs, vendor monitoring, subrogation recovery service, centralized billing for payment to one vendor, claims review and web-based reports in real time to the City's General Government departments. Background

The term of this contract stipulates it is a three year contract with the option to renew for two additional one-year periods. This is the final renewal and extends the contract to December 31, 2013. Due to an increase in vehicle accidents the funds requested in the initial contract are not enough to fund the contract to the end date.

Contract Scope

The contractor provides every facet of accident management from electronic initial reporting through returning the vehicle to service. This requested increase reflects current levels and anticipated future needs to cover through the end of December 2013. This extension will bring the contract to a cumulative amount of $538,000, plus sales tax.

Funding Sources

Funds are budgeted from the funds of various departments that will utilize these services. Funding past this biennium will be subject to future availability of funds.

for hire of information in electronic or optical form, including, but not limited to,
voice, video, or data, whether or not the transmission medium is owned by the provider itself. Telecommunications Service includes telephone service but does not include Cable Service or over-the-air broadcasts to the public-at-large from facilities licensed by the Federal Communications Commission or any successor thereto.

1.18 “Telecommunications System” or “Telecommunications Facility” means a tangible facility that is used to provide one or more Telecommunications Services, any portion of which occupies Public Right-of-Way. The term “Telecommunications System,” by way of example and not limitation, includes wires, equipment cabinets, guys, conduit, radio transmitting towers, poles, other supporting structures, and associated and appurtenant facilities used to transmit telecommunications signals. The term “Telecommunications System” includes all devices mounted on light poles in the Public Rights-of-Way through which Telecommunications Services are originated or terminated. An Open Video System is not a Telecommunications System to the extent that it provides only video services; a Cable System is not a Telecommunications System to the extent that it provides only Cable Service. The term Telecommunications Facility includes any of the tangible components of a Telecommunications System which occupies Public Rights-of-Way.

1.19. “Telephone Service” means the providing by any person of access to a local telephone network, local telephone network switching service, toll service, or coin telephone service, or providing telephonic, video, data, or similar communication or transmission for hire via a local telephone network, toll line,
channel, cable, microwave, or similar communication or transmission system.

Telephone Service includes intrastate or interstate service, including toll service, originating from or received on communications equipment or apparatus in this state if the charge for the service is billed to a person in this state. Telephone Service does not include the providing of competitive Telephone Service as defined in Tacoma Municipal Code § 6A.40.030, the providing of cable television service, or the providing of broadcast services by radio or television stations.

1.20 “Title,” when used alone in the context of referring to this Title of the Tacoma Municipal Code, shall mean Title 16 (and more specifically Title 16B) of the Tacoma Municipal Code.

1.21 “Underground Facilities” refers to electric utility and Communications Facilities located under the surface of the ground, excluding the underground foundations or supports for Overhead Facilities.

Section 2. FRANCHISE.

2.1 Grant of Franchise. The City hereby grants to Franchisee a non-exclusive Franchise which, once it becomes effective, shall authorize Franchisee to use the City’s Public Rights-of-Way within the Franchise Area to construct, repair, and operate an underground fiber optic Telecommunication System to provide Telecommunication Service, and to continue using the City’s Public Rights-of-Way as authorized under the Prior Franchise.

Such grant is subject to and must be exercised in strict accordance with and subject to this Franchise Agreement, Title 16B and other applicable provisions of the Tacoma Municipal Code, and the City Charter, including, but not limited to, the
provisions set forth in Article VIII of the City Charter, and this Franchise may be revoked if it is not so exercised. The exercise of any rights pursuant to this Franchise is subject to the exercise of the City’s police powers and other regulatory powers as the City may have or obtain in the future, and all rights granted herein must be exercised in strict accordance with applicable law, including, by way of example and not limitation, zoning codes and permitting requirements. No rights shall pass to Franchisee by implication. This Franchise shall constitute both a right and an obligation to provide the services of the Telecommunications System as required by the provisions of this Franchise.

The grant of this Franchise is limited to the purpose of Franchisee providing Telecommunications Service. This Franchise does not include permission to provide cable service, as defined in 47 U.S.C. § 522, multichannel video programming, open video systems, or uses other than Telecommunications Service.

Notwithstanding the above grant to use Public Rights-of-Way, no Public Rights-of-Way shall be used by Franchisee if the City, in its sole opinion, determines that such use is inconsistent with the terms, conditions, or provisions by which such Public Rights-of-Way was created or dedicated, or presently used under applicable laws.

In the event of any conflict between a provision in this Franchise and any provision of the City Charter, which is incorporated herein by reference, the applicable provision of the City Charter shall control over any inconsistent provision of this Franchise.
2.2 Franchise Term. The term of the Franchise shall be ten years unless terminated sooner in accordance with this Franchise, Title 16(B), or the City Charter.

2.3 Franchise Non-Exclusive. The Franchise granted herein shall be non-exclusive.

2.4 Transfers, Generally.
   
   A. Every Transfer shall be subject to the prior written approval of the City except as provided herein. A Transfer is any transaction in which: (1) all or a portion of the Telecommunications System is sold or assigned; (2) there is any change, acquisition, or direct or indirect transfer of control of Franchisee; or (3) the rights and/or obligations held by Franchisee under the Franchise are transferred, sold, assigned, or leased, in whole or in part, directly or indirectly, to another party. The term “control” in subsection (2) above refers to actual working control, in whatever manner exercised. It will be presumed that a change in working control within the meaning of subsection (2) has occurred in any case where there is a change in voting interest of 10 percent or more; or a change in voting interest that results in a Person obtaining a 50 percent or greater interest in Franchisee; or a change in voting interest that results in a Person that held 50 percent or greater interest reducing their interest to below 50 percent. A Transfer without the prior written approval of the City is a substantial violation of this Franchise and shall make the Franchise subject to termination by the City as provided herein and in Title 16B.
B. Applications for approval of any Transfer shall be filed in accordance with procedures set out in Title 16B of the Tacoma Municipal Code.

