Solicitation of, and contracts for, professional services and personal services shall be by request for bids or request for proposals except when use of direct solicitation and negotiation is determined by the City Manager, on behalf of General Government, or the Director of Utilities, on behalf of the Department of Public Utilities, to be in the best interests of the City. It is the policy of the City of Tacoma that citizens be afforded an opportunity for full participation in our free enterprise system and that historically underutilized business enterprises shall have an equitable opportunity to participate in the performance of City contracts. The City finds that in its contracting for supplies, services and public works there has been historical underutilization of small businesses located in certain geographically and economically disfavored locations and that this underutilization has had a deleterious impact on the economic well-being of the City. The purpose of this chapter is to remedy the effects of such underutilization through use of reasonably achievable goals to increase opportunities for historically underutilized businesses to participate in City contracts. It is the goal of this chapter to facilitate a substantial procurement, education, and mentorship program designed to promote equitable participation by historically underutilized businesses in the provision of supplies, services, and public works to the City. It is not the purpose of this chapter to provide any person or entity with any right, privilege, or claim, not shared by the public, generally, and this chapter shall not be construed to do so. This chapter is adopted in accordance with Chapter 35.22 RCW and RCW 49.60.400.

1.07.040 Program administration.

A. The Community and Economic Development Director, or his or her designated SBE Program Coordinator, shall be responsible for administering this chapter and obtaining compliance with respect to contracts entered into by the City and/or its contractors. It shall be the duty of the Director to pursue the objectives of this chapter by conference, conciliation, persuasion, investigation, or enforcement action, as may be necessary under the circumstances. The Director is authorized to implement an administrative and compliance program to meet these responsibilities and objectives.

B. The Director is hereby authorized to adopt and to amend administrative rules and regulations known as the SBE Regulations to properly implement and administer the provisions of this chapter. The SBE Regulations shall be in conformance with City of Tacoma policies and state and federal laws and be designed to encourage achievement of the SBE goals set forth herein. The SBE Regulations shall become effective following public notice and an opportunity to comment by the public.

C. The SBE Regulations adopted pursuant to this section are for the administrative and procedural guidance of the officers and employees of the City and are further expressions of the public policy of the City. The SBE Regulations, when adopted, shall not confer an independent cause of action or claim for relief cognizable in the courts of the state of Washington or the United States of America to any third parties, and such provisions shall not be used as the basis for a lawsuit in any court of competent jurisdiction challenging the award of any contract by the City.

1.07.050 Certification.

A. The SBE Program Coordinator shall approve a person as a SBE Certified Business if all of the following criteria are satisfied:

1. Each person with an ownership interest in the company has a personal net worth of less than $1,320,000 excluding one personal residence and the net worth of the business;

2. The company’s total gross receipts for any consecutive three year period within the last six years is not more than $36,500,000 for public works companies and not more than $15,000,000 for non-public works and improvements companies;

3. The owner(s) of the company executes an Affidavit of Small Business Enterprise Certification and files it with the City which states that all information submitted on the SBE application is accurate, that the business has sought or intends to do business with the City and/or within the Pierce County area and has experienced or expects to experience difficulty competing for such business due to financial limitations that impair its ability to compete against larger firms; and

4. The company can demonstrate that it also meets at least one of the following additional requirements:
   a. The company’s business offices, or the personal residence of the owner, is located within a City of Tacoma designated Renewal Community/Community Empowerment Zone, prior to designation as a SBE, or

B. Application Process. The SBE Program Coordinator shall make the initial determination regarding certification or recertification. Each SBE applicant shall provide the following documents; as such documents are more fully described in the SBE Regulations, to the SBE Program Coordinator:

1. A completed Statement of Personal Net Worth form;
2. A completed, signed, and notarized Affidavit of Small Business Enterprise Certification that affirms compliance with the certification and documentation requirements of this section;
3. List of equipment and vehicles used by the SBE;
4. Description of company structure and owners;
5. Such additional information as the SBE Program Coordinator or designee may require.

When another governmental entity has an equivalent SBE classification process the City may enter into an interlocal cooperative agreement for mutual recognition of certifications.

C. Recertification. A SBE qualified business shall demonstrate annually to the satisfaction of the SBE Program Coordinator that the following SBE qualifications are still in effect for such business:

1. That the company still meets all of the criteria set forth in subsection 1.07.050.A. TMC, and
2. That the company has maintained all applicable and necessary licenses in the intervening period, and
3. That the company demonstrates that the owner and/or designated employees have completed the minimum annual continuing business education training requirements set forth in the SBE Regulations.

D. Appeals. The applicant may appeal any certification determination by the SBE Program Coordinator under this chapter to the Director. The appeal must be made in writing and must set forth the specific reasons for the appeal. The Director shall make a decision on the appeal request within a reasonable time, which decision shall be final unless further appeal is made to the Hearing Examiner. In that event, the Hearing Examiner Rules of Procedure for Hearings, Chapter 1.23 TMC, shall be applicable to that appeal proceeding.

1.07.060 Program requirements.

A. Establishment of Annual SBE Goals. The SBE Regulations adopted pursuant to this chapter shall state reasonably achievable cumulative annual goals for utilization of SBEs in the provision of supplies, services, and public works procured by the City. Cumulative annual goals for the participation of SBEs in City contracts shall be based on the number of qualified SBEs operating within Pierce County or in a county that is adjacent to Pierce County or in a HUBZone in a county where the supplies, services and/or public works will be delivered or performed. The dollar value of all contracts awarded by the City to SBEs in the procurement of supplies, services, and public works shall be counted toward the accomplishment of the applicable SBE goal. The initial cumulative annual SBE goal for all public works, non-public works and improvements supplies and services procured by the City of Tacoma is 22 percent.

B. Revision of Annual SBE Goals. SBE utilization goals for supplies, services, and public works shall be reviewed annually to determine the total level of SBE participation reasonably attainable. If no certified SBEs are available to provide supplies, services, and/or public works, the dollar value of such supplies, services, or public works shall be exempt from the calculation of the cumulative annual goals set forth in the SBE Regulations. Proposed reduction of the cumulative annual SBE goals shall be in accordance with the SBE Regulations.

C. Application of SBE Goals to Contracts. The SBE Program Coordinator shall consult with City departments/divisions to establish the SBE goal for competitively solicited contracts of $25,000 and above, in accordance with this chapter and the SBE Regulations. No SBE goal will be established if no certified SBEs are available to provide supplies, services and/or public works.

D. Waivers. City departments/divisions or the SBE Program Coordinator may request to waive one or more of the requirements of this chapter as they apply to a particular contract or contracts. Waivers may be granted in any one or more of the following circumstances:
1. Emergency: The supplies, services and/or public works must be provided with such immediacy that neither the City nor the contractor can comply with the requirements herein. Such emergency and waiver must be documented by the department/division awarding the contract.

2. Not Practicable: Compliance with the requirements of this chapter would impose an unwarranted economic burden or risk to the City after consideration of existing budgetary approvals.

3. Sole source: The supplies, services, and/or public works are available from only one source, and subcontracting possibilities do not reasonably exist as determined by the finance purchasing manager.

4. Government purchasing. The City is a party to or included in a federal, state or inter-local government purchasing agreement as approved by the finance purchasing manager.

5. Lack of SBEs: An insufficient number of qualified SBE contractors exist to create SBE utilization opportunities.

6. Best interests of the City: Waiver of SBE goals is in the best interests of the City due to unforeseen circumstances, provided that said circumstances are set forth in writing by the requestor.

E. Review of Waivers. A waiver determination by the finance purchasing manager may be reviewed by the Board of Contracts and Awards (C&A Board). The C&A Board may also review a request to reduce or waive the SBE utilization goals based on Not Practicable or Best Interests of the City circumstances. The C&A Board shall determine whether compliance with such goals would impose unwarranted economic burden on, or risk to, the City of Tacoma as compared with the degree to which the purposes and policies of this chapter would be furthered by requiring compliance. If the determination of the C&A Board does not resolve the matter, a final determination shall be made by the City Council or Public Utility Board, as the case may be.

1.07.070 Evaluation of submittals.

A. All submittals for a supplies, services, or public works and improvements contract valued at $25,000 or more shall be evaluated for attainment of the SBE goal established for that contract in accordance with this chapter and the SBE Regulations.

B. The determination of SBE usage and the calculation of SBE goal attainment per this section shall include the following considerations:

1. General. The dollar value of the contract awarded by the City to a SBE in the procurement of supplies, services, or public works shall be counted toward achievement of the SBE goal.

2. Supplies. A public works and improvements contractor may receive credit toward attainment of the SBE goal for expenditures for supplies obtained from a SBE; provided such SBE assumes the actual and contractual responsibility for delivering the supplies with its resources. The contractor may also receive credit toward attainment of the SBE goal for the amount of the commission paid to a SBE resulting from a supplies contract with the City; provided the SBE performs a commercially useful function in the process.

3. Services and Public Works subcontracts. Any bid by a certified SBE or a bidder that utilizes a certified SBE shall receive credit toward SBE goal attainment based on the percentage of SBE usage demonstrated in the bid. A contractor that utilizes a SBE-certified subcontractor to provide services or public works shall receive a credit toward the contractor’s attainment of the SBE goal based on the value of the subcontract with that SBE.

4. Brokers, Fronts, or Similar Pass-Through Arrangements. SBEs acting as brokers, fronts, or similar pass-through arrangements (as such terms are defined in the SBE Regulations) shall not count toward SBE goal attainment unless the activity reflects normal industry practices and the broker performs a commercially useful function.

C. Evaluation of competitively solicited submittals for public works and improvements and for services when a SBE utilization goal has been established for the contract to be awarded shall be as follows:

1. When contract award is based on price. The lowest priced bid submitted by a responsive and responsible bidder will be reviewed to determine if it meets the SBE goal. Such low bid shall be determined to meet the SBE goal if the bidder is a certified SBE.

a. If the low bidder meets the SBE goal, the bid shall be presumed the lowest and best responsible bid for contract award.

b. If the lowest priced bid does not meet the SBE goal, but the bid of any other responsive and responsible bidder does, and such other bid(s) is or are priced within five percent of the lowest bid, then the following formula shall be applied to each such other bid:
c. The lowest evaluated bid after applying said evaluation formula shall be presumed the lowest and best responsible bid for contract award.

d. In no event shall a bidder’s evaluated bid price be adjusted more than 5 percent from its base bid price for purposes of contract award.

2. When contract award is based on qualifications or other performance criteria in addition to price. Solicitations shall utilize a scoring system that promotes participation by certified SBEs. Submittals by respondents determined to be qualified may be further evaluated based on price using the formula applicable to price based contract awards above. The SBE Regulations may establish further requirements and procedures for final selection and contract award, including:

a. Evaluation of solicitations for Architectural and Engineering (A&E) services;

b. Evaluation and selection of submittals in response to requests for proposals; and

c. Selection of contractors from pre-qualified roster(s).

D. Evaluation of competitively solicited submittals for supplies when no SBE utilization goal has been established for the contract to be awarded shall encourage SBE participation as follows:

1. A submittal from a responsive certified SBE that is priced within five percent of the otherwise lowest responsive bid shall be recommended for award. Otherwise, the lowest responsive bidder shall be recommended for contract award.

E. The SBE Regulations may establish further SBE goal evaluation requirements and procedures for award of contracts between $5,000 and $25,000.00 and for non-competitively solicited contracts. City departments/divisions shall use due diligence to encourage and obtain SBE participation for supplies, services, and public works contracts under $5,000.

1.07.080 Contract compliance.

A. The contractor awarded a contract based on SBE participation shall, during the term of the contract, comply with the SBE goal established in said contract. To ensure compliance with this requirement following contract award, the following provisions apply:

1. Any substitutions for or failure to utilize SBEs projected to be used must be approved in advance by the SBE Program Coordinator. Substitution of one SBE with another shall be allowed where there has been a refusal to execute necessary agreements by the original SBE, a default on agreements previously made or other reasonable excuse; provided that the substitution does not increase the dollar amount of the bid.

2. Where it is shown that no other SBE is available as a substitute and that failure to secure participation by the SBE identified in the solicitation is not the fault of the respondent, substitution with a non-SBE shall be allowed; provided, that, the substitution does not increase the dollar amount of the bid.

3. If the SBE Program Coordinator determines that the contractor has not reasonably and actively pursued the use of replacement SBE(s), such contractor shall be deemed to be in non-compliance.

B. Record Keeping. All contracts shall require contractors to maintain relevant records and information necessary to document compliance with this chapter and the contractor's utilization of SBEs, and shall include the right of the City to inspect such records.

1.07.090 Program monitoring.

A. The SBE Program Coordinator shall monitor compliance with all provisions of this chapter and the SBE Regulations. The SBE Program Coordinator shall establish procedures to collect data and monitor the effect of the provisions of this chapter to assure, insofar as is practical, that the remedies set forth herein do not disproportionately favor one or more racial, gender, ethnic, or other protected groups, and that the remedies do not remain in effect beyond the point that they are required to eliminate the effects of under utilization in City contracting. The SBE Program Coordinator shall have the authority to obtain
from City departments/divisions, respondents, and contractors such relevant records, documents, and other information as is reasonably necessary to determine compliance.

B. The SBE Program Coordinator shall submit an annual report to the Community and Economic Development Director, Director of Utilities, and the City Manager detailing performance of the program. The report shall document SBE utilization levels, waivers, proposed modifications to the program, and such other matters as may be specified in the SBE Regulations.

107.100 Enforcement.

The Director, or his or her designee, may investigate the employment practices of contractors to determine whether or not the requirements of this chapter have been violated. Such investigation shall be conducted in accordance with the procedures established in the SBE Regulations.

107.110 Remedies.

A. Upon receipt of a determination of contractor violation by the SBE Program Coordinator, the City Manager or Director of Utilities, as appropriate, may take the following actions, singly or together, as appropriate:

1. Forfeit the contractor’s bid bond and/or performance bond;

2. Publish notice of the contractor’s noncompliance;

3. Cancel, terminate, or suspend the contractor’s contract, or portion thereof;

4. Withhold funds due contractor until compliance is achieved; and/or

5. Recommend appropriate action including, but not limited to, disqualification of eligibility for future contract awards by the City (debarment) per Section 106.279 TMC;

B. Prior to exercise of any of the foregoing remedies, the City shall provide written notice to the contractor specifying the violation and the City’s intent to exercise such remedy or remedies. The notice shall provide that each specified remedy becomes effective within ten business days of receipt unless the contractor appeals said action to the Hearing Examiner pursuant to Chapter 1.23 TMC.

C. When non-compliance with this chapter or the SBE Regulations has occurred, the SBE Program Coordinator and the department/division responsible for enforcement of the contract may allow continuation of the contract upon the contractor’s development of a plan for compliance acceptable to the Director.

107.120 Unlawful acts.

It shall be unlawful for any Person to willfully prevent or attempt to prevent, by intimidation, threats, coercion, or otherwise, any Person from complying with the provisions of this chapter.

(Ord. 27867 Ex. A; passed Dec. 15, 2009)

107.130 Severability.

If any section of this chapter or its application to any Person or circumstance is held invalid by a court of competent jurisdiction, then the remaining sections of this chapter, or the application of the provisions to other Persons or circumstances, shall not be affected.

(Ord. 27867 Ex. A; passed Dec. 15, 2009)

107.140 Sunset and review of program.

This chapter shall be in effect through and until December 31, 2019, unless the City Council shall determine at an earlier date that the requirements of this chapter are no longer necessary. If this chapter has not been repealed by July 1, 2019, the City Council shall determine by the end of that year whether substantial effects or lack of opportunity of SBEs remain true in the relevant market and whether, and for how long, some or all of the requirements of this chapter should remain in effect.

MAINTENANCE AND ADMINISTRATION

1.12.010 Composition of the compensation plan.

The compensation plan, contemplated by Section 6.9 of the City Charter, shall include:

A. The compensation provisions of this chapter and subsequent amendments and additions thereto.

B. A schedule of salary ranges (consisting of minimum and maximum rates of pay and intermediate steps for all classes of positions included in the City Classification Plan) in Sections 1.12.350 to 1.12.640\(^{14}\), inclusive, and subsequent additions and amendments thereto.

C. The annual budgets prescribed by the laws of the State of Washington.

(Ord. 26182 § 1; passed Dec. 16, 1997; Ord. 15751 § 1; passed Dec. 17, 1956)

1.12.020 Development and maintenance of salary ranges.

Salary ranges shall be linked directly to the plan of position classification and shall be determined with due regard to ranges of pay for other classes, relative difficulty and responsibility of positions in the class, availability of employees in particular occupational categories, prevailing rates of pay for similar employment in private establishments in the Tacoma area, rates of pay in other jurisdictions, cost-of-living factors, the financial policies of the City, and other economic considerations. The minimum and maximum and intermediate steps of each salary range shall be those rates in the basic salary schedule which most nearly reflect these factors.

Prior to the preparation of each biennial budget, as well as at other appropriate times, the City Manager and the Director of Utilities shall make or direct to be made, such comparative studies as they may deem necessary, of the factors affecting the level of salary ranges. On the basis of information derived from such studies, the City Manager and the Director of Utilities shall recommend to the City Council for approval such changes in the salary ranges as are pertinent to the fairness and adequacy of the overall salary structure. Such changes shall be accomplished by increasing or decreasing the salary ranges the appropriate number of ranges as provided in the basic salary schedule. The rate of pay for each employee shall be adjusted to the corresponding step in the new range in conformance with the adjustment of the salary range for the class.

Employees appointed to classifications designated as Class D or Class E by Section 1.12.080 are considered salaried employees. The hourly rates reflected in Section 1.12.355 are adopted for the administrative convenience in processing the payroll. There shall be no deduction for absences of less than one work day for Class D or Class E employees.

(Ord. 28263 Ex. A; passed Dec. 9, 2014; Ord. 24856 § 1; passed Mar. 5, 1991; Ord. 23445 § 1; passed Aug. 6, 1985; Ord. 15995; passed Dec. 16, 1957; Ord. 15751 § 2.1; passed Dec. 17, 1956)

1.12.021 Development and maintenance of nonrepresented salary ranges.

Salary ranges shall be linked directly to the plan of position classification and shall be determined with due regard to ranges of pay for other classes, relative difficulty and responsibility of positions in the class, availability of employees in particular occupational categories, prevailing rates of pay for similar employment in private establishments in the applicable market area, rates of pay in other jurisdictions, cost-of-living factors, the financial policies of the City, and other economic considerations. The minimum and maximum and intermediate steps of each salary range shall be those rates in the basic salary schedule which most nearly reflect these factors.

Prior to each calendar year, as well as at other appropriate times, the Human Resources Director shall make or direct to be made such comparative studies as they may deem necessary, of the factors affecting the level of salary ranges. On the basis of information derived from such studies, the City Manager and the Director of Utilities shall recommend to the City Council for approval such changes in the salary ranges as are pertinent to the fairness and adequacy of the overall salary structure.

Employees appointed to classifications designated as Class D by Section 1.12.080 are considered salaried employees. For such classifications, the hourly rates reflected in Section 1.12.355 are adopted for the administrative convenience in processing the payroll.

If any portion of this section conflicts with any other portion of the Tacoma Municipal Code, it is intended that this provision controls.

\(^{14}\) Code Reviser’s note: Salary schedules [1.12.355] are on file in the Human Resources Department.
1.12.030 Salary range – Increases.

The salary ranges are intended to furnish administrative flexibility in recognizing individual differences between positions allocated to the same class in the classified service and as a guide for appointive positions and in providing employee incentives and rewarding employees for meritorious service. The following shall be the general policy with respect to the use of the pay steps within salary ranges:

A. The minimum rate of pay for a class shall be paid to any person on his original appointment to a position of a class except when, as determined by the appointing authority, the new employee possesses exceptional qualifications warranting employment at a higher rate in the pay range; provided, that money is in the budget, as provided in Section 1.12.070.

B. The basic salary range shall consist of five numbered steps.

Within-range increases for classifications with five or fewer steps shall be from one pay step to the next higher step upon completion of a six-month period and annually thereafter or as agreed in a collective bargaining agreement, unless the appointing authority considers the employee’s services to have been unsatisfactory. Notice of such unsatisfactory service shall be given to the employee and the Human Resources Director 10 days prior to the effective date for the within-range salary increase. Step increases for ranges with greater than five steps may be based on skills, assignments, performance or as specified in a collective bargaining agreement.

An employee whose normal within-range increase has been suspended by a report of unsatisfactory service shall not thereafter be entitled to any further, within-range increases in that position except upon the specific recommendation of the appointing authority. Such further within-range increases, upon specific recommendation of the appointing authority, may be made to any higher step in the range for which the employee would qualify had such step increases been made on a continuous normal basis.

All within-range increases are subject to the availability of funds. For the purposes of computing the length of time for eligibility for within-range increases, upon the request of the department concerned and upon approval of the Human Resources Director, the period of all leaves of absence without pay, except for military purposes for reserves performing active training duty or for pre-induction purposes, or sick leave during the first six months after appointment shall not be included, and all employees granted leaves of absence without pay in excess of 15 calendar days, except for military leaves as above stated, shall have a period of time equal to the total leave without pay added to the annual time for the further increases.

Eligibility for within-range salary increases shall be computed on the actual anniversary date of such eligibility.

Salary increases or decreases resulting from the adjustment of salary ranges in accordance with Section 1.12.020 shall not prevent within-range increases in accordance with this section.

(Ord. 27775 Ex. A; passed Dec. 16, 2008)

1.12.031 Salary range – Increases for nonrepresented classifications.

The salary ranges are intended to furnish administrative flexibility in recognizing individual differences between positions allocated to the same class in the classified service and for appointive positions and in providing employee incentives and rewarding employees for meritorious service. The following shall be the general policy with respect to the use of the pay steps within salary ranges:

A. The minimum rate of pay for a class shall be paid to any person on his or her original appointment to a position except when, as determined by the appointing authority, the employee possesses exceptional qualifications, or exceptional market conditions exist warranting employment at a higher step in the pay range; provided, that money is in the budget, as provided in Section 1.12.070.

B. The basic salary range shall consist of full steps with quarter-step increments between each full step.

1. Step increases shall be considered upon completion of a six-month period and annually thereafter. Eligibility for step increases shall be computed on the actual anniversary date of such eligibility.

2. Step increases shall consist of one full step unless the appointing authority considers that a full step cannot be justified.

a. If a step increase is withheld, written notice shall be given to the employee and the Human Resources Director at least ten days prior to the effective date of the step increase.
b. An employee not receiving a full step increase shall not thereafter be entitled to any further step increases in that position except upon the specific recommendation of the appointing authority. Such further step increases, upon specific recommendation of the appointing authority, may be made to any higher step in the range for which the employee would have qualified.

3. For purposes of computing the length of time for eligibility for step increases:

a. Upon the request of the department concerned and upon approval of the Human Resources Director, the period of all leaves of absence without pay shall be excluded, provided that military leave, pursuant to TMC 1.12.260, shall not be excluded from the time computed.

b. All employees granted leaves of absence without pay in excess of 15 calendar days, except for military leaves as above stated, shall have a period of time equal to the total leave without pay added to the annual time for the further increases.

4. All step increases are subject to the availability of funds. Salary increases or decreases resulting from the adjustment of salary ranges in accordance with Section 1.12.021 shall not prevent within-range step increases in accordance with this section.

If any portion of this section conflicts with any other portion of the Tacoma Municipal Code, it is intended that this provision controls.

(Ord. 27775 Ex. A; passed Dec. 16, 2008)

1.12.040 Adoption of the pay plan.

As of the effective date of the adoption of the Compensation Plan or any subsequent amendment thereto:

A. All employees whose pay is in excess of the maximum rate prescribed for their class shall not be reduced in pay but they shall not receive any pay increases as long as they occupy positions for which the salary range maximum is the same as, or less than, the pay rate currently received.

B. Employees will be advanced in pay as the result of an adjustment to the salary range for their class, as provided for in Section 1.12.020. In addition, employees will be eligible for within-range increases according to the years of continuous service in the class as provided for in Section 1.12.030B.

The provisions of this section shall not prevent demotion or reduction for disciplinary reasons or the application of service-wide pay decreases when such action is required by the financial condition of the City or by changing economic conditions.

C. Employees reclassified as a result of the City-wide Ewing Study whose pay is in excess of the maximum rate prescribed for their new class shall not be reduced in pay and shall continue to receive the annual cost of living adjustment equivalent to that received by the majority of other City employees. Should such employees accept another position in the City service, they shall receive the rate of pay for that class as provided herein.

(Ord. 24215 § 1; passed Oct. 18, 1988: Ord. 15995; passed Dec. 16, 1957: Ord. 15751 § 2.3; passed Dec. 17, 1956)

1.12.041 Adoption of the pay plan for nonrepresented classifications.

As of the effective date of the adoption of the Compensation Plan or any subsequent amendment thereto:

A. All employees whose pay is in excess of the maximum rate prescribed for their class shall not be reduced in pay but they shall not receive any pay increases as long as they occupy positions for which the salary range maximum is the same as, or less than, the pay rate currently received.

B. Employees will be advanced in pay as the result of an adjustment to the salary range for their class, as provided for in Section 1.12.021. In addition, employees will be eligible for step increases as provided for in Section 1.12.031. The provisions of this section shall not prevent demotion or reduction in pay for disciplinary reasons or the application of pay decreases when such action is required by the financial condition of the City or by changing economic conditions.

C. Employees who may be reclassified as a result of a classification and/or compensation study, whose pay is in excess of the maximum rate prescribed for their new class shall not be reduced in pay, but they shall not receive any pay increases as long as the salary range maximum for their new classification is the same as, or less than, the pay rate currently received. Should such employees accept another position in the City service, they shall receive the rate of pay for that class as provided herein.

D. Effective January 5, 2009, nonrepresented executive and nonrepresented classifications will no longer be eligible for longevity pay. A one-time roll in of the employee’s current longevity pay will be added to base pay when determining employee placement in the new pay structure.
If any portion of this section conflicts with any other portion of the Tacoma Municipal Code, it is intended that this provision controls.

(Ord. 27775 Ex. A; passed Dec. 16, 2008)

that, in cases of promotion, transfer, reemployment, and the return of an employee after leave of absence, and in cases of classification or reclassification of positions which, under Section 1.12.050 and under other provisions of this chapter, require the payment of a different wage or salary than that specifically set forth in the annual budget, the compensation to be paid in such cases shall be figured and paid in accordance with said Section 1.12.050 and other pertinent sections of this chapter without ordinance or Council action, if the payment thereof can lawfully be made from funds appropriated in the current annual budget, under the item of salaries and wages, without exceeding such appropriation.

In cases where the annual budget makes provisions for the payments of compensation for any position classification differing from the compensation set forth in said salary ranges, in order to comply with the provisions of subdivision A of Section 1.12.040 of this chapter and the provisions of Section 1.24.360, the employee affected by the provisions of said section shall be paid the compensation for such position as set forth in the annual budget, and in all cases where no provision is made in said salary ranges, the compensation to be paid to any employee shall be that set forth in the annual budget or such compensation as shall be lawfully authorized by the City Council.

1.12.071 Overpayment of Wages.

A. When the Director of Finance, or the Director’s designee (“Director”) determines that an employee was overpaid wages, the Director shall provide written notice to the employee. The notice shall include the amount of the overpayment, the basis for the claim, a demand for payment within 25 calendar days from the date of mailing, and the rights of the employee under this section. The notice shall be mailed by regular mail and certified mail, return receipt requested, to the employee at his or her last known address.

B. Within 20 calendar days after receiving the notice from the Director that an overpayment has occurred, the employee may request, in writing, that the Director review his or her finding that an overpayment has occurred. If the request is not made within the 20-day period as provided in this subsection, the employee may not further challenge the overpayment and has no right to further agency review, Hearing Examiner review, or judicial review.

C. Upon receipt of an employee's written request for review of the overpayment, the Director, in consultation with the Director of Human Resources, shall within 30 business days of receipt of such request, review the employee's challenge to the overpayment and notify the employee, in writing, of the Director's decision regarding the employee's challenge. The notification shall be sent by certified mail, return receipt requested, to the employee at his or her last known address.

D. If the employee is dissatisfied with the Director's decision regarding the employee's challenge to the overpayment, the employee may appeal the Director's decision to the Hearing Examiner by requesting an adjudicative proceeding. The employee's appeal must be in writing, state the basis for contesting the overpayment notice, and include a copy of the Director's notice of overpayment. The application must be served on and received by the Director within 28 calendar days of the employee's receipt of the Director's decision following review of the employee's challenge. The employee must serve the Director by certified mail, return receipt requested.

The Hearing Examiner, upon receipt of a properly filed appeal, shall set a hearing date, and the appellant shall be notified of the hearing date by first-class mail and by certified mail, return receipt requested. Proceedings in regard to appeals filed under this section shall be conducted in accordance with the requirements of Tacoma Municipal Code 1.23 and Office of the Hearing Examiner Rules of Procedures for Hearings. The Hearing Examiner shall determine the amount, if any, of the overpayment received by the employee, and shall issue Findings of Fact and Order, based on the hearing, in writing, delivered to the appellant by first-class mail and by certified mail, return receipt requested.

E. If the employee does not request an adjudicative proceeding within the 28-day period, the amount of the overpayment provided in the notice shall be deemed final and the Director may proceed to recoup the overpayment as provided by law.

F. Pursuant to RCW 49.48.210, when it is determined that an employee covered by a collective bargaining agreement is overpaid wages, the Director shall provide written notice to the employee. The notice shall include the amount of the overpayment, the basis for the claim, and the rights of the employee under the collective bargaining agreement. Any dispute relating to the occurrence or amount of the overpayment shall be resolved using the grievance procedures contained in the collective bargaining agreement.

For purposes of this chapter the following definitions shall apply:
A. Aggregate Service. Aggregate service for all purposes shall be the total of all employment, inclusive of authorized leaves of absence, in the City service as a probationary, regular, project, or appointive employee; provided, that: (1) time lost due to suspension of more than 15 working days or layoff shall not be included in the determination of aggregate service; (2) no person employed as a temporary employee shall accrue aggregate service as defined herein; (3) if an employee retires from the City and is rehired in a position under a pension system other than that from which he/she retired, such prior service shall not be credited towards aggregate service.

(Ord. 26761 § 1; passed Dec. 19, 2000: Ord. 25233 § 1; passed Dec. 22, 1992: Ord. 23350 § 1; passed Feb. 26, 1985: Ord. 21053 § 1; passed Apr. 26, 1977)

1.12.080 Overtime compensation.

Overtime work shall include only that work performed by employees at the direction of a department head or his or her authorized representative which, as a part of a single tour of duty or by reason of a call back, exceeds the number of hours constituting the established workday, workweek, or special schedule for the class and for the department. A minimum of two hours shall be paid for overtime by reason of a call back.

Part-time employees will be eligible for overtime only when the number of hours in paid status in a workweek exceeds 40.

Specific overtime provisions contained in individual collective bargaining agreements are hereby incorporated.

The City Manager or the Director of Utilities, as the case may be, shall designate those classes of employment and conditions thereto for which overtime work will be compensated according to the following schedules.

Class A. Time and one-half cash compensation, equivalent compensatory time off or a combination thereof at the discretion of the Department Head, except for:

1. Double time cash compensation, equivalent compensatory time off or a combination thereof for Sundays for regular Monday through Friday workweeks or the seventh day, the Sunday equivalent, for five-day workweek special schedules or shifts.

2. Double time cash compensation, equivalent compensatory time off or a combination thereof for work on scheduled days off, starting with the second consecutive call back day for annual work schedules having variable shifts other than a five-day week.

Absent language in a collective bargaining agreement allowing compensatory time off in lieu of overtime pay, compensatory time off will be allowed only where agreed upon in writing prior to the overtime being worked. All such compensatory time off shall be scheduled so as to meet the operating requirements of the City and, as far as practicable, the preference of the employee.

In those instances where the overtime is compensated by time off and it has not been feasible to grant such time off after a period of 60 days, the employee may elect to be compensated in cash therefor. The accrual of compensatory time shall be covered by union contract if applicable; however, in no event shall employees accrue more than 240 hours of compensatory time.

On separation from City service, each employee shall receive cash compensation for all accrued compensatory time.

Class B. Time and one-half cash compensation for overtime.

Class C. Double time cash compensation for overtime.

Class D. No overtime compensation or compensatory time off.

Class E. No overtime compensation or compensatory time off except when assigned to work outside of normal work hours due to emergency situations, or as provided in a collective bargaining agreement.

Pursuant to Section 1.12.020 of the Compensation Plan, employees assigned to positions designated as Class D or Class E are considered to be salaried employees.

Cash reimbursements for meals or transportation resulting from having to work beyond regular hours, where such overtime work, and the reimbursement for the cost of meals or transportation thus incurred are approved in writing by the City Manager, the Director of Utilities, or by Labor Management contract agreements, as applicable.

All overtime work performed by employees that is subject to compensation shall be recorded on the payroll for the pay period in which it occurred.

