SUBJECT: Professional records storage and secure destruction services
         Request for Proposals Specification No. CT14-0119F – July 1, 2014
DATE: June 5, 2014

SUMMARY:

The Finance Department, Procurement and Payables Division recommends a contract be awarded to Recall Total Information Management, Inc./Recall Secure Destruction Services, Inc., Tacoma, WA, in the amount of $505,000, plus sales tax, budgeted from various departmental funds, for Citywide professional records storage and secure destruction services, for an initial contract term of five years, with the option to renew for two additional one-year terms, for a projected contract amount of $700,000, plus sales tax.

STRATEGIC POLICY PRIORITY:

Ensuring secure storage and destruction of the City’s records supports the City Council’s strategic policy priority of encouraging and promoting an open, effective, results-oriented organization and is done in connection with the laws governing records management, RCW 40.14.

BACKGROUND:

ISSUE: The City of Tacoma must comply with RCW 40.14, the Preservation and Destruction of Public Records, and must retain and destroy records in accordance with minimum standards as set by state and federal retention schedules, and other retention requirements as may be contractually agreed upon or mandated by grants. The City’s records exist in paper and electronic form and contain both public information and information with legal exemptions from public disclosure, as set by the Public Records Act, RCW 42.56. Secure storage and destruction services are necessary to both retain the records for the mandated retention period and to protect the City’s confidential information at the time of destruction.

The proposed contract is to store paper records that are not actively used or referenced, or which are historical or long-term and need the temperature-controlled environment provided by a professional records storage company to ensure long-term preservation. These records are stored until they have met their legal retention period and become eligible for destruction or transfer to Washington State Archives. All of the City’s records will be stored in Recall’s facility at South 23rd and G Streets in Tacoma. Electronic records are retained in the City’s servers and databases and are not intended to be printed and stored offsite.

Storage costs for the initial term are estimated at $122,000 for Tacoma Public Utilities and $328,000 for General Government departments based on the volume of records. Secure destruction costs for the initial term are estimated at $27,000 for Tacoma Public Utilities and $28,000 for General Government departments.

Revised: 01/29/2014
Currently the City stores approximately 19,000 cartons offsite, at least 3,500 of which will be eligible for destruction or transfer to Washington State Archives by 2016. Coupled with continued records management training and the trend of conducting business processes electronically, staff anticipates there will be a further reduction in the number of cartons stored offsite. The City has reduced the number of new cartons added to offsite storage by approximately 50 percent since 2008.

ALTERNATIVES: There are no practical alternatives to off-site storage for the City’s inactive paper records. Off-site storage is the lowest cost option to comply with state law.

COMPETITIVE SOLICITATION: Request for Proposals Specification No. CT14-0119F was opened April 8, 2014. Six companies were invited to bid in addition to normal advertising of the project. Four submittals were received. Companies were able to submit for professional storage services, secure destruction services, or both. Three submittals were for both services, one submittal was for secure destruction services only. Scoring criteria were fees and charges, technology, qualifications and experience, and sustainability efforts.

CONTRACT HISTORY: New contract.

SUSTAINABILITY: Scoring for sustainability practices constituted ten percent of the overall rank for each submittal. The Selection Advisory Committee considered each submittal’s efforts to be sustainable in terms of vehicles, operations, fuel use and distance of travel to service all facilities, and recycling efforts of shredding by-product and contamination of paper with non-paper disposal. Each company was also asked to provide information on any internal policies relative to sustainability efforts.

SBE/LEAP COMPLIANCE: Not applicable.
RECOMMENDATION:
The City Attorney's Office recommends a contract be awarded to Recall Total Information Management and Recall Secure Destruction Services for Citywide professional records storage and secure destruction services.