C. Franchisee shall, within 60 days of the closing date of any Transfer, file with the City Clerk a copy of the deed, agreement, contract, mortgage, lease, SEC filing, or other written instrument evidencing such sale, lease, contractual agreement, mortgage, assignment or Transfer, certified and sworn to as correct by Franchisee. Every such Transfer, whether voluntary or involuntary, may be deemed void and of no effect as to the effectiveness of this Franchise by the City unless Franchisee files the required copy within the 60-day period.

D. The requirements of this section shall not be deemed to prohibit the use of Franchisee’s property as collateral for security in financing the construction or acquisition of all or part of the Telecommunications System franchised hereunder, provided that no such security shall purport to attach the City’s real property interest in the Public Right-of-Way. In addition, no such arrangement may be made if it would in any respect under any condition prevent the Operator or any successor from complying with the Franchise and applicable law, nor may any such arrangement permit a third party to succeed to the interest of the Operator or to own or control the Telecommunications System without the prior consent of the City. Any mortgage, pledge, or lease shall be subject to and subordinate to the rights of the City under this Franchise and other applicable law.

2.5 Change in Control - Notice and Affiliate Exception. Franchisee shall promptly notify the City of any proposed change in, transfer of, or acquisition by
any other Person of an ownership interest in Franchisee that results in a change in
control of Franchisee within the meaning of Section 2.4.A. However, if the
proposed change in control merely results in a Transfer of control from Franchisee
to another entity that is 100 percent owned by a direct parent of Franchisee, and
such parent provided an unconditional guaranty of performance of the Transferee
Affiliate at the time the Franchise was issued, then such Transfer shall not require
the prior approval of the City so long as all the conditions on affiliate Transfers set
forth in Title 16B are satisfied (including, without limitation, the notice
requirements).

2.6 Revocation. In addition to any rights set out elsewhere in this
Franchise, the City Charter, or Title 16, the City reserves the right to declare a
forfeiture or otherwise revoke this Franchise, and all rights and privileges
pertaining thereto, as provided in Title 16(B) or in the event that:

A. Franchisee is in substantial non-compliance with this
Franchise; or

B. Franchisee is found to have engaged in any actual or
attempted fraud or deceit upon the City, Persons, or Customers; or

C. Franchisee fails to obtain and maintain any permit required by
any federal or state regulatory body or by the City relating to the construction,
repair, and operation of the System; or

D. At any time during the term of the Franchise, Franchisee fails
to provide and maintain all of the securities required under this Franchise,
including, but not limited to, the performance bond and letter of credit; fails to
maintain the insurance required by this Franchise; or fails to satisfy the indemnity set out in this Franchise; or if Franchisee’s guarantor revokes its guarantee or fails to satisfy or becomes unable to satisfy its obligations thereunder.

E. The procedures for revocation and forfeiture shall be governed by Title 16B, Section 16B.05.100. Before the Franchise is revoked, Franchisee shall be given notice and opportunity to cure at least equivalent to that required by Title 16B as of the effective date of this Franchise (except in those cases where notice and opportunity to cure are not required), and shall be accorded at least an opportunity to be heard that provides at least the due process protections required by Title 16B as of the effective date of this Franchise, which opportunities and protections are set out in Section 2.6.F below.

F. (1) Where, after notice and providing Franchisee an opportunity to be heard (if such opportunity is timely requested by Franchisee), the City finds that there has been an act or omission that would justify revocation of the Franchise, the City may make an appropriate reduction in the remaining term of the Franchise or revoke the Franchise. However, the Franchise may only be revoked if Franchisee (a) was given written notice of the default; and (b) 30 days to cure the default; and (c) Franchisee failed to cure the default, or to propose a schedule for curing the default acceptable to the City where it is impossible to cure the default in 30 days. The required written notice may be given before the City conducts the proceeding required by this paragraph. No opportunity to cure is required for repeated violations, and fraud shall be deemed incurable.
(2) Notwithstanding the foregoing, the City may declare a Franchise forfeited without opportunity to cure when Franchisee: (a) stops providing service it is required to provide in the Franchise; (b) Transfers without the prior consent of the City as required in the Franchise; (c) fails to pay the Franchise application/administrative fees owed hereunder; or (d) defrauds or attempts to defraud the City or Franchisee’s customers. However, Franchisee shall have the right to receive 30 days’ prior notice of an intent to declare a Franchise forfeited and shall have the opportunity to show cause why the Franchise should not be forfeited.

(3) Notwithstanding the foregoing, the Franchise will automatically terminate by force of law 120 calendar days after an assignment for the benefit of creditors or the appointment of a receiver or trustee to take over the business of Franchisee, whether in a receivership, reorganization, bankruptcy assignment for the benefit of creditors, or other action or proceeding. However, the Franchise may be reinstated within that 120-day period, if: (a) such assignment, receivership, or trusteeship has been vacated; or (b) such assignee, receiver, or trustee has fully complied with the terms and conditions of Title 16B and this Franchise and has executed an agreement, approved by any court having jurisdiction, assuming and agreeing to be bound by the terms and conditions of Title 16B and this Franchise. However, in the event of foreclosure or other judicial sale of any of the facilities, equipment, or property of Franchisee, the City may revoke this Franchise, following a public hearing before the City Council, by serving notice upon Franchisee and the successful bidder at the sale, in which
event the Franchise and all rights and privileges of this Franchise will be revoked and will terminate 30 calendar days after serving such notice, unless: (a) the City has approved the Transfer of the Franchise to the successful bidder; and (b) the successful bidder has covenanted and agreed with the City to assume and be bound by the terms and conditions of this Franchise and Title 16B.

