

Completed LEAP Projects

PW10-0473F - Tacoma Power Cushman Dam #2, Fish Collection/Sorting Facility & North Fork Skokomish Powerhouse –“Initiative 937” Renewable Energy Credit (REC)
LEAP Utilization Goal – 15% Apprenticeship. Goal met.

New Powerhouse and upstream fish capture structure

In 2013, LEAP assisted Tacoma Power in tracking Tri State/Harbor Pacific’s 15% apprenticeship utilization labor hours in order to qualify for REC’s. LEAP has forwarded Tacoma Power’s request for REC’s to the WA State Apprenticeship Training Council (WSATC). The WSATC will convene in January 2014 and is expected to approve the REC’s.