FISCAL IMPACT TO CURRENT BIENNIAL BUDGET: $40,000

ARE THE EXPENDITURES AND REVENUES PLANNED AND BUDGETED? Yes

IF EXPENSE IS NOT BUDGETED, PLEASE EXPLAIN HOW THEY ARE TO BE COVERED.
This is an ongoing contract for services. 2014 expenses are budgeted for in the current biennium. Service levels for 2015 through 2019 are subject to the funding amounts approved in future biennial budgets.
A RESOLUTION related to the purchase of materials, supplies or equipment, and the furnishing of services; authorizing the execution of a contract with Northwest Abatement Services, Inc., dba Stetz Construction, in the amount of $430,000, plus applicable sales tax, plus a 20 percent contingency, for a cumulative total of $516,000, budgeted from the Property Management Fund, to replace the roof at the historic City-owned Street Operation Building located at 2324 South C Street pursuant to Specification No. PW14-0158F.

WHEREAS the City has complied with all applicable laws and processes governing the acquisition of those supplies, and/or the procurement of those services, inclusive of public works, as is shown by the attached Exhibit "A," incorporated herein as though fully set forth, and

WHEREAS the Board of Contracts and Awards has concurred with the recommendation for award as set forth in Exhibit "A"; Now, Therefore,

SUBJECT: Street Operations Building – Roof Replacement
         Request for Bid, Specification No. PW14-0158F – July 1, 2014
DATE: June 11, 2014

SUMMARY:
The Public Works Department recommends a contract be awarded to low bidder Northwest Abatement
Services, Inc., d.b.a. Stetz Construction, Lakewood, WA, in the amount of $430,000.00, plus a 20 percent
contingency, for a cumulative amount of $516,000.00, plus applicable sales tax, to replace the roof at the
historic City-owned Street Operations Building, located at 2324 South C Street.

STRATEGIC POLICY PRIORITY:
• Foster neighborhood, community, and economic development vitality and sustainability.

This project will replace the roof at the historic City-owned Street Operations Building. On
September 17, 2013, the City Council passed Ordinance No. 28172 amending Title 8 of the Tacoma
Municipal Code encouraging the maintenance, protection, use and enhancement of iconic historic and
cultural assets. This project will align with the City’s goals of this ordinance and with the strategic goal
to provide a safe, clean and attractive community by replacing the deteriorated roof of the Street
Operations Building (a.k.a. City Shops and Stable), constructed in 1910, and recently nominated to the
Tacoma Register of Historic Places.

BACKGROUND:

ISSUE: The roof of the historic City-owned Street Operations Building is past its useful life and in need
of replacement. In September 2009, Public Works conducted a Facility Condition Assessment (FCA) of
the building that recommended replacement of the roof, rafter ends, built in wooden gutters, and fascia
due to their poor condition. In early 2012, the City received a citizen complaint on the poor condition
of the building exterior. In June 2012, Community Based Services (CBS) followed its complaint-based
policy and inspected the building, finding that the roofing and exterior required repair. In December
2012, BCRA Architects of Tacoma, WA, conducted an additional evaluation of the structure and began
design services to replace the roof and damaged framing. In the summer of 2013, repairs and painting of
the building exterior façade were completed. In December 2013, funding was provided to complete roof
repairs for the facility through the City’s Mid-Biennium Budget Modification.

ALTERNATIVES: The alternative is to not take action to replace the roof and make necessary repairs.
This option would not conform to CBS’s repair requirements and would not align with Ordinance
No. 28172 encouraging the maintenance, protection, use and enhancement of iconic historic and cultural
assets. Taking no action would cause further deterioration of the structure, resulting in increased repair
costs in the future and possible disruptions to the operation of the facility.
COMPETITIVE SOLICITATION: Request for Bids Specification No. PW14-0158F was opened June 3, 2014. Eleven companies were invited to bid, in addition to normal advertising of the project. The project was advertised in the Tacoma Daily Index, posted at eight plan centers, and listed on the City’s Purchasing website. Three submittals were received. Stetz Construction submitted the lowest responsive bid. The table below reflects the amount of the award inclusive of the accepted additive alternate for a tongue and groove appearance under the roof eaves in order to maintain the historic character of the building.