2.7 Continuity of Service and Right to Purchase the System.

A. In the event the City has declared a forfeiture for cause or otherwise validly revoked this Franchise as provided herein, or in the event of expiration of the initial term of this Franchise without this Franchise being renewed or extended (referred to below collectively as a “termination”), Franchisee shall, at the direction of the City expressed by ordinance, continue its operations for such reasonable period (the “Continuation Period”) as the City may determine is necessary to permit transition to another provider, which period may be established taking into account any appeal of the termination. During such Continuation Period, Franchisee shall continue to be bound by all its obligations under this Franchise and Title 16B. Additionally, during this Continuation Period, Franchisee shall not Transfer any portion of its Telecommunications System to any other Person, including parts of the System rented, leased, or lease-purchased; or significantly alter the Telecommunications System or remove property from the City; or otherwise encumber the Telecommunications System in any manner, without prior written consent of the City. Franchisee’s obligations to remove its facilities under Title 16B, Section 16B.03.090, shall be deferred for the Continuation Period. Within 30 days of the date the City passes the ordinance
requiring continuation of service or 30 days after the effective date of the
termination, whichever is earlier, Franchisee shall provide the City with an
inventory of all its property in the City, and in addition, such other property as may
be used and useful by it in providing service within the City. Any property on the
list that is essential to providing service to other communities must be clearly
identified. Property on the list that is not within the City must be clearly identified
and its location stated.

B. The City shall have an option to purchase the
Telecommunications System upon termination of the Franchise, whether
termination is or is not for cause. This option requires Franchisee to convey the
Telecommunications System, or such portion thereof as the City may choose to
purchase, free and clear of any encumbrances, along with (1) all equipment,
Facilities, tools, vehicles and real/personal property interests necessary for the
Telecommunications System’s operation, free and clear of any encumbrances;
(2) Customer lists and billing records; (3) all repair records, maps, and equipment
and Facilities records (including records identifying equipment that is being used in
the field, warranties with respect to such equipment and the like); and (4) such
other properties, contract rights, or intangibles as may be normally conveyed in
order to permit a buyer to take over and continue the operations of a seller with
minimal disruption to Customers; provided, that nothing herein shall require the
City to accept or pay for any contract that it does not wish to assume. Franchisee
is not required to convey portions of the Telecommunications System located
outside the City which are essential to Franchisee’s operations in other
communities and which were so identified on the inventory provided pursuant to Section 2.7.A. This option also requires Franchisee to sell the Telecommunications System, or such portion thereof as the City may choose to purchase, at an equitable price if the Franchise is terminated for cause. If Franchisee’s request for a Franchise renewal is denied, the option requires Franchisee to sell the Telecommunications System, or such portion thereof as the City may choose to purchase, at fair market value, determined on the basis of the value of the Telecommunications System as a going concern (taking into account such property used and useful in providing service within the City that is not to be conveyed) and with no value allocated to the Franchise itself.

C. The City may exercise its Section 2.7.B option rights in the following manner: the City will have up to 180 days after receiving the inventory required by Section 2.7.A to notify Franchisee that it intends to exercise its right to purchase the Telecommunications System or a portion of the Telecommunications System. Within 90 days of the date the City notifies Franchisee of its intent to exercise the option, or by such other time as the parties may separately agree, the parties shall meet to establish a price that comports with the requirements of Section 2.7.B. If the parties are unable to agree to a price within 180 days after the City notifies Franchisee that the City intends to exercise its purchase option, either party may require the price to be set by appraisal by sending the other party notice that it wishes to have the price set by appraisal. Within 45 days of the date that notice is submitted, each party may appoint one appraiser. If each party appoints an appraiser, the two appraisers shall appoint a third appraiser; if only a single
appraiser is appointed (whether by mutual agreement or because of the failure of a
party to timely nominate an appraiser), that appraiser shall be the sole appraiser.
The appraiser or appraisers shall establish a price for the System or portion thereof
that the City desires to purchase in accordance with Section 2.7.B. This appraisal
determination shall be final and non-appealable. The City shall have 120 days
after the decision of the appraisers to notify Franchisee that it wishes to conclude
the transaction; if it does not so notify Franchisee, the option shall be deemed
terminated.

If the City gives the notice required by the preceding paragraph, the
parties will thereafter promptly sign all necessary documents required to close the
transaction; provided, however, that the City may make conclusion of the
transaction conditional upon any necessary voter approval of any bond funding for
acquisition of all or a part of the System and, if applicable, the successful sale of
bonds.

The City and Franchisee will share equally the costs associated with
any appraiser that is jointly appointed (by them or by the appraisers each selects);
the City will bear costs associated with any appraiser that it separately appoints
and Franchisee will bear costs associated with any appraiser that it separately
appoints.

D. (1) Nothing in this section or in any other section of this
Franchise shall prevent the City’s exercise of its rights under the City Charter.
Included within the rights granted under the City Charter is the right to purchase or
condemn Franchisee’s property within the Franchised Area at any time, which right is expressly set out in Section 8.1(c) of the City Charter as follows:

To acquire by purchase or condemnation, for the use of the City itself or its inhabitants, all of the property of the grantee within the public streets, alleys, or places at a fair and just value, which shall not include any valuation of the franchise, right, or privilege, which shall thereupon be terminated.

(2) Likewise, nothing in this section or in any other section of this Franchise shall be read to limit the City’s right to acquire the Telecommunications System through exercise of any right of eminent domain under state law.

(3) Nothing in this section shall be read to limit the City’s right to acquire the Telecommunications System as a result of abandonment.

E. In the event the City purchases, acquires, takes over, or holds all or parts of the System, the City shall have the right, without limitation, to assign, sell, lease, or otherwise transfer its interest in all or parts of the System to any other Person or entity, including any other Franchisee of a Telecommunications System, on whatever terms the City deems appropriate.

2.8 Right to Require Removal of Property/Right to Remove Property.

A. Upon termination of this Franchise, Franchisee may be required to remove its property from any Public Rights-of-Way and restore such Rights-of-Way to their same or better condition as existed just prior to such removal, subject to any rights Franchisee may have to abandon property in place, as set out in Title 16B. If Franchisee fails to remove property that the City requires it to remove, the City may perform the work and collect the cost thereof from...
Franchisee. The actual cost thereof, including direct and indirect administrative costs, shall be a lien upon all plant and property of Franchisee effective upon filing of the lien with the Pierce County Auditor.

B. To the extent any portion of the System in the Public Rights-of-Way or on any other public property is not removed by the Operator within 12 months of the later of the end of the Franchise term or any Continuation Period, the property will be deemed abandoned and shall become the property of the City if the City wishes to own it.