1.12.090 On-the-job injury.

With the exception of employees in the Police and Fire Service hired prior to October 1, 1977, the Belt Line Railway employees, emergency employees, and temporary employees, an employee who is otherwise eligible for sick leave or Personal Off Time (“PTO”) accruals and is injured on the job shall be paid to the extent of 120 working days for each new and separate injury, in addition to, and prior to, the use of sick leave or PTO accumulations, except as provided hereafter in this section.

A. The employee's eligibility for payment and the extent thereof will be based on the determination of the State Industrial Insurance Division of the State Workers’ Compensation Act. Such employee shall be paid an amount by the City which when combined with the payment received as determined by the State Industrial Insurance Division will equal 85 percent of his or her normal wage. For the purpose of this section, normal pay shall be that rate of the classification in which he or she was working in on the date of injury.

B. Such payment shall be made to the extent of such period of 120 working days and for as long thereafter as such employee's sick leave or PTO accruals provide according to the following schedule:

1. Charges shall be made against sick leave or PTO accruals, if any, for the date of injury and for the three-day waiting period as defined in the State Workers’ Compensation Act. If injury time loss exceeds 14 calendar days, then sick leave used during the three-day waiting period shall be returned and compensation computed at the 85 percent level as provided above.

2. After the payment and use of 120 working days, an employee may request to utilize accumulated sick leave and/or PTO on a prorated basis for any further time loss due to the injury. Compensation shall continue at the 85 percent level as provided above.

Accumulated sick leave and/or PTO used for this purpose shall be based on the calculated supplement dollar amount converted to actual hours by dividing the supplement dollar amount by the employee’s normal hourly wage. The converted actual hours will be deducted from the employee’s accumulated sick leave and/or PTO accumulations.

3. In the event an employee becomes disabled prior to completing 30 working days' employment with the City, a maximum of 30 working days’ City supplementation, as defined above, shall be allowed.

4. Charges may be made against sick leave or PTO leave accruals, if any, in any case where the City is contesting that the injury occurred on the job. In the event the State determines in favor of the employee, sick leave or PTO so charged shall be recredited to the employee's sick leave or PTO accrual balance and all payments in excess of the difference between 85 percent of the regular normal pay and that amount received, as determined by the State Industrial Insurance Division, shall be recoverable by the City or deducted from future payments due the employee from the City. The City shall seek to recover any and all provisional time loss payments due to the City when a claim filed after June 11, 1986, is rejected pursuant to the laws of the State of Washington and the ordinances of the City.

5. In the event eligibility for payment is denied by the State, the employee shall be eligible to utilize sick leave or PTO accruals, if any, retroactive to the date of injury, subject to the provisions of Section 1.12.230, Sick Allowance with Pay.

6. Upon making such payments as are provided for in this section, the City shall be subrogated to all rights of the employee against any third party who may be held liable for the employee's injuries to the extent necessary to recover the amount of payments made hereunder; provided, that where actual recovery is made against a third party hereunder, sick leave and PTO charged against the employee's accruals shall be recredited to the extent such funds reflect recovery for payments attributable to compensated sick leave or PTO.

7. All provisions hereof shall be deemed applicable to the Health Pooling Fund and Health Department Compensation Plans when the same are applicable to Health Department Employees.

In order to limit the obligation of the City for each new and separate injury, the City may require the employee to furnish medical proof or submit to a medical examination by the City at its expense to determine where a subsequent injury is a new and separate injury or an aggravation of a former injury received while in the service of the City.
**1.12.091 On-the-job injuries – Belt Line employees.**

Any Belt Line employee injured on the job shall elect (1) whether to be reimbursed for medical expense and time loss by the City under this chapter, on a full release basis, or (2) through the provisions of the Federal Railroad Retirement Act, or (3) the Railroad Employers Liability Act. The City, in the event the employee elects to proceed under alternate (2) on demand and proper invoice shall reimburse the Railroad Retirement account for such costs so expended from said account on the employee's behalf. In the event the employee elects to proceed under alternate (3), the City shall be credited with an offset for any such costs expended on behalf of the employee. Any sick leave used under alternates (1) and (2) shall be reinstated to the extent of that credited and accumulated prior to such injury but not to exceed 90 days in total.

(Ord. 18994 § 1; passed Dec. 23, 1969)

**1.12.095 Health Care and Disability Benefits.**

A. Health Care and Disability Coverage.

1. The City shall pay all or such portion of the premiums or expenses for, medical, hospital, vision, long-term disability, and dental coverage for eligible permanent, project, appointive, and temporary pending exam employees and their dependents, as defined by the applicable employee benefit plan or agreement, beginning on the first day of the calendar month following the date of hire, unless the date of hire is also the first working day of the calendar month, in which case benefits would be effective on the date of hire. For temporary employees, the City shall pay all or such portion of the premium or expenses for medical and dental benefits beginning on the first day of the calendar month following 60 days of continuous employment from the date of hire, except for temporary hiring-hall workers for whom benefits are administered through their unions. Employee contributions toward the cost of insurance premiums or benefit expenses shall be by payroll deduction, except where expressly exempted by applicable bargaining agreement or operation of law.

a. If a permanent, project, appointive, or temporary pending exam employee fails to timely enroll in, or properly opt out of, medical coverage within the required enrollment period, the employee will be enrolled in the City’s default medical plan. If a temporary employee fails to timely enroll in, or waive, medical coverage, the employee will be determined to have waived coverage.

b. Subject to applicable procedures and legal restrictions, full-time and part-time employees may qualify to opt out of City-provided medical, dental, and/or vision insurance.

c. No City employee or eligible dependent may be insured under more than one City medical, dental, or vision insurance plan.

2. Employees hired into a part-time status after January 1, 1983, shall have the option of electing to enroll in either the medical benefits plan, the dental benefits plan, the vision benefits plan, or all three, with the cost of the coverage elected being prorated on the hours the employee is hired to work (such as three-quarter time, half-time, and so forth). Employees electing coverage under this paragraph shall contribute the cost of elected coverage by payroll deduction. Beginning January 1, 2020, eligible employees hired into a part-time status and working thirty (30) hours per week or more, will make contributions for medical, dental, and vision coverage equal to those of full-time employees.

B. Tacoma Rail – Gap Medical Coverage. The City shall pay for a policy of health insurance, or medical and/or hospital insurance coverage from a health care contractor or insurer furnishing such service to the City for a Tacoma Rail Division employee who retires on or after January 1, 2004, and who, at the time of retirement (a) was employed in the unrepresented, appointive classification of Rail Superintendent, Assistant Rail Superintendent, or Railway Roadmaster, (b) is a member of the Federal Railroad Retirement System, and (c) who, because of lack of age only, cannot qualify for Social Security and Medicare benefits. The coverage to be provided such eligible retiree shall be substantially similar to that provided for active employees. Payments for such coverage may be made only from the time of retirement to the time when the eligible retired employee qualifies or would have qualified for Medicare benefits. In no event shall the granting of this privilege give or grant any such costs expended on behalf of the employee. Any sick leave used under alternates (1) and (2) shall be reinstated to the extent of that credited and accumulated prior to such injury but not to exceed 90 days in total.

(Ord. 2827 § 1; passed Nov. 19, 2019: Ord. 28475 § 1; passed Dec. 19, 2017: Ord. 28400 § 1; passed Nov. 29, 2016: Ord. 28273 Ex. A; passed Dec. 16, 2014: Ord. 27495 § 2; passed Jun. 20, 2006)

**1.12.096 Life Insurance.**

The City shall pay 50 percent or more, as budgeted therefor, of the cost of premiums for employee group life insurance covering each eligible permanent, project, appointive, and temporary pending exam employee, officer, and official of the City electing to participate. The minimum group life insurance coverage shall be $5,000; provided, that employees hired into a part-time status after January 1, 1983, electing to participate shall receive group life insurance prorated on the hours hired to...
work (such as three-quarter time, half-time, and so forth). Payments for premiums not paid by the City shall be by payroll deduction.

Whenever, as of January 1 and July 1, the insured’s annual basic salary exceeds the amount of insurance in force, the insurance coverage for said insured shall be raised to the next highest thousand.

Authority is also extended for an optional supplemental group life insurance plan, the premiums for which shall be the sole responsibility of the participating employee.

(Ord. 27557 § 1; passed Dec. 5, 2006: Ord. 27495 § 3; passed Jun. 20, 2006)

1.12.100 Travel, transportation and related expenditures.

The prescribed rates of pay do not include:

A. Travel, transportation, meals, lodging, or other related allowances for authorized trips on official business of the City.

B. Payments made to or on behalf of officers, employees and volunteers for the approved use of personally owned or rented automotive or other transportation equipment and expenses incurred in connection therewith when on official business of the City.

C. Any expenses or expenditures made by the City for any accident insurance or health and welfare benefits for such employees.

The foregoing expenditures as set forth in A, B, and C above, shall be paid directly or by reimbursement in the manner and at such rates or amounts as are now or hereafter prescribed by ordinance, resolution or otherwise in such amounts as may be determined and allowed by the City Manager or the Director of Utilities, as applicable.

Where, with the approval in writing of the department, board or office concerned, an employee or volunteer of the City furnishes his/her own automobile and pays all costs of operation thereof, in connection with the performance of his/her duties for the City, he/she shall be paid the Internal Revenue Service approved amount per mile for such approved usage. Such payments shall be made monthly and shall be checked against odometer readings. The amount allowed shall not exceed the mileage devoted to business of the City. Cars used on special or occasional trips shall be paid for upon the same basis, and claims therefor shall state the mileage traveled and the places between which the trip was taken; provided, that mileage allowed on any one trip outside a radius of 400 miles from the City of Tacoma shall not exceed the amount of a round trip first class railroad or air-coach fare, whichever is lower, to and from the point of destination; and provided further that no such payment for mileage shall be less than the amount allowable in this section for trips of 400-mile radius. In all cases where any official, employee or volunteer travels by private automobile and claims the amount of allowable railroad or air-coach fare in lieu of automobile expense, the claimant shall be required to certify that the car used in making the trip involved was the personal car of the claimant.

Notwithstanding the provisions above set forth, an employee, with the approval of the Director of Utilities or the City Manager, as the case may be, shall be entitled to be paid at the mileage rate above provided for the actual miles traveled on City business with his/her personal car to places not reasonably accessible by public transportation.

1.12.105 Professional Memberships, Dues, Licenses.

The City Manager, Director of Utilities, or his or her designees may approve implementation of such pay and benefit practices within budget limits for payment or reimbursement of an unrepresented employee’s actual and necessary expense for memberships, licenses and certificates required for the employee to fulfill an essential job requirement.

(Ord. 27444 § 1; passed Dec. 6, 2005)

1.12.110 Other official expenditures.

In addition to the prescribed rates of pay and other allowances provided for in this chapter, officers, employees, and volunteers of the City shall be entitled to the payment of or reimbursement for the following classes of official expenditures:

A. Transportation, lodging, meals, and other related expenditures which may lawfully be incurred by officers, employees, and volunteers of the City when approved by the City Manager or the Director of Utilities, as applicable, within or without the City:
1. For purposes which generally promote, develop, or publicize the City's best interests, including sales promotional and institutional activities of its municipal utilities;

2. For incurred expenditures associated with attendance at sessions of the Washington State Legislature or in connection with appearing before or conferring with any individual, group, or committee of state legislators or other persons at Olympia or elsewhere for the purpose of presenting data, exchanging information, and otherwise consulting on matters of mutual concern in the development of intergovernmental understanding and cooperation, for the proper evaluation of legislative programs affecting the municipalities, and for such other purposes as may promote or tend to promote the best interests and general welfare of the City;

3. For coffee, nonalcoholic beverages, and refreshments of de minimis value at City meetings attended by City officials, employees, and/or the public, at which City business matters are the primary matters of discussion, consistent with the written policies adopted by the City Manager or Director of Utilities, as applicable.

B. The cost of meals lawfully incurred on behalf of or by City personnel within the City or at other normal areas of employment while they are conferring, consulting, or otherwise meeting with non-City specialists, technicians, executives, or others for purposes generally associated with the routine official duties of such personnel where not otherwise covered by other provisions of this chapter.

C. The City shall pay the cost of premiums or fees for:

1. Trip Travel Life insurance covering each employee, officer, and official of the City for an amount not to exceed $100,000 each, payable to the beneficiary named by the insured, while traveling on City business authorized by competent authority. All benefits are subject to the terms and conditions of the applicable policy.

2. Policies of insurance or self-insurance retention insuring the Police Chief and all duly commissioned police officers of the City of Tacoma against false arrest.

3. Policies of insurance or self-insurance retention insuring City employees while driving City vehicles operated in any municipal capacity against liability for bodily injury and property damage resulting from said operation.

4. Policies of insurance or self-insurance retention insuring Fireboat Pilots and relief pilots while operating the City’s fireboat against liability for bodily injury and property damage resulting from said operation.

5. The cost of such additional driver’s license endorsement and examination fees as may be required for City employee drivers of certain types of heavier motor vehicle equipment, as may be specified by the Director, Washington State Department of Motor Vehicles, pursuant to Chapter 20, Laws of 1967, Extraordinary Session.

6. Policies of insurance or self-insurance retention insuring the City against claims arising out of the ownership, maintenance, or use of City-owned facilities and property and including coverage for City employees for claims arising out of their employment by the City.

D. Whenever the qualified appointing authority of the City of Tacoma may determine that in order to secure the services of any person not residing within the Tacoma area as an employee of the City of Tacoma, it is necessary to pay the cost of moving the household goods and personal effects of such person from his or her place of residence to the City of Tacoma upon his or her appointment to City service, and/or to provide temporary lodging expenses not to exceed six months for such person until such person can move his or her place of residence to the City of Tacoma upon his or her appointment to City service, and/or to provide a temporary housing cost supplement to mitigate a significant increase in the cost of comparable housing for such person who moves his or her place of residence to the City of Tacoma upon his or her appointment to City service, such supplement not to exceed 80 percent of the increase in median housing cost and not to exceed three years, then payment of reasonable and necessary moving costs, lodging costs, or housing cost supplement may be made from appropriate available maintenance and operation funds in the City’s annual budget, upon the recommendation of the appointing authority and the approval of such an expenditure by the City Manager, Director of Utilities, or Public Utility Board. An annual report showing the recipients of all benefits granted under this provision shall be submitted to the City Council in the month of December of each year.

E. Whenever the Council finds that in selecting personnel to fill positions in the City of Tacoma requiring special experience and training to qualify for such positions it becomes necessary, in order to insure selection of the most qualified applicant, that applicants for such positions be personally interviewed, and that in certain cases the expense to the City of sending members of boards, commissions, and other officers of the City to various localities for the purpose of conducting such interviews exceeds the cost to the City government of providing that the interviews be had in the City of Tacoma at the City’s expense and that the payment by the City of the necessary travel and subsistence expenses for a limited number of applicants to be brought to the City will result in a saving or expense to the City in the outlay of travel and subsistence expenses or in the time which would be lost by reason of regular officers or employees of the City conducting the interviews elsewhere. The Council
Further finds that in such cases the payment by the City of the travel and subsistence expense of applicants requested to come to the City of Tacoma for interview is a proper municipal expense and for a proper municipal purpose.

In order to make a proper determination of the facts in cases where authority is requested to bring in applicants for any position in the City of Tacoma at the City’s expense, the City Manager as to the filling of all positions in the general City government, and the Director of Utilities as to the filling of all positions under the jurisdiction of the Department of Public Utilities, be and are hereby authorized to determine the facts, and upon approval by the City Manager or the Director of Utilities, as the case may be, based upon a determination that the payment by the City of the expenses of bringing a limited number of applicants to the City of Tacoma for interview is necessary to make possible the selection of the best available applicant for a position involving special skill and experience to properly discharge the duties thereof; and that the payment of the expense of bringing said applicants to the City is less than the expense and loss to the City in sending its officers, commissions, or boards to conduct said interview elsewhere; and that funds for the payment of such expenses are lawfully available, payment therefor shall be considered as approved by the City Council and shall be paid from the fund to which said expenses are properly chargeable.

F. In addition to the City paying the cost of premiums or fees for general liability insurance as otherwise set forth in this chapter, where the City has acquired insurance coverage on a self-insurance retention basis, in lieu of paying full coverage, premiums, or fees, for policies of general liability insurance insuring the City against claims arising out of the ownership, maintenance, or use of City-owned facilities and property, and including coverage for City employees for claims arising out of their employment by the City, the City may upon timely notice and in appropriate factual situations, subject to the approval of the City Attorney, pay the cost of such claims incurred, and for claims settlement service, as do not exceed the self-insurance coverage limits required in conjunction with the overriding provisions of such policies.

G. In order to encourage a greater number of City employees to use public transportation and, therefore, benefit the City by conserving fuel resources, roads, and parking spaces, the proper officials of the City are authorized to subsidize permanent, project, appointive, temporary pending exam, and temporary City employees’ and volunteers’ monthly public transportation tokens, passes, and authorized van pools, by paying per month up to the full price of said monthly public transportation or the IRS tax exempt benefit limit (whichever is less); provided, however, that this shall not apply to commissioned Police Department and Fire Department personnel. The proper City officials are authorized to provide passes or appropriately reimburse said City employees in order to implement this City employee public transportation subsidy program. Additionally, the proper officials of the City are authorized to provide cash and other in-kind incentives as part of an adopted Commute Trip Program.

H. Whenever the City Manager, the Director of Utilities, or the Public Utility Board determines that, in order to secure or retain key qualified personnel possessing specialized technical or professional skills for unrepresented positions, it is necessary to offer said individuals additional compensation, benefits, or both, then the City Manager, the Director of Utilities, and the Public Utility Board shall each have discretion to authorize the payment of up to an annual total of $100,000 in additional compensation, benefits, or both. Such compensation, benefits, or both under this provision of this paragraph shall be limited to a maximum of $15,000 per employee per year; provided, that payment can lawfully be made from funds appropriated in the current biennial budget of the employing department. In addition, the City Council and Public Utility Board shall each have discretion to authorize the payment of severance benefits associated with an employment agreement in the event of termination without cause, in order to secure or retain the City Manager and Director of Utilities positions up to an amount corresponding to one year of salary. If the Public Utility Board determines that payment of severance benefits should be authorized as part of an agreement to secure or retain the services of the Director of Utilities, then such agreement shall be initiated by the Public Utility Board, subject to approval by the City Council. All agreements authorizing severance benefits shall include, at a minimum, language that prohibits payment of such benefits when the event of termination is the result of gross negligence, intentional acts which are not in the best interests of the City or interfere with the employee’s ability to perform the duties of the position, acceptance of another position while still employed with the City, or conviction of a gross misdemeanor or felony offense. An annual report showing the recipients of all severance, compensation, and benefits granted under this provision shall be submitted to the City Council in the month of December of each year.

I. Whenever the City Manager or the Director of Utilities identifies positions for elimination as part of departmental reorganization, streamlining, elimination of duplication, layoff, or other such efforts, the City Manager or the Director of Utilities also shall each have discretion to authorize the payment of severance benefits or retirement incentives up to the limits of their delegated contracting authority; provided, that payment can lawfully be made from funds appropriated in the current biennial budget of the employing department. An annual report showing the recipients of all severance benefits and retirement incentives granted under this provision shall be submitted to the City Council in the month of December of each year.

J. The City Council may, as part of an employment agreement, authorize payment of a car allowance for the City Manager.

Any such contributions to the IRC Section 457 Plan will comply with all applicable provisions of IRC Section 457. In order to meet necessary scheduling of personnel, the Police Department and Fire Department may permit their members to take time off in lieu of holidays in advance of the occurrence of the holiday; provided, that upon termination of the member who has been paid in advance for a holiday or holidays, such payments shall be deducted from any wages, vacation leave, or sick leave accrual payments to which the member would otherwise be entitled; or, in the event that there are no such payments due, the member shall repay the City such unearned advance holiday payments. Upon separation from the City service in good standing, a regular, probationary, project, temporary pending exam, or appointive employee shall be compensated for any unused holidays or days off in lieu thereof to which he or she is entitled as set forth in this section.

D. Holidays Falling on Saturday and Sunday. When one of the holidays listed in this section falls on a Saturday, the day preceding will be observed as a holiday with pay and when one of the holidays listed in this section falls on Sunday, the next day following will be observed as a holiday with pay.

E. Overtime Rate for Holiday Work. Employees who normally are scheduled to work on any of the above listed holidays, who are eligible for compensation for overtime work, shall, in addition to their regular holiday pay, be compensated either in compensatory time off or in cash, as the case may be, at the straight time rate for the actual hours worked, except as otherwise provided in a collective bargaining agreement; provided, that work in excess of the normal hours of their shift shall be compensated at their designated overtime rate. Employees whose functions do not normally require holiday work, required to work on a holiday and who are eligible for compensation for overtime work, shall, in addition to their regular holiday pay, be compensated either in compensatory time off or in cash, as the case may be, according to their designated overtime rate for the actual hours worked.

Employees in the classifications of Railway Switch Operator, Railway Switching Supervisor, Locomotive Engineer, Railway Yardmaster, Railway Track Maintenance Worker, Railway Track Maintenance Supervisor and Railway Track Maintenance Inspector shall be entitled to holiday provisions as specified in this section.

A. Holidays – Railway Switch Operator, Railway Switching Supervisor, Locomotive Engineer, Railway Yardmaster, Railway Track Maintenance Worker, Railway Track Maintenance Supervisor and Railway Track Maintenance Inspector. Employees in the foregoing classifications shall be paid for the following holidays in accordance with the provisions of this section:

New Year’s Day (January 1st)
Washington's Birthday (3rd Monday in February)
Memorial Day (last Monday in May)
Fourth of July (July 4th)
Labor Day (1st Monday in September)
Veterans Day (November 11th)
Thanksgiving Day (4th Thursday in November)
The Day Immediately Following Thanksgiving Day
Christmas Eve Day (December 24th)
Christmas Day (December 25th)

Employees as specified above shall have two paid holidays per calendar year in addition to those above specified and for which time off shall be mandatory, these days to be mutually agreed upon by both employee and employer. To be eligible for these holidays, employees must have been or be scheduled to be continuously employed by the City for more than four months as a regular, probationary or appointive full-time employee during the calendar year of entitlement.

When any of the above-listed holidays falls on Saturday or Sunday, the day observed by Class I railroads in the area shall be considered the holiday. Employees entitled to holiday pay will be paid for such holiday whether or not it falls on an assigned rest day or vacation day of the individual involved.

B. All regularly assigned employees shall be entitled to holiday pay and paid for holidays at the rate of their regular classification except in those instances where they are working in higher or lower positions, either on temporary appointments or by assignment to Extra Board, in which case they shall be paid at the rate appropriate to the appointment in effect at the time of the holiday. If the employee's rate of pay is different on the last day of regular work prior to the holiday and the first day of regular work after the holiday, the lower rate of the two shall apply for holiday pay. If an employee works on the holiday, the class in which he or she is working will determine the rate of holiday pay. To qualify, unless it is determined by the Belt Line Superintendent that sufficient employees are otherwise available to perform service and no additional expense will accrue to the Division, a regularly assigned employee must be in a paid status on the regular workdays immediately preceding and following such holiday, and if his or her assignment works on a holiday the employee must fulfill such assignment. A regularly assigned employee who is displaced while on vacation or paid sick leave by reason of quarterly choice of position provisions or seniority provisions of the Railway Labor Agreements will be considered an extra employee until he or she returns or exercises seniority to a regular position.

C. An Extra Board employee, in order to qualify for the prescribed paid holiday, must:

1. Be in a paid status on the regular work days immediately preceding and following the holiday, or
2. Be available for service on the full calendar days immediately preceding and immediately following the holiday and perform service on such holiday.
3. If such employee cannot qualify under (1) or (2) above, then in order to qualify, he or she must be available for service on the full calendar days immediately preceding and immediately following the holiday or perform service on any one of such days and be available on the other day or days, and, additionally, must have been in paid status on 11 or more of the 30 calendar days immediately preceding the holiday.
The rate of pay for employees qualifying under Extra Board conditions shall be the pay for the class in which they have their Extra Board appointment. In cases where an employee may have rights to more than one Extra Board class, without being regularly assigned to any class, if the rate of pay for the Extra Board class is different on the last day of regular work prior to the holiday and the first day of regular work after the holiday, the lower rate of the two shall apply for holiday pay. If an employee works on the holiday, the class in which he or she is working will determine the rate of holiday pay.

D. Except when exercising seniority rights from one assignment to another, all time worked on the holidays listed in this paragraph shall be paid for as overtime on a minute basis at one and one-half times the hourly rate.

3. For each absence an employee may be required to submit upon the approved form an explanation of the reason for such absence. A statement by the attending physician attesting to the nature and seriousness of said injury or illness is required if an absence extends beyond four working days, or for each absence, if requested by the department head.

4. Employee must permit home visits or medical examinations at the expense and convenience of the City.

5. a. Upon approval by the department head a maximum of four days’ sick leave may be granted for the death of a spouse, father, mother, foster parent, brother, sister, child or foster child of employee.

b. For the purpose of attending the funeral, upon approval by the department head, a maximum of one day’s sick leave may be granted for the death of a grandparent, grandchild, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the employee or the death of father, mother, foster parent, brother-in-law, sister, sister-in-law, child, foster child, grandparent, or grandchild of the spouse of the employee.

6. An employee shall be paid for sick leave at the rate he or she was receiving the day before the sick leave was taken.

7. Employees shall accrue sick leave according to the provisions of this section; provided, that any employee who leaves the City service during the first six months of employment shall not be compensated for any accrued sick leave.

C. Enforcement of Sick Leave Provisions.

1. Misrepresentation of any material facts in connection with paid sick leave by any employee shall constitute grounds for suspension or discharge.

2. It shall be the responsibility of the department head or his or her designated representative to:

   a. Review all applications for sick leave and approve those which are bona fide and comply with the provisions of this section. Employees still absent at the end of a pay period may be certified for payment of sick leave by the department head by his or her signing the payroll timecards, subject to department head’s approval for sick leave pay immediately upon the employee’s return to work.

   b. Investigate any suspected abuse of sick leave.

   c. Withhold approval of sick leave pay in the event of unauthorized use.

   d. Initiate disciplinary action if, as a result of investigation, it is determined that an employee has been guilty of willful misrepresentation in a request for sick leave pay.

D. Payments for Nonuse of Sick Leave Accruals.

1. An employee separated from the City service due to death or retirement for disability or length of service with attendant pension payments under any City employee pension system, who does not qualify for a VEBA deposit under TMC Section 1.12.229, shall be compensated at the rate in effect at the time of retirement, for the classification in which he or she was working in on the date of separation to the extent of 25 percent of accrued sick leave hours.

2. A regular or appointive employee separated in good standing from the City service for any other reason who has a minimum of 10 days accrual shall be compensated at his or her regular classification rate of pay to the extent of 10 percent of accrued sick leave hours up to a maximum accrual of 960 hours. An employee separated from the City service due to layoff may, upon reemployment from the eligible list or departmental reemployment list upon which placed as provided in
Section 1.24.900, have his or her sick leave accrual restored upon repayment to the City of the 10 percent payment as herein provided. If appointed from other employment lists within the two-year period of eligibility, such repayment may also apply.

3. Sick leave accruals for each Police and Fire service employee shall be redetermined as of April 30, 1989. Such accruals shall be redetermined by charging all illness and injury claims, arising after March 1, 1970, other than claims for which leave under RCW 41.26 could have been used against sick leave credits in the same manner as charged against other employees of the City. These sick leave accruals are available to be drawn on for required sick leave pursuant to this chapter and are included under the incentive payment plan referred to in D.1, above.

4. Such Police and Fire service employees shall have their sick leave accruals and charges against sick leave determined in the manner set forth in this chapter, irrespective of any benefits to which the Police and Fire service employees are entitled by state and federal law, as of April 30, 1989.

E. Authorization – Police and Fire Disability Payments. Certification for payment for absences due to injury or illness covered by the State of Washington Police or Fire Pension Acts shall not be made by the Human Resources Director until authorization is received from the appropriate Pension Board.

1.12.240 Sick leave without pay.

After the exhaustion of available sick leave and upon application of an appointive, project, temporary pending exam, probationary, or permanent employee, a leave of absence without pay may be granted by an appointing authority for disability because of sickness or injury. Such leave need not be limited to one year, but the appointing authority or the Director of Personnel, from time to time, may require that the employee submit a certificate from the attending physician or from a designated physician. In event of a failure or refusal to supply such certificate or if the certificate does not clearly show sufficient disability to preclude the employee from the performance of his duties, the appointing authority, with the approval of the Director of Personnel, may cancel such sick leave and require the employee to report for duty on a specified date.

1.12.245 Leave Sharing.

Pursuant to subsection 1.12.230.A.2, Permissible Use of Paid Sick Leave, and subsection 1.12.248.B Permissible use of Personal Time Off accruals, the City Council finds that (1) City employees historically have joined together to help their fellow employees suffering from an extraordinary or severe illness, injury, impairment, or physical or mental condition which prevents the individual from working and causes great economic and emotional distress to the employee and his or her family; and (2) these circumstances may be exacerbated because the affected employees use all their accrued sick leave, vacation leave or Personal Time Off and are forced to take leave without pay or terminate their employment. Therefore, the City Council hereby provides for the establishment of a leave sharing program as follows:

A. The Human Resources Director may permit an employee to receive leave under this section if:

1. The employee suffers from an illness, injury, impairment, or physical or mental condition which is of an extraordinary or severe nature and which has caused, or is likely to cause, the employee to:
   a. Go on leave without pay status; or
   b. Terminate City employment;

2. The employee's absence and the use of shared leave are justified;

3. The employee has depleted or will shortly deplete his or her leave reserves;

4. The employee has abided by department rules regarding sick leave/Personal Time Off use; and

5. The employee has diligently pursued and been found to be ineligible for benefits under Chapter 1.12.

B. The Human Resources Director shall determine the amount of leave, if any, which an employee may receive under this section.
C. Donated leave shall be utilized in the order of receipt by the Human Resources Department (first in, first out). Such leave shall be donated in eight-hour increments.

D. An employee who has accrued sick leave or Personal Time Off balance of more than 80 hours may request that the Human Resources Director transfer a specified amount of leave to another employee authorized to receive leave under subsection A of this section.

In no event may the employee request a transfer of an amount of leave that would result in his or her sick leave or Personal Time Off account going below 80 hours.

E. Transfers of leave made by the Human Resources Director under subsection D of this section shall not exceed the approved amount.

F. While an employee is on leave transferred under this section, he or she shall continue to be classified as a City employee and shall receive the same treatment in respect to salary, wages, and employee benefits as the employee would normally receive if using accrued leave. All such current accruals shall also be depleted prior to any continuing use of donated hours.

G. Leave transferred under this section shall not be used in any calculation to determine a department's allocation of full time equivalent staff positions.

H. The amount of any leave time transferred under this section which remains unused shall be returned at its original amount to the employee or employees who transferred the leave when the Human Resources Director finds that the leave is no longer needed or will not be needed at a future time in connection with the illness or injury for which the leave was transferred.

I. Employees donating leave hours will not receive payment for these hours at time of resignation or retirement.

(Ord. 26379 § 4; passed Mar. 16, 1999; Ord. 24519 § 1; passed Jan. 2, 1990)

1.12.246 Leave–Based Contribution Program.

The City encourages contributions to the United Way of Pierce County (“United Way”) and wishes to make it easier for its employees to make such contributions by allowing employees to convert accrued and unused vacation and/or personal time off accruals to a donation to the United Way.

A. Employees who earn vacation or personal time off under TMC 1.12.220 and 1.12.248, and are otherwise eligible, may voluntarily authorize a contribution of an amount equivalent to no less than 2 hour and no more than 16 hours of accumulated and unused leave in one hour increments; the cash value of such contribution will be forwarded by the City to the United Way during the pay period(s) selected by the employee on an authorization form approved by the Human Resources Director and the Finance Director.

1. The amount of eligible leave donated by any eligible and participating employee shall be converted to cash at the employee’s base rate of pay in effect for the employee’s regular classification at the time of contribution. Leave donated under this section is taxable to the employee as supplemental compensation.

2. Participating employees’ accumulated and unused leave balances shall be reduced by the number of hours designated and authorized for contribution, not to exceed a total of 16 hours.

3. The City will not make contributions that would result in the employee’s leave balance going below 80 hours. Partial contributions will not be made.

4. Employees donating leave under this section will not receive payment for these hours at time of separation or retirement.

