Summary

The City Council, on November 21, 2017 passed Amended Ordinance No. 28470, establishing interim regulations for the Tideflats and other heavy industrial zoning districts. The interim regulations do the following:

1. Expand public notification for heavy industrial uses city-wide that require a SEPA determination or discretionary permit;
2. Place a pause on the development of certain new non-industrial uses within the Port of Tacoma Manufacturing and Industrial Center;
3. Place a pause on new residential development along the Northeast Tacoma shoreline as well as platting and subdivision of land on the slopes along Marine View Drive;
4. Place a pause on the development of certain new heavy industrial uses city-wide.

The Amended Ordinance No. 28470 established the interim regulations for an initial one-year period. The Tacoma Municipal Code, consistent with State law, allows the Council to consider re-authorization of the interim regulations every six-months subsequent to the initial one-year authorization period. At the time of re-authorization, the Council may also consider amendments to the ordinance.