C. Any order by the City issued pursuant to Section 2.8.A to remove Installations shall be sent by registered or certified mail to Franchisee not later than 24 months following the date of Franchise termination. Removal shall be completed (except with respect to property that Franchisee is permitted or required to abandon in place) not later than 12 months following the date of notification to remove the Facilities.

D. Franchisee shall file a written removal plan with the City not later than 30 calendar days following the date of the receipt of any orders directing removal or any consent to removal describing the work that will be performed, the manner it will be performed, and a schedule for removal by location. The removal plan shall be subject to approval and regulation by the City, including, without limitation, the City’s Right-of-Way Restoration Policy. The affected property must be restored to as good or better condition than existed immediately prior to removal, and those damaged by removal must be compensated for the damage.
E. The purchase option provided for in Section 2.7 does not affect the City’s authority to require Franchisee to remove its Telecommunications System upon Franchise termination, as provided in this section and Title 16B, nor does it affect the City’s right to assume ownership of any portion of the Telecommunications System that is abandoned. Within 60 days of a request by the City, Franchisee shall execute such documents as may be required to convey such abandoned property to the City free and clear of all encumbrances.

2.9 Customers’ Right to Obtain Service. It shall be the right of all Customers to receive all available services insofar as their financial and other obligations to Franchisee are honored during the term of the Franchise or any Continuation Period. In addition to the obligations established under the other provisions of this Franchise, in the event that Franchisee elects to overbuild, rebuild, modify, or sell the system, Franchisee shall make its best effort to ensure that all Customers receive continuous uninterrupted service at rates which are fair and reasonable, regardless of the circumstance.

2.10 Responsibility for Costs. Except as expressly provided otherwise, any act that Franchisee is required to perform under this Franchise shall be performed at its cost. If Franchisee fails to perform work that it is required to perform within the time provided for performance, the City may perform the work and bill Franchisee. Franchisee shall pay the amounts billed within 30 days of receipt of the bill. The parties agree that any amounts paid pursuant to this section or Title 16B are not franchise fees.
2.11 Work of Contractors and Subcontractors. Work by contractors and subcontractors is subject to the same restrictions, limitations and conditions as if the work were performed by Franchisee. Franchisee shall be responsible for all work performed by its contractors, subcontractors, and others performing work on its behalf as if the work were performed by it, and shall ensure that all such work is performed in compliance with this Franchise, Title 16B, and other applicable law, including, without limitation, the City’s Right-of-Way Restoration Policy, and shall be jointly and severally liable for all damages and correcting all damage caused by them. It is Franchisee’s responsibility to ensure that contractors, subcontractors, or other Person(s) performing work on Franchisee’s behalf are familiar with the requirements of this Franchise, Title 16B, the City’s Right-of-Way Restoration Policy, and other applicable laws governing the work performed by them.

2.12 Survival of Terms. Upon the termination or forfeiture of the Franchise, Franchisee shall no longer have the right to occupy the Public Rights-of-Way for the purpose of providing Telecommunications Service. However, Franchisee's obligations to the City (other than the obligation to provide service to Customers) survive the expiration of these rights according to their terms. By way of illustration and not limitation, Sections 2.7, 2.8, 2.10, and 4 of this Franchise shall continue in effect as to Franchisee notwithstanding any expiration, forfeiture, or revocation of the Franchise, except to the extent that a City-approved Transfer, sale, or assignment of the Telecommunications System is completed and another entity has assumed full and complete responsibility for the Telecommunications System or for the relevant acts or omissions.
SECTION 3. OPERATION IN STREETS AND RIGHTS-OF-WAY.

3.1 Use of Public Rights-of-Way. Franchisee may, subject to the terms of this Franchise, Title 16B, the City’s Right-of-Way Restoration Policy, and other applicable laws, construct, operate, and maintain an underground fiber optic Telecommunications System in Public Rights-of-Way within the Franchise Area to provide Telecommunications Services. Without limiting the foregoing, Franchisee expressly agrees that it will construct, operate, and maintain its System in compliance with the requirements of Title 16B, including those governing the placement of its Telecommunications System, and with other applicable City codes; and will obtain and maintain all bonds and billable work orders required by the same.

3.2 Construction, Operation, or Repair. Franchisee shall, in all cases, comply with all lawful City ordinances and regulations now in effect or hereinafter enacted regarding the acquisition of permits and such other items as may be required by the City in connection with the construction, operation or repair of the Telecommunications System, including, without limitation, the City’s Right-of-Way Restoration Policy.

Without limiting the foregoing, Franchisee agrees that it shall, in the course of constructing, operating, and maintaining its Telecommunications System, comply with the requirements of Title 16B and among other things:

A. (1) Franchisee shall, by a time specified by the City, protect, support, temporarily disconnect, relocate, or remove any of its property when required by the City by reason of traffic conditions; public safety; Public...
Rights-of-Way construction; Public Rights-of-Way repair (including resurfacing or widening); change of Public Rights-of-Way grade; construction, installation or repair of sewers, drains, water pipes, power lines, signal lines, tracks, or any other type of government-owned Communications System, public work, public project, public facility, or improvement or any government-owned utility; Public Rights-of-Way vacation; or for any other purpose where the work involved would be aided by the removal or relocation of the Telecommunications System. Collectively, such matters are referred to below as the “public work.”

(2) In the event of an emergency, or where the Telecommunications System creates or is contributing to an imminent danger to health, safety, or property, the City may protect, support, temporarily disconnect, remove, or relocate any or all parts of the Telecommunications System without prior notice and charge Franchisee for costs incurred.

(3) In the case of non-public work, if any Person that is authorized to place Facilities in the Rights-of-Way requests Franchisee to protect, support, temporarily disconnect, remove, or relocate Franchisee’s facilities to accommodate the construction, operation, or repair of the facilities of such other Person, Franchisee shall, after 30 days’ advance written notice, take action to effect the necessary changes requested. In the case of non-public work or non-public projects, unless the matter is governed by a valid contract or a state or federal law or regulation, or unless Franchisee’s Telecommunications System was not properly installed, the reasonable cost of the same shall be borne by the Person requesting the protection, support, temporary disconnection, removal, or
relocation and at no charge to the City, even if the City makes the request for such action.