(Ord. 28167 Ex. A; passed Sept. 9, 2013: Ord. 27426 § 1; passed Nov. 8, 2005)

1.12.248 Personal Time Off plan.

A. Rate of accrual of Personal Time Off.

1. Effective at the beginning of the first pay period starting in June 1998, each unrepresented regular, probationary, project, temporary pending exam, or appointive full-time employee hired after June 1, 1998, represented employees as provided for in a collective bargaining agreement, and unrepresented employees who elect to transfer from their present vacation and sick leave plans to the Personal Time Off (“PTO”) plan during a designated enrollment period shall accrue PTO hours for each biweekly pay period in which he or she has been in paid status, pursuant to the following schedule based on aggregate City service. The PTO plan is in lieu of vacation and sick leave plans.
2. Employees shall accrue PTO prorated on the number of hours in paid status in each pay period. The appropriate biweekly accrual shall be credited for each biweekly pay period in which the employee is in paid status. PTO accruals based on tenure shall be credited at the first of the calendar year in which any of the above periods of aggregate service will be completed. The applicable accrual rate shall be determined as of January 1 of each calendar year and shall be based on the rate applicable to the number of years of aggregate service the employee will complete within that calendar year. For example, on January 1, an employee who will complete four years of aggregate service with the City within that calendar year will begin to accrue Personal Time Off at a rate of 6.46 hours per pay period.

3. No employee shall earn more PTO in any one calendar year than the above stipulated days and new employees shall accrue PTO based on the above schedule beginning from the date of his or her appointment; provided, however, that an incoming City Manager may be credited with such PTO as the City Council may direct.

4. PTO earned shall be credited to an employee’s accruals after the completion of each biweekly pay period and may not be used in the pay period earned.

B. Permissible use of PTO accruals.

1. Use of PTO. PTO may be taken in tenths (0.10) of an hour increments.

2. Planned Use of PTO. PTO requests may be required in writing and the appointing authority, or his or her designee, shall consider the request and shall approve or deny it.

3. Unplanned Use of PTO.

a. PTO may be used without prior approval for employee or family emergencies, including when the employee’s assigned City work location has been closed by order of a public official for any health related reason, or when an employee’s child’s school or place of care has been closed by order of a public health official. If an advance written request is not possible, the employee shall notify his or her supervisor of the need for and the request of the time off prior to the beginning of his or her shift. An employee must keep his or her department head informed of his or her condition if unplanned use of PTO is of more than four working days in duration. Unplanned use of PTO, which does not qualify for mandatory paid sick leave and which interferes with job performance or City operations may subject the employee to corrective action.

b. Unplanned PTO may be used for on-the-job injuries during the first three days if not eligible for Workers’ Compensation and after the 120-day supplementary on-the-job injury benefits provided in Section 1.12.090 of the Tacoma Municipal Code.

20 The Per Pay Period figure is based on a biweekly payroll schedule.
21 See 1.12.075 for the definition of “aggregate service.”
4. An employee is allowed to use any or all of the employee’s choice of paid sick leave or PTO to allow the employee to provide care for a family member with a mental or physical illness, injury, or health condition; or to care for a family member who needs preventive medical care. For purposes of this section, “family member” means any of the following:

(1) A child, including a biological, adopted, or foster child, a stepchild, or a child to whom the employee stands in loco parentis, is a legal guardian, or is a de facto parent, regardless of age or dependency status.

(2) A biological, adoptive, de facto, or foster parent, stepparent, or legal guardian of an employee or the employee’s spouse or registered domestic partner, or a person who stood in loco parentis to an employee when the employee was a minor child.

(3) A spouse.

(4) A registered domestic partner.

(5) A grandparent.

(6) A grandchild.

(7) A sibling.

5. Permissible Cash-out of Accrued PTO.

a. An employee must have been enrolled in the Personal Time Off (PTO) plan for the entire calendar year (January 1 to December 31) prior to requesting a cash-out payment of PTO pursuant to this section.

b. An employee who uses no more than the equivalent of two work days (regardless of length of scheduled shift) of unplanned PTO in any one calendar year (January 1 to December 31), but who has used less than 80 hours of planned PTO during the same calendar year, may, in January of the following year, submit in writing, on the form provided by and available in the Human Resources Department, a request for a payment equal to 90 percent of the cash value of up to 40 hours of accrued PTO.

c. An employee who uses no more than the equivalent of two work days (regardless of length of scheduled shift) of unplanned PTO in any one calendar year (January 1 to December 31) and who uses at least 80 hours of planned PTO during the same calendar year may, in January of the following year, submit in writing, on the form provided by and available in the Human Resources Department, a request for a payment equal to 90 percent of the cash value of up to 80 hours of accrued PTO.

d. For any request submitted pursuant to subsections b or c above, the cash value of the PTO shall be based on the rate for the classification in which the employee is working at the time the request is made. The 10 percent balance of the cash value not so paid under subsection b or c set forth above shall be paid into the Employee Benefit Trust Fund.

6. An employee shall be paid for PTO leave at the rate of pay he or she was receiving the day before the PTO leave is taken.

C. Maximum accrual of PTO.

1. Each employee may accrue a maximum of 960 hours of PTO.

2. If the appointing authority, or his or her designee, denies an employee’s request for PTO and the denial would result in the employee's accrual exceeding the maximum allowed, the employee shall not lose the accrual at that time. The employee shall have up to 90 days to use the excess accrual.

D. Compensation upon separation from City service.

1. An employee separated from the City service due to death or retirement based on disability or length of service with attendant pension payments under any City employee pension system, who does not qualify for a VEBA deposit under TMC Section 1.12.229, shall be compensated the full amount of the PTO accruals up to the maximum of 960 hours at the rate for the classification in which he or she was working in on the date of separation.

2. Upon separation from City service for any reason other than death or retirement based on disability or length of service, the City shall pay an employee the full amount of the PTO accruals up to the maximum of 960 hours at the rate for the classification in which he or she was working in on the date of separation.

Employees converting to the PTO plan who currently have vacation accruals will have those accruals converted to PTO on an hour for hour basis (1:1).

E. Conversion of sick leave accruals. Employees converting to the PTO plan who currently have sick leave accruals must specify one of the following options: (1) placing accruals in a sick leave bank; (2) converting accruals to PTO; or (3) a combination thereof, as set forth below.

Tacoma Municipal Code

a. Accrued sick leave as of the last pay period, after a designated enrollment period, may be placed into a sick leave bank.

b. Use of Sick Leave Bank. An employee may choose to use sick leave from this bank for any reason specified in Sections 1.12.230 and 1.12.232 of the Tacoma Municipal Code, after an absence of more than three consecutive days.

c. Depletion of Sick Leave Bank. Employees do not accrue any additional sick leave after the conversion to the PTO plan. Once the sick leave is used from the sick leave bank, the leave used shall not be replenished.

d. Cash Out of Sick Leave Bank.

(i) Separation from City service due to death or retirement for disability or retirement based on length of service shall be compensated to the extent of 25 percent of an employee's sick leave accrual in his or her sick leave bank at the rate for the classification in which he or she was working in at the date of separation subject to the provisions of Section 1.12.229 of the Tacoma Municipal Code (VEBA).

(ii) Separation in good standing from City Service for any other reason shall be compensated to the extent of 10 percent of an employee's sick leave accruals up to a maximum of 120 days at the rate for the classification in which he or she was working in at the date of separation.

2. Conversion of Sick Leave to PTO. An employee who converts to PTO during a designated enrollment period may elect to convert sick leave accruals as of the last pay period after a designated enrollment period to PTO using a ratio of 24 hours of sick leave to 8 hours of PTO (3:1) up to a combined (current vacation accruals and converted sick leave) maximum of 720 hours of PTO.

3. Combination. An employee may elect to convert some, but not all, of his or her sick leave to PTO. Any sick leave not specifically converted during a designated enrollment period will be placed in a sick leave bank as set forth above.

1.12.250 Leave with pay.

A. Military leave with pay. Every officer and employee of the City who is a member of the Washington National Guard or of the Army, Navy, Air Force, Coast Guard, or Marine Corps Reserve of the United States, or of any organized reserve or armed forces of the United States, shall be entitled to and shall be granted military leave of absence from such employment for a period not exceeding 21 days (regardless of length of scheduled shift) during each year beginning October 1 and ending the following September 30. To determine the appropriate number of military leave days to be charged for officers and employees who work shifts that begin on one calendar day and end on another, RCW 38.04.060 applies. Such leave shall be granted in order that the person may take part in active duty or active training duty in such manner and at such time as he or she may be ordered to active duty or active training duty. Such military leave of absence shall be in addition to any vacation or sick leave to which the officer or employee might otherwise be entitled, and shall not involve any loss of efficiency rating, privileges, or pay except as provided herein. During the period of military leave, with the exception of emergency and temporary employees, the officer or employee shall receive from the City his or her normal pay.

Where the number of days of active duty or active training duty exceeds 21 work days, the period granted as leave with pay will in each case be the first 21 work days of such active duty or active training duty period. The additional time needed for completion of active duty or active training duty and for travel time must be accounted for as vacation time, compensatory time off or leave without pay.

Upon receipt of his or her written orders for active duty or active training duty, the employee must immediately submit a copy of such orders to his or her department head. A copy of said orders will then be forwarded to the Human Resources Department. The employee, upon his or her return to City employment, must submit to his or her department head a certified true copy of his or her military orders showing the date he or she reported for, and the date of his or her release from active duty or active training duty. The employee's normal regular salary as provided herein shall continue during the approved period of absence subject to receipt of this certified true copy upon his or her return.

B. Jury Duty. A regularly employed full time employee of the City shall be granted leave of absence at his or her normal regular pay if called for jury duty. Any compensation derived from such jury duty shall be deducted from the gross pay due the employee for that period; provided however, in the event the daily payment for jury duty exceeds the amount of compensation an employee would have received from the City during his or her required absence on said day, there shall be
no such deduction for compensation from jury duty and the employee shall be compensated at his or her normal hourly rate of pay for the time worked on said day.

C. Administrative Leave.

1. In extraordinary circumstances, where the appointing authority finds that an employee's continued presence at the work site could have detrimental consequences or cause public harm, such employee may, at the direction of the appointing authority and with the approval of the Human Resources Director, be placed on administrative leave with his or her normal regular pay. The appointing authority shall notify the employee of the reason(s) for the administrative leave and any related restriction(s) while on leave. Additionally, the appointing authority shall follow up with a written notification to the employee within the next two business days and forward the same to the Human Resources Director.

2. At the discretion of a department head, the City Manager, Director of Utilities, or Public Utility Board, an employee in overtime Category D or E (overtime exempt) may be granted administrative leave in full day increments at his or her normal regular pay. An annual report showing the administrative leave granted by the City Manager, Director of Utilities, and Public Utility Board shall be submitted to the City Council no later than December 31 of each year.

D. In reference to subsections A and B above, an employee shall be paid at the rate for the classification in which he or she was working on the day before the leave.

E. Active Duty Differential Payment. Every eligible permanent, appointive, temporary pending exam, and project officer and employee of the City who is now or may hereafter become a member of the Washington National Guard or of the Army, Navy, Air Force, Coast Guard, Marine Corps Reserves of the United States, or of any organized reserves or armed forces of the United States who receives, or as of the effective date of this subsection has received, written orders for active duty for a period exceeding 15 days in any calendar year, shall be eligible to receive a payment equal to that portion of his or her City pay for the classification held at the time such military service commenced that, in combination with such compensation he or she receives for such military service on and after January 1, 2004, will equal his or her regular duty City pay until such time as the employee returns from active military service.

To receive the active duty differential payment authorized by this subsection, the employee must immediately submit to his or her department head a copy of such orders and a certificate as to, whether subject to income tax or not, that the employee will receive from the military prior to actual deployment in a manner and form as may be prescribed by the Director of Human Resources, and monthly thereafter. A copy of said orders and certification as to compensation will then be forwarded to the Human Resources Department. If an employee is unable to submit a copy of his or her orders for military or national security purposes, evidence of all active military service compensation must be submitted as provided herein.

In addition, medical, dental, and vision coverage provided for an eligible permanent, appointive, temporary pending exam, or project officer and employee and his or her dependents shall continue, subject to the same terms and conditions applicable to such coverage, for up to fifteen months following the date the eligible employee is placed on an approved military leave of absence from his or her City position when the employee is a member of the Washington National Guard or of the Army, Navy, Air Force, Coast Guard, or Marine Corps Reserve of the United States, or of any organized reserve or armed forces of the United States, and is ordered to active duty by the United States government.

The military differential payment authorized by this subsection shall not grant any right, benefit or interest in employment or reemployment save that granted to employees under Chapter 43 of Title 38 of the United States Code, and subsection A of this section, nor shall it be considered compensation to which any employer or employee pension or deferred compensation rights or obligations shall attach.

F. 2012 Temporary Pay Reduction Leave. For 2012 only, nonrepresented General Government employees subject to the 2012 pay reduction will be provided a paid leave bank of 12 days (96 hours) for use in 2012 only. This leave bank cannot be carried over at the end of the year and may not be donated or cashed out at any time.

1.12.260 Military leave without pay.

An eligible permanent, appointive, probationary, or project employee who is a member of the Washington National Guard or of the Army, Navy, Air Force, Coast Guard, or Marine Corps Reserve of the United States, or of any organized reserve or armed forces of the United States, who is ordered to active duty by the United States government thus requiring a leave of
absence from his or her City position and who has exhausted annual military leave as provided by the Tacoma Municipal Code or a collective bargaining agreement, will be granted an unpaid military leave of absence from his or her City position. The cumulative length of the employee’s military leave(s) of absence may not exceed five (5) years, or such alternate maximum period as provided by law.

(Ord. 26874 § 3; passed Nov. 13, 2001)

1.12.265 Leave Without Pay.

A. The appointing authority, with the approval of the Human Resources Director, may mandate or allow the use of leave without pay by nonrepresented employees, in order to address a budget crisis. An employee who takes such leave without pay on a work day immediately preceding or immediately following one of the holidays with pay set forth in Section 1.12.200 A., will remain entitled to holiday pay, notwithstanding Sections 1.12.200 B., 1.12.140 B., and 1.12.210 B. and C. Further, such leave without pay will not affect an employee’s sick leave accrual rate, notwithstanding Sections 1.12.230 A.1, 1.12.140 B., and 1.12.232 A.1.

B. In accordance with City policy and RCW 1.16.050, as now stated and as hereafter amended, employees are entitled to two (2) unpaid holidays per calendar year for a reason of faith or conscience or an organized activity conducted under the auspices of a religious denomination, church or religious organization. Employees may select the days on which they would like to take the unpaid holiday(s), after consultation with his or her supervisor as provided by City policy. An unpaid holiday requested pursuant to City policy may be denied if the employee’s absence would unduly disrupt operations, impose an undue hardship on the City, or the employee is necessary to maintain public safety. The two unpaid holidays do not carry over from one calendar year to the next.

(Ord. 28263 Ex. A; passed Dec. 9, 2014; Ord. 28041 § 1; passed Dec. 6, 2011)

1.12.270 Cancellation of leaves of absence.

All leaves of absence shall be subject to the condition that the appointing authority may cancel the leave at any time upon prior written notice to the employee and the Director of Personnel specifying a reasonable date of termination of the leave. The Director of Personnel, upon prior notice to the employee and the appointing authority, may cancel an approved leave of absence at any time he finds that the employee is using the leave for purposes other than those specified at the time of approval.

(Ord. 15751 § 4.8; passed Dec. 17, 1956)

1.12.280 Inclement Weather or conditions.

A. In the event of difficult commuting conditions caused by flooding, snow, ice, windstorm, or other severe weather condition which may create unsafe or hazardous commuting conditions, the City Manager, for general government departments, and Director of Utilities, for the divisions of the Department of Public Utilities, or designees, may issue a formal notice declaring an inclement weather condition to exist. Upon that declaration, an absence due to an employee’s inability to report for scheduled work because of severe inclement weather or conditions shall be charged to the following leave categories:

1. Any accrued compensatory time;
2. Any accrued personal time off;
3. Any accrued vacation leave;
4. Accrued sick leave up to a maximum of three days in any calendar year;
5. Leave without pay.

B. The City Manager and Director of Utilities, or designees, may jointly, but not separately, authorize up to two hours of paid time for tardiness and/or early departure when inclement weather conditions warrant. Inclement weather tardiness or early departure in excess of the time authorized by the City Manager and Director of Utilities, or designees, shall be charged as provided in Subsection A, above.

(Ord. 28575 Ex. A; passed Mar. 5, 2019)

(Ord. 16383; passed Jun. 29, 1959)

1.24.020 Purpose of Rules.
These Rules set forth the principles and procedures that are to be followed by the City administration in its personnel program, to the end that the City of Tacoma and its employees may have reasonable assurance that personnel problems will be dealt with on a uniform, equitable basis under a single personnel administrator and that the citizens of Tacoma may derive the benefits and advantages which can be expected to result from a competent staff of City employees.

These Rules have been prepared under the premise that it is the intent of the Charter that there should be a centralized, integrated program for personnel administration in all departments and divisions of the City, such program to be administered by the Human Resources Director.

Should any problem arise in the implementation and administration of the personnel program outlined by these Rules which the Human Resources Director is unable to resolve to the satisfaction of the City Manager and the Director of Utilities, such problem shall be resolved by the City Manager and the Director of Utilities, if possible. Whenever the City Manager and the Director of Utilities are unable to reach an accord concerning any matter involving the administration of these Rules, the matter shall be referred to the Civil Service Board, whose findings and determination shall be conclusive.

These Rules shall apply to all positions and offices in the City Service unless otherwise provided by law except:

1.24.055 Severability.
If any section or part of a section of these Rules is held by any court to be invalid or unconstitutional, the same shall not invalidate or impair the validity, force and effect of any other section or part of a section of these Rules unless it clearly appears that such other section or part of a section is wholly or necessarily dependent for its operation upon the section or part of a section so held invalid or unconstitutional.

The waiver of competitive examinations shall be specific to a position or classification and shall be valid for no longer than one year unless extended by the Civil Service Board.

B. At the request of the Human Resources Director and upon the approval of the Civil Service Board the City may fill positions in the Classified City Service with persons who have completed an apprenticeship, training or certification program
for training or certifying persons to qualify for that position when such program is approved by the Federal Bureau of Apprenticeship and Training Council or its equivalent, Washington State Apprenticeship and Training Council or its equivalent, joint labor/management training committee, or training or certification program approved by the Human Resources Director.

C. At the request of the Human Resources Director and upon the approval of the Civil Service Board the City may suspend the Classified City Service selection process and waive probation for the purpose of implementing classification reallocation to a higher class pursuant to the findings of a Human Resources Department classification study.

1.24.575 Joint apprenticeship and training programs.

Employees hired as apprentices or trainees into an approved, Federal, State, or joint labor/management training program will be subject to the following:

A. Apprentices or qualified trainees will be hired from Civil Service eligible lists and their probation shall be for a one year period, notwithstanding provisions to the contrary in Section 1.24.780 of this chapter.

B. Continued enrollment, advancement, and employment is subject to maintaining progress standards set by a joint labor/management apprenticeship and training committee, in accordance with the Standards of Apprenticeship registered with the Federal Bureau of Apprenticeship and Training, Washington State Apprenticeship and Training Council, or joint labor/management training committee.

C. Notwithstanding any other provisions in this chapter to the contrary, an apprentice or qualified trainee who fails for any reason (e.g., medical, performance, aptitude) to successfully complete any of the required steps of the program (in a probationary or nonprobationary status), or does not receive a permanent appointment to the target journey-level classification after three certifications, will be separated as follows:

1. An employee who previously held permanent Civil Service status in a lower classification prior to beginning the apprenticeship or training program shall be returned during their probationary period to a position in that classification, unless separated under Section 1.24.940, Disciplinary Action.

2. If no lower Civil Service classification was held at the time of enrollment into an apprenticeship or training program, the employee will be separated from City service.

D. Notwithstanding any other provisions in this chapter to the contrary, an apprentice or trainee who successfully graduates from an approved apprenticeship or training program and is appointed to the respective journey-level class, shall serve probation for the journey-level class during the last six months of the approved apprenticeship or training program.

(Ord. 28283 Ex. A; passed Feb. 24, 2015: amended pursuant to Civil Service Board amendments; Dec. 19, 1997: Ord. 24419 § 1; passed Aug. 29, 1989)

1.24.580 Noncompetitive appointments for the severely disabled.

The Human Resources Director is authorized and empowered, subject to the approval of the Civil Service Board, to designate certain existing entry-level positions in the classified service as vacancies occur as noncompetitive training appointments for persons with severe disabilities. Each vacancy must be individually and separately designated. After such designation, the specific vacancy may be filled by persons duly certified as eligible for such appointment to said training positions for which the Civil Service Board has waived competitive examinations. Upon the certification of the position and the granting of said waiver, the Human Resources Director shall be authorized to recommend to the appointing authority the appointment of one or more designated applicants with a severe disability. Such recommendations shall be based on an evaluation of the applicant’s education, technical skills, aptitude, background, personality traits, necessary job accommodations, and such other factors as the Human Resources Director deems appropriate.

Persons hired under these provisions shall serve a minimum of one calendar year probationary period. Upon successful completion of the probationary period, the Human Resources Director shall be authorized and empowered subject to the approval of the Civil Service Board, to redesignate the trainee position as a regular classified position and to grant status in the classification and position to the incumbent who held the trainee position.

For the purposes of this section “persons with a severe disability” are defined as persons with physical, sensory or mental impairments which would impede the person in performing a major life function. The impairments must be material rather
than slight; static and permanent in that they are seldom fully corrected by medical replacement, therapy, medication, or surgical means.

1.24.585 Noncompetitive training positions.

The Human Resources Director is authorized and empowered, subject to the approval of the Civil Service Board, to designate, for limited periods of time, certain existing entry-level positions in the classified service as trainee positions, and to reclassify the same to a specific trainee class.

After reclassification of such positions, vacancies occurring thereafter may be filled by trainees duly certified as eligible for appointment to said trainee positions. In certifying said positions as eligible, the Civil Service Board may, for good cause shown, waive competitive examinations. Upon granting of said waiver, the Human Resources Director shall be authorized to recommend to the appointing authority the appointment of one or more designated trainee applicants. Such recommendations shall be based on an evaluation of the applicants’ education, technical skills, aptitude, background, personality traits, and such other factors as the Human Resources Director deems appropriate. All such appointees shall be considered probationary employees during their period of employment in the trainee position. Such probationary periods shall be for one year and may be extended by the Human Resources Director for the purpose of establishing an eligible list for a permanent appointment to the position. Such extensions shall not exceed a four month aggregate period of time.

1.24.590 Time interval.

Any person who competes in an examination for a particular class shall not be eligible to compete in another examination for the same class within six months of the establishment of the eligible list resulting from the first examination unless otherwise authorized by the Human Resources Director.

EMPLOYMENT LISTS

1.24.600 Posting of eligible lists.

The Human Resources Director shall establish and maintain such eligible lists for the various classifications and subclassifications of positions in the City Service as are necessary to meet the needs of the Service. Candidates receiving a passing grade on examinations shall be notified and take rank upon the proper eligible list in the order of their relative scores. On open lists, ties in score shall hold the same rank on the eligible list. Ties in grades shall be resolved in promotional examinations by length of continuous service. Whenever it becomes necessary to hold a subsequent examination for a classification where there is a continuous need for eligibles or when insufficient applicants are available to maintain an adequate eligible list, the Human Resources Director shall consolidate the lists as follows:

A. Open Lists. Such persons who attain a passing grade on the examination shall be inserted on the existing list in the order of their final score on the examination without respect to time of examinations. However, lateral-entry lists shall not be merged with other open lists.

B. Promotional Lists. Such persons as attain a passing grade on the examination will be placed in their final rank order at the bottom of the existing list.

C. Departmental Promotional Lists. Where the head of a department determines that the need of their department requires that eligibility for promotional examinations in the department be limited to persons regularly appointed in the department on the currently established lists, then such department head may make such limitation with the approval of the Civil Service Board. In such case, “Departmental Promotional List” shall mean an eligible list thus established. Persons attaining a passing grade in such examination shall be placed in their final rank order at the bottom of the existing list.

D. Reemployment Eligibles. Such persons shall be enrolled at the top of the list in order of seniority in the specific class.

1.24.610 Duration of eligibility.

The term of eligibility for enrollees on eligible lists shall be as follows:

A. Reemployment eligibles shall have a two-year period of eligibility.

B. Departmental promotional lists shall provide a maximum period of three years' eligibility.

C. Promotional lists shall provide a maximum period of three years' eligibility.

D. Eligibles on an open list shall have a one-year period of eligibility; provided, that the Human Resources Director may:
   1. extend eligibility when there are sufficient eligibles remaining on the list to meet the hiring needs of the City, and/or
   2. enroll new eligibles onto the list, and/or
   3. abolish a list when the duties of the position have changed substantially or in any circumstance where there are insufficient eligibles remaining on the list to meet the hiring needs of the City. The Human Resources Director shall notify the Civil Service Board when a list has been abolished.

In the case of promotional lists, if additional eligibles are enrolled as the result of a subsequent examination during the last year of prior enrollees' maximum period of eligibility, such eligibility is terminated.

Eligibility in force and effect at the time of the adoption of these Rules shall not be diminished in duration as a result thereof.

1.24.620 Removal from eligible list.

The Human Resources Director may at any time remove the name of an eligible from an eligible list for any one or more of the following causes:

A. A written request from the eligible that their name be removed.

B. Failure to respond to notice to appear for employment interview within the time limited in such notice unless said eligible is on the promotional list and shall have specifically waived their right to a promotional appointment.

C. Declination of permanent appointment; provided, however, that the number one eligible on any promotional list shall have the right to waive a promotional appointment and the waiver of such appointment shall not affect their status or standing on said list except as to the appointment, or appointments, specifically waived. In the event of waiver by the number one eligible, then the number two eligible on a promotional list shall be deemed, for the purposes of that appointment, the number one eligible on said list.

D. For attempted deception or fraud in connection with any application or test.

E. For willfully or corruptly making any false statement, certification, mark, grading, or report in regard to any test for appointment held or made under the provisions of these Rules and the Charter.

F. In any case where the Human Resources Director finds that an eligible is or has in any manner become disqualified for the position for which they are listed, in accordance with Section 1.24.430 of these Rules.

G. Failure to notify the Human Resources Director of changes in address.

H. Appointment to a permanent position through certification from an eligible list for this class or another class at the same or higher salary.

I. In the case of promotional lists, upon separation, other than layoff from the City service.

J. If not appointed from an eligible list after interviewing three times with the same or different appointing authorities.

K. Failure to pass the law enforcement officer or firefighter preemployment interview or background investigation, the purpose of which is to determine if the applicant has the background and ability to function as an effective law enforcement officer or firefighter.

L. Expiration of eligibility consistent with Section 1.24.610.

1.24.625 Waiver of certification.

If, in the judgment of the Human Resources Director, the best interests of the City would be served, the Human Resources Director may, at the request of an eligible, withhold or withdraw certification of such eligible for a specific vacancy or for a specific period of time. This waiver of certification shall not otherwise affect the individual’s eligibility for appointment.

1.24.630 Restoration of names to eligible lists.

Whenever a person’s name is removed from an eligible list for any of the causes mentioned in the preceding Section 1.24.620, written notification shall be provided at the last known address. Such person may, within five business days from date of notice of removal, make a written request to the Human Resources Director for restoration of the person’s name to such list for the duration of eligibility. The request shall set forth the reasons for the conduct resulting in removal of the name from the list, and shall specify the reasons for restoration of the name. The Human Resources Director, after full consideration of the request, may restore the name to the eligible list or refuse such request. The person shall be notified of the Human Resources Director’s action.

APPOINTMENTS

1.24.640 General provisions.

A. Vacancies in the Classified City Service shall be filled by reemployment, promotional appointment, original appointment, transfer, demotion, or reinstatement. Whenever an appointing authority wishes to fill a vacancy, a requisition for an employee shall be submitted to the Human Resources Director, or authorized representative, on the prescribed form. Insofar as practicable, each vacancy shall be anticipated sufficiently in advance to permit the Human Resources Director to determine who may be available for appointment or, if necessary, to establish a class or list of eligibles.

B. When vacancies are to be filled by appointments from eligible lists, the lists shall be used in the following order:

1. By appointment of reemployment eligibles.
2. By appointment of eligibles from the departmental promotional list. Departmental promotional lists shall be used in accordance with the date established.
3. By appointment of eligibles from the promotional list. Promotional lists shall be used in accordance with the date established.

1.24.650 Methods of filling vacancies.

Upon receipt of a request from the City Manager or Director of Utilities, or their authorized representative, for eligibles to consider to fill a vacant position, the Human Resources Director or authorized representative shall certify the proper number of names from the appropriate employment list or authorize some other kind of appointment as provided in these Rules. No appointment, except an emergency appointment, shall be made without such certification or prior authorization. Employment actions shall be made in the following priority:

Reemployment Eligibles: If the position to be filled is a permanent one, the Human Resources Director shall certify the one name highest of the reemployment eligibles.

Departmental Promotional List: If no reemployment eligibles exist, and in the absence of a request to fill the position by other authorized action, the Human Resources Director shall certify one name highest on the departmental promotional list.

Promotional List: If no reemployment eligibles exist, and in the absence of a request to fill the position by other authorized action, the Human Resources Director shall certify three names highest on the promotional list.

Open List: If no reemployment eligibles exist, and in the absence of a request to fill the position by other authorized action, the Human Resources Director shall certify to the department requesting certification, names from the appropriate open list of...
eligibles scoring in the top ten ranks. For each additional vacancy, the Human Resources Director shall certify names of eligibles in the next consecutive rank. (Section 1.24.640, subject to Section 1.24.66527)

1.24.655 Absence of eligible list.

When an eligible list does not exist for a classification, eligibles may be certified, upon recommendation of the Human Resources Director and approval by the Civil Service Board, from a layoff or open eligible list for a classification which requires comparable knowledge, skills, and abilities as are required for the vacant position. Acceptance or refusal by an eligible for a position in a classification other than the classification the list was originally established for shall not affect the eligible person’s right to be certified for the classification for which they were originally eligible.

1.24.660 Certification of eligibles.

On promotional lists, eligibles shall be certified in order of receipt of requisitions and in order of standing on the appropriate eligible list as provided in Sections 1.24.650 and 1.24.66528. Promotional eligibles certified in accordance with Section 1.24.66529 shall be available for consideration without regard to status as a City employee or prior affirmative action appointment(s).

On open lists, eligibles shall be certified in order of receipt of requisitions and in accordance with Sections 1.24.650 and 1.24.667. A hiring authority may request an updated certification no earlier than two weeks following the date of the original certification.

1.24.667 Interviews.

Certification for open positions under the provisions of Sections 1.24.650, 1.24.660, and 1.24.66530 for consideration by the City Manager or the Director of Utilities, or their authorized representative, for a vacancy does not entitle any certified eligible to an interview or to an appointment. The City Manager or Director of Utilities, or their authorized representative, has the discretion to determine the number of certified eligibles to be interviewed.

(Ord. 26886 § 14; passed Dec. 4, 2001: Ord. 25941 § 5; passed Aug. 27, 1996)

Such emergency appointments shall utilize eligibles from appropriate eligible lists whenever practicable.

1.24.710 Temporary appointment.

Temporary appointment may be made for a maximum period of six months with the approval of the Human Resources Director when services are required for a special job or project of limited duration or to fill a permanent position for which no eligible list exists. Temporary appointments may be extended by the appointing authority with the approval of the Human Resources Director to cover an additional six-month period. However, no position will be filled on a temporary basis or any individual employed on a temporary basis beyond 12 months aggregate time in any two-year period, unless approved by the Civil Service Board.

Unless a person or persons on an existing eligible list expresses an unwillingness to accept temporary employment for the class in which the appointment is desired, then appointment shall be made from the appropriate eligible list.

In the absence of eligible lists, temporary appointments of qualified persons may be made until such time as an eligible list is established. Within 45 calendar days from the establishment of an eligible list, the appointing authority shall terminate the services of any temporary employee hired and appointed pursuant to Personnel Rule 1.24.650.

Temporary appointments may also be made to fill vacancies resulting from permanent employees on authorized leave of absence. The duration of such temporary appointments shall be for the period of time such permanent employee is on such leave of absence.

1.24.720 Appointment of construction workers.

For a detached or independent piece of construction work established by resolution or ordinance and passed by the City Council or the Public Utility Board of the City of Tacoma, where extra workers are needed and the positions to be filled are not regularly and permanently existing or to exist in the City Service, construction laborers or craftworkers may be employed without the necessity of calling from existing eligible lists; provided, however, that regular or probationary employees who are on the reemployment list may be given preference in such employment. Such employees shall be regarded as limited term employees and shall be appointed in accordance with the provisions of Section 1.24.710 of these Rules.

1.24.725 Employment of immediate family.

1.24.735 Appointments to vacancies resulting from permanent or probationary employees on leave of absence without pay for one year.

A position vacant as a result of a permanent or probationary employee being granted leave of absence without pay for a period of one year may be considered as a permanent position, if requested by the appointing authority and approved by the Human Resources Director, and be filled in the manner provided for in these Rules.
1.24.740 Appointments to vacancies resulting from appointments of permanent employees to appointive positions in the City Service.

