RESOLUTION NO. 40761

A RESOLUTION relating to the Puyallup River Watershed and the Chambers-Clover Creek Watershed; authorizing the appropriate City officials to approve the Washington State Department of Ecology Watershed Restoration and Enhancement Plans for the Puyallup River Watershed and the Chambers-Clover Creek Watershed.

WHEREAS, in January 2018, the Washington State Legislature passed the Streamflow Restoration Law, Chapter 90.94 RCW, which helps restore streamflows to levels necessary to support robust, healthy, and sustainable salmon populations while providing water for homes in rural Washington, and

WHEREAS the 2018 Streamflow Restoration Law ("Restoration Law") was passed in response to a 2016 Washington State Supreme Court decision that limited a landowner’s ability to get a building permit for a new home when the proposed source of water was a permit-exempt ("PE") well, and

WHEREAS the Restoration Law clarifies how counties issue building permits for homes that use a PE well for a water source, and directs the Washington State Department of Ecology ("Ecology") to lead local planning committees to develop Watershed Restoration and Enhancement Plans ("Plans") to identify projects to offset potential consumptive impacts of new PE domestic groundwater withdrawals on instream flows over the next 20 years (2018–2038), and will provide a net ecological benefit to the watershed, and

WHEREAS Ecology established the Watershed Restoration and Enhancement Committee ("Committee") to collaborate with tribes, counties, cities, state agencies, and special interest groups in the Puyallup River
Watershed, also known as the Water Resource Inventory Area (WRIA 10), and
Chambers-Clover Watershed (WRIA 12), and

WHEREAS the Committee met for over two years to develop Plans which
are specific to withdrawals from PE wells and offsets for these withdrawals, and

WHEREAS City staff has been present throughout the Committee
processes and has commented on the Plans throughout the development
process, and

WHEREAS the Plans include several policy recommendations and an
adaptive management process, and

WHEREAS the policy recommendations contain actions to track PE wells
and increase water conservation, and the adaptive management process
includes a mechanism for tracking new PE wells and project implementation,
periodic reporting on project status, and recommendations for a response if
project implementation lags new PE well connections, and

WHEREAS these measures, in addition to the surplus water offset and
supplemental habitat improvement projects, provide reasonable assurance that
the plans will adequately offset new consumptive use from PE wells anticipated
during the planning horizon, and

WHEREAS the Plans do not affect Tacoma Water or its water supply, as
Tacoma Water has a separate process for analysis of its water supply and
service area, and
WHEREAS the WRIA 12 Plan includes the City-sponsored “South Tacoma Channel Infiltration Feasibility Study” project in its project list, and
WHEREAS the Streamflow Restoration Act of 2018 included a Streamflow Restoration Grant program; the City applied for and was awarded a $387,000 Streamflow Restoration Grant from Ecology to conduct the South Tacoma Channel Infiltration Feasibility Study, and the City’s approval of the Plans does not affect the award of this funding, and
WHEREAS the Plans have been reviewed by Environmental Services and Tacoma Water, with no objections, and
WHEREAS the Plans provide only recommendations; the City is not required to act on any recommendation, and Plan approval will only mean that the City agrees with the Plan and its conclusions and recommendations, and
WHEREAS Environmental Services staff is recommending approval of the Puyallup River Watershed (WRIA 10), and Chambers-Clover Creek Watershed (WRIA 12) Restoration and Enhancement Plans; Now, Therefore,
BE IT RESOLVED BY THE COUNCIL OF THE CITY OF TACOMA:
That the appropriate City officials are hereby authorized to approve on behalf of the City of Tacoma the Washington State Department of Ecology Watershed Restoration and Enhancement Plans for the Puyallup River
Watershed and the Chambers-Clover Creek Watershed, said plans to be

RESOLUTION NO. 40763

BY REQUEST OF MAYOR WOODARDS AND COUNCIL MEMBERS THOMS AND USHKA

A RESOLUTION denouncing anti-Asian American and Pacific Islanders (“AAPI”) sentiment due to fears of the COVID-19 pandemic, and affirming the City of Tacoma’s commitment to the well-being and safety of our Asian American communities.

