SUBJECT: Pacific Avenue Safety and Mobility Improvements Phase 2 - Request for Contract
         Increase, PW12-0469F, Contract No. 4600009013 - March 4, 2014
DATE: February 18, 2014

SUMMARY:
The Public Works Engineering Division requests approval to increase Contract No. 4600009013
with Northwest Cascade, Inc., Puyallup, WA, by $95,000, plus sales tax, for additional costs
incurred for the Pacific Avenue Safety and Mobility Improvements Phase 2 project. This
increase will bring the contract to a cumulative amount of $737,972.28, plus sales tax.

STRATEGIC POLICY PRIORITY:
• Plan for and improve public infrastructure that meets the transportation needs of all
  Tacoma residents and visitors.

This project will improve roadway surfaces for pedestrian and bicycle access between
neighborhood business districts and downtown Tacoma. Installing new ADA ramps in high
traffic areas, UW Tacoma, and high traffic pedestrian locations will enhance safety and attract
more people to Tacoma. This project also constructs a 20-foot wide sidewalk on the north side
of South 25th Street that will also serve as part of Prairie Line Trail.

BACKGROUND:

ISSUE: This contract provides for the improvement of new cement concrete sidewalk and
driveways, curb, gutter, ADA curb ramps, storm and sewer improvements, and repaving of
South 25th Street. A number of unknown utility conflicts were encountered and additional work
by the contractor was required to install the sewer line and relocate storm drainage structures. In
addition, during construction a collapsed storm line was discovered and repaired as part of this
contract. The existing roadway was badly deteriorated resulting in increased removal and
paving costs. Two existing railroad crossing arms had to be removed to install the sewer. The
City had planned to remove the railroad crossing arms later when building the Water Ditch
Trail.

ALTERNATIVES: The alternative course of action would be to hire a different contractor. The
consequence of hiring a different contractor would be the loss of continuity, additional time
needed to bring the contractor up to speed on the project and increased costs.

COMPETITIVE SOLICITATION: The original contract was awarded to Northwest Cascade,
Inc. as a result of Request for Bids Specification No. PW12-0469F in May 2013. The contractor
has agreed to construct the work at the same contract prices, terms, and conditions as the original contract.

**CONTRACT HISTORY:** The contract was awarded by Resolution No. 38676, in the amount of $584,520.25, sales tax not applicable, plus a 10% contingency, for a cumulative amount of $642,972.28, sales tax not applicable, on May 21, 2013. This is the first amendment to the contract. The increase of $95,000.00, sales tax not applicable, will bring the contract to a cumulative amount of $737,972.28, sales tax not applicable.

**RECOMMENDATION:**
The Public Works Department recommends approving this increase to improve the Pacific Avenue Safety and Mobility Improvements Phase 2 project.

         Improvements - Request for Bid Specification No. PW13-0012F, Contract
         No. 4600009056 – March 4, 2014
DATE: February 18, 2014

SUMMARY:
The Public Works Engineering Division requests approval to increase and extend Contract No.
4600009056 with Totem Electric of Tacoma, Inc., Tacoma, WA, by $98,000, sales tax not
applicable, for additional project work and allow for an additional 20 working days. This
increase will bring the contract to a cumulative amount of $1,019,999.13, sales tax not
applicable.

STRATEGIC POLICY PRIORITY:
• Plan for and improve public infrastructure that meets the transportation needs of all
  Tacoma residents and visitors.

This project improves the safety and well-being of citizens by constructing a new traffic signal at
South 25th and J Streets and upgrading the existing traffic signals on South 25th Street at the
intersections of South Yakima Avenue and Tacoma Avenue South.

BACKGROUND:
ISSUE: This project will result in signal upgrades including vehicle detection and electronic
signal controllers with conflict safety monitors. In addition, pedestrian crossings and access will
be improved by constructing ADA compliant ramps. A contract increase is required for the
following additional work:

1. Repair interconnect conduits that were damaged before project began. This was an unknown
   site condition during design.
2. Replacement of sidewalk at two locations, relocation of pedestrian push buttons, and added
   handrails to provide a better connection to the ADA ramps and enhance pedestrian safety.
3. Increase in erosion control costs due to storm event.
4. Increase in asphalt and concrete quantities due to differing subgrade elevations and asphalt
   thickness.

ALTERNATIVES: The alternative course of action would be to hire a different contractor. The
consequences of hiring a different contractor would be the loss of continuity and increased costs,
as the new contractor would need to start from the beginning and additional time would be
needed to procure the contractor. Both of these consequences would be undesirable for the
project.

Revised: 01/29/2014
COMPETITIVE SOLICITATION: This contract was originally awarded to Totem Electric of Tacoma, Inc. as a result of Request for Bids Specification No. PW13-0012F in June 11, 2013. The contractor has agreed to increase and extend the contract at the same prices, terms, and conditions as the original contract.

CONTRACT HISTORY: The original contract for $921,999.13, sales tax not applicable, was approved by City Council Resolution No. 38679 on June 11, 2013. This increase will bring the contract to a cumulative amount of $1,019,999.13, sales tax not applicable. This is the first amendment to the contract.

RECOMMENDATION:
The Public Works Department recommends an increase and extension of the contract be awarded to Totem Electric of Tacoma, Inc. for design and construction services required to improve the South 25th Street Corridor as outlined above.