A position vacant as the result of a permanent employee being appointed to an appointive position in the City Service shall be considered as a permanent position and shall be filled in the manner provided for in these Rules.

1.24.750 Reinstatement.

A. At the request of the appointing authority and upon approval by the Human Resources Director, any person who has resigned from the City Service in good standing or has taken a voluntary demotion, and who had attained permanent status prior to separation or demotion may, within two years from the effective date of separation or demotion, be reinstated to a position in the same department and in the same class as the position held at the time of separation or demotion, provided there are no employees of the department who have been laid off and whose names appear on the reemployment list for the class.

B. An employee separated due to physical or mental incapacity may be reinstated to the former position if able to perform the duties as required, or to any classification for which the employee is qualified in the department in which the employee was formerly employed, subject to the approval of the appointing authority and the Human Resources Director. If unable to perform the above duties, such reinstatement then may be to any position in any department within City Service for which said employee would be qualified.

C. Such a reinstatement must be within two years of being certified as medically fit for employment and the employee shall serve a nine-month probation period. Reinstatement from separation does not restore continuous City Service except when reinstatement is from separation due to physical or mental incapacity.

1.24.755 Voluntary demotion.

A permanent employee may upon written request and approval by the appointing authorities concerned, and the Human Resources Director, be demoted and granted status to a position in a classification having a lower maximum rate of compensation, provided a vacancy exists and no reemployment list exists in that class. Seniority, if not otherwise established in the lower class, shall commence on the effective date of such demotion.

(Ord. 28283 Ex. A; passed Feb. 24, 2015: added pursuant to Charter § 6.14; Oct. 18, 1971)

1.24.760 Transfers.

A position may be filled by transferring an employee. Transfers must be approved by the affected appointing authorities and the Human Resources Director, after taking into consideration the affected employee’s preference, as far as is practicable. Requests for transfer must be submitted in writing to the Human Resources Director prior to the effective date of the transfer. Prior to certifying eligibles from the appropriate lists, the Human Resources Director shall advise the appointing authorities concerned of the names of those employees who have requested transfer.

(Ord. 28283 Ex. A; passed Feb. 24, 2015: Ord. 23422 § 2; passed Jun. 25, 1985)

1.24.770 Demotion for physical incapacity.

When an employee becomes physically incapacitated for the performance of the duties of the employee’s position, the employee may, upon request of the appointing authority or upon the employee’s own initiative and with the approval of the Human Resources Director, be given status and appointed to a position, the duties of which the employee is able to perform, in a class carrying a lower compensation, without regard to previous status in the lower class. Seniority, if not otherwise established in the lower class, shall commence on the effective date of the demotion.

1.24.780 Probationary period.
A. The probationary period shall be regarded as an integral part of the examination process and shall be utilized for closely observing the employee’s work, for securing the most effective adjustment of the new employee to their position, and for rejecting any employee whose performance or adjustment is not satisfactory.

B. All original appointments, except those made from reemployment eligibles, shall be probationary for a period of nine months after appointment. However,

1. Permanent and probationary employees transferred to another department shall serve a probationary period of six months.
2. Appointments of reemployment eligibles shall be probationary for six months if hired into a department other than the department from which the layoff was initiated.
3. Appointments made of reemployment eligibles shall be probationary for the period of probation remaining unserved at the time of layoff if hired into the department from which the layoff was initiated.
4. All appointments made to entering positions in the Police Department, the class of Fire Fighter, and all appointments made pursuant to the provisions of Section 1.24.585 of these Rules shall be probationary for a one-year period.
5. All other appointments shall be probationary for a period of six months.
6. Employees enrolled in an approved Washington State apprentice program as approved by the Washington State Apprenticeship and Training Council and State Department of Labor and Industries, who are granted status in accordance with Section 1.24.570, shall serve their probation for the journey-level class during the last six months of the apprentice program.
7. A Department Director may request that up to six months of the nine month probationary period be counted for a project employee appointed to a permanent classified position, provided there is no break in service. Such request is subject to the approval of the Human Resources Director and the Civil Service Board.

C. Upon the request of the Department concerned and approval of the Human Resources Director, periods of leaves of absence without pay or sick leave with pay shall be included in computing the probationary period.

D. The appointing authority shall make such periodic reports during the probationary period as the Human Resources Director requires and shall certify to the Human Resources Director on the prescribed form the name of each employee who satisfactorily completes the probationary period.

E. At any time during the probationary period, the appointing authority may remove or demote an employee whose performance or adjustment is not satisfactory; provided, that the appointing authority shall notify the employee and the Human Resources Director of the reasons for such action. The Human Resources Director, on the basis of this report, may reinstate the employee to the eligible list should such action appear to be in the best interests of the City. If an employee who is promoted to a higher class as a result of certification from an appropriate eligible list or who is transferred, voluntarily terminates the probation, or is found unsuited for work of the class during the probationary period, the employee shall be restored to a position in the department and class from which the employee was promoted or transferred. An employee promoted or transferred to a position may, at any time during the employee’s probationary period, voluntarily terminate the probation.

1.24.790 Acceptance of temporary appointment.
The acceptance by an eligible of an emergency or temporary appointment shall not affect their standing on the eligible list for permanent appointment. Such service shall not be counted as part of the probationary period unless such an appointment immediately precedes permanent appointment, in which case it may, at the discretion of the appointing authority, be counted towards the probationary period if such employment is in the same class in the same department and the employee is on an eligible list for such position.

1.24.800 Medical examination.
Appointees to permanent positions in the City Service shall be required to satisfactorily complete a medical examination either prior to actual employment or during the probationary period, as determined by the appointing authority, to determine physical
and mental fitness to perform work in the position to which they are appointed. Such medical examination shall be at the expense of the City; provided, that, in the event that there shall exist a contract under which the applicant or employee to be examined is entitled to such examination without the payment therefor of any fee, and any portion of the cost agreed to be paid under said contract shall be payable from funds received by the City from taxation or out of City revenues, then the City shall not be chargeable with the expense of such examination.

All employees of the City during their period of employment may be required by the appointing authority with the approval of the Human Resources Director, to undergo periodic medical examinations to determine their physical and mental fitness to perform the work of the position in which they are employed. Such periodic medical examination shall be at no expense to the employee.

Determination of physical or mental fitness will be by a physician designated by the Human Resources Director. The physician will be provided a description of the work to be performed and its physical parameters.

Where an applicant or employee of the City shall be reported by the examining physician to be physically or mentally unfit to perform work in the position to which appointment is to be made or in which the employee is employed, such applicant or employee shall have a period of three working days from the date of notification of such determination by the examining physician to indicate in writing to the Human Resources Director, the intention to submit the question of the physical or mental unfitness to a physician of their own choice at their own expense. In the event there is a difference of opinion relative to the diagnosis between the examining physician and the physician chosen by the applicant or employee, then a physician shall be mutually designated by the examining physician and the physician chosen by the applicant or employee, whose decision relative to the diagnosis shall be final and binding as to the physical or mental fitness of the applicant or employee to perform the work of the position to which appointment is to be made or in which the employee is employed. The costs incurred for such medical examinations shall be borne by the City, except as otherwise provided herein.

An applicant finally determined to be physically or mentally unfit shall not be considered for appointment. When an employee is finally determined to be physically or mentally unfit for service, such employee shall be demoted in accordance with these Rules or separated from the City Service. Such demotion or separation shall be within five days from the date of final determination of the physical or mental unfitness of the employee, subject, however, to provisions of Section 1.24.950 of these Rules. For the purposes of this section, the term physician shall also include licensed clinical psychologists in the determination of mental fitness for employment.

Employees’ participation in training programs shall be on a voluntary basis and training meetings and courses may be held on employees’ own time or, with the approval of the appointing authority, during official working hours.

1.24.820 Employee complaints.

STATEMENT OF POLICY:

It shall be the policy of the City of Tacoma to adjust complaints of employees promptly and fairly. Within the framework of existing laws and regulations, every effort shall be made to adjust complaints in a manner mutually satisfactory to employees and management without any interference or subsequent discrimination against employees who may seek to adjust a complaint.
It shall be the policy of the City to make every attempt to resolve complaints within the department at the lowest possible level. An employee is expected to discuss any complaint initially with the employee’s immediate supervisor. If the informal answer given by the employee’s supervisor is not satisfactory, the employee may appeal in the following manner:

Step 1. Within 10 days following the initial contact with the employee’s supervisor the employee or the employee’s designated representative will present the employee’s specific complaint to the employee’s supervisor in writing. The supervisor will, within five working days, render to the employee the decision and the reasons for it in writing. If the employee is not satisfied with the answer given, the employee may appeal as follows:

Step 2. Within five working days of receipt of the supervisor’s answer, the employee (or designated representative) will forward the complaint in writing to the employee’s division head or the head of the department. The division or department head will, within five working days, render to the employee the decision and the reasons for it in writing. If the employee is not satisfied with the answer given, the employee may present the complaint to the Civil Service Board as follows:

Step 3. Within five working days of receipt of the division or department head’s answer, the employee (or designated representative) will forward the complaint in writing to the Human Resources Director who shall, within 10 working days, file a report with the Civil Service Board stating the nature of the complaint, the procedures utilized thus far in an attempt to resolve it and the issues unresolved. The Civil Service Board shall then act as a complaint board and in appropriate circumstances set a time and place for hearing such complaint.

At the conclusion of a hearing on a complaint, the Board shall render its findings.

GENERAL PROCEDURES:

A. The Board may call as witnesses at a complaint hearing any persons whose testimony will contribute to the adjustment of the complaint.

B. All parties to the complaint shall be notified and have the right to be heard at the hearing or to be represented by a person of their own choosing.

C. Hearings shall be held at such times and in such manner as may be determined by the Board.

D. Failure by management to reply to the employee’s complaint within the time limits specified automatically processes the complaint to the next level.

E. If an employee fails to submit a complaint from one level to the next level within the time limits established in this complaint procedure, the complaint shall be considered settled on the basis of the last decision.

F. Any level of review or any time limits established in this procedure may be waived or extended by mutual agreement confirmed in writing or by action of the Civil Service Board.

G. A complaint must clearly state the basis thereof and the nature of the remedy sought by the employee or employee’s representative. Complaints which the Board determines are without merit shall be rejected.

H. None of the above provisions are intended to prevent or dissuade an employee from processing a complaint which the employee believes to involve discrimination based on race, sex, religion, color, national origin, age, marital status or presence of a handicap through the employee’s departmental Equal Employment Opportunity Representative or through the City Human Relations Department. The Board shall dismiss any complaint or portions of a complaint which has been filed with a city, state or federal agency or court having authority to order remedy in the case.

No person shall willfully or knowingly make any false statement, certificate, mark, rating, or report in regard to any test, certificate or appointment held or made under the municipal personnel system or in any manner commit or attempt to commit any fraud preventing the impartial execution of the Personnel Rules. No person seeking appointment to or promotion in the City Service shall either directly or indirectly give, render, or pay any money, service, or other valuable thing to any person for or on account of or in connection with the test, appointment, proposed appointment, promotion, or proposed promotion.

However, an officer or employee of the City may have a remote interest as defined by state law. Such remote interest is not prohibited. Violation of any provision of this section may work a forfeiture of the office of the person violating the same and the contract, sale, lease or purchase shall be void.

(Amended pursuant to Civil Service Board amendment; Mar. 17, 2006; Ord. 16383; passed Jun. 29, 1959)

1.24.860  Residence in the Unclassified City Service.

No person shall be eligible for employment in the Unclassified City Service who is not a resident of this City at the time of appointment; provided, that the City Council may waive such residence requirements for appointive employees in the Unclassified City Service when such waiver is deemed to be for good and sufficient reason among which the following shall be sufficient:

A. Where the nature of the employment requires residence outside the City.
B. To assist in the recruitment of professional and technical personnel.
C. When it otherwise serves the best interests of the City.

1.24.870  Leave of absence without pay.

A. The appointing authority, with the approval of the Human Resources Director, may grant a permanent or probationary employee leave of absence without pay not to exceed one year, except as provided herein in subsections B and C of this section, where granting such leave best serves the interests of the City. No such leave shall be granted except upon written request of the employee submitted in advance stating the reason therefor and the inclusive dates of such leave. Upon expiration of such regularly approved leave the employee shall report for duty in the position held at the time leave was granted. Failure on the part of the employee to report for duty promptly at the expiration of such leave shall be regarded as a voluntary resignation. A request for extension of such leave of absence without pay may be granted for a specific period not exceeding six months. Provided, however, an employee may submit additional written requests for extension of such leave of absence at the expiration of the six-month period. No such leave shall be granted except upon written request of the employee submitted in advance.

B. The appointing authority, with the approval of the Human Resources Director, shall grant leave of absence without pay, to a permanent or probationary employee without limitation as to time to enable them to take an appointive position in the City Service or any quasi-governmental public agency created and funded jointly by the City and other public body rendering municipal services or while assigned to another governmental entity on an exchange program authorized by law. The appointing authority, with the approval of the Human Resources Director, may grant leave of absence without pay to a permanent or probationary employee to enable them to serve as a representative with a labor or employee organization; provided, that the majority membership of such organization consists of employees of the City of Tacoma. A request for leave without pay by an employee in order to accept employment not in the City Service shall, except in unusual circumstances, be considered as insufficient reason for approval of such request.

C. The appointing authority, with the approval of the Human Resources Director, shall grant leave of absence without pay to permanent or probationary employees for the purpose of service in the Armed Forces; provided, that such request for such leave shall be in writing and accompanied with validated copy of military orders ordering such employee into active service with the Armed Forces.

D. Where circumstances warrant, the appointing authority may grant an employee leave of absence without pay for a period not in excess of 15 calendar days in any one calendar year. The appointing authority shall immediately notify the Human Resources Director of such action.
1.24.880 Leave without pay.

The appointing authority, with the approval of the Human Resources Director, may mandate or allow the use of leave without pay by nonrepresented employees. Further, such leave without pay will not affect an employee’s sick leave accrual rate, notwithstanding Sections 1.12.230 A.1, 1.12.140 B., and 1.12.232 A.1.

1.24.890 Resignation.

Any employee wishing to leave the City Service in good standing shall file with the appointing authority at least two weeks before leaving, a written resignation stating the date the resignation shall become effective and the reason for leaving. Failure to comply with this procedure may be considered cause for denying such employee future employment by the City. Unauthorized absence from work for a period of five consecutive days may be considered by the appointing authority as a voluntary resignation, not in good standing. On all resignations, department heads shall forward notices thereof on the prescribed form to the Human Resources Director within 24 hours after receipt.

1.24.900 Layoff and reemployment/recall.

A. The appointing authority may lay off any employee in the City Service whenever such action is made necessary by reason of shortage of work or funds, the abolition of a position because of changes in organization, or other reasons outside the employee's control, which do not reflect discredit on the services of the employee; however, no permanent or probationary employee shall be laid off while there are temporary employees serving in the same department and in the same class or position for which the permanent or probationary employee is eligible and available.

B. Layoff of probationary or permanent employees shall be made in inverse order of seniority in the class of work in the department involved. Where seniority does not establish a definite seniority differential, the order of layoff shall be determined by the relative standing on the eligible list from which appointed. A permanent or probationary employee, holding their position by virtue of promotional appointment, may request demotion to a position in the class from which they were promoted in lieu of layoff. No employee so demoted shall displace a permanent or probationary employee except in order of seniority as determined in these Rules.

C. The names of permanent or probationary employees laid off or demoted in lieu of layoff shall be placed at the top of the eligible list in order of seniority for City-wide consideration for the specific classification from which the layoff took place. Laid off employees shall be eligible for reemployment for a period of two years from the actual date of layoff, except as provided herein.

D. In the event that any department within the City has a permanent vacancy in a classification for which the names of laid off employees are available, the person with the greatest seniority in that classification will be offered the position and will have three days from the date the offer is tendered to accept an offer of reinstatement. A laid off employee may waive three opportunities for reemployment, after which their name will be removed from the list.

E. Laid off employees who are rehired shall serve a probationary period of six months unless rehired into the same department from which they were laid off. Employees rehired into probationary status shall not be considered regular employees for any purpose for the duration of their probationary period.

F. In the event an employee fails probation for any reason other than misconduct during the reemployment probationary period, the name of the employee shall be reinstated at the bottom of the reemployment eligible list for the remainder of their two years’ eligibility.

G. An employee who fails a reemployment probationary period and who is reinstated to the reemployment eligible list shall have no right to a vacancy in the department where they failed probation.

H. Any interruption of employment not in excess of 15 calendar days because of adverse weather conditions, shortage of materials or equipment or for other unexpected or unusual reasons shall not be considered a layoff.
1.24.910 Voluntary layoff due to pregnancy.

Any permanent or probationary employee may, for reasons of pregnancy, request separation from the City Service through layoff. The name of such employee shall be placed on the reemployment list for the class and department and the eligible list for the class in accordance with the provisions of Section 1.24.900. The name of such employee shall not be considered for reemployment or appointment until such time as the employee submits in writing to the Human Resources Director notification of the availability for employment.

1.24.920 Seniority.

Seniority for the purposes of layoff, demotion in lieu of layoff, and reemployment shall be the length of continuous services with the City in the specific class involved and in all higher classes to which the employee has been promoted or appointed. Employees who are transferred as part of a reorganization shall carry their seniority from their previous department to the department to which they are transferred.

1.24.930 Suspension.

The appointing authority may suspend a permanent employee without pay for disciplinary reasons including but not limited to those set forth in Rule 1.24.940. All suspensions shall be subject to review and approval by the City Manager or the Director of Utilities. A written statement of the reason for the suspension shall be submitted to the Human Resources Director and to the employee affected in each case, within five business days of the time the suspension becomes effective.

Suspensions of 22 working days or less may be subject to review and recommendation to the proper officials by the Civil Service Board, upon request of the affected employee.

Any suspension in excess of 22 working days may be appealed to the Civil Service Board. The Board shall hear such appeals and issue a decision which shall be final and binding on all parties.

No seniority shall be acquired during the approved period of suspension, except as provided in Section 1.24.085.

1.24.940 Disciplinary action.

Any permanent employee may be disciplined for cause by an appointing authority, with the approval of the City Manager or the Director of Utilities, as the case may be, but a written statement of reasons for the discipline and the effective date shall be submitted within five business days to the Human Resources Director and a copy thereof personally delivered to or sent by certified mail to the employee affected at their last known address.

Although discipline may be based upon other causes, any one or more of the following shall be sufficient:

A. Conviction of a felony or a misdemeanor involving moral turpitude the nature of which demonstrates lack of fitness for the position held.
B. Willful violation of any of the provisions of the Charter, the Ethics Code, or these Rules.
C. Willful violation of any lawful and reasonable regulation, order or direction made or given by a superior officer where such violation has amounted to insubordination or serious breach of proper discipline or has resulted in loss or injury to the public.

K. The taking or receiving of any fee, gift or other valuable thing in the course of their work or in connection with it for their personal gain from any person when such fee or gift is given by such person in the hope or expectation of receiving a favor or better treatment than that accorded to other persons.

L. Conduct unbecoming an officer or employee of the City, either while on or off duty.

M. Employment in gainful occupation in addition to regular City Service duties where such outside occupation substantially impairs their job performance.

N. Willful and wanton brutality or cruelty to a prisoner or one under arrest or sentence, provided the act committed was not necessarily and lawfully done in self-defense or to protect the lives of others or to prevent escape of a person lawfully in custody.

O. Absence without leave, including failure to report for employment on time without just cause.

1.24.950 Employee rights of appeal.

Any permanent employee in the Classified City Service who is aggrieved may submit written appeal to the Civil Service Board in case of suspension for more than 30 days, dismissal or disciplinary reduction in rank or pay, or from any and all other matters arising out of or in connection with the Civil Service and Personnel Rules. Such employee shall file a written appeal within 10 working days following the date of written notice of suspension, dismissal or the date of reduction in rank or pay. Appeals from any and all other matters arising out of or in connection with the Civil Service and Personnel Rules shall be submitted within such time limits as may be designated in other sections of these Rules. Any appeal submitted to the Board shall be in the form of a concise statement giving the reasons for the appeal. The Board shall dismiss any appeal, or portions of an appeal, which has been filed with a city, state or federal agency or court having authority to order a remedy in the case.

The Civil Service Board shall hear and/or investigate appeals with reasonable dispatch and shall give the appointing authority and the affected employee equal opportunity to be heard. B. Each witness subpoenaed by the Civil Service Board as a witness shall be allowed the same fees and mileage as provided by law to be paid witnesses in courts of record in this state.

C. If a person fails to obey a subpoena issued by the Civil Service Board in an adjudicative proceeding, or obeys the subpoena but refuses to testify or produce documents when requested concerning a matter under examination, the Civil Service Board may petition the Tacoma Municipal Court for enforcement of the subpoena. The petition shall be accompanied by a copy of the subpoena and proof of service, shall set forth in what specific manner the subpoena has not been complied with, and shall request an order of the court to compel compliance. Such documentation should indicate that the employee's continued presence at the work site could have detrimental consequences or cause public harm. The appointing authority should utilize the predisciplinary procedure to the extent that such utilization is reasonable under the circumstances. In such a situation, the employee may be suspended with pay until the process is completed and a decision reached regarding the potential disciplinary action. In such situations, as described above, the City Attorney and Personnel/Labor Relations Director shall be contacted as soon as possible.

3. Notify all appropriate parties to the charge of the decisions rendered as a result of the staff's investigation.

4. Make recommended findings to the Commission based upon its finding of fact as discovered through investigation. If it is discovered that an unlawful violation has occurred and efforts to conciliate the matter fail, it may be necessary to forward the case to the City's Hearing Examiner for a public hearing.

5. Prepare and disseminate educational and informational material relating to prejudice and discrimination and ways and means of eliminating such prejudice and discrimination.

6. Cooperate with and provide information, guidance, and technical assistance to other public agencies and to private persons, organizations, and institutions engaged in activities and programs intended to eliminate prejudice and discrimination.

No person shall be excused from attending fact-finding conferences and testifying or from producing records, correspondence, documents, or other evidence in obedience to the subpoena on the ground that the testimony or evidence required may tend to incriminate or to subject such person to a penalty or forfeiture. However, no person shall be prosecuted or subjected to any penalty or forfeiture for, or on account of, any transaction, matter, or thing concerning which testimony is compelled after such person has claimed a privilege against self-incrimination, except that such person so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying. Failure to obey a subpoena of the Superior Court may be punished by the Court as a contempt thereof.

1.29.040 Definitions.

As used in this chapter:
“Age” refers to the number of years since one's birth and only individuals over the age of 40 are considered as a protected class.

“Bona fide occupational qualification (BFOQ)” refers to an exception when discrimination is legal where it is reasonably necessary to the normal operation of the employer's business (e.g., a Methodist church would not be discriminating if it refused to hire a Lutheran minister).

“Business necessity” refers to a policy or practice of screening potential employees on a criterion necessary for the safe and efficient operation of the business. Such a policy or practice is legal if it can be demonstrated to be job-related, to be effective in predicting employee performance, and if there is no acceptable alternative which would have less adverse impact on the class protected by law.

“Charging party” shall include any individual alleging on his or her own behalf to have been personally aggrieved by an unlawful discriminatory practice. Additionally, the Commission may initiate a charge alleging that an unlawful discriminatory act has been committed against a class of persons.

“Commission” means the Human Rights Commission of the City of Tacoma, Washington, herein created.

“Conciliation” means a written settlement generally providing full relief for the charging party after a determination of reasonable cause has been accepted. Such agreement requires the signatures of the respondent and a Commission representative. The charging party shall be signatory to such an agreement.

“Director” means the Director of the Office of Equity and Human Rights.

“Disability” means the presence of a sensory, mental, or physical impairment that:

(i) Is medically cognizable or diagnosable; or

(i) The impairment must have a substantially limiting effect upon the individual's ability to perform his or her job, the individual's ability to apply or be considered for a job, or the individual's access to equal benefits, privileges, or terms or conditions of employment; or

(ii) The employee must have put the employer on notice of the existence of an impairment, and medical documentation must establish a reasonable likelihood that engaging in job functions without an accommodation would aggravate the impairment to the extent that it would create a substantially limiting effect. A limitation is not substantial if it has only a trivial effect.

“Dwelling” means any building, structure, or portion thereof that is occupied as, or designed or intended for occupancy as, a residence by one or more families, and any vacant land that is offered for sale or lease for the construction or location thereon of any such building, structure, or portion thereof.

Unlawful discriminatory practices shall include, but are not limited to, the following:

A. Employers. It is an unlawful discriminatory practice for any employer to:

1. Fail or refuse to hire or to discharge an individual, or otherwise discriminate against an individual with respect to compensation, terms, conditions, or privileges of employment because of race, religion, color, national origin or ancestry, sex, gender identity, sexual orientation, age, marital status, familial status, honorably discharged veteran or military status, or disability, unless based upon a bona fide occupational qualification; provided, however, that the prohibition against discrimination because of a sensory, mental, or physical disability shall not apply if such disability prevents the safe and competent job performance of the particular worker involved; provided further, that it shall not be an unlawful practice for a nonprofit religious organization or institution to limit the hiring of employees who will perform religious duties to those persons who are members or followers of such religious organization, denomination, institution, or faith; provided further, that the prohibition against discrimination shall not prevent employers from establishing and enforcing job-related dress code policies.

2. Limit, segregate, or classify employees in any way which would deprive or tend to deprive an individual of employment opportunities, or otherwise adversely affect that individual's status as an employee because of race, religion, color, national origin or ancestry, sex, gender identity, sexual orientation, age, marital status, familial status, honorably discharged veteran or military status, or disability; provided, however that it shall not be an unlawful practice for an employer to segregate washrooms or locker facilities on the basis of sex, unless there is only one such facility on the premises.

3. Confine or limit recruitment or hiring of employees, with intent to circumvent the spirit and purpose of this chapter, to any employment agency, employment service, labor organization, training school, training center, or any other employee-referring source which serves persons who are predominantly of the same race, religion, color, national origin or ancestry, sex, gender identity, sexual orientation, age, marital status, familial status, honorably discharged veteran or military status, or free of any disability.

4. Require of any applicant for employment any information concerning race, religion, color, national origin or ancestry, sex, gender identity, sexual orientation, age, marital status, familial status, honorably discharged veteran or military status, or disability unless based upon a bona fide occupational qualification; provided, however, that this section shall not be construed in any way to preclude or limit the applicability of any federal affirmative action programs to the extent to which such information may be required by these programs. Nothing in this section shall be interpreted to mean that employers shall be
required to grant preferential treatment to any person on the basis of race, religion, color, national origin or ancestry, sex, gender identity, sexual orientation, age, marital status, familial status, honorably discharged veteran or military status, or disability.

1.29.060 Additional unlawful discriminatory practices.

The exclusion of a person from, or failure or refusal to extend to a person, equal opportunities because of race, religion, color, national origin or ancestry, sex, gender identity, sexual orientation, age, marital status, familial status, honorably discharged veteran or military status, or disability is hereby declared to be an unlawful discriminatory practice. For purposes of this subsection A, rates and terms of financial assistance or credit may vary from the norm for persons possessing a sensory, mental, or physical disability, if the variance is based upon bona fide differentials derived from legitimate actuarial data.

B. Credit Transactions. It is an unfair practice for any person, whether acting for himself or another, in connection with any credit transaction, because of race, religion, color, national origin or ancestry, sex, gender identity, sexual orientation, age, marital status, familial status, honorably discharged veteran or military status, or disability to:

1. Deny credit to any person.

2. Increase the charges or fees for or collateral required to secure any credit extended to any person.

3. Restrict the amount or use of credit extended or to impose different terms or conditions with respect to the credit extended to any person or any item or service related thereto.

Nothing in this subsection B shall prohibit any party to a credit transaction from considering the credit history of any individual applicant or the application of the community property law to the individual case, or from taking reasonable action thereon.

C. Labor Organizations. It is an unlawful discriminatory practice for a labor organization to:

1. Exclude or expel from its membership or otherwise to discriminate against any member or applicant for membership because of race, religion, color, national origin or ancestry, sex, gender identity, sexual orientation, age, marital status, familial status, honorably discharged veteran or military status, or disability.

Limit, segregate, or classify its membership or to classify or fail or refuse to refer for employment any person in any way which would deprive or tend to deprive that person of employment opportunities or otherwise adversely affect that person's status as an employee or as an applicant for employment because of race, religion, color, national origin or ancestry, sex, gender identity, sexual orientation, age, marital status, familial status, honorably discharged veteran or military status, or disability.

3. Cause or attempt to cause an employer to discriminate against any person in violation of this section.

4. Discriminate against any person or to limit, segregate, or qualify its membership in any way which would adversely affect that person's hours, tenure, compensation, promotion, discharge, or any other terms, conditions, or privileges directly or indirectly related to employment because of race, religion, color, national origin or ancestry, sex, gender identity, sexual orientation, age, marital status, familial status, honorably discharged veteran or military status, or disability.
5. Deny to, or withhold from, any person the right to be admitted to or to participate in a guidance program, apprenticeship program, on-the-job training program, or any other occupational training program because of race, religion, color, national origin or ancestry, sex, gender identity, sexual orientation, age, marital status, familial status, honorably discharged veteran or military status, or disability; provided, however, that the prohibition against discrimination because of a sensory, mental, or physical disability shall not apply if such disability prevents competent and safe participation in such training programs.

D. Employment Agencies. It is an unlawful discriminatory practice for an employment agency to refuse to refer for employment or otherwise discriminate against any person because of race, religion, color, national origin or ancestry, sex, gender identity, sexual orientation, age, marital status, familial status, honorably discharged veteran or military status, or disability.

E. Advertising. It shall be an unlawful discriminatory practice for an employer, labor organization, employment agency, or joint labor-management committee controlling apprenticeship or other training programs to print or publish or cause to be published any notice or advertisement relating to employment, training, or apprenticeship opportunities which indicates any preference, limitation, or discrimination based on race, religion, color, national origin or ancestry, sex, gender identity, sexual orientation, age, marital status, familial status, honorably discharged veteran or military status, or disability; provided, however, that any private school or training center affiliated with a nonprofit religious or sectarian organization, in the selecting of students, may give preference to members of the religious faith or denomination associated with said institution.

F. Educational Institutions. It is an unlawful discriminatory practice for any educational institution to deny admittance to any prospective student or enrollee, or to deny any service offered by such institution to any person otherwise qualified for such service on the grounds of race, religion, color, national origin or ancestry, sex, gender identity, sexual orientation, age, marital status, familial status, honorably discharged veteran or military status, or disability; provided, however, that any private school or training center affiliated with a nonprofit religious or sectarian organization, in the selecting of students, may give preference to members of the religious faith or denomination associated with said institution.

G. Insurance Transactions. It is an unlawful practice for any person, whether acting for themselves or another, in connection with any insurance transaction, to fail or refuse to issue or renew insurance to any person because of race, religion, color, national origin or ancestry, sex, gender identity, sexual orientation, age, marital status, familial status, honorably discharged veteran or military status, or disability; provided, however that for the purposes of this subsection G, it shall not be an unlawful discriminatory practice to differentiate in the availability, terms, and rates based upon the above-listed characteristics if such differentiation is derived from legitimate actuarial data.

H. Public Accommodations. It is an unlawful discriminatory practice for a person to deny to any person the full and equal enjoyment of the goods, services, facilities, privileges, advantages, and accommodations of a place of public accommodation, resort, or amusement, on the grounds of race, religion, color, national origin or ancestry, sex, gender identity, sexual orientation, age, marital status, familial status, honorably discharged veteran or military status, or disability; provided, however, that nothing herein contained shall be construed to include or apply to a club or place of accommodation which, by its nature, is distinctly private, including fraternal organizations, although where public use or service is involved, the provisions of this chapter shall apply; nor shall anything herein contained apply to any nonprofit religious or sectarian organization, although where public use or service is involved, the provisions of this chapter shall apply.

I. Retaliation. It is an unlawful practice for any employer, employment agency, labor union, property owner, or financial institution to discharge, expel, penalize, or otherwise discriminate against any person because that person has opposed any practice forbidden by this chapter, whether or not such practice in fact exists, or because that person has filed a charge, testified, or assisted in any proceeding under this chapter.

However, this paragraph does not prohibit the following inquiries, provided these inquiries are made of all applicants, whether or not they have disabilities:

The landlord may not increase for a disabled person any customarily required security deposit. However, where it is necessary in order to ensure with reasonable certainty that funds will be available to pay for the restorations at the end of the tenancy, the landlord may negotiate as part of such a restoration agreement a provision requiring that the tenant pay into an interest bearing escrow account, over a reasonable period, a reasonable amount of money not to exceed the cost of the restorations. The interest in any such account shall accrue to the benefit of the tenant.

**1.29.140 Interference, coercion or intimidation.**

A. Prohibited Interference, Coercion or Intimidation.

1. It shall be unlawful to coerce, intimidate, threaten, or interfere with any person in the exercise or enjoyment of, or on account of that person having exercised or enjoyed, or on account of that person having aided or encouraged any other person in the exercise or enjoyment of, any right granted or protected by this section.

