City of Tacoma is currently developing a subarea plan for the larger Tacoma Mall area covering neighborhoods like Madison, Lincoln Heights and portions of Oakland-Madrona neighborhoods, as well as the Tacoma Mall area. The purpose of the plan is to create more livable, sustainable and walkable neighborhoods within the areas between I-5, S Tacoma Way, S 35th St and S 49th St. The City is committed to foster equity and empowerment for area residents and workers.

If you live or work in this neighborhood please plan to attend one of the focus groups. **Come and tell us what neighborhood improvements are needed for you or your family to enjoy a happier and healthier life!**

Conversations will focus on priorities such as housing, transportation, parks and recreation, community services, shopping facilities, and public amenities, etc.

Light, healthy snacks will be provided to participants.
