4 Investment Allocation

The transferred assets will be invested in your account according to your allocation instructions for each source (e.g., contributions, rollovers) of funds received, provided that ICMA-RC receives documentation confirming the source of the funds. However, if the documentation confirming the source of the assets is not included with the transfer, the assets will be invested according to the instructions on file for rollover source assets.

In the absence of valid allocation instructions for a particular source of funds, assets will be invested according to the allocation instructions for the investment of contributions to your account (or to the default fund selected by your employer, if you have not yet provided allocation instructions for the investment of contributions to your account).

ICMA-RC will send you a confirmation notice when the transferred assets have been received and credited to your account. You will have the ability to transfer your assets to any investments available within your plan at any time by contacting ICMA-RC at 800-669-7400 or by accessing your account online at www.icmarc.org.

New York State 457 Deferred Compensation plans: If your 457 plan account is with an employer in New York State, the transferred assets will be invested according to the same allocation instructions that are used for the investment of contributions to your account (or to the default fund selected by your employer, if you have not yet provided allocation instructions for the investment of contributions to your account).

5 Investor Signature

I acknowledge that I have read and agree to the disclosures shown in the instructions for this section. I have also read and agree to the process described in Section 4 of this form relating to how the transferred assets will be invested within my account.

I authorize and request the custodian of my existing retirement plan specified in Section 3a to liquidate and transfer my existing account to the ICMA-RC account specified in Section 2 of this form.

7 Signature Guarantee

Signature Guarantee

Some plan providers require a signature guarantee on the transfer request form (ICMA-RC does not). Please check with the co-provider to see if they require a signature guarantee, as the lack of a required signature guarantee may delay the processing of your transfer request. Signature guarantees can be obtained at most local banks.