2. Conduct made unlawful under this section includes, but is not limited to, the following:
   a. Coercing a person, either orally, in writing, or by other means, to deny or limit the benefits; provided, that person in connection with the sale or rental of a dwelling or in connection with a residential real estate-related transaction because of
race, color, religion, sex, gender identity, sexual orientation, disability, familial status, marital status, honorably discharged veteran or military status, age, national origin, or source of income.

b. Threatening, intimidating or interfering with persons in their enjoyment of a dwelling because of the race, color, religion, sex, gender identity, sexual orientation, disability, familial status, marital status, honorably discharged veteran or military status, age, national origin, or source of income of such persons, or of visitors or associates of such persons.

c. Threatening an employee or agent with dismissal or an adverse employment action, or taking such adverse employment action, for any effort to assist a person seeking access to the sale or rental of a dwelling or seeking access to any residential real estate-related transaction, because of the race, color, religion, sex, gender identity, sexual orientation, disability, familial status, marital status, honorably discharged veteran or military status, age, national origin, or source of income of that person or any person associated with that person.

d. Intimidating or threatening any person because that person is engaging in activities designed to make other persons aware of, or encouraging such other persons to exercise, rights granted or protected by this section.

e. Retaliating against any person because that person has made a complaint, testified, assisted, or participated in any manner in a proceeding under Chapter 1.29 of the City of Tacoma Law Against Discrimination, as amended.

1.29.150 Adjustment and settlement of complaints.

Any complaint filed alleging an unlawful discriminatory housing practice shall be so filed within one year after the alleged act of discrimination. All other complaints filed alleging discriminatory acts prohibited by Chapter 1.29 shall be filed within six months after the alleged act.

Upon the filing with the Commission of a verified written complaint alleging that an unlawful discriminatory act has occurred or is occurring, the Commission's staff shall conduct a prompt investigation thereof along with conciliation efforts which shall begin with the filing of a complaint. If, upon the completion of such investigation, it is determined that insufficient evidence exists to support a reasonable cause finding that an unlawful discriminatory act has occurred or is occurring, such determination shall be filed in writing with the Commission and the complaint shall be dismissed. If a determination of reasonable cause is found and conciliation efforts have failed, an administrative hearing proceeding as provided in Chapter 1.29 shall commence.

In any housing discrimination case in which it is determined that an unlawful discriminatory act has been committed, the case will be decided by the City of Tacoma Hearing Examiner if attempts at conciliation should fail. However, in housing discrimination cases, a charging party (including the Commission, if the Commission filed the complaint), a respondent, or an aggrieved person on whose behalf the complaint is filed may elect, in lieu of an administrative proceeding, to have the claims asserted in the charge decided in a civil action pursuant to Section 1.29.160.

In any case in which it is determined that an unlawful discriminatory act has been committed by the City of Tacoma or any department or agency thereof, the Director shall transmit such findings to the City Manager or the Director of Public Utilities, as appropriate, who shall, within 30 days, take such action as is deemed necessary in order to comply with the purposes of this chapter. The Office of Equity and Human Rights shall advise the charging party of his or her legal rights to include his or her recourse if the City/Department of Public Utilities does not conciliate the matter.

A. Conciliation Failure. If the complained of unlawful practice cannot be eliminated through conciliation, the staff's finding of reasonable cause shall be reported to the Commission, accompanied by a determination by the Director to take the unresolved case to a public hearing before the City Hearing Examiner.

NOTE: Based on the discovery of new and relevant evidence, the Director may, at any time following conciliation failure, reopen the case to investigate new and relevant evidence. Based on results of investigation, the original determination may be revised.

1. The case in support of the Commission's finding of reasonable cause shall be presented at hearing by the City Attorney or the City Attorney's designee; provided, however, that the charging party may retain independent counsel, submit testimony, and be fully heard.

2. The respondent shall have the right to file a written answer to the charge and to appear at the hearing with or without counsel, submit testimony, and be fully heard, and to examine and cross-examine witnesses.

3. The Hearing Examiner shall not be bound by the strict rules of evidence prevailing in courts of law or equity. The testimony taken at the hearing shall be under oath, and shall be recorded.
4. If, upon all the evidence presented, the Hearing Examiner finds that the respondent has not engaged in an unlawful discriminatory practice, the Hearing Examiner shall issue an order dismissing the complaint.

5. If, upon all the evidence presented, the Hearing Examiner finds that the respondent has engaged or is engaging in an unlawful discriminatory practice, the Examiner shall issue an order which shall effectuate the purposes of this chapter. Such order shall require the respondent to cease and desist from such unlawful discriminatory practice and to take such action as is necessary to effectuate the purposes of this chapter. Orders to take action may include the hiring, reinstatement, or upgrading of employees, with or without back pay; admission or restoration to membership in any respondent labor organization; the selling, renting, or leasing of a housing accommodation or housing accommodations upon equal terms and conditions and with equal facilities, services, and privileges; and any other order which, in the judgment of the Hearing Examiner, will effectuate the purposes of this chapter and is warranted by the facts presented at the hearing, including a requirement for report of the manner of compliance. Such orders requiring action to be taken by the respondent shall include terms requiring performance of such action within 30 days after receipt of notice by the respondent of the entry of such order. When a determination has been made by the Hearing Examiner under this section that an unlawful practice involving real property has been committed, the Hearing Examiner may, in addition to other relief authorized hereunder, issue the following types of orders:

a. To pay damages to the aggrieved person (including damages caused by humiliation and embarrassment).

b. Injunctive or such other equitable relief as may be appropriate. No such order may affect any contract, sale, encumbrance or lease consummated before the issuance of the initial decision that involved a bona fide purchaser, encumbrancer, or tenant without actual knowledge of the charge.

c. To vindicate the public interest, the Hearing Examiner may assess a civil penalty against the respondent.

(i) The amount of the civil penalty may not exceed:

(A) $10,000, if the respondent has not been adjudged to have committed any prior discriminatory housing practice in any administrative hearing or civil action permitted under Chapter 1.29 of the City of Tacoma Law Against Discrimination, as amended.

(B) $25,000, if the respondent has been adjudged to have committed one other discriminatory housing practice in any administrative hearing or civil action permitted under Chapter 1.29 of the City of Tacoma Law Against Discrimination, as amended.

(C) $50,000, if the respondent has been adjudged to have committed two or more discriminatory housing practices in any administrative hearing or civil actions permitted under Chapter 1.29 of the City of Tacoma Law Against Discrimination, as amended.

B. Municipal Offense. A respondent which has not complied with the terms of an order mandating relief as described above within 30 days of receiving notice of the entry of such order shall be deemed guilty of a municipal offense against the City of Tacoma and shall be liable to the City in an amount not to exceed $100 to be levied by the Municipal Court of the City of Tacoma for each day in excess of the 30 days provided for herein on which such respondent has failed to comply with an order rendered by the Hearing Examiner or to seek Superior Court review of such order.

C. Appeal from Orders of Hearing Examiner. Any respondent or charging party aggrieved by a final order of the Hearing Examiner may obtain a review of such order on the record in the Superior Court of Washington for Pierce County by filing with the Clerk of that Court, within 30 days from the date of receipt of such order, a written petition praying that such order be modified or set aside. The Hearing Examiner shall then cause to be filed in the Court a certified transcript of the entire record of the proceedings, including the pleadings, testimony, and order. The Superior Court shall have jurisdiction to grant to any party such relief as it deems just and equitable. Judicial review of an order of the Hearing Examiner shall be on the record and in accordance with the provisions set forth at RCW 49.60.270. Filing of a petition seeking judicial review of an order of the Hearing Examiner shall operate as a stay of such order.

D. Court Enforcement of Orders. The City of Tacoma may petition the Superior Court of Washington for Pierce County for enforcement of any order of the Hearing Examiner which has not been complied with during the 30-day period of performance prescribed in such order. The Commission, through the City Attorney or the City Attorney's designee, shall certify and file in Superior Court the findings of fact and final order sought to be enforced. Within five days after filing such petition in Court, the Commission shall cause a notice of the petition to be personally served upon all parties or their representatives. Such review shall be in accordance with the provisions set forth at RCW 49.60.260. D. Court Enforcement of Orders. The City of Tacoma may petition the Superior Court of Washington for Pierce County for enforcement of any order of the Hearing Examiner which has not been complied with during the 30-day period of performance prescribed in such order. The Commission, through the City Attorney or the City Attorney's designee, shall certify and file in Superior Court the findings of fact and final order sought to be enforced. Within five days after filing such petition in Court, the Commission shall cause a notice of the petition to be personally served upon all parties or their representatives. Such review shall be in accordance with the provisions set forth at RCW 49.60.260.
shall cause a notice of the petition to be personally served upon all parties or their representatives. Such review shall be in accordance with the provisions set forth at RCW 49.60.260.

1.29.160 Election for civil action in lieu of hearing for housing cases.

A. Any charging party on whose behalf the reasonable cause finding was made, a respondent, or an aggrieved person may, with respect to unlawful discriminatory housing practices pursuant to Sections 1.29.100 through 1.29.150 hereof, elect to have the claims on which reasonable cause was found decided in a civil action in Pierce County Superior Court in lieu of an administrative hearing under Section 1.29.150. This election must be made not later than 20 days after the service of the reasonable cause finding. The person making such election shall give notice of doing so to the Commission and to all other charging parties and respondents to whom the charge relates. Any reasonable cause finding issued by the Commission pursuant to the procedures contained in this chapter shall become final 20 days after service of the reasonable cause finding, unless a written notice of election is received by the Commission within the 20-day period.

B. If an election is made under subsection A of this section, the Commission shall authorize not later than 30 days after the election is made, and the City Attorney shall commence, a civil action on behalf of the aggrieved person in the Pierce County Superior Court seeking relief under Chapter 1.29.

C. Any aggrieved person with respect to the issues to be determined in a civil action under this section may intervene as of right in that civil action.

D. In a civil action under this section, if the court finds that an unlawful discriminatory housing practice has occurred or is about to occur, the court may grant any relief that a court could grant with respect to such an unlawful discriminatory housing practice in a civil action under state law and as provided by the Federal Fair Housing Amendments Act of 1988 (42 U.S.C. Sec. 3601 et seq.) If monetary relief is sought for the benefit of an aggrieved person who does not intervene in the civil action, the court shall not award such relief if that aggrieved person has not complied with discovery orders entered by the court.

E. In any administrative proceeding under this section where the respondent is the prevailing party, a charging party who intervenes by filing a notice of independent appearance may be liable for reasonable attorneys' fees and costs only to the extent that the intervening participation in the administrative proceeding was frivolous or vexatious, or was for the purpose of harassment.

F. In any administrative proceeding brought under Section 1.29.150 or any court proceeding arising therefrom, or any civil action under this section, the administrative law judge or the court in its discretion may allow the prevailing party, other than the Commission, reasonable attorneys' fees and costs.

1.29.170 Enforcement of fair housing provisions by private persons.

A. With respect to discriminatory housing practices, an aggrieved person may commence a civil action in Pierce County Superior Court not later than one year after the occurrence or the termination of an alleged discriminatory housing practice, whichever occurs last, to obtain appropriate relief. An aggrieved person may commence a civil action under this subsection whether or not a complaint has been filed under Section 1.29.150 hereof and without regard to the status of any such complaint, but if the Commission or HUD has obtained a prefinding or postfinding settlement or conciliation agreement with the consent of an aggrieved person, no action may be filed under this subsection by such aggrieved person with respect to the alleged discriminatory housing practice which forms the basis for such complaint except for the purpose of enforcing the terms of such agreement.

B. The computation of such one-year period shall not include any time during which an administrative proceeding under this chapter was pending with respect to a complaint or charge under this chapter based upon such discriminatory housing practice.

C. An aggrieved person may not commence a civil action under this subsection with respect to an alleged discriminatory housing practice which forms the basis of a complaint if a hearing on the complaint has been convened by the City of Tacoma Hearing Examiner.

D. In a civil action under subsection A hereof, if the court finds that a discriminatory practice has occurred or is about to occur, the court may order remedies as allowed by the Federal Fair Housing Amendments Act of 1988, at 42 USC Sec. 3613(c) and, subject to the restrictions of subsection E below, may grant as relief, as the court deems appropriate, any permanent or temporary injunction, temporary restraining order, or other order (including any order enjoining the defendant
from engaging in such practice or ordering such affirmative action as may be appropriate). The court may also allow reasonable attorneys' fees and costs to the prevailing party.

E. Relief granted under this section shall not affect any contract, sale, encumbrance, or lease consummated before the granting of such relief and involving a bona fide purchaser, encumbrancer, or tenant, without actual notice of the filing of a complaint with the Director or a civil action under this chapter.

F. Upon timely application, the City Attorney, or his or her designee, may intervene in such civil action, if the City Attorney, or his or her designee, certifies that the case is of general public importance.

Certificate of honorable discharge from and/or documentary evidence of such service shall be submitted by the member to the Board in order to obtain credit for such service.

B. In addition to the military service credit, hereinafore provided, the Board shall hereafter grant retirement credit to any member or retired member of the Retirement System who is or was formally a member of the Washington National Guard or of the Army, Navy, Air Force, Coast Guard, or Marine Corps reserve of the United States, or of any organized reserve or armed forces of the United States, for periods of military leaves of absence from City employment heretofore taken by the member in order for the member to report for active duty, when called, or take part in active training duty in such manner and at such times as he or she may be ordered to active duty or active training duty; provided, however, that such retirement service credit shall not exceed 21 days during any one year beginning October 1 and ending the following September 30, effective October 1, 2008; provided, further, that any member or retired member shall receive retirement service credit for the portion of any month during which they were in a paid status with the City and for which period they have not heretofore been granted such credit as a result of their not having been in a paid status for 120 days or 80 percent of the month when the loss of credit was due to an annual military leave of absence during a portion of the month. All retired members who receive additional service credit under the terms of this paragraph shall have their pensions recalculated and, thereafter, their pensions shall be for the amount indicated by such recalculation.

C. To the extent not otherwise provided herein, effective as of December 12, 1994, a member who returns to City Service from qualifying military service as defined in Chapter 43 of Title 38 of the United States Code, within 90 days after being honorably released, shall be entitled to service credit equal to the length of the member’s military service, not to exceed five years; provided, however, that the member must pay an amount equal to the employee contributions that would have been payable for such additional period of service credit, under Section 1.30.340, as in effect at the time the member left City
Service to serve in a uniformed service of the United States. Such payment may be made in a lump sum, provided such lump sum payment is made within five years of the member’s date of reemployment or five years from the effective date of this ordinance, whichever is later, using any form of payment permitted under Section 1.30.550.D of this chapter. Alternatively, a member may make an irrevocable salary reduction election in an amount sufficient to accumulate the required contribution necessary to pay for said qualifying service over a period of time not greater than that permitted under Chapter 43 of Title 38 of the United States Code. Once such irrevocable election is made, the member will have no subsequent option to receive the salary reductions directly and any direct payment for such service will not be allowed while the member is employed. Should a member who has made an irrevocable salary deduction election become unable to accumulate the full required service credit contribution necessary due to death, disability resulting in separation from City Service, layoff, or termination of employment, said member shall be entitled to receive a prorated amount of service credit based on the contributions accumulated by the member to the date of death, disability, layoff, or termination; provided, however, any such member, or the member’s estate in the case of death, may complete the remainder of the payments by making a lump sum payment within 60 days of the date of the member’s death, disability, layoff, or termination to receive full service credit. The employer contributions for the member’s period of military service credit shall be paid by the member’s public agency employing the member, as defined in Section 1.30.275, commensurate to and contemporaneous with the member’s payment of contributions. The Board may promulgate regulations implementing this subsection.

D. Each member shall file with the Board such information affecting his or her status as a member of the Retirement System as the Board may require.

1.30.390 Allowance for service – Credit for prior service.

The Board shall grant credit for prior service to each member who entered the Retirement System on January 1, 1941, and to each member entering after that date, if such entry is within two years after rendering City Service prior to January 1, 1941; provided, however, that the Board may grant credit for prior service to those entering the Retirement System after January 1, 1941, where the employee, because of sickness or other disability, has been on leave of absence regularly granted since discontinuance of City Service, regardless of the length of such leave.

Such credit shall also be granted to members of the System for any period served as an elective officer of the City prior to May 1, 1946.

No prior service credit shall be used as a basis for retirement or other benefit unless the membership continues until retirement on a retirement allowance or until the granting of other benefits.

The Board shall exercise the powers and the duties conferred upon it by those sections and in addition those powers and duties set out in Sections 1.30.410 through 1.30.450 and shall have the power to appoint or remove the Retirement System Director of the Retirement Board subject to the approval of the City Council. The Board shall keep in convenient form such data as shall be necessary for the actuarial valuation of the Retirement Fund created by this chapter. The Board shall, from time to time, set the investment earnings assumption used in the actuarial valuation of the Fund. At least as often as is required by state law, the Board shall cause to be made an actuarial valuation of the assets and liabilities of the Retirement Fund, and shall further cause to be made an actuarial investigation (experience study) into the mortality, service, and compensation experience of the members and beneficiaries. Upon the basis of such investigation and valuation, and subject to the approval of the City Council, the Board shall:

A. Make any necessary changes in the investment earnings assumption used in the actuarial valuation, subject to subsequent periodic changes as hereinbefore provided;

B. Adopt for the Retirement System such mortality, service and other tables as shall be necessary;
C. Revise or change the rate of contributions by the City and by the member employee on the basis of the actuarial investigation and valuation.

The Board shall promptly transmit to the City Council a report covering the actuarial investigation and actuarial valuation provided for in Section 1.30.410.

(Ord. 14039 § 7; passed Dec. 6, 1950)

1.30.430 Duty to keep accounts and records.

1.30.440 Report showing financial condition.

1.30.450 Right to make changes.
Nothing in Sections 1.30.400 through 1.30.450 shall be construed to limit the right of the Board, subject to approval of the City Council, to make changes in the rates of interest, or in the rates of contributions by members and the City whenever said Board deems it necessary, or advisable, or to secure actuarial reports more often than every five years

(Ord. 17014 § 4; passed Mar. 20, 1962)

1.30.460 Creation of Fund.
A fund is hereby created and established to be known as the "Employees' Retirement Fund" and shall consist of all the moneys paid into it in accordance with the provisions of this chapter whether such moneys shall take the form of cash, securities or other assets

(Ord. 27886 Ex. B; passed May 4, 2010: Ord. 17014 § 4; passed Mar. 20, 1962)

1.30.470 Creation of Board of Administration.
A. Composition and Powers. There is hereby created and established a Board of Administration which shall, under the provisions of this chapter and the direction of the City Council, administer the Retirement System and Retirement Fund created by this chapter. Under and pursuant to the direction of the City Council, the Board shall provide for the proper investment of the moneys in the Retirement Fund. The Board of Administration shall not require City Council action to enter into contracts within the scope of its functions to provide for the proper investment of moneys in the Retirement Fund. The Board’s authority shall include, but not be limited to, the authority to negotiate such contracts, select investment managers, add investment categories, or change investment allocations, all without action on the part of City Council. The City Council also delegates to the Board contracting and purchasing authority other than that described above as is consistent with the authority granted the City Manager, or his or her designee, or the Director of Utilities, or his or her designee, contained in Chapter 1.06 TMC or as hereinafter amended. However, the Board shall provide the City Council with quarterly status reports justifying the overall investment strategy for the Tacoma Employees’ Retirement System.

The Board of Administration shall consist of nine regular members and one alternate member as follows: The Mayor, a designee of the Tacoma Public Utilities Director, a designee of the City Manager, the Director of Finance, three City employees who are eligible for membership in the Retirement System heretofore or hereafter elected by the employee members, and one member of the Retirement System who need not be a City resident but who has heretofore retired under this Retirement System, elected by the retired members of this Retirement System or surviving beneficiaries. The above eight members shall appoint the ninth member, who shall be a City resident not employed by the City.
The Board of Administration shall appoint a member of the Retirement System, either active or retired, to serve as an alternate. The alternate shall serve a three-year term. The alternate may participate at meetings of the Board of Administration as a non-voting member of the Board. The alternate shall participate as a voting member of the Board of Administration when the alternate’s presence is necessary to constitute a quorum under the Board’s rules or By-Laws, or when necessary to fill a temporary vacancy among the elected members of the Board. When filling a temporary vacancy, the Board shall, by motion, set forth the duration of the temporary vacancy.

The Board shall solicit applications of individuals interested in appointment as the alternate by providing notice for not less than 28 days to eligible members by posting, in the case of active members, and mailing, in the case of retired members.

B. Filling of Permanent Vacancies. In the case of a permanent vacancy in office or inability of any Board member to attend to the duties thereof, the City Council shall designate, by resolution, one or more of its members to supply the place of either the Mayor or the Director of Finance, with such designee continuing in such position only until a successor has been elected or appointed and qualified. The positions of the elected members of the Board shall be filled by special election as hereinafter provided for, for the unexpired term; provided, however, if, at the time that the vacancy occurs, there remain less than 180 days in such term, then the position shall be filled by appointment made by the remaining elective members. A vacancy in the position of the appointive member shall be filled by appointment by the Board of Administration for the unexpired term after the Board has solicited applications from individuals interested in appointment.

C. Elections

The City Clerk of the City shall conduct an election each year for the election of one active employee of the City to the Board of Administration. The City Clerk of the City shall conduct an election every third year for the election by the retired members of the System of a retired member to the Board of Administration. The term of office for the active employee and retired member so elected shall be for three years. In connection with the election of the active employee member, on the second Tuesday of February of each year, the Clerk of the City shall post written notices of the next annual election of a City employee member to the Board of Administration. The written notices shall be posted in a prominent place in the office of the City Clerk, and on bulletin boards at the following locations: Entrances to the Tacoma Municipal Building, County-City Building, Public Utilities Administration Building, Main Library, Public Works Barn, Tacoma-Pierce County Health Department, and all other locations which 50 or more employee members use as headquarters. In connection with the election of a retired member, the City Clerk shall provide notice to retirees by mailing notice to retirees at their address of record with the Retirement Office. These notices shall state the position, term of office, and conditions and dates under which candidates must file. Dates for filing shall be set by the City Clerk and shall be the last Tuesday in February. Candidates shall declare their candidacy by filing a petition of nomination with the City Clerk signed by not less than 20 employees of the City of Tacoma who are active members of the City of Tacoma Retirement System, in the case of the election of an active member, and by not less than five retirees in the case of an election of a retired member. Those filing shall have until the Friday following the last Tuesday in February in which to withdraw. On or before the second Tuesday in March an official list of nominees shall be posted with each notice of election.

If, after the expiration of the date for filing petitions of nomination, it appears that only one qualified candidate has been nominated for the position to be filled, it shall not be necessary to hold an election, and the Board of Administration shall, at their next meeting, declare such candidate elected as a member of the Board of Administration.

If more than one qualified candidate has been nominated, the Retirement Office shall assist the City Clerk’s office with the preparation of an official ballot and two envelopes for each member of the Retirement System entitled to vote. One envelope shall be smaller than the other and shall have the words “OFFICIAL BALLOT” stamped or printed on it. The larger envelope shall be preaddressed to the City Clerk and, in the case of the election of an active member, shall have the member’s name, employee number, and payroll location printed in the upper left-hand corner and in the case of the election of a retired member, shall have the member’s name and return address printed in the upper left-hand corner. The ballots and envelopes shall be distributed or mailed to the members entitled to vote three weeks preceding the second Tuesday in April. In the case of an election of a retired member, ballots and envelopes shall be mailed to members entitled to vote three weeks preceding the second Tuesday in April.

Should the City Clerk’s office be unable to distribute or mail ballots to members entitled to vote as described above due to technical, administrative, or other matters causing ballots to not be ready by the dates prescribed above, then the City Clerk shall have the discretion to extend the date(s) by which ballots shall be due provided that any such revised due date shall be no less than three weeks from the date of distribution or mailing of ballots which due date shall be clearly printed on ballots.

Upon receiving his or her ballot, the member shall mark the same and enclose and seal it in the smaller envelope marked “OFFICIAL BALLOT.” This envelope shall be placed in the larger preaddressed envelope and be returned either directly or by mail to the City Clerk.
Upon receipt of the envelopes, the City Clerk shall check the name on the upper left-hand corner of the preaddressed envelope against the membership roster, open the envelope, remove the smaller envelope marked “OFFICIAL BALLOT,” and insert the same in ballot box. No envelope bearing a postmark later than midnight or otherwise received later than the second Tuesday in April shall be opened by the City Clerk; provided, however, that if the City Clerk shall have extended the ballot due date, then no envelope bearing a postmark later than midnight or otherwise received later than the printed ballot due date shall be opened by the City Clerk.

The City Clerk shall open the “OFFICIAL BALLOT” envelopes, count the ballots, and certify the results in writing to the candidates, and post the results in the locations provided above.

All election records, including ballots, shall be preserved for 30 days from the last date for filing ballots, after which the same shall be destroyed unless a question has arisen in connection therewith.

Any candidate for office may be present or have another member as an observer present at the counting of the ballots.

In the event no nominee receives a majority of the total votes cast at the primary election, the City Clerk shall conduct a final election between the two leading nominees. The final election shall be conducted by the City Clerk in the same manner as the primary election. An official list of nominees certified to run in the final election shall be posted on or before the third Tuesday of April, or such other corresponding date as may be reasonable where the City Clerk shall have extended a ballot due date. The ballots shall be returned not later than four weeks thereafter. The nominee receiving the highest number of votes cast at the final election shall be declared elected. In the event of a tie resulting from the final election, a run-off election shall be required and shall be held in substantially the same manner as provided in Subsection C hereof for the conducting of final elections, except as to times and dates. The ballots in the final election shall be prepared, distributed, and returned to the City Clerk’s office not less than 30 days after the result of the tying final election is known.

The term of the newly elected member of the Board shall commence on the first Monday in June following his or her election; provided, that, in the event of a delay due to a tie from the final election or delay due to technical, administrative, or other matters causing a delay in the distribution or mailing of ballots as provided herein, the member elected shall commence his or her term immediately, and his or her term shall end as if no delay had occurred; provided, further, that in the event of a delay as provided herein, the term of the incumbent shall be extended until such time as the election is completed.

D. Special Elections

A special election for the purpose of filling a vacancy in the position of an elected member shall be conducted as follows: Within 15 days after the vacancy occurs, or in the event that a member files notice of his or her resignation prior to the effective date thereof, within 15 days of the filing of such notice, the City Clerk shall give written notice of such special election and post said notices as provided in Subsection C hereof. Persons desiring to file for the unexpired term shall declare their candidacy within 10 days after such notice shall have first been posted, in the same manner as provided in Subsection C hereof. At the expiration of said 10-day period, official ballots shall be prepared and distributed by the Retirement Office in substantially the same manner as provided in Subsection C hereof, except that the times and dates set forth in said subsection shall not apply. The first distribution of ballots shall be made not more than 15 days after the preparation thereof. In the event that no candidate receives a majority of the votes cast, a final election shall be required and be held in substantially the same manner as provided in Subsection C hereof for the conducting of final elections, except as to times and dates. The ballots in the final election shall be prepared, distributed, and returned to the City Clerk’s office not less than 30 days after the result of the primary or first election is known. In the event of a tie resulting from the final election, a run-off election shall be required and held in substantially the same manner as provided in Subsection C hereof for the conducting of final elections, except as to times and dates. The ballots in the final election shall be prepared, distributed, and returned to the City Clerk’s office not less than 30 days after the result of the tying final election is known. The term of any newly elected member of the Board filling an unexpired term shall commence as of the first meeting of the Board following certification of the election.

1.30.550 Refund of contributions/Service credit buybacks.

A. Refunds/Transfers. Should the City service of a member be discontinued, except by death or retirement, the member shall be paid, not later than six months after the date of discontinuance, such part of his or her accumulated contributions and accumulated additional contributions as he or she shall demand. A member who files an application for a refund of his or her contributions and subsequently becomes employed in a position with the City before the expiration of 30 days, or before a refund payment has been made, shall not be eligible for such refund payment. If, in the opinion of the Board, said member is permanently separated from City service by reason of such discontinuance, the member shall be paid all his or her accumulated contributions with interest. If the City service of a member is discontinued after December 31, 1996, other than by death or retirement, after completion of five years of membership service, the member shall be entitled to withdraw 1.5 times the member’s accumulated normal contributions with interest; provided, however, the foregoing sentence shall not apply to contributions repaid pursuant to subsection B or C of this section unless such contributions shall have been on deposit with the System for five or more years. Provided that effective February 1, 2009, such a member shall be entitled to withdraw 1.5 times the member’s accumulated normal contributions as of February 1, 2009, plus 1.5 times the member’s accumulated

(Revised 12/2019)
normal contributions after such date up to a rate of 6.44% of compensation as defined in Section 1.30.130. Effective January 1, 2001, if a member with five or more years of membership service retires from City Service pursuant to Section 1.30.570, elects a deferred retirement pursuant to Section 1.30.600, or dies, the member or the named beneficiary shall be entitled to withdraw in a lump sum an amount equal to 1.5 times the member’s overtime contributions, plus interest, or may elect to apply such amount to the purchase of service credit pursuant to subsection D below. If a member has less than five years of membership service, the member or the named beneficiary shall be entitled to withdraw the member’s overtime contributions and interest. Alternatively, in either case, the amount of overtime contributions and interest subject to withdrawal may be applied toward the purchase of an additional annuity, as provided in Section 1.30.620. While a member is in City service, the member may elect a direct trust-to-trust transfer of a lump sum in an amount up to 1.5 times the member’s overtime contributions, plus interest, to another retirement system with which the System has portability under Chapter 41.54 RCW and Section 1.30.890, for purposes of restoring or purchasing service credit under the other system; provided, that such transfer shall only be available if the Retirement Board confirms to its satisfaction that the other system will accept the transfer on behalf of the member; provided further, that under no circumstances shall the lump sum be distributed or made available to the member while the member is in City service.

B. Repayment of contributions on rehire. Any member or former member who re-enters City service may redeposit the Retirement Fund, in one lump sum, an amount equal to the amount he or she received at the time of the last termination or interruption of membership as a refund calculated in accordance with subsection A, plus interest. Effective October 1, 1999, individuals may purchase partial service credit by making a partial redeposit. The member may purchase as many full quarters as he or she wishes in a lump sum deposit, up to the total value of withdrawn contributions and interest. The full amount of the prior refund and interest from the withdrawal date shall be determined and divided by the number of quarters of service associated with the refund to arrive at a quarterly cost. A member shall be entitled to only one opportunity to repurchase partial service credit on re-entering City service. The deposit shall be paid into the Retirement Fund in accordance with rules established by the Board at an interest rate to be fixed annually by the Board of Administration. Payment shall be made within five years of the resumption of service or prior to retirement, whichever shall occur first. Effective January 1, 2002, repayment may also be made by a direct trustee-to-trustee transfer to the Retirement Fund from a plan qualified under Internal Revenue Code Section 457 or 403(b). Effective September 1, 2002, repayment may also be made by a direct rollover to the Retirement Fund from an individual retirement account or annuity qualified under Internal Revenue Code Section 408. The Board of Administration shall establish rules and procedures for acceptance of such deposits, transfers, or rollovers, including procedures to account for pre-tax transfers and rollovers and after-tax payments. Upon such redeposit being made, the City shall reinstate the applicable membership service credit and prior service credit for such member in the same manner as provided in subsection C hereof.

C. Repayment window. Any member who has heretofore withdrawn his or her contributions from the Retirement System and who has further failed to redeposit them in the Retirement Fund upon the resumption of membership in the Retirement System may, for a one-time only repayment period of one year commencing December 1, 1986, redeposit the total amount withdrawn, together with interest compounded annually at a rate established by the Board of Administration of the Tacoma Employees’ Retirement System. Any member who has heretofore withdrawn his or her contributions from the Retirement System and who has further failed to redeposit them in the Retirement Fund upon the resumption of membership in the Retirement System may, for a one-time only repayment period of 3.5 years, commencing January 1, 1997, redeposit the total amount withdrawn, or effective October 1, 1999, a portion thereof, together with interest compounded annually at a rate established by the Board of Administration of the Tacoma Employees’ Retirement System; provided, that effective May 1, 2000, a member may elect to accomplish the redepositing of contributions, or any part thereof, by irrevocably electing to transfer all of his or her account balance representing his or her accumulated contributions on overtime earnings to his or her unrestricted Accumulated Normal Contributions account, except that if the member’s account balance representing contributions on overtime earnings exceeds the amount needed to redeposit contributions, then only the amount needed for redeposit of contributions shall be transferred. Upon transfer, the amount shall be for all purposes treated as Accumulated Normal Contributions attributable to Compensation other than overtime.

