EXHIBIT “A”

City of Tacoma CDBG, HOME and ESG
Funding Priorities Statement (2014-2015)

All programs and projects must be consistent with Community Development Block
Grant (CDBG), HOME Investment Partnership Program (HOME), and any other
funding source regulations and requirements as applicable. CDBG projects must
meet one of three major criteria: (1) benefitting lower-income persons,
(2) removing blight, or (3) meeting an urgent need. HOME projects must provide
housing or assist in housing for low-income persons.

The Funding Priorities are organized into six categories: (1) General; (2) Set-asides;
(3) Housing; (4) Community Development; (5) Economic Development; and
(6) Human Services. Each of the categories is briefly summarized as follows:

1. **General Priorities** (CDBG and HOME) – Funds will be used to support
activities that: (a) are consistent with existing plans (e.g. Consolidated
Plan, Comprehensive Plan, Human Services Strategic Plan); (b) leverage
other funding resources when applicable; (c) the funds can be committed
within 12 to 24 months; (d) the project is proposed by an organization with
a proven capacity for project completion and good management; (e) shows
reasonable cost effectiveness; and (f) there is no General Fund monies
needed for project operation and maintenance.

2. **Set-Aside Priorities** – Set aside amounts from the annual CDBG grant:
(a) 50% for housing development & rehabilitation; (b) 15% (HUD
Maximum) to support human services; and (c) up to $100,000 for
community development (neighborhood improvement projects such as
LID assistance, sidewalk repair or replacement, and innovative grants). In
past funding cycles the City had allocated up to $25,000 in contingency for
unanticipated capital project costs. This has been a source of concern for
HUD given their interpretation of the contingency is an unallocated
balance. As a result the contingency line item is no longer allowed; this
according to the HUD monitor of the Tacoma grant allocation.

3. **Housing Priorities** (CDBG and HOME) – The priorities for housing activities
are: (a) homeownership programs that benefit low-income owners with
repairs and rehabilitation; (b) programs that assist first-time homebuyers to
purchase a home; (c) maintaining and expanding affordable rentals
housing for families and the elderly; and (d) provide supportive housing for
homeless and/or special needs individuals and families that may include
emergency and transitional shelters, and special needs housing with
support services. In furtherance of these efforts, maintain minimum
funding levels for the City’s low-income housing programs: home owner
occupied Neighborhood Preservation Program which includes single family rehabilitation and energy improvements (CDBG $500,000) and Emergency Major Home Repair (CDBG $150,000); and Down Payment Assistance for first time home buyers (HOME $250,000);

4. **Community Development Priorities (CDBG only)** – The priorities for Community Development are activities that support neighborhood improvements for lower income residents such as; (a) payment of LID assessments for lower income homeowners; (b) street-related improvements such as sidewalk repair or replacement in lower income neighborhoods; (c) eligible neighborhood innovative grant projects; and (d) public facilities.

5. **Economic Development Priorities (CDBG only)** – The priorities for economic Development are activities that help increase jobs and business opportunities such as: (a) creation or retention of jobs for lower income persons; (b) business services that support lower income neighborhood and/or lower income groups; and (c) financial and technical assistance for disadvantaged persons who own or plan to start a business; (d) revitalization of blighted or lower income business districts through historic preservation, conservation actions and neighborhood economic development.

6. **Human Services Priorities (CDBG and ESG)** – In 2011, human services funding priorities were updated to align with federal HEARTH legislation and respond to changes in ESG regulations. CDBG funds remained targeted towards low and moderate income persons, with a new emphasis on stabilization services that would support individuals and families to move towards housing and economic stability. A category for youth stabilization services was added to reflect the local priority to provide services to unaccompanied youth who are at risk for or currently experiencing homelessness. ESG funds were re-focused on HUD’s new categories of eligible activities, including rapid re-housing. The priorities for human services supported with CDBG and ESG funds are identified below.

### CDBG

CDBG funds will only be used for programs which target lower income Tacoma residents, provide stabilization services, and address one of the Funding Priorities listed below. The three funding priorities are of equal importance.

- **Housing Stabilization Services**: Housing and homelessness prevention services for individuals and families at risk of or currently experiencing homelessness, including tailored services that will lead residents toward more stable housing.
• **Economic Stabilization Services:** Services that have a direct connection to increasing the economic stability of lower income Tacoma residents, including increased economic opportunity (e.g. through pre-employment training or job placement).

