RESOLUTION NO. 40776

BY REQUEST OF MAYOR WOODARDS AND COUNCIL MEMBERS BEALE AND WALKER

A RESOLUTION relating to reducing the City’s municipal carbon footprint by restricting the use of natural gas and new fossil fuel for existing City buildings and future City capital investments, encouraging other local jurisdictions to do the same, and assessing impacts for imposing the same restrictions on new commercial and residential construction.

WHEREAS the 11th United Nations Intergovernmental Panel on Climate Change (“IPCC”) report from October 2018 states that we have only until 2030 to limit devastating global warming and avoid a climate catastrophe, and

WHEREAS globally and locally, Black, Indigenous, and people of color communities and low-income communities are most vulnerable to the financial and human health stresses or shocks resulting from climate damage, and are disproportionately impacted, and

WHEREAS the climate crisis poses an imminent, existential threat to all life on Earth that demands timely action at the scale and speed necessary to mitigate harm to all people, including the residents of the City of Tacoma, and

WHEREAS, in December 2019, the City declared a Climate Emergency through Resolution No. 40509, which articulates the aspirational goal of “seeking a path to making City operations carbon-neutral by 2050,” and requested the City Manager to identify and propose sustainable funding mechanisms for actions described in the Environmental Action Plan, including building electrification, and

WHEREAS the City’s 2016 Greenhouse Gas Inventory identifies combined emissions from the City’s municipal buildings and fleet contribute approximately
28 percent of overall municipal emissions, and we know that we cannot meet our municipal and community carbon reduction goals without tackling clean transportation and clean buildings as we move forward, and

WHEREAS, in Washington State, homes and buildings are the single fastest growing source of carbon pollution, up 50 percent since 1990, and now account for 27 percent of Washington’s carbon emissions, and

WHEREAS Tacoma Public Utilities provides customers in Tacoma plentiful, non-fossil fuel generated, and comparatively affordable electricity for powering its municipal operations, maintenance, and growth, along with all of its community-wide electricity needs, and

WHEREAS the City has the opportunity to lead by example to make decisive, transformative, and sustainable changes in its municipal energy consumption, and can significantly lower the City’s greenhouse gas emissions and overall carbon impact, and

WHEREAS investments that make it easier and safer for people to ride the bus, walk, bike, and roll often have the added benefit of not only reducing carbon emissions, but improving affordable access to jobs, education and services, reducing stormwater pollution and local air pollution, improving physical activity, and supporting local, living wage construction and operation jobs, and

WHEREAS the City encourages the use of non-motorized travel to and from City facilities, including a Commute Trip Reduction program for employees, and through the use of investments of safe biking and walking infrastructure around City
buildings, parking for bicycles or other shared mobility services, transit passes for employees, and comfortable and ADA-compliant sidewalks around all facilities, and

WHEREAS the City supports a legislative agenda that advances decarbonization through increased electrification of energy use, and

WHEREAS the City already follows state law, RCW 43.19.648 and Chapter 194-29 WAC, which requires clean vehicles and fuels and describes “practicable use of electricity and biofuels to fuel local government vehicles, vessels, and construction equipment,” and

WHEREAS planning for clean energy in City assets represents a sound investment of the City’s resources into long-term infrastructure that is in line with its carbon reduction goals, and

WHEREAS vulnerable, underrepresented, and historically oppressed communities in the City, including low-income communities and those with pre-existing medical conditions, along with Black, Indigenous, and people of color communities are disproportionately harmed by indoor pollution (including from gas stoves) and outdoor air pollution, and have less access to healthcare and resources to mitigate this impact; Now Therefore,

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF TACOMA:

Section 1. That the City Manager is directed to require all new City-owned buildings and major renovations of existing City buildings within the City of Tacoma to exclude natural gas and other fossil fuel energy sources for heating, lighting, and power, and use low carbon fuels such as biodiesel, renewable diesel, renewable natural gas, electrolytic hydrogen, and electricity or other electricity derived fuels

-3-
generated from sustainable and renewable resources; except where exemptions are necessary due to reliability and resiliency of resources, technical or cost infeasibility. This policy will become effective January 1, 2022.

Section 2. That the City Manager is directed to inventory City-owned facilities within the City of Tacoma that use fossil fuels and evaluate the feasibility of retrofitting existing buildings to low-emission sources by 2030. This inventory and evaluation will make use of existing reports and data to prepare recommendations regarding feasibility and life-cycle costs. The report will be completed by January 1, 2023, and a presentation will be made to the Infrastructure, Planning and Sustainability (“IPS”) Committee.

Section 3. That the City Manager is directed to develop a plan to retrofit each City-owned parking facility and building within the City of Tacoma with electric vehicle (“EV”) charging stations by 2030. This plan will be completed by January 1, 2023, and a report will be made to the IPS Committee. Zero-emission, low-emission, or non-motorized vehicles will be prioritized in all new vehicle purchases whenever:

A. Suitable equipment exists for the duty;
B. Gross vehicle weight is less than 19,501 pounds (Class 5 vehicles and lower). The necessity and type of exemptions will be reviewed in conjunction with updates to the Environmental Action Plan;
C. Life Cycle Cost Analysis shows the premium at less than 10 percent; and
D. Suitable EV-charging or other infrastructure to recharge or fuel equipment is in place, or anticipated to be, preferably at the equipment’s assigned stationary location.