Any member who has heretofore withdrawn his or her contributions from the Retirement System and who has further failed to redeposit them in the Retirement Fund upon the resumption of membership in the Retirement System may, for a one-time only repayment period of one year, commencing January 1, 2004, redeposit the total amount withdrawn or, consistent with the provisions of this section, a portion thereof, together with interest compounded annually at a rate established by the Board of Administration. Any redeposit made under the provisions of this subsection may be accomplished by any of the repayment methods authorized by this section.

D. Purchase of Permissive Service Credit. Effective January 1, 2002, any Member who is vested and has five or more years of City Service as a Member may purchase up to five years of creditable service at the time of retirement, provided that no purchase made pursuant to this paragraph shall result in a member’s total years of creditable service exceeding 30. Payment shall be in a lump sum on an after-tax basis, by a direct trustee-to-trustee transfer to the Retirement Fund from a plan qualified under Internal Revenue Code Section 457 or 403(b), or, effective September 1, 2002, by a direct rollover to the Retirement
1.30.560 Retention of service credits.

To comply with the mandate of the 1951 Washington Legislature, as set forth in Chapter 98 of the Laws of 1951 of the State of Washington, the Board of Administration, subject to the approval of the City Council by resolution, is hereby authorized to enter into agreements with regards to the transfer of retirement credit and related funds with other public retirement systems within the State of Washington to permit the exchange of retirement credit and the transfer of funds, in accordance with rules and regulations now or hereafter adopted by the Board of Administration. Notwithstanding anything to the contrary in this chapter contained, such agreements may provide:

A. That service credits earned in the Tacoma Employees’ Retirement System may be preserved for a member who transfers employment to another public body within the state and becomes a member of its retirement system.

B. That service credits previously lost or lapsed in the Tacoma Employees’ Retirement System because of previous lack of authority to proceed may be regained.

C. That, when authorized by the Board, retirement benefits may be paid when a member becomes eligible for retirement under this system or under another system with which an agreement is in effect, whether such member becomes eligible under the rules of the latter system, under the rules of this system, or under laws of the State of Washington, that such agreement may provide for the combining of service credits and number of years of service in various retirement systems to establish eligibility for retirement, but notwithstanding anything elsewhere in this chapter to the contrary, such monthly retirement payments from this system will be for such amounts only as are actuarial equivalents of the member’s accumulated contributions and from the City’s funds an amount equal to the actuarial equivalent of the member’s accumulated normal contributions in the Tacoma Employees’ Retirement System on the date of the member’s retirement, reduced only in those cases where the combined retirement allowance exceeds the maximum permissible by State law and the agreements entered into between the systems in accordance therewith. Additional pension payments required to bring the member’s monthly retirement allowance to any guaranteed minimums, elsewhere provided for in this chapter, shall not be paid unless the members have earned such minimum benefits solely within this system in accordance with requirements established elsewhere in this chapter.

D. That it shall be the sole responsibility of the member to apply for the retention, regaining or preservation of any such credits.

E. Credits so regained, retained or preserved may be lost or lapsed if membership is not maintained in accordance with rules and regulations now or hereafter established by such agreements or by the Board of Administration.

F. That granting of such rights or payments as these agreements may provide for shall be done only in accordance with rules and regulations to be established by the Board of Administration.

If an employee of the City of Tacoma, who is also a member of the Tacoma Employees’ Retirement System, should transfer to employment with the Municipal Belt Line while same is operated by the City, said employee member, so long as he or she shall remain an employee of the Belt Line or the City of Tacoma, shall be entitled, in accordance with rules and regulations now or hereafter established by the Board of Administration, to the rights of preservation, retention and regaining of service credits and ultimate retirement allowances similar to those affected by agreements, as in this section provided, between the...
Tacoma Employees’ Retirement System and other public retirement systems within the state, even though no agreement may be effected between the Railroad Retirement System and the Tacoma Employees’ Retirement System.

1.30.570 Service retirement.

Subject to Section 1.30.710, retirement of a member for service shall be made by the Board of Administration as follows:

A. Each member of the Retirement System may retire on the first day of the calendar month next succeeding the month in which the member shall have attained eligibility for service retirement.

B. Any member in the City Service may retire by filing with the Board a written application stating when he or she desires to be retired, such application to be made at least 30 days prior to date of retirement; provided, however, that said member, at the time specified for his or her retirement, shall have completed 10 years of City Service as defined in this chapter and shall have attained the age of 55 years, or shall have completed 20 years of such City Service and shall have attained the age of 40 years, or shall have attained the age of 60 years regardless of years of service, or shall have completed 30 years of City Service as defined in this chapter, regardless of age. A member is fully vested upon attaining any of the foregoing service retirement dates.

1.30.580 Allowance on service retirement.

A. Upon retirement from City service on or after January 1, 1997, a member shall receive an annual retirement allowance which shall consist of the following three items, plus any amount that might be provided under Section 1.30.620:

1. An annuity which shall be the actuarial equivalent of his or her accumulated contributions at the time of his or her retirement;

2. A service pension purchased by the contributions of the City, which shall be an additional pension for members, such that when added to the annuity equals the percentage of his or her average final compensation applied to his or her age and credited service at retirement in accordance with the table at the end of this subsection A multiplied by his or her years of credited service;

3. A basic service pension of $150.00 per annum, payable only if a member retires after age 60 with 20 years’ service to his or her credit and the basic service pension shall be allowed in the computation of pension benefits only to the extent that the same, when added to the annuity and service pension, will not result in a pension benefit in excess of $3,000.00 per annum.

1.30.580 Special early retirement window benefit.

A. Notwithstanding any other provision of Chapter 1.30 of the Tacoma Municipal Code to the contrary, an eligible member (as defined in this section) electing to retire from the employment of the City under Section 1.30.570 on the applicable retirement date shall be entitled to a service pension equal to the service pension payable pursuant to Section 1.30.580, but adjusted as follows:

1. For an eligible member who is age 60 or older, three years shall be added to membership service.
2. For any other eligible member, three years will be added to membership service and three years will be added to age. In no event shall a member receive more than 30 years of creditable service.

Age will be expressed as years and full months. Actual ages will be used in calculating the actuarial equivalent optional allowances on retirement.

B. If a member meets the eligibility requirements to benefit under the provisions of this special early retirement benefit, elects to receive such benefits under an optional form of allowance providing a survivor benefit to his or her spouse, and dies prior to the commencement of benefit payments and is survived by the spouse, the death benefit to which the spouse is entitled will be calculated by taking into account the provisions of this section.

C. An eligible member is a member hereunder who meets the following requirements:

1. He or she is employed by the City on January 1, 1997.
2. He or she meets one of the following criteria on or before December 31, 1997:
   a. Age 52 or older with not less than 22 years of creditable service;
   b. Age 57 or older; or

Notwithstanding the foregoing table, in the event the sum of age and creditable service equals 80 or more, the percentage of average final compensation shall be two percent.

B. Effective January 1, 1976, and thereafter any employee with 30 or more years of membership service shall receive no further membership service credit, but shall continue to make contributions as long as employment continues.

C. Notwithstanding the foregoing, effective with respect to a retirement from City service on and after January 1, 1997, a service pension shall not be less than the actuarial equivalent of 200 percent of the member’s accumulated normal contributions; provided, however, that a member’s contributions on his or her overtime earnings shall not be included in the term “accumulated normal contributions” for the purposes of subsection C of this section only. Provided that effective February 1, 2009, a service pension shall not be less than the actuarial equivalent of 200 percent of the member’s accumulated normal contributions as of February 1, 2009, plus 200 percent of the member’s accumulated normal contributions after such date up to a rate of 6.44% of compensation as defined in Section 1.30.130.

c. Twenty-seven years of creditable service.

3. He or she elects to retire from City Service by a written election made on or after January 1, 1997, and before close of business on October 31, 1997, and does not withdraw his or her election to retire prior to December 31, 1997.

4. He or she signs and delivers and does not revoke the form of general release required by the City.

5. He or she retires on the applicable retirement date with not less than two months advance notice.

The applicable retirement date is the first day of the month subsequent to February 28, 1997, but not later than January 1, 1998.

D. Any member who re-enters City Service, having retired under this section, shall have his or her benefits suspended pursuant to Section 1.30.710. On subsequent retirement, the member’s annual retirement allowance shall equal the greater of: (1) the benefit the member was receiving prior to re-entering City Service, or (2) the benefit calculated under Section 1.30.570 without consideration of this section and reduced by the actuarial equivalent of the benefits received pursuant to this section, unless the actuarial equivalent of the benefits received is repaid in a lump sum prior to subsequent retirement, all as determined by the Retirement System.

1.30.586 Increase for retired members.

Those members who became entitled to pension benefits prior to January 1, 1971, except those who were mandatorily retired at age 65 between July 1, 1970, and January 1, 1971, shall thereafter receive a seven percent increase limited to their annuity, membership service pension, and basic service pension entitlement.

Those members who became entitled to pension benefits prior to January 1, 1973, except those who were mandatorily retired at age 65 between July 1, 1972, and January 1, 1973, shall thereafter receive a four-and-one-half percent increase limited to their annuity, membership service pension, and basic pension entitlement.

Those members who became entitled to pension benefits during the period from January 1, 1951, through December 31, 1975, shall receive an increase in their pension benefits. Their pension benefits shall be adjusted effective January 1, 1995, to reflect the cost of living. The appropriate inflation measure shall be the change in the Seattle Consumer Price Index for urban wage earners and clerical works (CPI-W) from the time of retirement to the end of 1993, as reported by the Bureau of Labor Statistics in mid-February 1994. This increase shall restore the members' benefits to 50 percent of their original earning power determined as of the date of retirement.

1.30.600 Deferred retirement.

A member who leaves City service after five or more years' creditable service may elect in writing to the Retirement Board to leave his or her accumulated contributions in the Retirement Fund. Such contributions shall be credited with regular interest and are refundable upon written request at any time; however, if said funds are not withdrawn the member may elect to receive a retirement allowance as provided under Section 1.30.580 after satisfying the requirements of Section 1.30.570. The retirement allowance shall be calculated pursuant to the provisions of Section 1.30.580 as in effect when the member ceased to be in City service and ceased contributions to the System, except for members covered under Sections 1.30.880 and 1.30.890. Members eligible to retire under the portability provisions of said sections shall have their retirement allowance calculated pursuant to the provisions of Section 1.30.580 as in effect when the member ceased service and contributions to all participating retirement systems covered under the portability provisions.

1.30.620 Additional annuity – Waiver of allowance.

A member, upon retirement from service, shall receive, in addition to the retirement allowance provided elsewhere in Sections 1.30.580 through 1.30.610, an additional annuity which shall be the actuarial equivalent of any accumulated additional contributions which he or she has to his or her credit at the time of his or her retirement.
Notwithstanding the provisions in Sections 1.30.580 through 1.30.620 contained, any member retired from service or entitled to so retire may, upon written request, waive temporarily or permanently the right to receive any portion of his or her retirement allowance as hereinabove set forth, upon the following terms and conditions:

That the portion so waived shall be so applied as to first reduce the basic pension and prior service pension and thereafter to reduce proportionately the amount designated to be paid the pensioner under the annuity and membership service pension benefits to which he or she may be entitled. In the event that any such waiver is made pursuant to such request, the same shall, upon becoming effective, constitute, while the same is in effect, full authority for the City to reduce the payments to the pensioner, as herein and therein provided, and shall forever relieve the City of any obligation to at any time pay the full specific benefits in this section or elsewhere provided for which would otherwise accrue during the period that said waiver is in force and effect.

(Ord. 25955 § 30; passed Sept. 24, 1996: Ord. 17014 § 4; passed Mar. 20, 1962)

1.30.630 Disability retirement – Authorization.

Any member while in City Service or any member on leave of absence or disability leave may be retired by the Board of Administration for permanent and total disability upon examination as follows:

A. Any member who becomes incapacitated for the performance of duty because of any accident or fortuitous event caused by or incurred as a result of the performance of duties as an employee of the City of Tacoma, regardless of length of service with the City, may be retired upon disability, as provided in this Section 1.30.630. Any member who has not elected to receive a service retirement allowance as provided in Sections 1.30.570 through 1.30.610, and who has at least five years of creditable service as defined by this chapter (provided, that the required five years of City Service shall have been credited to the member over a period not to exceed ten years immediately preceding retirement), may apply for a disability retirement. Any member who entered the Retirement System on or before June 1, 2012 may use the portability provisions in Sections 1.30.880 and 1.30.890 to accrue the five years of creditable service required to apply for disability retirement under this Section. Any member who enters the Retirement System after June 1, 2012 must accrue the entire five years of creditable service required to apply for disability retirement under this Section as a member of the Retirement System. Effective January 1, 2009, a member may apply for a disability retirement within one year of discontinuance of City Service if the member applied for benefits under the City’s Basic Long-Term Disability Insurance Plan within 180 days of discontinuance of City Service for a condition that was present while in City Service and is receiving Long-Term Disability payments. Otherwise a member must apply for a disability retirement within three months after discontinuance of City Service and show that the member’s incapacity has been continuous from discontinuance of City Service. The member shall be examined by a physician or surgeon appointed by the Board of Administration upon application of the head of the office or department in which the member is employed, or upon application of the member or a person acting in his or her behalf. The examining physician or surgeon must find in writing that the member is permanently and totally incapacitated, either physically or mentally, for the performance of duty and ought to be retired. If such medical examination shows to the satisfaction of the Board that the member is permanently and totally incapacitated either physically or mentally, for the performance of duty and ought to be retired, the Board shall retire the member for disability forthwith.

B. A member may, for a period of up to six months after denial of a member’s application for disability retirement, reapply to the Board of Administration for disability retirement. The member must include with said reapplication newly obtained medical information or diagnoses evidencing that the member is permanently and totally incapacitated and that the member’s sickness or disability existed at the time of discontinuance of City Service and continues to the date of reapplication. Upon such reapplication, the member shall be re-examined by a physician or surgeon appointed by the Board of Administration. If such medical examination shows, to the satisfaction of the Board, that the member is permanently and totally incapacitated, either physically or mentally, for the performance of duty and ought to be retired, the Board shall retire the member for disability forthwith.

C. The Board shall secure such medical services and advice as it may deem necessary to carry out the purpose of this section and Section 1.30.650 of this chapter and shall pay for such medical services and advice such compensation as the Board shall deem reasonable.

1.30.640 Disability retirement – Allowance.

A. Any member retiring on or after May 1, 1969, for disability as herein provided, provided the disability is not due to willful misconduct or violation of law, of which the Board shall be the sole judge, shall receive an annual retirement allowance which
shall be such an amount as with that portion of his or her annuity provided by his or her accumulated normal contributions will make his or her disability retirement allowance equal:

1. One and one-half percent of his or her average final compensation multiplied by the number of years of service credited to him or her, if such disability retirement allowance exceeds one-third of his or her average final compensation.

2. If the disability retirement allowance computed under subsection A.1 does not exceed one-third of his or her average final compensation, 1.5 percent of his or her average final compensation multiplied by the number of years of service which would be creditable to him or her were his or her service to continue until attainment by him or her of age 65, but in such case, the retirement allowance shall not exceed one-third of his or her average final compensation.

3. If the disability retirement allowance computed under subsections A.1 or A.2 above does not exceed the sum of $100 per month, then the disability retirement allowance shall be the sum of $100 per month.

B. If disability is due to willful misconduct or violation of law on the part of the member, the Board of Administration in its discretion may pay to the member in one lump sum his or her accumulated contributions in lieu of a retirement allowance, and such payment shall constitute full satisfaction of all obligations of the City to such member, and upon receipt of such payment he or she shall cease to be a member of the Retirement System.

C. Upon retiring for disability as above provided, a member shall receive an additional annuity which shall be the actuarial equivalent of any accumulated additional contributions which he or she has to his or her credit at the time of his retirement.

D. A member retired under the provisions of Section 1.30.630 of this chapter may elect optional allowances on retirement as set forth in Section 1.30.660 of this chapter. Any option elected shall be in writing and shall be irrevocable. Upon the death of a member receiving a disability retirement allowance, benefits will be paid according to the option elected. Effective September 1, 2002, any member (i) who retired prior to November 26, 2000, under the provisions of Section 1.30.630 of this chapter; and (ii) who is receiving disability benefits as of said effective date is eligible to elect prospectively optional allowances D, E, or F, as set forth in Section 1.30.660 of this chapter. Any election of an optional allowance by such a member shall be made in writing no later than December 31, 2002, and shall be irrevocable. A beneficiary or heir of a deceased member is not eligible to elect an optional allowance. The actuarial equivalent value of the optional allowance will be based on the Member’s age and other applicable factors as of the date the new election is made.

1.30.650 Disability retirement – Safeguards.

A. The Board of Administration may, at its pleasure, require any member who is receiving a disability retirement allowance (“disability beneficiary”) or disability applicant under age 60 to undergo medical examination to be made by a physician or surgeon appointed by the Board at a place to be designated by the Board. Upon the basis of such examination the Board shall determine whether such disability beneficiary or disability applicant is still totally and permanently incapacitated, either physically or mentally, for service in the office or department of the City where he or she was employed or in other City Service for which he or she is qualified. If the Board of Administration shall determine that the beneficiary or disability applicant is not so incapacitated, his or her retirement allowance shall be canceled in 30 days.

B. Should a disability beneficiary reenter the City Service and be eligible for membership in the Retirement System in accordance with Section 1.30.290, his or her retirement allowance shall be canceled and he or she shall immediately become a member of the Retirement System. His or her individual account shall be credited with his or her accumulated contributions less the annuity payments made to him or her. Such member shall receive credit for prior service and membership service previously credited in the same manner as if he or she had never been retired for disability.

C. Should any disability beneficiary under age 60 years refuse to submit to medical examination, his or her pension may be discontinued until his or her withdrawal of such refusal, and should refusal continue for one year his or her retirement allowance may be canceled. Should the disability beneficiary, prior to attaining age 60 years, engage in a gainful occupation not in City Service or should he or she reenter the City Service and be ineligible for membership in the Retirement System in accordance with Section 1.30.300, the Board of Administration shall reduce the amount of his or her retirement allowance to an amount which, when added to the compensation earned by him or her in such occupation, shall not exceed 70 percent of the salary currently payable for the last job classification filled by the disability beneficiary or, in case the classification no longer exists, for a comparable classification. Should the earning capacity of such disability beneficiary be further altered, the Board may further alter his or her retirement allowance to an amount which shall not exceed the retirement allowance otherwise payable but which, subject to such limitation, shall equal, when added to the compensation earned by him or her, 70 percent of the salary currently payable for the last job classification filled by the disability beneficiary or, in case the classification no longer exists, for a comparable classification. When the disability beneficiary reaches the age of 60 years, any
reductions in his or her retirement allowance because of compensation earned by him or her shall be restored and his or her allowance shall not again be modified for any cause except as otherwise provided in this chapter.

D. Should the retirement allowance of any disability beneficiary be canceled for any cause other than reentrance into the City Service he or she shall be paid his or her accumulated contributions, less annuity payments made to him or her.

1.30.660 Optional allowances on retirement.

A member may elect to receive, in lieu of the retirement allowance provided for in Sections 1.30.580 through 1.30.620, its actuarial equivalent in the form of a lesser retirement allowance, payable in accordance with the terms and conditions of one of the options set forth below in this section. Election of any option must be made by written application filed with the Board of Administration at least 30 days in advance of retirement as provided in Section 1.30.570 and shall be irrevocable.

Option A. The lesser retirement allowance shall be payable to the member throughout his or her life; provided, that if he or she dies before he or she receives in annuity payments referred to in subsection A.1 of Section 1.30.580 and in Section 1.30.620, a total amount equal to the amounts of his or her accumulated contributions and his or her accumulated additional contributions combined as they were at the date of his or her retirement, the balances of these accumulated contributions and accumulated additional contributions shall be paid in one sum to his or her estate or to such person as he or she shall nominate by written designation duly executed and filed with the Board.

Option B. The lesser retirement allowance shall be payable to a member throughout his or her life; provided, that if he or she dies before he or she receives in annuity payments referred to in subsection A.1 of Section 1.30.580 and in Section 1.30.620, a total amount equal to the amounts of his or her accumulated contributions and his or her accumulated additional contributions combined as they were at the date of his or her retirement, the annuity payments resulting from his or her accumulated contributions and accumulated additional contributions shall be continued and paid to his or her estate or to such person as he or she shall nominate by written designation duly executed and filed with the Board, until the total amount of annuity payments shall equal the total amounts of his or her accumulated contributions and accumulated additional contributions as they were at the date of his or her retirement.

Option C. The member shall elect a "guaranteed period" of any number of years. If he or she dies before the lesser retirement allowance has been paid to him or her for the number of years elected by him or her as the "guaranteed period," the lesser retirement allowance shall be continued to the end of the "guaranteed period," and during such continuation shall be paid to his or her estate or to such person as he or she shall nominate by written designation duly executed and filed with the Board.

Option D. The lesser retirement allowance shall be payable to the member throughout life, and after the death of the member one-half of the lesser retirement allowance shall be continued throughout the life of and paid to the wife or husband of the member, which wife or husband shall hold such relationship at the time of retirement. Provided, with respect to members retiring on or after January 1, 1999, in the event the wife or husband of the member predeceases the member, the benefit payable to the member effective as of the first day of the month following the death of the wife or the husband shall be increased to the retirement allowance provided for in Sections 1.30.580 through 1.30.620 as if the member had not elected an optional allowance under this section upon his or her retirement; provided further, that effective January 1, 2006, in the event the wife or husband of a member electing hereunder, or who has previously elected hereunder, predeceases the member and the member thereafter marries, said member shall have, within three months of remarriage, the option to irrevocably designate the

(Revised 12/2019)
Option E. The lesser retirement allowance shall be payable to the member through life, and after death of the member it shall be continued throughout the life of and paid to the wife or husband of the member, which wife or husband shall hold such relationship at the time of retirement. Provided, with respect to members retiring on or after January 1, 1999, in the event the wife or husband of the member predeceases the member, the benefit payable to the member effective as of the first day of the month following the death of the wife or the husband shall be increased to the retirement allowance provided for in Sections 1.30.580 through 1.30.620 as if the member had not elected an optional allowance under this section upon his or her retirement; provided further, that effective January 1, 2006, in the event the wife or husband of a member electing hereunder, or who has previously elected hereunder, predeceases the member and the member thereafter remarries, said member shall have, within three months of remarriage, or until March 31, 2006, if already remarried, the option to irrevocably designate the member’s new spouse as the wife or husband of the member under this Option E, subject to the same conditions as provided in this Option E for a member who remarries after the death of a husband or wife.

Option F. If a member at the time of his or her retirement has no wife or husband, then and in that event the lesser retirement allowance shall be payable to the member throughout his or her life; and, after the death of the member,

1. One-half of the lesser retirement allowance shall be continued throughout the life of and paid to the beneficiary designated by the member who is over the age of 18 years, or

2. The lesser retirement allowance shall be continued throughout the life of and paid to the beneficiary designated by the member who is over the age of 18 years.

Provided, with respect to members retiring on or after January 1, 1999, in the event the beneficiary of the member predeceases the member, the benefit payable to the member effective as of the first day of the month following the death of the beneficiary shall be increased to the retirement allowance provided for in Sections 1.30.580 through 1.30.620 as if the member had not elected an optional allowance under this section.

1.30.662 Modification to coordinate member's retirement allowance with benefits receivable from federal system.

A. A member who retires from service prior to the age of becoming eligible for retirement payments under the federal system, commonly known as Social Security, and who at the time of retiring is fully insured under the federal system, may elect to have his or her retirement allowance payable during his or her life only, increased prior to such eligible age and reduced after such age by amounts which have equivalent actuarial values, provided the subsequent decrease in his or her retirement allowance, and provided further that it shall be the responsibility of the member to obtain an estimate of his or her Old-Age Benefit at age 62 from the federal system.

B. If a member who has elected the provision under subsection A dies leaving a beneficiary entitled to an allowance, the beneficiary's allowance shall be the same as the beneficiary would have received had the member not elected the provision under subsection A.

(Ord. 25955 § 35; passed Sept. 24, 1996: Ord. 24507 § 8; passed Dec. 12, 1989: Ord. 19419 § 1; passed Aug. 17, 1971)
1.30.665 Cost of living increase.

A. Notwithstanding any other provisions of this chapter, and subject to the provisions of this section, as of July 1 of each year, commencing with January 1, 1997, every monthly retirement allowance, less that portion attributable to additional contributions, payable to or on account of any person who has heretofore retired or died or who shall hereafter retire or die as a member of the Retirement System and whose retirement or death occurred on or before July 1 of the preceding year, shall be increased or decreased by a percentage of the monthly retirement allowance then being received, which shall approximate, to the nearest 0.05 of one percent, the percentage of annual increase or decrease in the cost of living during the preceding calendar year, as determined by the Retirement Board in the manner provided in this section; provided, that such increase or decrease shall not exceed 2.125 percent of any monthly retirement allowance in any year, regardless of the percentage of change in such cost of living. After applying the above adjustment, if the member's inflation adjusted service pension shall equal less than 50 percent of the service pension at date of retirement adjusted for inflation by application of the Seattle Consumer Price Index for Urban Wage Earners and Clerical Workers (the "Indexed Benefit"), such service pension shall be further increased so that it shall not be less than 50 percent of such Indexed Benefit.

B. Determination of the percentage of annual increase or decrease in the cost of living shall be made by the Board of Administration each year by reference to the Seattle Consumer Price Index for Urban Wage Earners and Clerical Workers, for each of the two immediately preceding calendar years. The percentage by which such index for the most recent full calendar year shall have increased or decreased over or below such index for the full calendar year immediately prior thereto shall be the percentage used to calculate adjustments in the monthly retirement allowances pursuant to Subsection A of this section.

C. The amount of any cost of living increase or decrease in any year which is in excess of the maximum annual retirement allowance adjustment of 2.125 percent, provided in subsection A of this section shall be accumulated from year to year and included in the computation of increases or decreases in succeeding years.

D. No monthly retirement allowance shall be reduced by operation of this section below the amount payable on the effective date of entitlement thereto.

1.30.667 Health insurance.

Any member receiving a pension for years of service hereunder, who because of lack of age only, cannot qualify for Social Security and Medicare benefits, shall be granted the privilege and option, at his or her own expense, to purchase from a health care contractor or insurer furnishing such service to active employees of the City, a policy or policies of health insurance embodying therein terms substantially similar to those granted active employees, paying therefor the same amount as the City pays for its employees on a composite rate. Payment for said insurance shall be an authorized deduction from any pension check, and the Board of Administration and Director of Finance are authorized to make such deductions. The option and privilege herein granted shall terminate automatically upon the member’s reaching an eligible age to qualify for Medicare, whether in fact or not such member obtains the same. In no event shall the granting of this privilege give or grant the retired member any preferential treatment with reference to the health contracts over and above that of active employees of the City of Tacoma, and such privilege is at all times subject to the ability of the City of Tacoma to negotiate for and obtain said health care coverage. There shall exist no obligation on the part of the City to contribute any part of the purchase price of said policy, nor shall the City’s General or Revenue Funds nor the Employee’s Retirement Fund make any contribution therefor; provided, however, that if in fact any change results in the composite rate charged the City for all its employees from the granting of this privilege, such adjustment in the composite rate shall not be deemed a contribution of the City or Board of Administration hereunder.

(Ord. 25955 § 36; passed Sept. 24, 1996: Ord. 20377 § 1; passed Mar. 25, 1975)

1.30.670 Death of member – Effect.

A. Upon the death of any member who has not been retired, pursuant to the provisions of this chapter, there shall be paid to his or her beneficiary his or her accumulated contributions and his or her accumulated additional contributions, less any payments therefrom already made to the member, if any. Such payments may be made in one lump sum or may be paid in installments over a period of not to exceed five years, as may be designated by the beneficiary, in accordance with such rules as may be established by the Board of Administration, and with such rate of interest applicable as may be determined by the Board of Administration.
B. Upon the death of any member who has not retired but who, as of the date of death, was eligible for service retirement in accordance with subsection B of Section 1.30.570 of this chapter, the beneficiary may elect to receive one of the following death benefits:

1. the benefit provided in subsection A above;

2. a retirement allowance payable only for the remainder of his or her life and equal to that which would have been received had the deceased member retired on the date of death having elected a lesser retirement allowance payable to the member for life and continuing for the life of the named beneficiary, provided that effective January 1, 2000, any non-spouse beneficiary electing hereunder must be over the age of 18 years; or

3. a lump sum cash payment not to exceed one-half of the deceased member’s accumulated contributions and accumulated additional contributions and a retirement allowance payable only for the remainder of his or her life and equal to that which would have been received had the deceased member retired on the date of death having elected a lesser retirement allowance payable to the member for life and continuing for the life of the named beneficiary, but reduced proportionately by the lump sum cash payment provided that effective January 1, 2000, any non-spouse beneficiary electing hereunder must be over the age of 18 years.

C. Upon the death of any member who has not retired but who, as of the date of his or her death, had five years’ creditable service, the beneficiary may elect to receive the death benefit provided in subsection A above or, in lieu thereof, may elect to receive a monthly retirement allowance payable for ten years in an amount that is the actuarial equivalent of 200 percent of the member’s accumulated normal contributions, with interest. Provided that effective February 1, 2009, such allowance shall be equal to the actuarial equivalent of 200 percent of the member’s accumulated normal contributions as of February 1, 2009, plus 200 percent of the member’s accumulated normal contributions after such date up to a rate of 6.44% of compensation as defined in Section 1.30.130. The member’s contributions and interest on overtime, if any, shall be paid to the beneficiary in accordance with Section 1.30.550.

D. In the event the beneficiary is the member’s surviving spouse, upon the death of any member who has not retired but who, as of the date of his or her death, had five years’ creditable service, in lieu of the death benefit provided under subsection C, the spouse may elect to defer payment of a death benefit, leaving the member’s accumulated contributions with interest, not including contributions on overtime with interest, in the Retirement Fund until a deferral date. A deferral date is any date following the date when the member could have elected to start receiving a retirement allowance under Section 1.30.570 based on the member’s date of birth and years of service at the time of death; provided, however, that if the spouse is older than the member, the spouse’s age and date of birth may be used in lieu of the member’s age for purposes of determining eligibility to start receiving a benefit under Section 1.30.570. Such contributions shall be credited with regular interest and shall be payable in accordance with subsection C, above, upon written request at any time prior to the deferral date. The value of the deferred death benefit payable under this section at the deferral date shall be twice the value of the member’s normal contributions plus interest earned to the deferral date, excluding contributions on overtime and interest thereon which are payable in accordance with Section 1.30.550 at the member’s death. The form of the benefit payable under this section at the deferral date shall be a monthly retirement allowance converted on an actuarial equivalent basis to a life annuity for the life of the spouse.

If the spouse should die before the commencement of the deferred death benefit, then a death benefit will be payable to the spouse’s estate in a lump sum equal to the value of the benefit under subsection C, above, with the member’s normal contributions accruing interest to the date of the spouse’s death.

If the spouse should die after the commencement of the deferred death benefit, then a death benefit may be payable to the spouse’s estate in a lump sum equal to twice the value of the member’s normal contributions, plus interest earned to the date the deferred death benefit payments to the spouse began (excluding contributions on overtime and interest thereon), less any payments already made to the spouse.

E. In the case of a death occurring on or after January 1, 2007, if a member dies while performing qualified military service (as defined by Internal Revenue Code Section 414(u)), the member’s survivors are entitled to any additional benefits (other than benefit accruals relating to the period of qualified military service), such as full vesting upon death, provided under this Section 1.30.670 as if the member had resumed and then terminated employment on account of death.

1.30.680 Retirement allowance payable monthly.

A pension, annuity, or a retirement allowance granted under the provisions of this chapter, unless otherwise specified herein, shall be payable in monthly installments, and each installment shall cover for the current calendar month. Effective January 1, 2002, all new retirees shall be required to receive payment of their retirement allowance by electronic direct deposit with their bank or credit union. Upon the death of a member while receiving a pension, annuity, or retirement allowance, the final month’s payment shall be pro-rated for the portion of the month that the member survived, and shall be paid to the member’s bank or credit union account by direct deposit, if applicable. Upon the death of a surviving spouse or other beneficiary designated by the member who is receiving monthly payments, if applicable, the final month’s payment shall be pro-rated for the portion of the month that the spouse or designated beneficiary survived, and shall be paid to such spouse or beneficiary’s account by direct deposit, if applicable.

1.30.690 Exemption from process.

A. The right of a person to a pension, an annuity or a retirement allowance, to the return of contributions, the pension, annuity or retirement allowance itself, any optional benefit, any other right accrued or accruing to any person under the provisions of this chapter, and the moneys in the fund created under this chapter, shall not be subject to execution, garnishment, attachment or any other process whatsoever, and shall be unassignable except as in this chapter specifically provided.

