

Take time for safety... without taking a bite out of your paycheck.

Starting in February 2016, workers in Tacoma can earn up to 24 hours of paid time off each year. These paid hours can be used to take time off of work for health or safety needs, including assistance with domestic violence issues. To learn more, visit cityoftacoma.org/paidleave or call (253) 591-5306.
