I hereby elect the following Normal Retirement Age (NRA) _____, unless already designated by my employer. The NRA you designate cannot be earlier than the earlier of the age at which you are eligible to retire with full retirement benefits from your employer's defined benefit plan or age 65, and cannot be later than age 70½. If you are a qualified Public Safety Officer NRA can be between ages 40 and 70½.

Please complete the Determination of Underutilized Deferrals section on the back of this form before proceeding.

Helpful information when completing the back of this form:

- List only those years in which both of the following occurred: 1) your employer had a Section 457(b) Plan and 2) you were eligible to participate.
- 33⅓% of includible compensation before reductions for contributions to certain pre-tax plans, to a maximum of \$7,500 through 1997, \$8,000 for 1998 through 2000, and \$8,500 in 2001. 100% of includible compensation after reductions for contributions to certain pre-tax plans, to a maximum of \$11,000 in 2002, \$12,000 in 2003, \$13,000 in 2004, \$14,000 in 2005, \$15,000 in 2006, \$15,500 for 2007 and 2008, \$16,500 for 2009, 2010, and 2011, \$17,000 for 2012, \$17,500 for 2013 and 2014, and \$18,000 for 2015, 2016, and 2017. Should the IRS increase the deferral limit in future years, you can adjust your deferrals.
- For years prior to 2002, include deferrals under all eligible 457(b) plans, 403(b) plans, 401(k) plans, and Federal Thrift Plans with this or other employers. For 2002 and thereafter, include only deferrals for your current 457(b) plan.
- No Special Catch-Up amounts are permitted during the calendar year in which your selected NRA occurs. If eligible for Age 50 Catch-Up, you may only contribute the greater of the Age 50 Catch-Up or the Special 457(b) Catch-Up.
- The maximum amount of special catch up for each year of the three years prior to normal retirement age is the lesser of the same as the maximum contributions that may be made in that year or the under utilized amount. For example, in 2015, the maximum deferral limit is \$18,000 so the maximum special catch up is the lesser of \$18,000 or the underutilized amount.

Catch Up Information & Contribution Election

To take advantage of the special catch up provision, you must first be contributing the maximum deferral for each year.

For the last 3 calendar years ending prior to the year in which NRA occurs as specified in the Personal Information above

I elect: Year 1 _____ Total Special Catch-Up Amount: \$ _____
 Year 2 _____ Total Special Catch-Up Amount: \$ _____
 Year 3 _____ Total Special Catch-Up Amount: \$ _____

Underutilized Deferrals: \$ _____ Total Special Catch-Up Amount: \$ _____
(Total of Column 6 on reverse)

NOTE: Total Special Catch-Up Amount must be equal to or less than the total Underutilized amount of deferrals.

If you will be utilizing a one-time Lump Sum deferral, please provide us with the date of that payroll and the amount.

Date: _____ Amount: \$ _____

Please indicate your new contribution amount: \$ _____ or _____%

NOTE: Please check with your employer's payroll department to determine whether to insert a dollar amount or percentage. If you wish to keep the same contribution amount, please review your paystub and write in the current amount, we cannot accept "same" or "unchanged." If you will be using percentage, use whole percents only. (e.g.- not 33.3%)

Authorization

I hereby elect to make Special Catch-Up contributions and elect the Normal Retirement Age shown above. The information listed above is true and accurate and I understand that this election of a Special Catch-Up contribution is a one-time option, this election of a Normal Retirement Age for Catch-Up purposes is an one-time option, and I cannot defer Special Catch-Up amounts in the year in which NRA occurs.

Determination of Underutilized Deferrals

Instructions: Begin with the first year you became eligible to participate in a 457(b) Plan.

1. In column 1 enter your includible compensation or the amount of your includible compensation multiplied by the percentage listed in each particular box.
2. In column 3, enter the lesser of the amount in column 1 or 2.
3. In column 4, list the actual contribution to this 457 (b) plan.
4. In column 5, place the amount contributed to another 457 (b), 403 (b) or 401 (k) for years prior to 2002.
5. For each row used, take the amount in column 3 and subtract columns 4 and 5 to calculate column 6.
