

COMMUNITY MEETING

POTENTIAL REVISIONS TO THE SIGN CODE FOR BILLBOARDS

Monday, January 31, 2011 5:00 – 7:00 pm

The Evergreen State College – Tacoma Campus 1201 6th Avenue, Lyceum Hall

WHAT CHANGES ARE BEING CONSIDERED?

The Tacoma Planning Commission is considering revisions to the City's billboard regulations. The proposed changes include allowing the installation of digital billboards in exchange for the removal of a substantial number of static billboards. In addition, the Commission is considering revisions regarding the allowed height, size, location, and other standards for digital billboards.

The Planning Commission is currently studying this proposal and the related portions of the Code, and would like to get early community input on these potential changes. Over the next few months, the Commission will be studying this proposal and early community feedback, and then will hold a public hearing before making their recommendation to the City Council, who will make the final decision. The Council is currently scheduled to make its final decision in July.

WHAT IS THE WORKSHOP ABOUT?

As one of the first steps in the process, the City is hosting a public workshop to describe the proposal, share information about digital billboards, and hear your thoughts on the issues and any important considerations. The workshop will include a short presentation and informal opportunities to talk with the project team about your questions and comments.

WHERE CAN I GET ADDITIONAL INFORMATION?

Additional information, including a project overview, background materials, and the project schedule, is available from the Community and Economic Development Department at the address to the right, and on the City's Planning Division website:

www.cityoftacoma.org/planning
(then click on "Billboards")