(4) Franchisee shall, on the request of any Person holding a valid permit issued by a governmental authority, temporarily raise or lower its wires to permit the moving of buildings or other objects. The expense of such temporary removal or raising or lowering of wires shall be paid by the Person requesting the same.

B. Franchisee’s obligation to construct, operate, and repair its Telecommunications System in compliance with all laws, ordinances, departmental rules and regulations and practices affecting such System, includes, by way of example and not limitation, the obligation to construct, operate, and repair in accordance with zoning codes, safety codes, and City construction standards, including the most current version of the Standard Specifications for Road, Bridge and Municipal Construction as prepared by the Washington State Department of Transportation (“WSDOT”) and the Washington State Chapter of American Public Works Association (“APWA”); the most current version of the APWA Amendments to Division One, and the most current version of the City of Tacoma Amendments thereto. In addition, the construction, operation, and repair shall be performed in a manner consistent with high industry standards. Franchisee shall exercise reasonable care in the performance of all its activities and shall use commonly accepted methods and devices for preventing failures and accidents that are likely to cause damage, injury, or nuisance to the public or to property. In the event that Franchisee’s work or other use of the Public Right-of-Way causes damage to any
City facility, Franchisee shall bear the cost of repairing or replacing, as necessary, such City facility.

C. Franchisee’s construction, operation, or repair of its Telecommunications System shall not commence until all required permits have been properly filed for and obtained from the proper City officials and all required permits and associated fees paid. In any permit so issued, the City may impose, as a condition of the granting of the permit, such conditions and regulations as may be necessary to the management of the Public Rights-of-Way, including, by way of example and not limitation, for the purpose of protecting any structures in the Public Rights-of-Way, maintaining proper distance from other utilities, for the proper restoration of such Public Rights-of-Way and structures, and for the protection of the City and the public and the continuity of pedestrian and vehicular traffic.

D. Franchisee must follow City-established requirements for placement of Facilities in Public Rights-of-Way, including the specific location of Facilities in the Public Rights-of-Way, and must in any event install Facilities in a manner that minimizes interference with the use of the Public Rights-of-Way by others, including others that may be installing Communications Facilities. The City may require that Facilities be installed at a particular time, at a specific place, or in a particular manner as a condition of access to a particular Public Right-of-Way area; may deny access if Franchisee is not willing to comply with the City’s requirements; and may remove, or require removal of, any Facility that is not installed in compliance with the requirements established by the City or which is
E. Franchisee agrees that, as a condition of a permit for installation of conduit, the City may require it to install conduit in excess of its reasonably foreseeable requirements for the purpose of accommodating the City and/or other Franchisees and Licensees where the City Manager determines it is appropriate to do so, to minimize disruption of public passage or infrastructure, to forestall or relieve exhaustion of Right-of-Way capacity, or to protect environmentally sensitive areas.

F. To the extent possible, Franchisee shall use conduit existing at the time of permitting in installing its System.

G. Whenever all existing utilities are located underground in an area in the City, Franchisee must also locate its Telecommunication System underground, including Telecommunication System Facilities, such as drops, which cross private property.

1. Whenever the owners of poles locate or relocate underground within an area of the City, Franchisee shall concurrently relocate its Facilities underground.

2. Whenever an electric utility opens a trench for the purpose of installing or relocating Facilities, Franchisee shall concurrently relocate its Facilities underground and, if it uses the same trench, share the cost.
3. The City Manager may, for good cause shown, exempt a particular portion of the Telecommunication System from the obligation to locate or relocate Facilities underground where relocation is impractical or where the interest in protecting against visual blight can be protected in another manner. Nothing in this Section 3.2.G prevents the City from ordering Franchisee to locate or relocate its Telecommunication System underground under other provisions of the Tacoma Municipal Code, it being the intent that the number and extent of Overhead Facilities and the visual pollution resulting therefrom will, over time, be reduced and eventually, to the extent feasible, be eliminated.

H. Franchisee shall participate in conversion to underground Local Improvement Districts (“LIDs”). Franchisee, at no cost to the City or abutting property owners, shall share fairly with other utilities the cost of undergrounding when done through the LID process.

1. As part of its obligations under the Tacoma Municipal Code, Franchisee shall provide the preliminary cost estimate, facility conversion designs, and final cost estimates to any LID project coordinator in a timely manner. At the request of an LID project coordinator, Franchisee shall perform underground construction and movement of Customer connections underground (overhead reclaim) in coordination with the undergrounding services provided by other LID utilities, at no cost to the City or abutting property owners.

I. Franchisee shall promptly repair any and all Public Rights-of-Way, public property, or private property that is disturbed or damaged during the construction, operation, or repair of its Telecommunications System.
Public property and Public Rights-of-Way must be restored in conformance with the City’s Right-of-Way Restoration Policy.

J. No tree trimming shall be performed without the permission of the City and other affected authorities, and any tree trimming must be performed in strict accordance with the City Code. Even if tree trimming is authorized by the City, Franchisee is liable for any damage it causes during the course of tree trimming.

K. In any dispute over the adequacy of a restoration relative to this section, the Tacoma Department of Public Works Director shall, in his/her sole discretion, make the final determination.

L. Franchisee shall not remove any underground Facilities except as hereinafter provided.

(1) Franchisee shall not remove any underground Facilities which require trenching or other opening of the Rights-of-Way along the extension of the Facilities to be removed without the express permission of the City. Franchisee must request permission from the City to remove the Facilities at least 30 days in advance of the date Franchisee proposes to begin removal.

(2) Franchisee shall remove such underground Facilities as the City orders it to remove; provided, that the City may not order removal where such removal is primarily to give economic benefit or advantage to a competing provider of Telecommunications Service.

(3) Where trenching or other opening of the Rights-of-Way along the extension of Facilities to be removed is required, Franchisee must post
bonds as the City may require to ensure that the property is promptly removed with minimum disruption. Franchisee must restore the affected property in conformance with the City’s Right-of-Way Restoration Policy; and Franchisee must compensate those whose property it damages for the damage.

