ORDINANCE NO. 28724

AN ORDINANCE relating to zoning; amending Chapter 13.06 of the Tacoma Municipal Code, by amending Section 13.06.070, entitled “Overlay Districts,” to establish a View Sensitive Overlay District - 20, with a 20-foot building height limit, and an area-wide rezone for specified areas within the View Sensitive Overlay District, as part of the 2020 Amendment to the Comprehensive Plan and the Land Use Regulatory Code, to become effective January 1, 2021.

WHEREAS the state’s Growth Management Act (“GMA”), RCW 36.70A, requires that any amendments to the City’s Comprehensive Plan and/or development regulations conform to the requirements of the GMA, and that all proposed amendments, with certain limited exceptions, be considered concurrently so the cumulative effect of the various changes can be ascertained, and

WHEREAS proposed amendments must also be consistent with state, regional, and local planning mandates, and

WHEREAS the 2020 Amendment includes the following three applications: (1) a land use designation change to the Heidelberg-Davis site, (2) a height limit change to the View Sensitive Overlay District, and (3) minor plan and code amendments, and

WHEREAS this ordinance pertains to the height limit change for the View Sensitive Overlay District (“VSD”), and

WHEREAS this application seeks to reduce the allowable building height from 25 feet to 20 feet within the West End VSD, and the area under consideration was expanded by the Planning Commission (“Commission”) during the scoping phase to include five areas within the existing VSD, referred to as Nodes 1 through 5, that exhibit similar development patterns, and
WHEREAS because the application is private, in the staff report to the Planning Commission no recommendation was provided but staff did note that the purpose of the View-Sensitive Overlay District is to maintain height compatibility between new development and existing development in areas with long standing residential development with views of the Puget Sound and the Narrows Bridge, and that the View Sensitive Overlay District balanced the interests of new development or remodel to existing development with the interests of the public and surrounding property owners in preserving the character of the neighborhood including public and private views, and

WHEREAS staff further noted that a View Sensitive Overlay District has been previously established in areas with steep topography and patterns of larger lots, and is consistent with the City’s Comprehensive Plan and Ordinances, and

WHEREAS the Commission completed its review of the 2020 Amendment through an extensive and inclusive public engagement process, including a public hearing conducted on October 7, 2020, and

WHEREAS in response to public testimony, the Commission considered two potential modifications to the proposal: (1) removing the entire Node 4 from consideration for the proposed height reduction, and (2) adjusting the boundaries of Node 2 by removing five lots along the uphill edge of the area from the consideration for the proposed height reduction, and

WHEREAS the Planning Commission acknowledged the broad public support the proposal received, and recognized that water views, topography, and
building height are character-giving attributes of many of our neighborhoods, and expressed its support for the community’s sentiment that Tacoma can both grow and change, yet still maintain unique neighborhoods, and

WHEREAS the Commission did not incorporate either modification into the proposal, and did not recommend approval of the application, and

WHEREAS the Commission put forth the Planning Commission’s Findings of Fact and Recommendations Report for the 2020 Amendment and its Letter of Recommendation, both dated November 4, 2020, which document the public review and community engagement process, as well as the Commission’s deliberations and recommendations concerning the three applications, and

WHEREAS the Planning Commission is a recommending body but final legislative policy and decision-making authority on applications is vested solely in the City Council, which on November 24, 2020, in accordance with Tacoma Municipal Code 13.02, conducted a public hearing to receive public comments on the proposed recommendations, and

WHEREAS the City Council has considered the public comments, staff report and Planning Commission findings and recommendations and now desires to directly consider the application for approval as consistent with the City’s Comprehensive Plan and Ordinances; Now, Therefore,
BE IT ORDAINED BY THE CITY OF TACOMA:

Section 1. That the recitals set forth above are hereby adopted as the Findings of the City Council and are by this reference incorporated herein as if set forth in their entirety.

Section 2. That the City Council hereby adopts the proposed updates to the Comprehensive Plan and the Land Use Regulatory Plan, as set forth in the attached Exhibits “A” and “B,” to become effective January 1, 2021.

Section 3. That the City Clerk, in consultation with the City Attorney, is authorized to make necessary corrections to this ordinance, including, but not limited to, the correction of scrivener’s/ clerical errors, references, ordinance numbering, section/subsection numbers, and any references thereto.

Passed December 8, 2020

Note: These amendments show all of the changes to existing Land Use regulations. The sections included are only those portions of the code that are associated with these amendments. New text is underlined and text that has been deleted is shown as strikethrough.

CHAPTER 13.06
ZONING

**

13.06.070 Overlay Districts.

A. View-Sensitive Overlay District.

1. Applicability.

   a. The View Sensitive Overlay Districts (VS-20) and (VS-25) shall apply to all buildings, structures, or portions thereof, hereafter erected within the designated Overlay District.

   The View Sensitive 20-Foot Overlay District – In areas with a predominant 20-foot development pattern which orient towards views of the Puget Sound and/or the Narrows Bridge. (VS-20)

   The View Sensitive 25-Foot Overlay District - In areas with a predominant 25-foot development pattern which orient towards views of the Puget Sound and/or the Narrows Bridge. (VS-25)

   ab. This section shall not apply to any building, structure, or portion thereof within any development or subdivision which is greater than 30 acres in size and which has an approved site plan or residential plat; provided, such site plans must have established the height or elevation of buildings, and such residential plats must have active architectural control committees, of which a resident or property owner of the plat shall be a member, and recorded covenants which give consideration to protection of views, and the architectural control committee must have reviewed and approved the plans of the building or structures before submittal to the City.

   bc. Map.

   <Approved Map to be inserted>

2. Purpose.

The purpose of the View-Sensitive Overlay District is to maintain height compatibility between new development and existing development in areas with long standing residential development with views of the Puget Sound and the Narrows Bridge. The View Sensitive Overlay District was established to balance the interests of new development or remodel to existing development with the interests of the surrounding property owners who wish to preserve the character of the neighborhood including public and private views. The View Sensitive Overlay District has been established in areas with steep topography and an established pattern of larger lots.

3. District development standards.

   a. A building, structure, or portion thereof, hereafter erected, shall not exceed a height of 25 feet, 20 feet, or 25 feet per applicable Overlay District designation, except as provided in Sections 13.06.010.F, 13.05.010.A and 13.06.010.B.

   b. Parking lot lighting shall not exceed 20 feet in height.

   c. Parking quantity reductions. See 13.06.090.C.

I move to amend Ordinance 28724, to remove node 4 from the proposed map as well as five lots along the north side of N 17th Street, between N Bridgeview Drive and N Skyline Drive as depicted in the revised map set.

I make this motion in response to public input, staff analysis, and technical data which all support these changes.