WHEREAS the City Council supports the rights and freedoms of all residents of the City and our nation to practice and embrace their heritage and religious traditions without fear of persecution, and

WHEREAS the City actively seeks to educate staff and our community on the poisonous effects of expressions of hatred or contempt based on race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, sexual orientation, or gender identity, and to promote equality, mutual respect, and understanding among all groups and individuals, and

WHEREAS the Washington State Office of Financial Management reports that there are 703,786 Asian American and Pacific Islanders out of a state population of 7,649,844, or 9.2 percent Asian American and Pacific Islanders, contributing greatly to our state and region’s rich and diverse history, and

WHEREAS the AAPI population is more heterogeneous than any other racial group in the United States, with more than 48 ethnicities, over 300 spoken languages, various socioeconomic statuses, immigration histories, cultures, and religions, and
WHEREAS we acknowledge anti-AAPI rhetoric gained intensity and momentum at the onset of the COVID-19 pandemic and has fanned the flames of hate and led to increased rates of aggression and violence against AAPI communities, and

WHEREAS nearly 3,800 incidents of anti-Asian discrimination, harassment, assaults, and civil rights violations were reported to the Stop AAPI Hate Center between March 2020 and February 2021, and

WHEREAS, on March 17, 2021, eight individuals, including six women of Asian descent, were murdered at their workplaces in Atlanta, Georgia, and

WHEREAS the City of Tacoma, Washington, stands in sympathy and solidarity with the entire AAPI community, as well as the greater Atlanta area, in condemning these vicious acts of hate and violence, and

WHEREAS the City of Tacoma, Washington, maintains that respect for individuals of all races, ethnicities, and national origins is an integral part of our cultural fabric as a city and as a community, and

WHEREAS the City of Tacoma, Washington, condemns discrimination and hate of any kind against members of our community, and declares that our diversity is our greatest strength, and

WHEREAS the Centers for Disease Control and Prevention's COVID Data Tracker reports that 2,319,457 cases and more than 533,000 deaths have been confirmed in the United States since the outbreak of the COVID-19 virus as of March 16, 2021, and
WHEREAS scientists have confirmed that COVID-19 does not respect borders and is not caused by ethnicity, and we caution against using geographic descriptors because they can fuel ethnic discrimination, and

WHEREAS COVID-19 is a public health issue, not a racial one, and the characterization by some national leaders of COVID-19 as a “Chinese virus” only encourages hate crimes and incidents against Asian American and Pacific Islanders at a time when communities should be working to get through this crisis, and

WHEREAS, despite these increasing acts of intolerance, Asian Americans and Pacific Islanders have made our nation more secure during the COVID-19 pandemic and throughout our history, and

WHEREAS an estimated 2 million Asian Americans and Pacific Islanders have served on the front lines of this crisis as healthcare providers, first responders, and in other essential roles, and

WHEREAS the City Council wishes to affirm its commitment to the well-being and safety of AAPI community members and ensure they know they are not alone, and that their representatives will speak out to help stop the spread of bigotry, and

WHEREAS, in 2014, the City Council adopted a resolution authorizing the City’s membership in the Welcoming Cities and Counties Initiative, which encourages communities to create more welcoming, immigrant-friendly environments that maximize opportunities for economic growth and cultural vitality, and
WHEREAS the City Council adopted an Equity and Empowerment Framework in 2014 and is committed to equity in service delivery, decision-making and community engagement, including our COVID-19 response, and these continued despicable acts must be condemned, and

WHEREAS, in June 2020, the City Council adopted Resolution No. 40622, which affirms the City Council’s dedication and commitment to comprehensive and sustained transformation of all of the institutions, systems, policies, practices, and contracts impacted by systemic racism, and also expresses the City Council’s commitment to a comprehensive transformation process that will establish new practices based on community and expert opinion, as well as past reform efforts, centering the voices of those most impacted by systemic racism, and

BE IT RESOLVED BY THE CITY OF TACOMA:

That the City Council denounces anti-Asian American and Pacific Islanders sentiment; joins local jurisdictions, cities, counties, and the state of Washington in affirming its commitment to the safety and well-being of Asian American and Pacific Islanders and in combating hate crimes targeting Asian American and