• **Youth Emergency Stabilization Services:** Housing and intervention/prevention services for unaccompanied youth, up to (and including) age 24, who are at risk of or currently experiencing homelessness.

**ESG**

ESG funds will be used for programs which support individuals and families who are experiencing or at risk of experiencing homelessness, as defined by the Department of Housing and Urban Development. Ten percent of the grant will be reserved for expenses related to administration of the grant and reporting through the local Homelessness Management Information System (HMIS). The remainder of the funds will be used for the following components:

• **Street Outreach:** Services related to reaching out to unsheltered homeless individuals and families and connecting them with emergency shelter, housing, or critical services.

• **Emergency Shelter:** Operations and essential services associated with provision of emergency shelter to homeless individuals and families.

• **Rapid Re-housing:** Rental assistance and stabilization services to help individuals and families who are literally homeless into permanent housing and stability.

• **Homelessness Prevention:** Rental assistance and stabilization services to prevent individuals and families who are at risk of homelessness from losing their housing.
AN ORDINANCE relating to business and occupation tax; amending Chapter 6A.30 of the Tacoma Municipal Code by amending Section 6A.30.030, “Definitions,” to ensure that sales of recreational cannabis by producers are taxable under the City’s Business and Occupation tax.

WHEREAS Initiative 502, approved by Washington voters in November 2012, provides a framework for licensing and regulating the production, processing, and retail sale of recreational marijuana, and

WHEREAS the Washington State Liquor Control Board (“WSLCB”) established rules and procedures to implement Initiative 502, and

WHEREAS the rules became effective on November 16, 2013, and the state began accepting applications for all license types on November 18, 2013, and

WHEREAS Chapter 6A.30 of the Tacoma Municipal Code (“TMC”) currently provides an exemption from Business and Occupation (“B&O”) tax on sales of agricultural products that are produced by the same person, which is intended for farmers who grow and sell their own products, and

WHEREAS TMC Chapter 6A.30 is broad enough to include persons who produce and sell recreational cannabis, and

WHEREAS the proposed amendment will remove cannabis from the definition of an agricultural product and subject the wholesale sales made by cannabis producers to the City’s B&O tax, and

WHEREAS this amendment will bring the TMC into alignment with the requirements for cannabis retailers and processors to remit local B&O tax on their
respective sales, and will require local B&O tax to be paid by businesses at all
levels of recreational cannabis sales; Now, Therefore,

“Business and occupation tax” or “gross receipts tax” means a tax imposed on or measured by the value of products, the gross income of the business, or the gross proceeds of sales, as the case may be, and that is the legal liability of the business.

“City” means the City of Tacoma.

“Commercial or industrial use” means the following uses of products, including by-products, by the extractor or manufacturer thereof:
A. Any use as a consumer;
B. Any use in the manufacturing of products including articles, substances or commodities.

“Competitive telephone service” means the providing by any person of telecommunications equipment or apparatus, or service related to that equipment or apparatus such as repair or maintenance service, if the equipment or apparatus is of a type which can be provided by persons that are not subject to regulation as telephone companies under Title 80 RCW and for which a separate charge is made.

“Consumer” means the following:
A. Any person who purchases, acquires, owns, holds, or uses any tangible or intangible personal property irrespective of the nature of the person’s business and including, among others, without limiting the scope hereof, persons who install, repair, clean, alter, improve, construct, or decorate real or personal property of or for a consumer other than for the purpose of:

“Delivery” means the transfer of possession of tangible personal property between the seller and the buyer or the buyer's representative. Delivery to an employee of a buyer is considered delivery to the buyer. Transfer of possession of tangible personal property occurs when the buyer or the buyer's representative first takes physical control of the property or exercises dominion and control over the property. Dominion and control means the buyer has the ability to put the property to the buyer's own purposes. It means the buyer or the buyer’s representative has made the final decision to accept or reject the property, and the seller has no further right to possession of the property and the buyer has no right to return the property to the seller, other than under a warranty contract. A buyer does not exercise dominion and control over tangible personal property merely by arranging for shipment of the property from the seller to itself. A buyer's representative is a person, other than an employee of the buyer, who is authorized in writing by the buyer to receive tangible personal property and take dominion and control by making the final decision to accept or reject the property. Neither a shipping company nor a seller can serve as a buyer's representative. It is immaterial where the contract of sale is negotiated or where the buyer obtains title to the property. Delivery terms and other provisions of the Uniform Commercial Code (Title 62A RCW) do not determine when or where delivery of tangible personal property occurs for purposes of taxation.
“Digital automated service,” “digital code,” and “digital goods” have the same meaning as in RCW 82.04.192.