Consideration of the addition of EV charging equipment at such stationary locations will be considered in decision-making.
Section 4. That the City will encourage other local entities, such as the County, school districts, and major institutions, to join in this step to invest in clean energy assets by adopting similar policies.

Section 5. That the City Manager is directed to complete an impact assessment of requiring non-fossil fuel sourced heating, lighting, and power in new commercial and residential development in the City, and will report back to the IPS Committee by January 1, 2023, with findings, including stakeholder involvement, that will look at potential opportunities and challenges related to:

- Public health and safety;
- Economic costs and savings;
- Technical feasibility;
- Legal implications;
- Labor and workforce;
- Operations;
- Housing affordability; and
- Equity.

Req. #21-0283 -2-
ORDINANCE NO. 28755

BY REQUEST OF MAYOR WOODARDS, DEPUTY MAYOR BLOCKER, AND COUNCIL MEMBER HINES

AN ORDINANCE relating to public health and safety; adopting additional findings; amending the declaration of emergency granted pursuant to Ordinance No. 28430, and as subsequently amended by Ordinance Nos. 28457, 28477, 28565, and 28637; declaring the Mayor and City Council’s support of Pierce County and the Tacoma Pierce County Coalition to End Homelessness; directing the City Manager to ensure appropriate City staff participation in Pierce County’s Ad Hoc Committee, established to develop a countywide, Comprehensive Plan to End Homelessness over the next six months; and declaring an emergency, making necessary the passage of this ordinance, and it’s taking effect immediately.

WHEREAS, in 2017, the City Council enacted Ordinance No. 28430 (“Emergency Ordinance”), declaring a state of emergency related to the conditions of homeless encampments and authorizing such actions are reasonable and necessary to mitigate the conditions giving rise to the public emergency, and

WHEREAS, upon issuance of the declaration of emergency, the City began implementation of a Temporary Emergency Aid and Shelter Plan, with an estimated cost of $3.4 million through December 2017, and

WHEREAS, in late 2017, the City Council determined that the conditions giving rise to the public emergency were still present, and passed Ordinance No. 28457, extending the declaration of emergency through December 31, 2017, and

WHEREAS, in December 2017, the City Council passed Ordinance No. 28477, extending the declaration of emergency to December 31, 2018, and authorizing additional expenditures of nearly $7 million through the end of 2018, and
WHEREAS, in 2018, the City Council passed Ordinance No. 28565, extending the declaration of emergency through the end of 2019, and provided continued funding for the Temporary Emergency Aid and Shelter Plan, and

WHEREAS, in 2019, the City Council passed Ordinance No. 28637, extending the declaration of emergency and authority granted in Ordinance Nos. 28430, 28457, 28477, and 28565, to remain in effect until such time that there is shelter availability for 95 percent of unsheltered individuals in Tacoma as noted in the annual Point in Time Count, and

WHEREAS the Mayor and City Council wish to declare support of Pierce County and the Tacoma Pierce County Coalition to End Homelessness in their commitment to protect public health and safety by providing everyone experiencing homelessness a safe and secure space to sleep with resources to address their health and sanitation needs by November 2021, allowing sidewalks, parks, and right-of-ways to be available for those purposes they were designed to serve, and

WHEREAS the Pierce County Council, pursuant to Resolution No. R2021-30s, established the Comprehensive Plan to End Homelessness Ad Hoc Committee for the purpose of developing an action plan that will deliver a comprehensive plan to end homelessness within six months, and

WHEREAS the City desires to actively participate with Pierce County in developing a regional strategy to address homelessness, and

WHEREAS the City is simultaneously working to establish its own five-year strategic plan to address homelessness, to be substantially complete by September 21, 2021, which will address racial disparities and systemic causes of
homelessness, amplify regional collaborations as well as community partnerships
and the continuum of care, align efforts with the Affordable Housing Action
Strategy, and identify trauma-informed interventions to meet the needs of specific
populations, and

WHEREAS the City Council will review the progress toward meeting the
conditions to end the declaration of emergency related to homeless encampments
annually, and

WHEREAS, due to the continuing and urgent need for quick action on the
part of the City, particularly as it relates to participating in the County’s Ad Hoc
Committee, an emergency exists, making this ordinance effective upon passage by
an affirmative vote of at least six members of the City Council; Now, Therefore,

BE IT ORDAINED BY THE CITY OF TACOMA:

Section 1. That the City Council hereby adopts the Recitals of this
Ordinance as its formal legislative findings.

Section 2. That the City Council’s declaration of emergency originally
granted pursuant to Ordinance No. 28430, and as subsequently amended by
Ordinance Nos. 28457, 28477, 28565, and 28637, is hereby amended to add City
Council review of the progress toward meeting the condition to end the declaration
of emergency on an annual basis.

Section 3. The Mayor and City Council declare support of Pierce County
and the Tacoma Pierce County Coalition to End Homelessness in their
commitment to protect public health and safety by providing everyone experiencing
homelessness a safe and secure space to sleep with resources to address their
health and sanitation needs by November 2021, allowing sidewalks, parks, and right-of-ways to be available for those purposes they were designed to serve.

Section 4. That the City will actively participate with Pierce County’s Ad Hoc Committee in developing a regional strategy to address homelessness.

Section 5. That, based upon the facts and conclusions as specified herein, an emergency exists, making this ordinance effective upon passage by an affirmative vote of at least six members of the City Council.
