

# SUPPLEMENTAL PUBLIC HEARING NOTICE

## POTENTIAL REVISIONS TO THE SIGN CODE FOR BILLBOARDS

### NEW INFORMATION

The proposed revisions include a program that would allow a limited number of digital billboards in certain areas in exchange for the removal of a substantial number of traditional billboards. *This proposed program is not changing, nor are the potential locations for digital billboards and the draft code revisions.* However, the list of billboards proposed for removal in exchange for the first 10 digital billboards was incorrect – seven of the billboard faces on the removal list were incorrect and eight that will be removed were not included on the list (for a total difference of one additional billboard face to be removed in exchange for the first 10 digital ones). The specific locations are listed below:

Billboard faces will not be removed from the following locations:

- 8040 Pacific Avenue
- 6517 6th Avenue
- 1318 6th Avenue
- 7017 South Tacoma Way
- 1215 Martin Luther King Jr. Way

Billboard faces will be removed from the following locations that were not previously identified:

- 5441 South Sheridan
- 2102 South 12th

Additional billboard faces will be removed from the following locations where faces were already identified for removal

- 5425 South Tyler
- 2002 South 12th
- 2040 6th Avenue

The map showing the billboard faces proposed for removal has been corrected, as has the staff report and related exhibit. These documents, as well as further explanation of the new information are provided on the Planning Division website:
