

PROTECT TREE

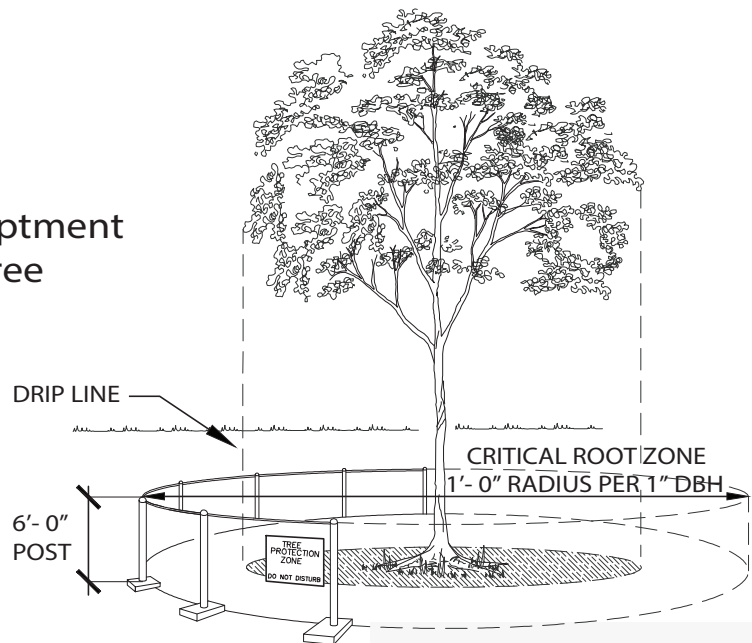

**This tree is to be retained and protected
from construction impacts**

DO:

- Contact City of Tacoma Urban Forestry before commencement of work within the Tree Protection Zone
- Provide tree protection fencing at the edge of Tree Protection Zone
- Protect roots (retain existing pavement/mulch nonpaved surfaces)

DO NOT:

- Remove or prune tree
- Excavate, trench, operate equipment or stack materials within the Tree Protection Zone

TREE PROTECTION ZONE IS AT THE EDGE OF THE CRITICAL ROOT ZONE OR DRIP LINE, WHICHEVER IS GREATER