“Digital products” means digital goods, digital codes, digital automated services, and the services described in RCW 82.04.050(2)(g) and (6)(b).

“Director” means the Director of the Finance Department of the City or any officer, agent, or employee of the City designated to act on the Director’s behalf.

“Eligible gross receipts tax” means a tax which:
A. Is imposed on the act or privilege of engaging in business activities within Section 6A.30.050; and
B. Is measured by the gross volume of business, in terms of gross receipts and is not an income tax or value added tax; and
C. Is not, pursuant to law or custom, separately stated from the sales price; and
D. Is not a sales or use tax, business license fee, franchise fee, royalty, or severance tax measured by volume or weight, or concession charge, or payment for the use and enjoyment of property, property right, or a privilege; and
E. Is a tax imposed by a local jurisdiction, whether within or without the state of Washington, and not by a country, state, province, or any other non-local jurisdiction above the county level.

“Engaging in business.”
A. The term “engaging in business” means commencing, conducting, or continuing in business, and also the exercise of corporate or franchise powers, as well as liquidating a business when the liquidators thereof hold themselves out to the public as conducting such business.
B. This section sets forth examples of activities that constitute engaging in business in the City, and establishes safe harbors for certain of those activities so that a person who meets the criteria may engage in de minimis business activities in the City without having to register and obtain a business license or pay City business and occupation taxes. The activities listed in this section are illustrative only and are not intended to narrow the definition of “engaging in business” in subsection A above. If an activity is not listed, whether it constitutes engaging in business in the City shall be determined by considering all the facts and circumstances and applicable law.
C. “Tuition fee” includes library, laboratory, health service, and other special fees and amounts charged for room and board by an educational institution when the property or service for which such charges are made is furnished exclusively to the students or faculty of such institution. “Educational institution,” as used in this section, means only those institutions created or generally accredited as such by the state and includes educational programs that such educational institution cosponsors with a nonprofit organization, as defined by the Internal Revenue Code Section 501(c)(3), as hereafter amended, if such educational institution grants college credit for coursework successfully completed through the educational program or an approved branch campus of a foreign degree-granting institution, in compliance with RCW 28B.90 and in accordance with RCW 82.04.4332; or defined as a degree-granting institution under RCW 28B.85.010(3) and accredited by an accrediting association recognized by the United States Secretary of Education, and offering to students an educational program of a general academic nature or those institutions which are not operated for profit and which are privately endowed under a deed of trust to offer instruction in trade, industry, and agriculture, but not including specialty schools, business colleges, other trade schools, or similar institutions.
“Value proceeding or accruing” means the consideration, whether money, credits, rights, or other property expressed in terms of money, a person is entitled to receive or which is actually received or accrued. The term shall be applied, in each case, on a cash receipts or accrual basis according to which method of accounting is regularly employed in keeping the books of the taxpayer.

“Value of products.”

A. The value of products, including by-products, extracted or manufactured shall be determined by the gross proceeds derived from the sale thereof whether such sale is at wholesale or at retail, to which shall be added all subsidies and bonuses received from the purchaser or from any other person with respect to the extraction, manufacture, or sale of such products or by-products by the seller.

B. Where such products, including by-products, are extracted or manufactured for commercial or industrial use; and where such products, including by-products, are shipped, transported, or transferred out of the City or to another person without prior sale or are sold under circumstances such that the gross proceeds from the sale are not indicative of the true value of the subject matter of the sale; the value shall correspond as nearly as possible to the gross proceeds from sales in this state of similar products of like quality and character, and in similar quantities by other taxpayers, plus the amount of subsidies or bonuses ordinarily payable by the purchaser or by any third person with respect to the extraction, manufacture, or sale of such products. In the absence of sales of similar products as a guide to value, such value may be determined upon a cost basis. In such cases, there shall be included every item of cost attributable to the particular article or article extracted or manufactured, including direct and indirect overhead costs. The Director may prescribe rules for the purpose of ascertaining such values.

C. Notwithstanding subsection B above, the value of a product manufactured or produced for purposes of serving as a prototype for the development of a new or improved product shall correspond to (1) the retail selling price of such new or improved product when first offered for sale; or (2) the value of materials incorporated into the prototype in cases in which the new or improved product is not offered for sale.

“Wholesaling” means engaging in the activity of making sales at wholesale, and is reported under the wholesaling classification.
