## Recommendation to Transition into the Tacoma Permit Advisory Group

February 10, 2022  
Tacoma Permit Advisory Task Force

5

## BACKGROUND

- The Tacoma Permit Advisory Task Force (TPATF) was created when the City Council adopted [Resolution 39894](#) which formally established the TPATF in December 2017.
- In December 2019, City Council adopted [Resolution 40531](#), removing member restrictions from the Tacoma Permit Advisory Task Force to allow the City Manager flexibility in appointing representatives as appropriate.
- The Tacoma Permit Advisory Task Force members are appointed by the City Manager, and will generally be representative of a broad base of permit applicants who regularly apply to the City for permits. The Task Force currently has 14 members.

6

6

## ISSUES

- The formal definition indicates that a task force is "a temporary grouping under one leader for the purpose of accomplishing a definite objective." Often a task force will cease to exist upon completion of its charge as given by the City Council.
- The Tacoma Permit Advisory Task Force has evolved to do continuous work in collaboration with City staff. In addition to reviewing specific practices and policies related to City of Tacoma permitting, they are asked for advice on upcoming legislation and changes at the City. This broader scope is beyond the role of a Task Force.