Pre-bid Estimate: $430,000.00

The recommended award is equal to the pre-bid estimate.

CONTRACT HISTORY: New contract.

SUSTAINABILITY: Several sustainability factors were incorporated into this project. The project will utilize a waste management plan to separate construction waste to recycle as much material as possible. Deliveries will be coordinated and consolidated to minimize unnecessary drive times. Reroofing the structure will preserve an historic City asset.

SBE/LEAP COMPLIANCE: The recommended contractor is in compliance with the Small Business Enterprise (SBE) Regulation requirements per memorandum dated June 10, 2014. The SBE goal for this project is 10 percent. The SBE participation level of the recommended contractor is 10.51 percent. Stetz Construction submitted the lowest evaluated bid per the SBE Regulation requirements. The Local Employment and Apprenticeship Training Program (LEAP) goal is 249 hours.

RECOMMENDATION:
The Public Works Department recommends a contract be awarded to low bidder Stetz Construction in the amount of $430,000.00, plus a 20 percent contingency, for a cumulative amount of $516,000.00, plus applicable sales tax, to replace the roof at the historic City-owned Street Operations Building, located at 2324 South C Street.

SUBJECT: Site 11 Phase 2 Esplanade
         Request for Bids Specification No. PW14-0054F – July 1, 2014
DATE: June 12, 2014

SUMMARY:
The Public Works Department recommends a contract be awarded to low bidder Rodarte Construction
Inc., Auburn, WA, for constructing a 300-foot-long concrete esplanade with lighting, railing and park
benches. The project will also install 17 new piles to support the new esplanade. The contract amount
reflects a total award of $1,549,794.13, sales tax included, plus a 15 percent contingency, for a
cumulative amount of $1,782,263.25, sales tax included.

STRATEGIC POLICY PRIORITY:
• Plan for and improve public infrastructure that meets the transportation needs of all Tacoma
  residents and visitors.

The esplanade will provide a barrier between the adjacent vehicle driveway and the walkway providing
pedestrian and bicycle separation for safety. The project will also correct elevation issues making the
walkway ADA compliant and creating a safe walking surface. A railing system will be installed
consistent with safety standards.

BACKGROUND:
ISSUE: The Thea Foss Esplanade is part of a public access network under the Foss Master Plan, which is
a component of Tacoma’s Shoreline Master Program and an element of Tacoma’s Comprehensive Plan
under the State of Washington Growth Management Act. The redevelopment of the Foss includes
private investment in mixed use development, public access along the shoreline, and access to Tacoma’s
downtown core. This project will construct a 300-foot-long concrete esplanade with lighting, railing and
park benches. The project will also install 17 new piles to support the new esplanade.

ALTERNATIVES: The alternative to constructing this new concrete esplanade is to leave the
deteriorated 14-foot-wide wooden walkway and railings that do not comply with ADA or safety
standards. Another option would be to install new wood decking instead of concrete; however, the
expected lifespan of concrete is significantly longer than wood. The concrete option is the most
economical solution and provides a safer walkway.

COMPETITIVE SOLICITATION: Request for Bids Specification No. PW14-0054F was opened
April 15, 2014. No companies were invited to bid in addition to normal advertising of the project. Seven
submittals were received. The table below reflects the amount of the bids, sales tax included.
### Respondent  | Location (city and state) | Submittal Amount  
--- | --- | ---  
Rodarte Construction, Inc.  | Auburn, WA | **$1,549,794.13**

Orion Marine Contractors, Inc.  | Tacoma, WA | **$1,953,865.55**  
Bergerson Construction, Inc.  | Astoria, OR | **$2,316,460.57**  

Pre-bid Estimate: **$2,500,468.00**

The recommended award is 62 percent below the pre-bid estimate. This is a re-bid project and this pre-bid estimate reflected the amount of the first bid opening.