B. Notwithstanding the foregoing, benefits due a member hereunder pursuant to the provisions of this chapter shall be paid to an alternate payee in accordance with the applicable requirements of any Qualified Domestic Relations Order, or as directed in an Order to Withhold and Deliver under RCW 74.20A.080. A Qualified Domestic Relations Order means a domestic relations order which creates or recognizes the existence of an alternate payee’s right to, or assigns to the alternate payee the right to, receive all or a portion of the benefits payable with respect to a member under this chapter. A Domestic Relations Order means any judgment, decree, or order (including approval of a property settlement agreement) which relates to the provisions of child support, alimony payments, or marital property rights to a spouse, former spouse, child, or other dependent of a member and is made pursuant to a state domestic relations law. A Domestic Relations Order will be qualified only if it:

1. Unambiguously specifies the amount or percentage of the member’s benefits to be paid by the Retirement System to each alternate payee or the manner in which such amount or percentage is to be determined;
2. Does not require the Retirement System to provide any type of form or benefits or any option not otherwise provided under this chapter;
3. Does not require the Retirement System to provide increased benefits (determined on the basis of actuarial value);
4. Does not require the payment of benefits to an alternate payee which are required to be paid to another alternate payee or to a person pursuant to an Order to Withhold and Deliver;
5. Does not require the Retirement System to pay a benefit to the alternate payee before the earliest date on which a benefit could be elected by a member who had the same years of City Service as a member had at the date of the entry of the order; and
6. Complies in all respects with the requirements of the Board of Administration’s rules with respect to Qualified Domestic Relations Orders as they are in effect from time to time.

C. In order for a member to obtain the increased benefit upon divorce, as provided in Options D and E under Section 1.30.660, the member must submit either a Qualified Domestic Relations Order that meets the requirements of this section and specifies that the former husband or wife shall have no survivor benefit upon the member’s death and does not purport to provide a survivor benefit to anyone else, or other proof satisfactory to the Board of Administration that the former husband or wife has irrevocably waived any survivor benefit. If the conditions in the preceding sentence are not met, a member who has retired with Option D or E under Section 1.30.660, and divorced, cannot change the form of benefit and the member’s former husband or wife retains the survivor benefit, but the member’s lesser retirement allowance under Option D or E may be divided by a Qualified Domestic Relations Order while the member and former husband or wife are both living.

1.30.700  Incomplete records – Pension based on estimates.

If it shall be impracticable for the Board of Administration to determine from the records the length of service, the compensation or the age of any member, the Board may estimate for the purpose of this chapter such length of service, compensation or age.

(Ord. 14039 § 22; passed Dec. 6, 1950)

1.30.710  Suspension of payments – Receipt of other compensation.

The payment of any retirement allowance to a member who has been retired from service shall be suspended during the time that the member is for any reason an employee of the City and is in receipt of compensation for such City Service, except as to the amount by which such retirement allowance may exceed such compensation for the same period; provided, that payment for vacation earned in the City Service prior to retirement of a member may be made without any suspension of allowance. This section shall not apply to any persons excluded from membership in the Retirement System under Section 1.30.300, 1.30.290.G, or to persons who elect not to become a member under the option granted under Section 1.30.290.D.

1.30.720  Appropriation for administration of system.

The City Council shall appropriate annually from the Retirement Fund the amount it deems necessary for the purpose of paying the expenses of administering the Retirement System. The Board of Administration shall annually submit to the City Council its estimate of the amount necessary to pay such expenses.

(Ord. 14039 § 24; passed Dec. 6, 1950)

There shall be no reduction in the contributions by members and the City to the Tacoma Employees' Retirement System hereinabove and hereafter provided for, and the City and the members shall be responsible for the payment of any additional cost to them by reason of having taken advantage of the benefits of the Federal Old Age and Survivors Insurance embodied in the Federal Social Security Act.

If any member of the Tacoma Employees' Retirement System, whether or not entitled to any benefits under the Federal Old Age and Survivors Insurance embodied in the Federal Social Security Act upon retirement for any reason provided for in said Tacoma Employees' Retirement System, shall receive a less amount, including all benefits received from the Federal Old Age and Survivors Insurance, if any, but excluding any amounts received from such member's additional contributions, than such member would have been entitled to receive under the provisions of the Tacoma Employees' Retirement System in effect immediately prior to the effective date of the agreement providing for benefits under the Federal Old Age and Survivors Insurance embodied in the Federal Social Security Act, then and in that event such member or his beneficiary shall receive the difference between the total amount actually received as above computed and the minimum amount provided for in said Tacoma Employees' Retirement System in effect at the time of the effective date of the agreement above mentioned.

(Ord. 27886 Ex. B; passed May 4, 2010: Ord. 15495 § 7; passed Dec. 12, 1955)

Any person who has heretofore elected or who may hereafter elect to receive one of the options provided for in Section 1.30.660, and whose retirement allowance will be increased by the adoption of the benefits of the Federal Social Security Act, shall receive only the proper actuarial equivalent of such increase.

(Ord. 15495 § 8; passed Dec. 12, 1955)

1.30.760  Federal O.A.S.I. – Benefits computed on funds actually received.

All benefits which are due because of the accumulated contributions of a member shall be computed only on the actual accumulated funds received and retained by the Tacoma Employees' Retirement System which are standing to the credit of the member at the time of his retirement, notwithstanding any other provision herein contained.

(Ord. 27886 Ex. B; passed May 4, 2010: Ord. 15495 § 9; passed Dec. 12, 1955)

The Governor of the State of Washington is hereby requested to approve this plan and to enter into an agreement with the Secretary of Health, Education and Welfare of the United States for the purpose of extending to officers and employees of the City of Tacoma the benefits of Federal Old Age and Survivors Insurance embodied in the Federal Social Security Act on this plan providing for such insurance, in addition to adjusted Retirement System benefits under the Tacoma Employees' Retirement System; and said Governor is requested to authorize a referendum thereon at the earliest possible date in accordance with Section 3 (4), Chapter 4, Laws of Washington, 1955, Ex. Sess., and Section 218 (d), (3), of the Federal Social Security Act, to the eligible officers and employees of the City of Tacoma upon the question whether they desire to be included under, or excluded from, the provisions of Federal Old Age and Survivors Insurance embodied in the Federal Social Security Act on such plan.34

(Ord. 27886 Ex. B; passed May 4, 2010; Ord. 15495 § 10; passed Dec. 12, 1955)

Upon adoption of such plan, in conformity with the provisions of the Federal Social Security Act and the agreement entered into under the State act, each year there shall be provided, in the respective funds from which City officers and employees of the various departments receive their salaries, sufficient funds to make the payments required by Section 5 (3) (a) and (4), Chapter 4, Laws of Washington, 1955, Ex. Sess.

(Ord. 27886 Ex. A; passed May 4, 2010; Ord. 15495 § 11; passed Dec. 12, 1955)

The Director of Finance of the City of Tacoma is hereby designated as the officer to administer such accounting, reporting and other functions as are required for the effective operation of said plan within the City of Tacoma; he or she shall establish and set up such funds and shall make such reports, in such form and containing such information, as the Governor may from time to time require; and shall comply with such provisions as the Governor or the Secretary of Health, Education and Welfare of the United States may from time to time find necessary to assure the correctness and verification of such reports; and the Governor is authorized to terminate said plan if he or she finds there has been failure to comply substantially with its provisions, such termination to take effect at the expiration of such notice and on such conditions as may be provided by regulations of the Governor consistent with the provisions of the Federal Social Security Act.

(Ord. 25955 § 41; passed Sept. 24, 1996: Ord. 15495 § 12; passed Dec. 12, 1955)

In the event that this plan is properly approved by the eligible officers and employees of the City of Tacoma, the effective date of this plan shall be January 1, 1955, and retroactive to said date.

(Ord. 15495 § 13; passed Dec. 12, 1955)

1.30.810 Federal O.A.S.I. – Director of Finance to be certifying officer.

The Director of Finance of the City of Tacoma is hereby appointed as the certifying agent or officer, and such officer is hereby authorized and empowered to do all things necessary as provided for in the statutes pertaining to said plan.

(Ord. 15495 § 14; passed Dec. 12, 1955)

The Director of Finance of the City is hereby authorized and directed, beginning January 1, 1956, to deduct from the salaries and wages of each employee and officer of the City eligible for coverage under the Federal Social Security Act, the amounts required to be deducted from such employees and officers as provided for by the Federal Insurance Contributions Act. Failure to make such deduction shall not relieve the officers or employees from liability for such contribution.

The said Director of Finance is further authorized and directed to likewise collect from the City such amounts as required to be paid by the City employer under the provisions of the Federal Insurance Contributions Act.

34 Referendum held and passed.
The said Director of Finance shall establish a fund to be known as the "O.A.S.I. Contributions Fund", and all moneys collected from the employees and officers and the City under the Federal Insurance Contributions Act or under any other act pertaining to said plan shall be deposited in this fund and shall be withdrawn and paid out of said fund for coverage under the Federal Social Security Act as by law provided.

(Ord. 15495 § 15; passed Dec. 12, 1955)

1.30.830 Contributions to Tacoma Employees' Retirement System – Adjustment for federal income tax purposes.

The City of Tacoma hereby elects to extend to members of the Tacoma Employees' Retirement System the tax deferral benefits allowed by 26 U.S.C. Section 414(h) and Chapter 227, Laws of 1984 effective January 1, 1985, or as soon thereafter as is permissible by the Internal Revenue Service (the effective date). For such purpose, the City will pay the member’s contribution to the Tacoma Employees’ Retirement System contemplated by Sections 1.30.295, 1.30.296, 1.30.340, 1.30.350, and 1.30.550, and the salary reduction option under Section 1.30.380, for pay periods commencing on or after the effective date and will reduce the member’s paid compensation by the amount of the City’s contribution so paid. The City contribution made under this section, plus accumulated interest, shall be subject to withdrawal pursuant to Section 1.30.550 and forfeiture pursuant to Section 1.30.330.

A member’s paid compensation for purposes of the Federal Insurance Contributions Act (Social Security tax), for purposes of workers’ compensation and for all purposes other than federal income taxation shall be computed as if the foregoing contribution and corresponding reduction in a member’s paid compensation had not been made.

The City reserves the right to discontinue this arrangement for a City contribution and corresponding paid compensation reduction at any time as to compensation earned afterwards. No affected member shall have any contract rights to compel the City to continue the arrangement should the City decide to pay the member his or her full paid compensation and then require that the member pay to the Tacoma Employees’ Retirement System the member’s contributions contemplated by Sections 1.30.295, 1.30.296, 1.30.340, 1.30.350, 1.30.380, and 1.30.550.

(Ord. 27886 Ex. B; passed May 4, 2010: Ord. 27111 § 2; passed Jul. 1, 2003: Ord. 23411 § 1; passed Jun. 11, 1985)

1.30.840 Trust fund.

A. The retirement fund created pursuant to Section 1.30.460 shall be a trust fund held for the exclusive benefit of the members of the Tacoma Employees’ Retirement System and their beneficiaries. No part of the corpus or income of the retirement fund shall be used for, or diverted to, purposes other than for the exclusive benefit of the members or their beneficiaries and the payment of fees and expenses of maintaining and administering the Retirement System.

B. This section shall be interpreted to allow the following:

1. A return of a contribution to the City or its application as a credit on future contributions, after the Board determines that the City has paid or overpaid the contribution under a mistake of fact; and

2. The making of refunds required by law;

3. Termination of the Retirement System and distribution of its assets to the City after all liabilities with respect to the members and their beneficiaries have been satisfied.

(Ord. 27886 Ex. B; passed May 4, 2010: Ord. 23411 § 2; passed Jun. 11, 1985)

1.30.850 Status of benefits in event of termination of system.

If the City terminates or partially terminates the Retirement System, each member affected shall have a nonforfeitable right to the retirement allowance accrued prior to the date of such termination or partial termination, to the extent funded as of that date, or if greater the normal contribution and additional contribution plus interest credited to the members' accounts. As used in this section, "terminate" means to discontinue the system completely without a comparable replacement plan; "partially terminate" means to exclude a segment of employees from coverage without the provision of a comparable replacement plan; and "nonforfeitable" means that a member's or beneficiary's right to an immediate or deferred benefit that arises from the member's City Service may not be forfeited by termination of service.

(Ord. 23411 § 2; passed Jun. 11, 1985)
1.30.860 Compliance with applicable provisions of the Internal Revenue Code by regulations of the Board of Administration.

A. Chapter 1.30 shall be administered in a manner to comply with the requirements of Internal Revenue Code Section 401(a)(8), (9), (16), (25), (30), and (31) and the Board shall promulgate regulations designed to assure compliance with the requirements of such law which will become a part of the Retirement System subject to change only by amendment of said regulations by the Board.

B. Membership of any new classification of employees will be denied if such participation will have an adverse impact on the tax qualification of TERS, pursuant to applicable federal law and regulation, including but not limited to those sections set forth above in subsection A.

C. Excess Limits Plan. Any retiree or beneficiary whose benefit or survivor benefit is limited by Internal Revenue Code Section 415 shall participate in an excess limits plan under this provision for any year in which his or her benefit is limited by Section 415. The excess limits plan shall pay the retiree or beneficiary a monthly benefit equal to the difference between the retirement allowance otherwise payable under this chapter before the application of Internal Revenue Code Section 415, and the retirement allowance as limited by Section 415. This benefit shall be payable by the City when due and shall not be paid from the Retirement Fund. The excess limits benefit shall be subject to income and employment tax withholding in accordance with applicable law. The benefit will be adjusted for the member’s share of any employment taxes paid by the City on the member’s behalf. This provision shall be interpreted to comply with Internal Revenue Code Section 415(m).

1.30.870 Severability.

If anyone or more sections, subsections, subdivisions, sentences, clauses or phrases of this chapter are for any reason held to be unconstitutional or invalid, such decision shall not affect the validity of the remaining portions of this chapter, but the same shall remain in full force and effect.

(Ord. 23411 § 2; passed Jun. 11, 1985.)

1.30.880 Agreement for portability of retirement benefits – Terms.

A. The Board of Administration of the Tacoma Employees' Retirement System is authorized to contract with the Board of Administration of the Seattle City Employees' Retirement System and/or Board of Administration of the Spokane Employees' Retirement System (each called a "participating system") for the portability of retirement benefits of employees who are also members of the retirement systems of the cities of Seattle and Spokane, respectively.

B. The following terms and conditions shall apply in addition to such other requirements as may be established by rule of the Board or the agreement with participating systems:

1. The member must be in the active service of a participating system on or after the effective date of the Board's agreement for portability; a member retired from any of the three systems on the effective date of this chapter is not eligible.

2. Creditable service may accrue in only one participating system at a time. A member who leaves City employment to enter military service may only receive creditable service for his or her military service in one of the participating systems according to its rules.

3. A member may combine service credit in two or more participating systems for the sole purpose of determining the member's eligibility to receive a service retirement allowance, but the member may not aggregate service credit in two or more retirement systems for the purpose of determining the percentage factor to be used in calculating a service retirement allowance; PROVIDED, however, a member retiring on or after February 1, 1997, may aggregate service credit in two or more retirement systems for the purpose of determining the percentage factor to be used in calculating a service retirement allowance as provided elsewhere in this chapter. The service retirement allowances from a system, which but for this agreement would not be allowed to be paid at this date based on the dual member's age, shall be either actuarially adjusted from the earliest age upon which the combined service would have been made such dual member eligible in that system, or the dual member may choose to defer the benefit until fully eligible.

4. A member of two or more participating systems who is eligible to retire under any system may elect to retire from all the members' systems and to receive a service retirement allowance. Each participating system shall calculate the allowance using its own criteria, except that the member shall be allowed to use the member's "base salary" from any participating system as the compensation used in calculating the allowance. "Base salary" means the salary or wages used by the participating system during a payroll period for making contributions to the system by its members generally. It includes salary or wages paid for personal services and wages and salary deferred under the provisions of the United States Internal Revenue Code. It excludes...
1.30.880 Overtime payments and nonmoney maintenance compensation.

Overtime payments (except as to service for the City of Spokane), nonmoney maintenance compensation, and lump sum payments for deferred annual leave, unused accumulated vacation, unused accumulated annual leave, any form of severance pay, any bonus for voluntary retirement, any other form of leave, or any similar lump sum payment.

5. The retirement allowances shall be paid separately by each participating system. Post-retirement adjustments, if any, shall be based on the payments made by each participating system to the member.

6. The total retirement allowances provided through portability of benefits shall not be less than the benefits payable by each participating system were there no portability, nor more than the benefits that would be payable had all service been with one participating system.

7. A participating system may pay a member of two or more systems a lump sum in lieu of a monthly benefit if the initial monthly benefit would be less than $50.00.

8. If a member of two or more participating systems dies in service in any system, the surviving spouse shall receive the same benefit from each system that would have been received if the member were active in the system at the time of his or her death based on service actually established in that system.

9. The terms and conditions of the Board's agreement with the board of a participating system both establishes and limits the portability of benefits provided. The Board's agreements may be amended from time to time or supplemented by an agreement with the State of Washington for portability with State Retirement Systems. If the Board amends its agreement with the board of a participating system or makes modifications to provide portability with State systems, the rights, terms and conditions for portability are subject to amendment or abolition at any time before a member retires.

10. A member who: (a) earned retirement credit for service in a participating system, (b) withdrew his or her contributions from that system, (c) lost service credit by making the withdrawal, and (d) is now an active member of another participating system, may restore his or her prior service credit in the participating system of his or her former municipal employer by redepositing an amount determined by the system Board. Any individual hired after January 1, 1992, shall be provided with a one-year period under portability to repay contributions. This would not extend the time period for those individuals presently in the system who have not taken advantage of the one-year "windowed" period from January 1, 1991, to December 31, 1991. The amount shall be measured by the accumulated contributions withdrawn plus compound interest which would have accumulated on the withdrawn contributions from the date of withdrawal until the date of redeposit.

(Ord. 27886 Ex. B; passed May 4, 2010: Ord. 26530 § 5; passed Nov. 9, 1999: Ord. 25049 § 1; passed Jan. 21, 1992: Ord. 24782 § 1; passed Dec. 11, 1990)

1.30.890 Agreements for portability of retirement benefits with the State of Washington.

The City of Tacoma irrevocably elects to participate in the portability of public retirement benefits in Washington State public retirement systems, as contemplated by Chapter 41.54 RCW, and to pay for the additional costs it may incur as a result of the benefits provided.

The eligibility of members for the portability of public retirement benefits, the benefits available thereunder, the limitations (including those set forth in RCW 41.54.080), and the procedures necessary to implement portability shall be as set forth in Chapter 41.54 RCW and to the extent inconsistent with Section 1.30.880, shall govern. With respect to retirements effective on or after February 1, 1997, a member may combine service credit in two or more systems for the purpose of determining the percentage factor to be used in calculating a service retirement allowance as provided elsewhere in this chapter.

BAD CHECK AND OTHER CHARGES

Sections:

1.36.010 Collection charges for unpaid or dishonored check, credit card, debit card, and Automated Clearing House payments.
1.36.020 Late payment charges on obligations owed to City.

1.36.010 Collection charges for unpaid or dishonored check, credit card, debit card, and Automated Clearing House payments.

Whenever any person, firm, or corporation gives or causes to be given to the City, or any department, division, or agency thereof, a check, credit card, debit card, or Automated Clearing House (“ACH”) payment drawn on or processed by a bank or other financial entity in purported payment of any obligation due the City, which check, credit card, debit card, or ACH payment is subsequently dishonored or unpaid because of an improper signature thereon, or by reason of the drawer or obligor of said check, credit card, debit card, or ACH payment item having no account in the bank or other financial entity upon which check is drawn, or because of the drawer or obligor thereof having insufficient funds in said bank or other financial entity, or because of the drawer or obligor having stopped payment on such check or transaction item, or for any other reason resulting in dishonored payment, then in any of these events, there may be added to the obligation due the City the sum of $20 to cover the additional cost to the City thereby entailed. Such sum may be collected in the same manner as any other indebtedness due the City, and any receipt theretofore given in reliance upon said dishonored payment item shall be null and void and no other receipt shall be given for the payment of the original indebtedness until said additional collection charge has also been paid. For City accounting purposes, this charge will be allocated to each utility in the same ratio as credit and collection costs (when the charge is assessed for a utility payment), and recorded as revenue for City tax purposes. The charge will be recorded as revenue for City tax purposes in the appropriate fund when the charge is assessed for other than a utility payment.

(Ord. 27026 § 1; passed Dec. 10, 2002: Ord. 23337 § 1; passed Sept. 10, 1985)

The charge will be recorded as a revenue for City tax purposes in the fund issuing the initial invoice. Notwithstanding the provisions for the imposition of late payment charges contained in this section, such late payment charges shall not commence to be imposed against obligations owed to the City as a result of the City’s failure to deduct FICA from unused sick leave to former City employees leaving City employment; provided, that such obligations are paid either in full or in monthly installments of not less than one-twelfth of the obligation owed, commencing on or before February 1, 1988.

(Ord. 24007 § 1; passed Dec. 29, 1987: Ord. 23337 § 1; passed Sept. 10, 1985)

TRANSFER OF DEVELOPMENT RIGHTS PROGRAM ADMINISTRATIVE CODE

1.37.030 Sending Areas.
1.37.040 Sending Area Development Limitations.
1.37.050 Sending Area TDR Allocation.

1.37.080 Receiving Area Process.
1.37.090 TDR Manager Responsibilities.

1.37.010 Purpose.
The Transfer of Development Rights (TDR) Administrative Code establishes procedures for the operation of the City’s TDR Program. The TDR Program is designed to advance the goals of the State’s Growth Management Act by providing a tool to advance the City’s conservation goals, historical preservation goals, and built environment goals by encouraging the voluntary redirection of development potential away from areas where the City wants less or no development potential, called sending areas, toward areas that the City has designated as suitable for bonus development potential, called receiving areas.

(Ord. 28087 Ex. A; passed Sept. 25, 2012)

1.37.020 Definitions.
“Baseline development potential” is the maximum development density or intensity allowed in TDR receiving areas when property owners choose not to use the bonus palette in Title 13 TMC to achieve bonus height.

“Bonus development” is development that exceeds baseline development potential in accordance with this chapter and the TDR provisions in Title 13 TMC.

“Receiving areas” are lands designated by this chapter which TDRs can be used in compliance with this chapter and Title 13 TMC.

“Sending areas” are lands or structures qualified to generate TDRs for use within receiving areas in compliance with this chapter.

“Sending area TDR allocation” means the number of TDRs that a sending area owner is issued per acre or lot conserved, or per landmark structure preserved.

“TDR Administrative Procedures” are procedures in Title 1 TMC that implement this chapter and the TDR bonus provisions in Title 13 TMC.

“TDR Manager” is an employee of the Tacoma Planning and Development Services Department tasked with accomplishing the duties specified by this chapter.

“Transferable development rights (TDR or TDRs)” are whole or fractional units of development potential transferred from sending areas that can be used in receiving areas to increase development density or intensity in compliance with this chapter.

1.37.030 Sending Areas.
The following five categories of land or structures qualify as sending areas:

A. Pierce County Farm Land: Farm land designated as Agriculture Resource Land (ARL) in unincorporated Pierce County situated in Pierce County’s Puyallup Valley (Alderton-McMillin or Mid County Community Planning Areas).

B. Pierce County Forest Land: Forest land designated as Forest Land (FL) situated in unincorporated Pierce County.

C. Resource lands in King County and Snohomish County.
D. Tacoma Habitat: Lands providing high habitat and natural value located within, or in proximity to, designated Open Space Corridors in the Comprehensive Plan, and lands providing exceptional habitat and natural value located within the City and outside of the designated Open Space Corridors.

E. Tacoma Landmarks: Structures designated as a landmark as identified in the Tacoma Register of Historic Places.

Publicly owned lands are not eligible sending areas. Public or privately owned lands that are currently encumbered by a perpetual conservation easement or a similar instrument are not eligible sending areas.

The City may modify eligible sending areas situated in unincorporated Pierce County or unincorporated King County and Snohomish County through an interlocal agreement or resolution that references WAC 365-198. In the event that the City modifies eligible sending areas with an interlocal agreement or resolution, the terms of the interlocal agreement or resolution are controlling.

1.37.040 Sending Area Development Limitations.

With the sole exception of Tacoma Landmarks, property owners who participate in the TDR Program shall record a conservation easement on the sending area property that achieves the following standards:

A. For sending areas situated in unincorporated Pierce County, the sending area must be encumbered by a conservation easement approved by Pierce County.

B. For sending areas situated in unincorporated King County, the sending area must be encumbered by a conservation easement approved by King County.

C. For Tacoma Habitat, the sending area must be encumbered by a conservation easement approved by the City.

D. For Tacoma Landmarks, the sending area must continue to be regulated by the landmark development controls and a conservation easement specific to the sending area property.

All conservation easements used to achieve development bonuses encumber real property pursuant to this chapter and Title 13 TMC must be conveyed in a manner consistent with RCW 64.04.130. The grantee of the conservation easement must be the City or a third party with the express right to enforce the terms of the conservation easement.

(Ord. 28087 Ex. A; passed Sept. 25, 2012)

1.37.050 Sending Area TDR Allocation.

Upon recordation of a qualifying easement, TDRs shall be issued to the participating sending area property owners as follows:

A. For sending areas situated in unincorporated Pierce County, Pierce County will establish the sending area allocation ratios for the TDRs that are consistent with Pierce County Code 18G.10.040, or any amendment thereof.

B. For sending areas situated in unincorporated King County, King County will establish the sending area allocation ratios for the TDRs that are consistent with King County Code 21A.37.040, or any amendment thereof.

C. For Tacoma Habitat sending areas:
   1. For residential zones: one TDR for each forgone dwelling allowed by the property’s current zoning.
   2. For nonresidential or multifamily zones: one TDR for each 8,000 square feet of potential but foregone floor area allowed by the property’s current zoning.
   3. In determining development potential for this purpose, the TDR Manager shall make a reasonable estimate of the number of dwelling units or square feet of floor area buildable on the sending area under its current zoning restrictions and all other applicable land use, development standards, and environmental controls (e.g. applicable setbacks, infrastructure requirements, or critical area regulations).

D. For Tacoma Landmarks sending areas: the transferable floor area from Tacoma-designated landmarks shall be the maximum square feet of floor area achievable within the area’s zoning and other applicable codes minus the floor area of the designated landmark.
   1. Designated Tacoma landmarks DCC-Downtown and DCC-City Hall: one TDR per 600 square feet of foregone or unused potential floor area allowed by the property’s current zoning.
   2. Designated Tacoma Landmarks not within DCC-Downtown and DCC-City Hall: one TDR shall be allocated per 1,200 square feet of foregone or unused potential floor area allowed by the property’s current zoning.
1.37.060 Receiving Area Baselines, Maximum Development and Exchange Ratios for Receiving Areas Where Bonus Development Is Allowed By TDR.

In zones where Title 13 TMC expresses bonus development in terms of height, the number of TDRs required to obtain a development bonus shall be calculated using square feet of bonus floor area.

As provided in Title 13 TMC, the relevant zoning regulations for each TDR receiving area establish the property’s base height limit development potential and the ability to use TDRs to achieve the property’s maximum development potential. TDRs may be used as follows to achieve the height bonus as provided in Title 13 TMC:

A. For sending areas situated in unincorporated Pierce County: one TDR allows 5,000 square feet of bonus floor area.

B. For sending areas situated in unincorporated King County: one TDR allows 10,000 square feet of bonus floor area.

C. For Tacoma Habitat sending areas: one TDR allows 15,000 square feet of bonus floor area.

D. For Tacoma Landmarks sending area: one TDR allows 10,000 square feet of bonus floor area.

Project applicants may use TDRs from one or more sending sites for an individual project. If the project results in unused TDRs, the City’s TDR Manager shall, upon the project applicant’s request, mark the TDR certificate as having a fractional TDR value. Fractional TDRs may be transferred to third parties.

1.37.070 Sending Area Process / TDR Certification.

The following must occur before the City recognizes a TDR for bonus development purposes:

A. For sending areas situated in unincorporated Pierce County: the TDR must be certified pursuant to the Pierce County Code 18G.10.070, or any amendment thereof. For the purposes of this TDR program, the City will honor Pierce County’s transferrable development credits (TDCs) as TDRs on a one to one basis.

B. For sending areas situated in unincorporated King County: the TDR must be certified pursuant to the King County Code 21A.37.070, or any amendment thereof.

C. For Tacoma Habitat sending areas:

1. Prior to recordation of a conservation easement on an eligible TDR sending area, the landowner shall submit an application, application fee and proposed, unsigned easement in compliance with the TDR Administrative Procedures. This application shall include the documentation required by the TDR Administrative Procedures to prove ownership. All lien holders must provide written consent to the recordation of the proposed easement.

2. When the TDR Manager and the applicant agree that all requirements have been satisfied, the easement shall be signed and recorded. The grantee may be the City, another governmental entity, or an authorized conservation organization acceptable to the City.

3. Upon recordation of the easement, the TDR Manager shall issue to the applicant a specified number of TDRs, each with a serial number. The TDR Manager shall document the issuance and retirement of all TDRs as well as all transfers of TDR ownership in accordance with the TDR Administrative Procedures. TDRs from the same sending area are not required to be transferred or retired as a group. In accordance with the TDR Administrative Procedures, TDRs may be transferred together or individually. Any person, organization or government, including the City, may acquire TDRs and hold them for preservation purposes or resale.

D. For Tacoma Landmark sending areas:

1. The owners of designated Tacoma landmarks who choose to participate in the TDR program shall submit an application and application fee. This application shall include the documentation required by the TDR Administrative Procedures to prove ownership.

2. When the TDR Manager and the applicant agree that all requirements have been satisfied, the TDR Manager shall issue to the applicant a specified number of TDRs, each with a serial number. The TDR Manager shall document the issuance and retirement of all TDRs. TDRs from the same sending area are not required to be transferred or retired as a group. In accordance with the TDR Administrative Procedures, individual TDRs may be transferred together or individually. Any person, organization or government, including the City, may acquire TDRs and hold them for preservation purposes or resale.

(Ord. 28087 Ex. A; passed Sept. 25, 2012)
1.37.080 Receiving Area Process.

Developers who intend to exceed baseline development potential in a TDR receiving area, as identified in Title 13 TMC, shall acknowledge in development-related application materials that they will be required to submit the prescribed number of TDRs at the time the developer submits the building permit application. Preliminary application approval, where applicable, will indicate the estimated number of TDRs required prior to final approval. Applicants are not required to own or control TDRs at the time of submitting the application, and TDRs do not impact a project’s ability to vest to current regulations. Instead, applicants shall submit the prescribed number of TDRs prior to the City’s issuance of building permits.

Developers may obtain TDRs directly from a sending area landowner, from TDR banks, or from any other intermediary.

Final building permit approval shall not be granted until the TDR Manager has provided written documentation of compliance with TDR requirements. The serial numbers of all TDRs shall be recorded on the building permit for all projects using TDRs.

(Ord. 28087 Ex. A; passed Sept. 25, 2012)

1.37.090 TDR Manager Responsibilities.

A. The TDR Manager shall maintain a TDR registry documenting the ownership history of all TDRs by serial number from the time they are granted to the sending area owner to their retirement in a receiving area development.

B. The TDR Manager may adjust the value of a serially numbered TDR to reflect TDRs that have been partially used as contemplated in this chapter.

C. Upon the City Council’s request, the TDR Manager shall prepare for City Council an annual TDR report documenting all TDRs issued, transferred and retired. The report may include recommendations on amendments that could improve the effectiveness of the TDR program. If necessary, the TDR Manager may recommend establishing limits on the number of TDRs from any of the sending area categories or other mechanisms designed to maximize achievement of City goals including but not limited to compliance with the requirements of a TDR-based Tax Increment Financing District (as authorized in chapter 39.108 RCW).

D. The TDR Manager shall recommend adjustments in 1.37.060 as market conditions change in a significant manner.

The purpose of this Chapter is to encourage the development of affordable housing for rental households earning 50 percent or less, and ownership households earning 80 percent or less of the Tacoma median household income, pursuant to the provisions of RCW 36.70A.540. The Growth Management Act (“GMA”) requires Tacoma to make adequate provisions for existing and projected housing needs of all economic segments of the community. The City recognizes that the real estate market provides adequate housing for those households in the upper economic segments; however, a combination of financial and regulatory incentives will be necessary to adequately provide for the needs of households whose incomes are at or below the City's median household income. The City recognizes the public benefits affordable housing contributes to local communities and businesses.

