1 AN ORDINANCE relating to land use regulations; amending Title 13 of the
2 Tacoma Municipal Code by amending Sections 13.05.020, 13.06.100,
3 13.06.200, 13.06.300, 13.06.400, 13.06.640, 13.06.700, and 13.06A.050
4 thereof, to adopt correctional and detention facilities permanent
5 regulations, as recommended by the Planning Commission.

6 WHEREAS, on March 7, 2017, the City Council passed Ordinance
7 No. 28417, enacting emergency interim zoning regulations, pertaining to public and
8 private correctional facilities, for a period of six months, to expire on September 6,
9 2017, and

10 WHEREAS the interim regulations amended Sections 13.06.100, 13.06.200,
11 13.06.300, 13.06.400, and 13.06.700 of the Tacoma Municipal Code (“TMC”), and

14 Council and Planning Commission to conduct appropriate research; analyze
15 potential impacts and applicable local, state and regional policies; and determine
16 the appropriate permanent regulatory framework for public and private correctional
17 facilities in Tacoma, and

18 WHEREAS some of the significant issues, concerns, and challenges the
19 Planning Commission and City Council have faced during deliberation of the
20 interim and permanent regulations concerning correctional and detention facilities
21 include: (1) the legality and appropriateness of the City’s use of its land use
22 regulatory authority to potentially address this broad-reaching, politically charged,
23 and largely national-level issue; (2) the impact of the state’s Growth Management
24 Act and provisions relative to Essential Public Facilities; (3) broader land use
25 concerns about allowing non-typical “residential” uses in the areas zoned for
26 “traditional” multi-family dwellings; (4) broader land use concerns, and the

WHEREAS, following a public hearing conducted on April 25, 2017, the City Council passed Ordinance No. 28429 on May 9, 2017, retaining and modifying the interim regulations and extending the effective duration to one year, to expire on March 6, 2018, and

WHEREAS the Planning Commission has reviewed the interim regulations as modified on May 9, 2017; developed draft permanent regulations for City Council consideration for adoption upon expiration of the interim regulations; conducted a public hearing on January 3, 2018, to receive public comment on the draft regulations; and put forward its recommendation on January 17, 2018, as documented in the Commission’s Findings of Fact and Recommendations Report, and

WHEREAS the proposed correctional and detention facilities permanent regulations recommended by the Planning Commission would amend Sections 13.05.020, 13.06.100, 13.06.200, 13.06.300, 13.06.400, 13.06.640, 13.06.700, and 13.06A.050 of the TMC, and would (1) modify the current definition of “correctional facility” and create a new and clearly distinct definition and use category for “detention facility”; (2) prohibit correctional and detention facilities in PMI (Port Maritime Industrial), M-2 (Heavy Industrial), and R-4L (Low Density Multi-family) zones; (3) allow correctional and detention facilities in the M-1 (Light

WHEREAS, on February 6, 2018, pursuant to TMC 13.02.045, the City Council conducted a public hearing on the proposed regulations, and

WHEREAS, based on the public hearing and City Council deliberation, the City Council developed additional amendments to Sections 13.06.100 and 13.06.400 which would (1) change the Commissions' recommendation and prohibit correctional and detention facilities in the R-4 (Multi-family) and R-5 (Multi-family) zones; (2) limit the availability of expansion for correctional and detention facilities by conditional use in the M-1 zone, to M-1 zones that were in place as of January 1, 2018; and (3) expand the notification requirements for correctional and detention facility expansion by CUP in the M-1 zones to 2500 feet, and

WHEREAS, in formulating the additional amendments, the City Council considered the testimony of residents and the weight of existing City, regional and state policies regarding the protection of scarce and dwindling port maritime industrial land from non-industrial uses, and

13.06.640 Conditional use permit.

A. Purpose. In many zones there are uses that may be compatible but because of their size, operating characteristics, potential off-site impacts and/or other similar reasons warrant special review on a case-by-case basis. The purpose of the conditional use permit review process is to determine if such a use is appropriate at the proposed location and, if appropriate, to identify any additional conditions of approval necessary to mitigate potential adverse impacts and ensure compatibility between the conditional use and other existing and allowed uses in the same zoning district and in the vicinity of the subject property. The zoning district use tables identify which uses require a conditional use permit (see Sections 13.06.100, -.200, -.300, and -.400). These uses may be authorized by the Director or Hearing Examiner in accordance with the procedures established in TMC 13.05 and the applicable criteria outlined below.

* * *

D. Criteria. A conditional use permit shall be subject to the following criteria:

1. There shall be a demonstrated need for the use within the community at large which shall not be contrary to the public interest.
2. The use shall be consistent with the goals and policies of the Comprehensive Plan, any adopted neighborhood or community plan, and applicable ordinances of the City of Tacoma.
3. For proposals that affect properties that are listed individually on the Tacoma Register of Historic Places, or are within historic special review or conservation districts, the use shall be compatible and consistent with applicable historic preservation standards, and goals, objectives and guidelines of the historic or conservation districts. Proposed actions or alterations inconsistent with historic standards or guidelines as determined by the Landmarks Commission are a basis for denial.
4. The use shall be located, planned, and developed in such a manner that it is not inconsistent with the health, safety, convenience, or general welfare of persons residing or working in the community. The following shall be considered in making a decision on a conditional property use:
 - a. The generation of noise, noxious or offensive emissions, light, glare, traffic, or other nuisances which may be injurious or to the detriment of a significant portion of the community.
 - b. Availability of public services which may be necessary or desirable for the support of the use. These may include, but shall not be limited to, availability of utilities, transportation systems (including vehicular, pedestrian, and public transportation systems), education, police and fire facilities, and social and health services.
 - c. The adequacy of landscaping, screening, yard setbacks, open spaces, or other development characteristics necessary to mitigate the impact of the use upon neighboring properties.
5. An application for a conditional use permit shall be processed in accordance with the provisions of Chapter 13.05.

* * *

Q. Correctional or Detention Facilities. An application for a conditional use permit for correctional or detention facilities shall be processed in accordance with the provisions of Chapter 13.05, except with the following additional requirement:

Pre-application community meeting. Prior to submitting an application to the City for a conditional use permit for a correctional or detention facility, it is required that the applicant hold a public informational meeting with community members. The purpose of the meeting is to provide an early, open dialogue between the applicant and the neighborhood surrounding the proposed development. The meeting should acquaint the neighbors of the proposed development with the applicant and/or developers and provide for an exchange of information about the proposal and the community, including the characteristics of the proposed development and of the surrounding area and any particular issues or concerns of which the applicant should be made aware. The applicant shall provide written notification of the meeting, at least 30 calendar days prior to the meeting date, to the appropriate neighborhood council pursuant to TMC 1.45 and neighborhood business district pursuant to TMC 1.47, qualified neighborhood and community organizations, and to the owners of property located within 1,000 feet of the project site.
