# 457 Deferred Compensation Plan

In addition to any pension or Social Security benefits you may receive, your 457 deferred compensation plan offers simple and flexible ways to help increase your retirement savings for a more secure and confident future.

**With your 457 plan, you're in control of how much you save and where you invest those savings, while also enjoying tax advantages.**

- Contributions are made during your employment, and you can change, stop, and restart them at any time.
- Your account's value is based on those contributions and subsequent investment returns.
- Earnings are not subject to tax until withdrawn.

## **You have control over:**

- How your money is invested.
- How funds are withdrawn following your separation from service.
- Who receives any remaining assets upon your death.

### Contribute what you can.

For 2024, you can contribute up to \$23,000, or \$30,500 if you are age 50 or over.

More information about current contribution limits, including Age 50 Catch-Up and Pre-Retirement Catch-Up limits, is available at [www.missionsq.org/contributionlimits](http://www.missionsq.org/contributionlimits).

### Guided Pathways®

MissionSquare can help you decide how much to save and how to invest through **Guided Pathways®**.\*

## Contributions

Pretax contributions you make reduce your taxable income for the year. These contributions and all associated earnings won't be taxed until you withdraw them – boosting account growth.

You also may be able to make after-tax Roth contributions, if offered by your employer. While they don't reduce your taxable income for the year, future withdrawals may be tax-free. Alternatively, you can contribute to a Roth IRA. For more information, visit [www.missionsq.org/ira](http://www.missionsq.org/ira).

## Investment Control

A wide range of investment options are available to help you build a diversified portfolio. You control all investment decisions, including:

- How your contributions are invested.
- How to manage your investments on an ongoing basis.

## Access to Your Money

Based on your employer's plan rules, withdrawals may be allowed while you're still working.

When you leave your employer, you can withdraw assets regardless of the reason and your years of service.

Enjoy flexible withdrawal options for vested assets like:

- Withdrawal of your entire balance.
- Periodic, partial withdrawals as you see fit.
- Installment payments of a certain dollar amount and frequency, such as monthly or quarterly, that you can change at any time.
- Lifetime income payments.

After you reach age 73\*\* or separate from service, whichever is later, you'll be required to withdraw a minimum amount from pretax assets in your account each year, per IRS rules. If plan and/or IRS rules allow, you can also borrow against your vested assets through a loan.

Beginning with RMDs due in 2024, Roth balances will be excluded from the RMD calculation. Roth was required to be part of the RMD calculation for RMDs due prior to Jan. 1, 2024.

**457 plans are unique.** Unlike with other retirement accounts, you don't have to qualify for an exception to avoid the 10% IRS penalty tax on withdrawals of your contributions and associated earnings before age 59 ½. Just remember that your 457 plan is designed to help you meet your retirement goals. Any withdrawals prior to retirement may reduce your future retirement security.

\*\*Age 70 ½ (if you were born before July 1, 1949), age 72 (if you were born after June 30, 1949, and before Jan. 1, 1951), or age 73 (if you were born after Dec. 31, 1950).

## Roll-Ins

After you leave your employer, assets can be transferred – or rolled in – to another eligible retirement plan without being taxed.

## Designate Beneficiaries

You designate a beneficiary, or beneficiaries, to receive any remaining assets upon your death. Beneficiaries control investment decisions, receive the most flexible withdrawal options allowed by law, and aren't subject to any additional fees. If you don't designate beneficiaries, your estate is the default beneficiary, in which case:

- Assets may not be distributed per your wishes.
- Assets are subject to probate costs, potential delays, and creditor claims.
- Non-spouse heirs may receive fewer tax benefits.