**CONTRACT HISTORY:** New contract.

**SUSTAINABILITY:** The expected lifespan for concrete structures is 50 years. Concrete is low maintenance compared to wood decking, which has a shorter lifespan and requires ongoing maintenance.

**DISADVANTAGED BUSINESS ENTERPRISE (DBE):** The recommended contract is in compliance with 49 Code of Federal Regulations Part 26, pursuant to memo dated May 5, 2014. The DBE goal for this project is 5 percent, and the DBE participation is 5.99 percent. The designated training hours for this project are 0 hours.

**RECOMMENDATION:**
The Public Works Department recommends a contract be awarded to low bidder Rodarte Construction Inc. for constructing a 300-foot-long concrete esplanade with lighting, railing and park benches.

RESOLUTION NO. 38942

A RESOLUTION relating to the Comprehensive Plan; adopting the updated Tacoma Waterfront Public Access Plan and Tacoma Waterfront Design Guidelines as implementation strategies for the Shoreline Master Program Element of the City’s Comprehensive Plan.

WHEREAS, each year, the City Council considers revisions to the Comprehensive Plan ("Plan") and development regulations contained in the Land Use Regulatory Code ("Code"), pursuant to the Growth Management Act, and

WHEREAS the proposed amendments for 2014 are presented in a package of legislative proposals for ease of review, and consist of an ordinance to amend the Plan, a separate ordinance to amend the Code, and this resolution to adopt shoreline implementation strategies of the Plan, and

WHEREAS the Commission completed its review of the 2014 Annual Amendment through a public review process, including a public hearing on March 19, 2014, and forwarded its recommendation to the City Council on May 7, 2014, as set forth in the Planning Commission’s Findings and Recommendations Report ("Report"), and

WHEREAS the 2014 Annual Amendment includes a recommendation carried over from the 2013 Annual Amendment cycle, referenced as Application 2013-05 in the Report, which consists of the following components:

(1) Rescindment of Elements: That the Ruston Way Plan, Shoreline Trails Plan, and Foss Waterway Design and Development Plan be rescinded as elements of the Plan;
(2) Adoption of Implementation Strategies: That the rescinded elements be replaced with the updated Tacoma Waterfront Public Access Alternatives Plan and Tacoma Waterfront Design Guidelines, which should be adopted as implementation strategies for the Shoreline Master Program Element of the Plan; and

(3) Incorporation by Reference: That said implementation strategies be incorporated by reference into the Waterfront Section of the Open Space Habitat and Recreation Element of the Plan, and

WHEREAS adoption of the proposed amendments in Application 2013-05 was postponed due to timing issues related to updates to the City’s Shoreline Master Program, and the Commission is recommending that the amendments be adopted along with the 2014 Annual Amendment, and

WHEREAS, of the three amendments proposed in Application 2013-05, the “Rescindment of Elements” and “Incorporation by Reference” components are addressed in a separate ordinance adopting the 2014 Annual Amendment to the Comprehensive Plan, while the “Adoption of Implementation Strategies” component is addressed herein, and

WHEREAS, on June 3, 2014, a hearing was conducted by the City Council to consider public testimony relating the proposed amendments, and

WHEREAS the Infrastructure, Planning and Sustainability Committee reviewed the 2014 Annual Amendments on August 14, 2013; February 26, 2014; April 23, 2014; and June 11, 2014, after which it forwarded its recommendations
for City Council consideration that appropriate elements of the Plan be amended as recommended by the Planning Commission; Now, Therefore,

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF TACOMA:

That the updated Tacoma Waterfront Public Access Plan and the Tacoma Waterfront Design Guidelines are hereby adopted as implementation strategies for the Shoreline Master Program Element of the City’s Comprehensive Plan, said documents to be substantially in the form of the documents on file in the office of the City Clerk.
