

Completed Single Family Residence Rehabilitation Loan Program Projects

This home, located in Tacoma's Eastside neighborhood, benefitted from a home rehabilitation loan that was used to perform interior and exterior health and safety repairs.

Before

A new roof, gutters, screen door and exterior paint were needed.

After

Roof, gutter, paint and screen door repairs were completed.

The kitchen required significant rehabilitation.

Kitchen countertops, cupboards and floors were provided.

The bathroom's toilet and shower were in unsafe conditions.

Bathroom repairs and rehabilitation included a toilet and shower.