(4) Subject to the City’s rights to purchase the Telecommunications System, Franchisee may voluntarily remove any underground Facilities from the streets which have been installed in such a manner that they can be removed without trenching or other opening of the Rights-of-Way.

3.3 Right To Inspect and Order Corrections. The City may inspect the Telecommunications System at any time reasonable under the circumstances to ensure compliance with this Franchise and applicable law, including to ensure that Franchisee’s Telecommunications System is constructed and maintained in a safe condition. If an unsafe condition is found to exist, the City, in addition to taking any other action permitted under applicable law, may order Franchisee, in writing, to make the necessary repairs and alterations specified therein forthwith to correct the unsafe condition on a time table established by the City which is reasonable in light of the unsafe condition. The City has the right to correct, inspect, administer, and repair the unsafe condition if Franchisee fails to do so, and to charge Franchisee therefor.

3.4 Information Regarding Ongoing Work. In addition to providing notice to the public of ongoing work as may be required under applicable law, Franchisee shall make available information regarding any ongoing construction, operation, or installation of its Telecommunications System sufficient to show (1) the nature of
the work being performed; (2) where it is performed; (3) its estimated completion date; and (4) progress to completion.

SECTION 4. REGULATORY PROVISIONS.

4.1 Intent. The City shall have the right to administer and regulate activities of this Franchise up to the fullest extent of the law. The failure to reserve a particular right to regulate or reference a particular regulation shall not be interpreted by negative implication or otherwise to prevent the application of a regulation to Franchisee.

4.2 Remedies for Franchise Violations. The City has the right to exercise any and all of the following remedies, singly or in combination, in the event Franchisee violates any provision of this Franchise:

A. Draw upon or foreclose all or any part of any letter of credit, security fund, performance bond, or other security provided under this Franchise; provided, however, such drawing or foreclosure shall be only in such a manner and in such amount as the City reasonably determines is necessary to remedy the default. Should the City take this action, Franchisee shall be responsible for all direct and actual costs related to such action, including, but not limited to, legal and administrative costs:

B. Commencing an action at law for monetary damages;

C. Commencing an action for equitable or other relief;

D. Declaring the Franchise to be revoked; and/or

E. Seeking specific performance of any provision, which reasonably lends itself to such remedy.
In determining which remedy or remedies for Franchisee’s violation are appropriate, the City may take into consideration the nature and extent of the violation, the remedy needed to prevent such violations in the future, whether Franchisee has a history of previous violations of the same or similar kind, and such other considerations as are appropriate under the circumstances. Remedies are cumulative; the exercise of one shall not foreclose the exercise of others.

4.3 Procedure for Remedying Franchise Violations. Before imposing liquidated damages or drawing upon the performance bond, letter of credit, security fund, or any other security set out in Section 6, the City shall follow the procedure below.

A. Notice of Violation. In the event that the City believes that Franchisee has not complied with the terms of this Franchise, the City shall notify Franchisee in writing, by certified mail, of the nature of the alleged noncompliance.

B. Franchisee’s Right to Cure or Respond. Except as provided in Section 4.3.D, Franchisee shall have 30 days from the receipt of notice described above to (a) respond to the City contesting the assertion of noncompliance, or (b) to cure such default or, in the event that by the nature of the default such default cannot be cured within the 30-day period, initiate steps to remedy such default as promptly as possible. The duty to cure includes the duty to cure all harms caused by the acts or omissions of Franchisee. At the end of the 30-day period, Franchisee shall notify the City in writing of the steps it has taken to cure the default, if any; if the cure is not complete, the reason it is not complete and the
projected date for completion; and if the default is disputed, the complete basis for
that contention.

C. Public Hearing. The City may schedule a public hearing to
investigate any alleged default. The City shall give Franchisee 20 calendar days’
otice of the time and place of the hearing and provide Franchisee with an
opportunity to be heard.

D. Action after Hearing. If the City determines after such hearing
that Franchisee did not cure or initiate steps to cure satisfactory to the City, after
the notice required by Section 4.3.A was provided, then the City may draw upon
any performance bond, letter of credit, security fund or other security, including
requiring performance under the guarantee; and impose liquidated damages.
However, notice and opportunity to cure are not required for repeat violations, or
for a failure to correct a default where Franchisee knew or should have known it
was in default; in such cases, the performance bond, security fund, letter of credit
or other security may be drawn upon, the guarantor required to perform, and
liquidated damages imposed after the hearing required by Section 4.3.C.

E. Liquidated Damage Amounts. Because Franchisee’s failure to
comply with the provisions of this Franchise will result in injury to the City and
because it may be difficult to estimate the extent of each such injury, Franchisee
and the City agree to the following liquidated damages, which provisions represent
the best estimate of the damages resulting from injuries of specific types. The
amounts of the liquidated damages set forth in this Franchise are in 2012 dollars
and shall be increased each year by the increase in the U. S. Department of Labor,
Bureau of Labor Statistics, Consumer Price Index for Pacific Cities and U. S. City Average for the greater Seattle area. The amount of liquidated damages for all material violations of this Franchise for which actual damages may not be ascertainable shall be: $500 per day for each violation for each day the violation continues. It is provided, however, that the City shall allow Franchisee a minimum of 30 days after notice to Franchisee of such neglect, failure, or refusal to comply within which to meet compliance or correct performance prior to the assessment of any liquidated damages.

4.4 Failure to Enforce. Franchisee shall not be relieved of any of its obligations to comply promptly with any provision of this Franchise by reason of any failure of the City to enforce prompt compliance, and the City’s failure to enforce shall not constitute a waiver of rights or acquiescence in Franchisee’s conduct.

4.5 Force Majeure. Franchisee shall not be deemed in default with provisions of this Franchise where performance was rendered impossible by war or riots, civil disturbances, floods, or other natural catastrophes beyond Franchisee’s control; the unforeseeable unavailability of labor or materials; or power outages exceeding back-up power supplies. The acts or omissions of Affiliates are not beyond Franchisee’s control, and the knowledge of Affiliates shall be imputed to Franchisee. This Franchise shall not be revoked or Franchisee penalized for such noncompliance, provided that Franchisee takes immediate and diligent steps to bring itself back into compliance and to comply as soon as possible under the circumstances with this Franchise without unduly endangering the health, safety,
and integrity of Franchisee’s employees or property, or the health, safety, and integrity of the public, Public Rights-of-Way, public property, or private property.

