Taylor Way Rehabilitation Project

**Project Location**

**Project Timeline**

**Existing and Proposed Lane Widths**

- **Taylor Way - 11th to Lincoln (looking northwest away from SR 509)**
  - **Existing Lane Widths**
    - Right-of-Way
      - ~10’
      - Railroad
      - ~16’
      - Lane
      - ~12’

- **Proposed Lane Widths**
  - Right-of-Way
    - ~11’
    - Sidewalk
    - ~13’
    - Lane
    - ~13’

- **Taylor Way - Lincoln to SR 509 (looking northwest away from SR 509)**
  - **Existing Lane Widths**
    - Right-of-Way
      - ~11’
      - Railroad
      - ~10’
      - Lane
      - ~16’

- **Proposed Lane Widths**
  - Right-of-Way
    - ~11’
    - Sidewalk
    - ~13’
    - Lane
    - ~13’

**CONSTRUCTION SEQUENCING**

- Preliminary Design
- Environmental Permits
- Right-of-Way
Taylor Way Rehabilitation Project

TAYLOR WAY WATERLINE AND UTILITY WORK (looking southeast toward SR 509)

TAYLOR WAY WATERLINE AND UTILITY WORK

WATER LINE ON THE SOUTHWEST SIDE OF ROADWAY

WATER LINE IN THE MIDDLE OF ROADWAY

TAYLOR WAY PCC PAVEMENT WORK (looking southeast toward SR 509)

THREE-LANE CONSTRUCTION SEQUENCING (Taylor Way - Lincoln to SR 509)
TAYLOR WAY PCC PAVEMENT WORK (looking northwest away from SR 509)
STAGE 1
Contractor will widen the south side of SR 509 so two lanes of traffic can be maintained in Stage 2. This widening will help trucks turning right onto SR 509 when detours are needed.

STAGE 2
Traffic will shift to the south in this stage to make room for upcoming stages. Work will occur in the median of SR 509 to rebuild median paving to carry traffic loads.

STAGE 3a
NB SR 509 and 54th Avenue traffic will use Marine View Drive and 11th Street to access Taylor Way. Heavy haul loads are prohibited on Hylebos Bridge.

STAGE 4
Traffic will shift to the south in this stage so the contractor can widen the north side of the intersection. This will complete the full widening of the intersection.

STAGE 5
NB SR 509 and 54th Avenue traffic will use Marine View Drive and 11th Street to access Taylor Way. Heavy haul loads are prohibited on Hylebos Bridge.
RAILROAD CLOSURES
Railroad closures are generally three days long, and will occur between Saturday 12am to Tuesday 5am.

Access outside of the closed roadway section shall remain for businesses along Taylor Way via detour routes.

Emergency vehicles shall have access through the work zones at all times.