4.6 Alternative Remedies. No provision of this Franchise shall be deemed to bar the right of the City to seek or obtain judicial relief from a violation of any provision of this Ordinance or any rule, regulation, requirement or directive promulgated thereunder. Neither the existence of other remedies identified in this Franchise nor the exercise thereof shall be deemed to bar or otherwise limit the right of the City to recover monetary damages for such violation by Franchisee, or to seek and obtain judicial enforcement of Franchisee’s obligations by means of specific performance, injunctive relief, or mandate, or any other judicial remedy at law or in equity.

4.7 Compliance with the Laws. Franchisee shall comply with all federal and state laws and regulations, including regulations of any administrative agency thereof, as well as all City ordinances, resolutions, rules policies and regulations heretofore or hereafter adopted or established during the entire term of the Franchise; provided that, nothing herein shall prevent Franchisee from challenging a provision of laws that applies only to it as an impairment of contract. Nothing in this Franchise shall limit the City’s right of eminent domain under state law. Nothing in this Franchise shall be deemed to waive the requirements of any lawful code or resolution of the City regarding permits, fees to be paid, or manner of construction.
SECTION 5. REPORTING REQUIREMENTS.

5.1 Quarterly Reports. Within 30 days after the end of each of Franchisee’s fiscal quarters, Franchisee shall submit a written report to the City which shall contain a listing of all categories of Gross Revenues earned and Gross Receipts collected by Franchisee for its business activities as identified in Section 2.1, which are activities specifically taxable as a telephone business under Tacoma Municipal Code Title 6. Said written report shall be in sufficient detail and with sufficient explanation to enable the City to understand the report and to verify the accuracy of the report. In addition, Franchisee shall provide such other quarterly reports as may be required by Title 16B.

5.2 Annual Report. No later than 120 days following the end of Franchisee’s fiscal year each year, Franchisee shall present a written report to the City which shall include:

A. Audited financial statements for (1) Franchisee and (2) any Affiliate which is involved in any way with the operation or ownership of the System; and a financial statement for Franchisee that includes Gross Revenues from all sources, gross Subscriber revenues from each category of service, as well as an income statement and a balance sheet. In the event any audited financial report has not been published by the date due under this section, then the audited financial report shall be deemed presented on time if presented within 30 days after publication.

All financial reports required under this section shall be presented to the City accompanied by such notes and explanations as are required to fully
understand the reports. Such notes and explanations shall include, but not be
limited to, an explanation of any and all deductions made from Gross Revenues in
order to arrive at Gross Receipts for the calculation of Fees or taxes to be paid to
the City, as well as:

A. A summary of the previous year’s activities for the Franchise
Area, including, but not limited to, the total number of Customers, miles of
underground Facilities, any services added or dropped, and any technological
changes occurring in the system;

B. Plans for the future; and

C. Such other information as is required by Title 16B.

5.3 Additional Reports. Franchisee shall prepare and furnish to the City,
upon request, at the times and in the form prescribed by the City, such additional
reports with respect to Franchisee’s operation, affairs, transactions, or property as
may be reasonably necessary and appropriate to ensure compliance with the
material provisions of this Franchise, or to permit the performance of any of the
rights, functions, or duties of the City or such other regulatory entity in connection
with the Franchise.

5.4 Preservation of Confidential Information. Trade secrets and
confidential information designated as such by Franchisee shall be subject to such
protection as provided in Title 16B.
SECTION 6. COMPENSATION AND FINANCIAL PROVISIONS.

6.1 Fees; Taxes.
   
   A. State Prohibition of Franchise Fee. The parties understand that RCW 35.21.860 currently prohibits a municipal franchise fee. Franchisee agrees that if this statutory prohibition is removed, the City may assess a reasonable franchise fee to be agreed to by the parties if the statutory prohibition is removed. The parties agree that this Section 6.1.A does not limit the right of Franchisee to challenge the franchise fee pursuant to 47 USC § 253.
   
   B. Franchisee Subject to the City Telephone Business Tax.

Franchisee agrees that all of its activities in the City of Tacoma, as identified in Section 2.1, are activities specifically taxable as a telephone business under Tacoma Municipal Code Chapter 6A and are taxable at the rate specified in Tacoma Municipal Code Chapter 6A now in effect or as amended, which at the time of the execution of this Franchise agreement is 6 percent of Franchisee’s Gross Receipts. It is agreed that the amount of Gross Receipts to be taxed will include the amount of tax imposed on Franchisee by City ordinance. This Franchise does not limit the City’s power of taxation.

   C. Franchisee Obligated to Pay Administrative Costs. In accord with RCW 35.21.860 as presently effective and as it may be later amended, Franchisee must pay the City an amount sufficient to recover administration expenses incurred in receiving and approving this Franchise, including, but not limited to, the reasonable costs of outside consultants retained by the City to assist in the City’s consideration and processing of this Franchise application. The first
$5,000 of said expenses will be covered by the $5,000 application fee deposited with the City. Franchisee will also pay the reasonable costs of enforcing or, as necessary, reviewing the provisions of this Franchise, as well as costs involved with the modification, amendment, renewal, or Transfer of this Franchise as ordered by the Franchise Services Manager, whether such costs result from accrued in-house staff time or out-of-pocket expenses or administrative costs, as well as expenses of retaining independent technical, legal, or financial consultants or advisors; or whether relating to costs incurred due to initial System development or to future System expansion. The amount of payment to be made by Franchisee to cover these administrative costs is an amount determined to be reasonable by the Franchise Services Manager. Such obligation further includes municipal fees related to receiving and approving permits or licenses, inspecting plans and construction, or relating to the preparation of a detailed statement pursuant to Chapter 43.21C RCW. Said fees must be paid within 30 days of receipt of the City’s billing therefor.

D. Manner of Payment; Audit. Franchisee shall make all required fee payments in the form, intervals, and manner requested by the City Treasurer and furnish him/her any information related to his/her revenue collection functions reasonably requested. In case of audit, the City Treasurer may require Franchisee to furnish a verified statement of compliance with Franchisee’s obligations or in response to any questions. Said certificate may be required from an independent, certified public accountant at Franchisee’s expense. All audits will take place on Franchisee’s premises or offices furnished by Franchisee, which shall be a location
within the City of Tacoma or other mutually agreeable place; however, Franchisee must agree to pay the associated costs. Franchisee agrees, upon request of the City Treasurer, to provide copies of all documents filed with any federal, state, or local regulatory agency, to be mailed to the City Treasurer on the same day as filed, postage prepaid, affecting any of Franchisee’s Facilities or business operations in the City of Tacoma.

E. No Other Deductions. Subject to federal law and regulation, no deductions, including current or previously paid fees, shall be subtracted from the Gross Revenue amount upon which payments are calculated and due for any period, nor shall copyright fees or other license fees paid by Franchisee be subtracted from Gross Revenues for purposes of calculating payments.

F. Late Payments. Any fees owing which remain unpaid more than 10 days after the dates specified herein shall be delinquent and shall thereafter accrue interest at 12 percent per annum or 2 percent above highest prime lending rate published daily in the Wall Street Journal, during the period the payment is due but unpaid, whichever is greater.

G. Period of Limitations. The period of limitation for recovery of any fee payable hereunder shall be six years from the date on which payment by Franchisee is due, subject to tolling as provided as a matter of law or equity. Unless, within six years from and after the due date for a particular payment, the City makes written request to review Franchisee’s records with respect to such fee payment (either individually or as part of a broader request), recovery shall be barred with respect to such payment and the Franchising Authority shall be
estopped from asserting any claims whatsoever against Franchisee relating to any alleged deficiencies in that particular payment.

6.2 Auditing and Financial Records. Franchisee shall manage all of its operations in accordance with a policy of keeping books and records open and accessible to the City. Without limiting its obligations under this Franchise, Franchisee agrees that it will collect and make available books and records for inspection and copying by the City in accordance with Title 16B. Franchisee shall be responsible for collecting the information and producing it. Books and records shall be produced to the City at the Tacoma Municipal Building or such other location as the parties may agree. Notwithstanding any provision of Title 16B or this Franchise, if documents are too voluminous or for security reasons cannot be produced at the Tacoma Municipal Building or mutually agreeable location within the City, then Franchisee may produce the material at another central location, provided it also agrees to pay the additional reasonable costs incurred by the City in reviewing the materials.

Franchisee shall take all steps required, if any, to ensure that it is able to provide the City all information which must be provided or may be requested under Title 16B or this Franchise, including by providing appropriate Subscriber privacy notices. Nothing in this section shall be read to require a Franchisee to violate 47 U.S.C. § 551. Franchisee shall be responsible for redacting any data that federal law prevents it from providing to the City. Records shall be kept for at least six years. In addition to maintaining all records as required by Title 16B, Franchisee shall maintain records sufficient to show its compliance with the
requirements of this Franchise and shall produce those records within 30 days of a City request.

Franchisee agrees to meet with a representative of the City upon request to review its methodology of record-keeping, financial reporting, computing fee obligations, and other procedures, the understanding of which the City deems necessary for understanding the meaning of reports and records.

In exercising its rights under this section, the City agrees to request access to only those books and records which it deems reasonably necessary as part of a bona fide exercise of its authority over the Telecommunications System under this Franchise, Title 16B, or other applicable law. The City further agrees that it will withhold from public disclosure those books and records made available to it pursuant to this Section 6.2, but only to the extent that the City believes that it has the discretion to do so under state law.

6.3 Performance Bond. At the same time it provides its Franchise acceptance to the City, Franchisee shall provide a performance bond to ensure the faithful performance of its responsibilities under this Franchise and applicable law, including, by way of example and not limitation, its obligations to relocate and remove its facilities and to restore City Rights-of-Way and other property. The initial amount of the performance bond shall be $300,000. The amount of the bond may be changed from time to time to reflect changed risks to the City or to the public. Franchisee may be required to obtain additional bonds in accordance with the City’s ordinary practices. The bond shall be in a form and with a surety (authorized to do business in the state of Washington) acceptable to the City’s Risk
Manager and in a form acceptable to the City Attorney. Franchisee shall pay all premiums or costs associated with maintaining the bond and shall keep the same in full force and effect at all times during the Franchise Term.

6.4 Indemnification by Franchisee.

A. Franchisee, by accepting this Franchise, agrees to release the City from and against any and all liability and responsibility in or arising out of, or by reason of, or resulting from or of the negligent acts, errors, or omissions of Franchisee during the construction, operation, or maintenance of the Telecommunications System, and, without limiting the provisions of Section 7.4, agrees not to sue or seek any money or damages from City in connection with the above-mentioned matters.

B. Franchisee agrees to indemnify and hold harmless the City, its trustees, elected and appointed officers, agents, and employees, from and against any and all claims, demands, or causes of action of whatever kind or nature and the resulting losses, costs, expenses, reasonable attorneys’ fees, liabilities, damages, orders, judgments, or decrees sustained by the City or any third party arising out of, or by reason of, or resulting from or of the acts, errors, or omissions of Franchisee or its agents, independent contractors, or employees related to or in any way arising out of the construction, operation, repair, or relocation of the Telecommunications System. Franchisee waives immunity under Title 51 RCW and affirms that the City and Franchisee have specifically negotiated this provision, as required by RCW 4.24.115, to the extent it may apply.
C. Franchisee agrees that the covenants and representations relating to the indemnity provided in subsections A and B above shall survive the term/expiration/termination of this Franchise and continue in full force and effect as to Franchisee’s responsibility to indemnify.

6.5 Franchisee Insurance.

A. Franchisee shall maintain, throughout the term of the Franchise, adequate insurance to protect the City, its trustees, elected and appointed officers, agents, and employees against claims and damages that may arise as a result of the construction, operation, or repair of the Telecommunications System.