(Ord. 28511 Ex. A; passed May 15, 2018: Ord. 28336 Ex. A; passed Dec. 1, 2015)

1.39.020 Definitions.
A. Affordable Housing Incentives Program Covenant Agreement. That document to be signed by the applicant and the City and representing a recorded agreement, lien and covenant running with the land, binding all the assigns, heirs and successors of the applicant securing affordability requirements and more fully described pursuant to TMC Section 1.39.030.G below.
B. Annual Portion of Net Proceeds Table. An Exhibit to the Affordable Housing Incentives Program Covenant Agreement which details the applicable in-lieu fee percentage to use when determining the required in-lieu fee payment for homeownership projects.
C. Back-End Ratio. Housing costs for homeownership projects calculated as the principal, interest, taxes and insurance plus recurring household expenses paid on a monthly basis divided by the household’s gross monthly income.
D. Density Bonus. Additional development capacity available in exchange for the affordable housing provisions proscribed in this Chapter as well as in TMC 13.06 and 13.06A.
E. Front-End Ratio. Housing costs for homeownership projects calculated as the principal, interest, taxes and insurance paid on a monthly basis by a household divided by the household’s gross monthly income.
F. Household. Household is defined as all persons living in the same household who are related or unrelated persons who reside in the same dwelling unit as their permanent residence. This does not include live-in aides and/or unrelated persons paying rent for a room.
G. Successor-in-Interest. The household that buys the home from the most recent income qualified household selling the home. The Successor-in-Interest may or may not be income qualified.
H. Up-Front In-Lieu Fee. The per unit in-lieu fee as described in TMC Section 1.39.080 multiplied by the additional units created.

(Ord. 28336 Ex. A; passed Dec. 1, 2015)

1.39.030 Applicability.
The affordable housing incentives for low-income households may be utilized within a range of zoning designations throughout the City. The incentives and bonuses offered through the provisions of this Chapter may be utilized to gain an
increase in height or density pursuant to the provisions and ratios of the applicable provisions of Title 13 of the Tacoma Municipal Code (“TMC”), as specified in Chapters 13.06 and 13.06A. Additional permitting incentives, including fee reductions and expedited City review, are also authorized through this Chapter. Finally, this Chapter lays out requirements to incorporate housing affordability in certain circumstances, including with the grant of residential upzone requests and for development within areas designated for inclusionary housing.

Areas designated in TMC 13.18, Affordable Housing Inclusionary Development Areas, are subject to the requirements of Section 1.39.100 below, which modifies some of the general provisions of this Chapter.

(Ord. 28511 Ex. A; passed May 15, 2018: Ord. 28336 Ex. A; passed Dec. 1, 2015)

1.39.040 Program Requirements.

A. Duration of Affordability. Affordable housing units created as a result of the provisions of this Chapter shall remain affordable for 50 years, unless an in lieu fee is paid pursuant to the requirements of this Chapter. A recorded agreement, lien and covenant running with the land, binding all the assigns, heirs and successors of the applicant shall secure the affordability requirements. The recorded covenant must provide that if the affected unit in the property is converted to a use other than for low-income affordable housing as defined under this Chapter within the required affordability duration, the property owner must pay the applicable Affordable Housing in-lieu fees in effect at the time of conversion.

B. Number of units. A minimum of 20 units shall be included in a project in order to qualify to enter the program.

C. Affordable Housing units shall be rented or sold to income-qualified households. To qualify, rental occupied households shall earn no more than 50 percent of Area Median Income (AMI) for Pierce County, adjusted for family size. To qualify, owner households shall earn no more than 80 percent of AMI for Pierce County, adjusted for family size. The establishment of rental levels and housing prices will be updated as needed to reflect changing household affordability needs in the community.

D. Maximum rent and purchase price for designated units.

1. Rental. The maximum cost of rent and utilities which may be charged for designated affordable units shall not exceed 30 percent of the tenant’s monthly gross income.

2. Ownership. The maximum Front-End Ratio cost for purchase of for-sale units shall be 33 percent, and the maximum Back-End Ratio cost shall be 50 percent.

E. Construction of Affordable Housing Units. If affordable housing units are constructed in phases or over a period of more than 12 months, a proportional amount of affordable housing units must be completed at or prior to the completion of related market rate housing units.

F. Size/Location/Appearance of Affordable Housing Units. The affordable housing units shall be provided in a range of sizes comparable to those units that are available to other residents. To the extent practicable, the number of bedrooms in low income units must be in the same proportion as the number of bedrooms in units throughout the entire development. Affordable housing units shall generally be distributed throughout the development and have substantially the same functionality and amenities as the market rate units in the development. The exterior appearance of the affordable housing units shall be indistinguishable from the market rate housing units within the project in terms of finish materials and design vocabulary. Interior finish materials and content of affordable units shall be generally comparable with market rate housing units within the project.

G. Affordable Housing Incentives Program Covenant Agreement. An application for a proposed project that incorporates any of the incentives in this Chapter shall not be deemed complete until the applicant has submitted a signed Affordable Housing Incentives Program Covenant Agreement as a component of the application package. The agreement shall include, but not be limited to:

1. The term of affordability;

2. Identification of all the development and financial incentives that the project proposes to incorporate;

3. Identification of the minimum number of affordable housing units required to be provided in the project to qualify for use of these provisions;

4. Binding language recorded on the title of the property that protects the City's interests in the event that a developer obtains affordable housing incentives through the platting or building phases but fails to provide low-income affordable housing;

5. Language that requires recording the required low-income affordability provisions prior to the approval of a final plat, multi-family or mixed use building permit, or other development approval;
6. Language that recognizes the potential need to modify the agreement if the submitted project requires alteration through the review and approval process; and

7. Language that sets forth the consequences of a breach of contract action where the applicant fails to provide the required number of affordable housing units as required under the Agreement.

H. Monitoring Continued Affordability. The Housing Development Division of the Community and Economic Development Department shall monitor the continued affordability of both rental and owner-occupied housing units. The City reserves the right to establish in the Affordable Housing Incentives Program Covenant Agreement monitoring fees for the affordable housing units, which can be adjusted over time to account for inflation. The purpose of any monitoring fee is for the review and processing of documents to maintain compliance with income and affordability restrictions of the Affordable Housing Incentives Program Covenant Agreement.

I. Resale of Affordable Homeownership Units. Affordable Housing units provided for under this Chapter may be sold or resold to eligible low-income households or a nonprofit organization through the end of the required affordability duration. Any sale to a non-income eligible household would require the seller to forfeit a portion of net sales proceeds consistent with the seller’s tenure of ownership relative to the in-lieu fee reduction schedule identified in the Affordable Housing Incentives Program Covenant Agreement.

(Ord. 28336 Ex. A; passed Dec. 1, 2015)

1.39.050 Financial Incentives.
A. Financial incentives are intended to reduce the financial burden of carrying a loan through the review process and alleviate up-front financial costs to developers and builders associated with participating in this program, and to reduce costs in exchange for providing affordable housing units.

B. Expedited Permit Processing. The City will seek opportunities to expedite the review of development proposals incorporating affordable housing under the provisions of this Chapter. Actions to implement this shall be resource dependent.

C. Fee Reductions. Permit fees applicable to development proposals which commit to incorporating affordable housing units under the provisions of this Chapter may be fully or partially paid by City funding allocated for the purpose of promoting affordable housing. Such action will be resource dependent.

(Ord. 28336 Ex. A; passed Dec. 1, 2015)

1.39.060 Development Incentives.
A. Development incentives are voluntary options intended to promote the incorporation of affordable housing units within private developments by offering sufficient value to offset the cost of the reduced revenue from rents or purchase prices, in order to promote a range of housing unit costs integrated within for-profit housing developments and thus promote a distribution of affordable housing throughout the neighborhoods of the City.

B. Planned Residential Districts. Per the provisions of TMC 13.06.140, PRDs offer a zoning mechanism to develop a site specific proposal on larger sites that can incorporate additional density in exchange for the provision of affordable housing units pursuant to the requirements of this Chapter. PRDs may allow up to two times the number of dwelling units permitted in the underlying residential district. Fifty percent of this bonus development capacity is reserved for the provision of affordable housing pursuant to the requirements of this Chapter.

C. Downtown Tacoma. Per the provisions of TMC 13.06A.080, development proposals within Downtown zoning districts seeking to gain additional Floor Area Ratio may choose from a list of public benefit features including the provision of affordable housing pursuant to the requirements of this Chapter.

D. Mixed-use Centers. Per the provisions of TMC 13.06.300.(E).7 Height Bonus Palette, development proposals within certain mixed-use center zoning districts seeking to gain additional height may choose from a list of public benefit features, including a contribution to the City of Tacoma’s Affordable Housing Trust Fund.

E. Affordable Housing Inclusionary Development Areas. Areas designated in TMC 13.18 as Affordable Housing Inclusionary Development Areas have been granted increased development capacity at the time of their designation to offset the cost of providing affordable housing. In addition, such areas are eligible for incentives in exchange for incorporation of affordable housing, pursuant to Section 1.39.100, below.

(Ord. 28511 Ex. A; passed May 15, 2018; Ord. 28376 Ex. E; passed Aug. 16, 2016; Ord. 28336 Ex. A; passed Dec. 1, 2015)
1.39.070 Residential Upzones.

A. The grant of a change in zoning designation to a zone that allows higher development capacity increases the value of the land. This provision creates the mechanism for some of that increase in value to be allocated to the provision of affordable housing units. Zoning changes are governed by the provisions of TMC 13.06.650.

B. Per TMC 13.06.650, privately-initiated upzone requests shall be conditioned to provide for the incorporation of affordable housing units per the provisions of this Chapter. City-initiated upzones shall also be evaluated for housing affordability needs and may also result in a determination that housing units shall be incorporated under the provisions of this Chapter.

(Ord. 28336 Ex. A; passed Dec. 1, 2015)

1.39.080 Incorporation of Affordable Housing Units.

A. To obtain the Financial and Development Incentives offered, to gain approval of a residential upzone, or to meet inclusionary housing requirements, the following provisions must be met. These include the incorporation of affordable housing units within the project or the payment of an in-lieu fee to the City to be utilized for the creation of housing affordability.

B. Incorporation of Affordable Units. To satisfy the provisions of this section the following is required:

1. Density bonuses – Planned Residential Districts and Downtown Floor Area Ratio. For each additional market rate dwelling unit allowed through a density bonus, pursuant to the provisions of this Chapter and of TMC 13.06 and 13.06A, an additional affordable unit shall also be included. The ratio of bonus density market rate to affordable units shall be one to one.

2. Density bonuses – Residential Upzones. For every three additional market rate dwelling units allowed through a privately-initiated upzone request, an additional affordable unit shall also be included per the provisions of this section and of TMC 13.06.650. The ratio of upzone market rate to affordable units shall be three to one.

3. Density bonuses – Affordable Housing Inclusionary Development Areas. Areas designated in TMC 13.18 as Affordable Housing Inclusionary Development Areas shall incorporate the required percentage of total units as affordable, pursuant Section 1.39.100, below.

4. Affordability requirements. To qualify as affordable per the provisions of this section, rental households shall be affordable to households earning up to 50 percent of the Pierce County Area Median Income (AMI), and ownership households shall be affordable to households earning up to 80 percent of AMI, adjusted for household size.

5. A combination of affordable rental and ownership households is acceptable within a qualifying development.

6. Affordable housing units provided pursuant to the provisions of this section shall remain affordable for a 50 year term, pursuant to the requirements of RCW 36.70A.560.

C. In-lieu Fee option. As an alternative to incorporation of affordable housing units within the development, the project proponent may choose to pay an in-lieu fee as a contribution to the City’s Housing Trust Fund. This fee is based on the increased land value as a function of City approval to allow more density, and has been calibrated to provide equivalent affordable housing benefit to the community as compared to the incorporation of affordable housing units within the development.

1. Density bonus types. The density bonus provisions of this section function either as an increase in the number of dwelling units permitted (in the case of PRDs), or as an increase in over height and bulk (in the case of Floor Area Ratios or height increases). Upzone requests can work in either fashion. The in lieu fee options for each are calculated as follows:

a. Calculation - Dwelling Units bonus. If paid prior to issuance of the Certificate of Occupancy, the in-lieu fee shall be $10,000 for Planned Residential Districts, Mixed-use Center Height bonuses, and Downtown Floor Area Ratio bonuses, and $5,000 for upzones, as of July 1, 2016, adjusted per the Consumer Price Index annually, for each additional dwelling unit (both market-rate and affordable) permitted through the bonus density or upzones provisions of this Chapter. For density bonuses and upzones which grant additional height or Floor Area Ratio, the additional dwellings shall be calculated as the additional square footage permitted through the density bonus divided by the average dwelling unit size within the development.

b. In-lieu fee payment Timing. The project proponent or subsequent property owner can choose to pay the in-lieu fee at any point during the 50 year required period of affordability. If paid after issuance of the Certificate of Occupancy, the in lieu fee shall be paid as follows:

a. Multifamily rental projects. The per unit in-lieu fee as described in C.1.a above multiplied by the additional units created through the Density Bonus. This number constitutes the Up-Front In-Lieu Fee. The Up Front In-Lieu Fee is multiplied by two
percent multiplied by the number of years the project has been in service per the Affordable Housing Incentives Program Covenant Agreement.

b. Homeownership projects. If the home is resold to a non-income qualified Successor-in-Interest within the first 5 years of the period of affordability, 100 percent of the net proceeds upon resale would constitute the in-lieu fee. If the home is resold to a non-income qualified Successor-in-Interest in year 6 or after, the in-lieu fee would be the net proceeds from the resale of the home multiplied by the following in-lieu fee percentage: At year 6 the in-lieu fee is 50 percent of net proceeds, declining thereafter by 1 percent per year in years 7 through 48 with a two percent decrease at year 49.

3. Use of in lieu fee funds. Funds paid pursuant to the in-lieu fee option into the Housing Trust Fund shall be utilized by the City for the creation of housing affordability pursuant to the strategies identified through the City of Tacoma’s Consolidated Plan and other related City of Tacoma affordable housing policy documents.

1.39.090 Procedures.
A. Predevelopment Meeting. A meeting shall be required for any land application that incorporates any of the provisions of this Chapter.

B. Affordable Housing Incentives Program Covenant Agreement. An application for a proposed project that incorporates any of the provisions of this Chapter shall not be deemed complete until the applicant has submitted a signed Affordable Housing Incentives Program Covenant Agreement as set forth in this Chapter, as a component of the application package.

C. Development Review. The Planning and Development Services Department shall integrate additional density or other bonuses resulting from the incorporation of affordable housing units into a development proposal under the provisions of this Chapter into their review and approvals for the proposal.

D. Required Documentation. Prior to the final approval of any land use application or building permit that incorporates any incentives provided for within this Chapter, the owner of the property shall provide a signed and recorded Affordable Housing Incentives Program Covenant Agreement which will serve as a recorded agreement, lien and covenant running with the land, binding all the assigns, heirs and successors of the applicant to secure the affordability requirements as stated under this Chapter. The recorded Affordable Housing Incentives Program Covenant Agreement must provide that if the property is converted to a use other than for low-income affordable housing as defined under this Chapter within the required affordability duration, the property owner must pay the applicable in lieu fees in effect at the time of conversion.

(Ord. 28336 Ex. A; passed Dec. 1, 2015)

1.39.100 Affordable Housing Inclusionary Development Requirements.
A. Purpose. This section is intended to address housing needs in priority areas, to reduce involuntary displacement, to meet the City’s housing choice and affordability goals, and to support the achievement of the City’s Comprehensive Plan and housing policies. This section integrates and modifies the general standards of Chapter 1.39, as specified below.

B. Definitions. The definitions of Section 1.39.020 apply.

C. Applicability. This section applies to areas designated in TMC 13.18, Affordable Housing Inclusionary Development Areas.

D. Program Requirements. The Program Requirements of Section 1.39.040 apply, except as follows, regarding the number of units.

1. Number of units – 15 or more. Developments including 15 units or more shall provide a minimum of 10 percent of the total units in the development as affordable, pursuant to the provisions of this Chapter.

E. Financial Incentives. The provisions of Section 1.39.050 apply, and are modified as follows:

1. Fee reductions. In order to promote and offset the cost of creating affordable housing, developments subject to these requirements shall be eligible for permit fee reductions. The permit fee reductions shall be proportionate to the percentage of affordable units provided through the development. If the fee in-lieu approach is used, the project will not be eligible for this option. Fee reductions will be resource dependent.

F. Development Incentives. The designation of Affordable Housing Inclusionary Development Areas is accompanied by an increase in maximum building height, maximum density, or other regulatory change that increases development capacity and creates an incentive to provide affordable housing.

G. Incorporation of Affordable Housing Units. The provisions of Section 1.39.080 apply, with the following modifications:
1. Developments subject to these provisions shall incorporate at least 10 percent affordable units, per the provisions of this Chapter.

2. As an alternative to incorporation of affordable housing units within the development, the project proponent may choose to pay an in-lieu fee as a contribution to the City’s Housing Trust Fund. This option shall become available at such time as the City establishes an Inclusionary Zoning fee in lieu amount.

H. Procedures. The provisions of Section 1.39.090 apply.

1.45.010 Purpose.
The purpose of this chapter is to establish policies in support of neighborhood involvement in the deliberations and actions of City government through a Neighborhood Council Program, and to establish a Standards and Guidelines document that defines administrative responsibilities and procedures for the recognition and funding of Neighborhood Councils and the Community Council of Tacoma.

(Repealed and reenacted by Ord. 28195; passed Dec. 17, 2013: Ord. 25188 § 1; passed Sept. 22, 1992)

1.45.020 Intent.
It is the intent of the City to engage its neighborhoods as broadly as possible in the issues and concerns that directly affect them. The City will support and promote a Neighborhood Council Program to foster open communication between the City and its neighborhoods and to create an environment in which residents are afforded an opportunity to participate in City government decisions in an advisory role.

The City’s Neighborhood Council Program will support cooperation and consensus among residents and other diverse interests to craft solutions to mutual problems and to build a sense of personal pride in and responsibility for their neighborhoods. The City will support the Neighborhood Council Program in developing Neighborhood Council representation that is equitable in its community engagement and seeks to create an inclusive and accessible process including by the engagement of community members from low-income communities, communities of color, and other historically underrepresented populations.

Involvement with the Neighborhood Councils is not intended to limit the activities, role, or importance of existing neighborhood organizations, neighborhood business districts, and block watch groups or other similar neighborhood advisory or advocacy groups. While it is expected that these groups will take an active part in the Neighborhood Council Program, it is intended that they, like the Neighborhood Councils, remain independent entities.

(Repealed and reenacted by Ord. 28195; passed Dec. 17, 2013: Ord. 25188 § 1; passed Sept. 22, 1992)

1.45.030 Standards and guidelines.
A Neighborhood Council Program Standards and Guidelines document will be adopted by resolution of the City Council. In order to be eligible for funding or to act in an advisory capacity to the City to advance neighborhood priorities, the Neighborhood Councils and Community Council must comply with administrative and procedural requirements contained in the Standards and Guidelines. The Neighborhood Council Program Coordinator will review the Standards and Guidelines document and provide recommendations for changes to the City Council at least every five years. Sixty (60) days’ notice will be provided to the Community Council of Tacoma and the Neighborhood Councils in advance of any changes recommended to the City Council.

The Community Council of Tacoma may request a formal review of the Standards and Guidelines document every two years for the purpose of determining whether changes should be proposed to the City Council.

1.45.040 Neighborhood Council functions and responsibilities.

Neighborhood Councils will serve in an advisory capacity to City government on matters concerning the general health, safety, and welfare of their neighborhoods. Neighborhood Council actions shall reflect the needs and wants of the neighborhoods within their boundaries. The responsibilities and functions of the Neighborhood Councils are contained in the Standards and Guidelines document.

(Repealed and reenacted by Ord. 28195; passed Dec. 17, 2013: Ord. 25188 § 1; passed Sept. 22, 1992)

A Neighborhood Council may propose boundary adjustments for consideration by the City Council, so long as there is agreement by any impacted Neighborhood Councils prior to request for consideration by the City Council.

B. Neighborhood Council membership. Although the primary purpose of the Neighborhood Council Program is to foster open communication in which residents are afforded an opportunity to participate in government decisions in an advisory role, the ability to participate on a Neighborhood Council Board and/or to vote at general meetings shall not be restricted to neighborhood residents only. 1.46.030 Prohibited conduct.

The following shall constitute violations of this Code of Ethics:

A. Beneficial Interests in Contracts Prohibited. No City officer or employee shall participate in his or her capacity as a City officer or employee in the making of a contract in which he or she has a financial interest, direct or indirect, within the meaning of Section 6.6 of the Charter of the City of Tacoma or performs in regard to such a contract some function requiring the exercise of discretion on behalf of the City. Except, that this prohibition shall not apply where the City officer or employee has only a remote interest in the contract and where the fact and extent of such interest is disclosed and noted in the official minutes or similar records of the City prior to formation of the contract and thereafter the City Council authorizes, approves, or ratifies the contract in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer(s) having the remote interest. For purposes of this section, a “remote interest” means:

1. That of a nonsalaried officer of a nonprofit corporation;
2. That of an employee or agent of a contracting party where the compensation of such employee or agent consists entirely of fixed wages or salary;

No City officer or employee shall influence the City’s selection of or its conduct of business with a corporation, person, or firm having or proposing to do business with the City if the City officer or employee has a financial interest in or with the corporation, person, or firm, unless such interest is a remote interest and where the fact and extent of such interest is disclosed and noted in the official minutes or similar records of the City prior to formation of the contract, as defined in the preceding section.

C. Representation of Private Person at City Proceeding Prohibited. No City officer or employee shall appear on behalf of a private person, other than himself or herself or an immediate family member or except as a witness under subpoena, before any regulatory governmental agency or court of law in an action or proceeding to which the City or a City officer or employee in an official capacity is a party, or accept a retainer or compensation that is contingent upon a specific action by the City.

D. Certain Private Employment Prohibited. No City officer or employee shall engage in or accept private employment or render services for any private interest when such employment or service is incompatible with the proper discharge of official duties or would tend to impair independence of judgment or action in the performance of official duties.
E. Beneficial Interest in Legislation Prohibited. No City officer or employee, in appearing before the City Council or when giving an official opinion before the City Council, shall have a financial interest in any legislation coming before the City Council and participate in discussion with or give an official opinion to the City Council, unless such interest is a remote interest and where the fact and extent of such interest is disclosed and noted on the record of the City Council, or similar records of the City, prior to consideration of the legislation by the City Council.

F. Continuing Financial Interest. Where a City officer or employee has a substantial ongoing financial relationship with a corporation, firm, or person seeking a contract, or proposing to do business with the City, such City officer or employee shall not:

b. Such client-service relationship is likely to continue to provide considerable potential business or has provided substantial business in the past. This does not include prior financial relationships that are so far removed in time or rare in frequency as to be insignificant.

G. Disclosure of Confidential Information Prohibited. No City officer or employee shall disclose or use any confidential, privileged, or proprietary information gained by reason of his or her official position for a purpose which is for other than a City purpose; provided, that nothing shall prohibit the disclosure or use of information which is a matter of public knowledge or which is available to the public on request.

H. Improper Use of Position Prohibited. No City officer or employee shall knowingly use his or her office or position to secure personal benefit, gain or profit, or use his or her position to secure special privileges or exceptions for himself, herself, or for the benefit, gain, or profits of any other persons.

K. Acceptance of Compensation, Gifts, Favors, Rewards, or Gratuity Prohibited. No City officer or employee may, directly or indirectly, give or receive, or agree to give or receive, any compensation, gift, favor, reward, or gratuity for a matter connected with or related to the City officer or employee’s services with the City of Tacoma, except this prohibition shall not apply to:

L. Commission of Acts of Moral Turpitude. No City officer or employee shall commit any act of moral turpitude or dishonesty relating to his or her duties or position as a City officer or employee or arising from business with the City. Conviction of a felony or a misdemeanor involving moral turpitude, the nature of which demonstrates lack of fitness for the position held, is conclusive evidence of a violation of this Code of Ethics.

M. Failure to Comply with Section 1.46.080 TMC. Failure to comply with the requirements of Section 1.46.080 TMC (Financial Disclosure for Covered Officials) is a violation of this Code of Ethics.

   c. Participate as or with a bidder, vendor, or consultant in any competitive selection process for a City contract in which he or she assisted the City in determining the project or work to be done or the process to be used.

3. Duty to Inform. Whenever a current City officer or employee wishes to contract with a former City officer or employee for expert or consultant services within one year of the latter leaving City service or office, advance notice shall be given to the City Manager for matters concerning City government or to the Director of Public Utilities for matters concerning the Department of Public Utilities about the proposed agreement. The City Manager or Director of Utilities shall evaluate the proposed contract to determine if there is a conflict with this Code of Ethics. If there is a question of this nature, the City Manager or Director of Utilities may submit the matter to the Board of Ethics for an opinion. If the proposed contract is found to present a conflict with this Code, it shall not be allowed.

4. Exceptions. The prohibitions of subsections 2.a and 2.b of this section shall not apply to a former City officer or employee acting on behalf of a governmental agency, unless such assistance or representation is adverse to the interest of the City.

The Board may initiate opinions on its own motion or upon request; any formal opinion shall be in writing. Before any such referral, the Board shall consult with the City Attorney (or other legal advisor, if a conflict prevents the City Attorney from advising the Board). If the Board determines that it may, under the Code of Ethics, have jurisdiction over a complaint that also alleges conduct that could be a violation of another code, statutory, or regulatory provision, the Board may stay its consideration of the complaint pending the outcome of any official investigation or criminal prosecution either on its own motion or at the request of the appropriate legal authority.

F. Complaint Process of the Board of Ethics.

1. Any City official knowingly receiving a complaint that the Code of Ethics has been violated by a Covered Official shall promptly forward the complaint to the Board or the Board’s designee.

2. The Board, upon receipt of the complaint, shall acknowledge receipt of the complaint, forward the complaint simultaneously to the person who is complained against, if known, and the City Attorney, and promptly meet and review the complaint. As soon as practicable after giving due consideration to a complaint the Board shall either:

   a. dismiss the complaint based on any of the following grounds: (i) the complaint does not allege facts sufficient to constitute a violation of the Code of Ethics; or (ii) the Board has no jurisdiction over the matter; or (iii) the failure of the complainant to cooperate in the Board’s review and consideration of the complaint; or

   b. determine that: (i) the complaint alleges facts which, if found to be true, would be sufficient to constitute a violation of the Code of Ethics; or (ii) that further information must be presented for the Board to determine if a violation of the Code of Ethics has occurred.

3. In order to establish the factual record necessary for the Board to determine whether a violation of the Code of Ethics has occurred, the Board can either appoint an investigator to conduct an investigation of the facts or convene a hearing at a future date certain.

   a. If the Board appoints an investigator, the investigator shall interview witnesses, as well as procure and examine relevant documents and records. The investigator shall complete the investigation and prepare written findings within 60 days of the date the complaint was received by the Board, unless an extension is granted in writing by the Board.       i. Determine that no violation of the Code of Ethics has occurred.

      ii. Make a preliminary finding that a violation of the Code of Ethics has occurred. If the Board, based on the findings presented by the investigator, finds that a violation of the Code of Ethics has occurred, it shall issue preliminary findings of fact and conclusions of law, and the person complained against shall have ten days following the receipt of the Board’s preliminary findings to request a hearing before the Board to present any additional testimony, statements, or documentary evidence, as may be relevant. At such a hearing, the Board may call additional witnesses or consider additional documentary evidence. After final deliberations on the investigator’s findings, as well as any additional testimony, statements, or documents presented at the hearing, the Board shall determine whether or not a violation of the Code of Ethics has occurred.

4. A complaint dismissed under subsection F(2) shall be deemed to be dismissed with prejudice. A complaint dismissed by Board under subsections F(2)(a)(i) or (ii) will not be reconsidered if resubmitted by the complainant unless factual allegations not present in the original complaint are presented. A complaint dismissed by the Board under subsection F(2)(a)(iii) cannot be resubmitted.

5. After the Board has made its final determination under subsection F(2)(a) or F(3)(a) or (b), the Board shall issue its written findings of fact and conclusions of law, along with its recommended disposition (if applicable). The Board may, in addition, issue any additional reports, opinions, or recommendations as it deems advisable under the circumstances. All such reports shall be reviewed by the City Attorney (or independent legal counsel in the event that a conflict of interest prevents the City
Tacoma Municipal Code

6. All other recommendations shall be forwarded, as is appropriate, by the City Attorney.

G. Limitations on the Board of Ethics’ Power. The Board does not have the authority to reverse or otherwise modify a prior action of a City officer or employee. If the Board finds a prior action of a City officer or employee to have been performed in violation of the Code of Ethics, the Board may advise the appropriate party or parties that the action should be reconsidered. Upon such advice by the Board, the action shall be reconsidered by the appropriate person or public body. If the Board determines an existing City contract to be in violation of the Code of Ethics after such determination and advice from the Board, the City may void or seek termination of the contract if legally permissible.

(Ord. 27737 Ex. A; passed Aug. 19, 2008)

1.47.020 Intent.
The intent of the City is to build and maintain healthy Neighborhood Business Districts in the City of Tacoma through partnership with the Cross District Association in the areas of organization, design, promotion, and economic restructuring. The program seeks to improve economic growth and redevelopment within Tacoma’s oldest neighborhood business areas—those which have traditionally supported surrounding residential neighborhoods—by assisting independent, local small businesses to organize into viable professional organizations, and by improving the physical attributes of the commercial core with place-making design elements.

The City accomplishes this through alignment with other City policies, including, but not limited to, the strategic plan and the comprehensive plan and by building the capacity of and coordinating with Neighborhood Business District Associations; by providing customer-oriented market research services to individual entrepreneurs and small businesses; by working with individual property and business owners on their development and marketing efforts; by improving the livability of surrounding neighborhoods; by fostering open communication and partnerships; and by creating mutual understanding among businesses, neighborhoods, and the City.

(Ord. 27737 Ex. A; passed Aug. 19, 2008)

B. Establishment and Maintenance of Records. The public corporation shall establish and maintain records in accordance with
requirements prescribed by the Public Agency, with respect to all matters connected with any projects or activities financed
from funds derived directly or indirectly from a Grant Agreement or undertaken in conjunction with a Federal or Public
Program. Except as otherwise authorized by the Public Agency, the public corporation shall retain such records for a period of
three years after completion of the Program.

C. Reports and Information. The public corporation, at such times and in such forms as the Public Agency may require, shall
furnish the Public Agency such statements, records, reports, data, and information as the Public Agency may request
pertaining to matters financed from funds derived directly or indirectly from a Grant Agreement or undertaken in conjunction
with a Federal or Public Program.

D. Audits and Inspections. The public corporation will, at any time during normal business hours and as often as the City, the
Public Agency, and/or the Comptroller General may deem necessary, make available to the City, the Public Agency, and the
Comptroller General for examination all of its records with respect to all matters connected with any projects or activities
financed from funds derived directly or indirectly from a Grant Agreement or undertaken in conjunction with a Federal or
Public Program and will permit the City, the Public Agency, and the Comptroller General to audit, examine, and make

future, acquires, owns, or controls any such share, benefit, or personal interest, he/she shall immediately disclose such share,
benefit, or personal interest to the City. Upon such disclosure, such person shall not continue his/her participation unless the
City and the Public Agency shall determine that, in the light of such share, benefit, or personal interest, the participation of
such person in any such action would not be contrary to the public interest. The City will promptly advise the Public Agency
of the facts and circumstances concerning any disclosure made to it pursuant hereto or any information obtained by it relating
to conflicts of interest.

F. Citizen Participation. The public corporation will conduct its operations and affairs and will implement subsection E above
in such a manner so as not to unreasonably impede attainment of widespread citizen participation as may be required in the
implementation of an applicable Grant Agreement.

Part 135, and any applicable rules and orders of HUD issued thereunder. The public corporation will comply with directives
and policy statements issued by HUD from time to time to implement this provision.

H. Fair Housing. In all housing projects and activities and in all relocation activities made possible by or resulting from a
Grant Agreement, the public corporation agrees to take affirmative action to further the fair housing policies of the United
States.

I. Discrimination Prohibited.

1. In all hiring or employment made possible by or resulting from a Grant Agreement, the public corporation and each
employer (1) will not discriminate because of race, color, religion, sex, or national origin; and (2) will take affirmative action
to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color,
religion, sex, or national origin. This requirement shall apply to but not be limited to the following: employment, upgrading,
demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of

on behalf of the public corporation, state that all qualified applicants will receive consideration for employment without regard
to race, color, religion, sex, or national origin.

The public corporation will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work.

The public corporation will assist and cooperate actively with the Public Agency and the United States Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, will furnish the Public Agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and will otherwise assist the Public Agency in the discharge of its primary responsibility for securing compliance.

If the public corporation fails or refuses to comply with these undertakings, the Public Agency may take such action with respect to the public corporation as is by law allowed.

3. No person in the United States shall, on the ground of race, color, religion, sex, or national origin, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any program or activity made possible by or resulting from a Grant Agreement and this chapter. The public corporation and each employer will comply with all requirements imposed by or pursuant to the regulations of the Public Agency effectuating Title VI of the Civil Rights Act of 1964.

A. The existence of the public corporation may be terminated by the City upon direction of HUD or the Public Agency to do so or, in the absence of such direction, by resolution of the City Council at or after a public hearing, held with notice to the public corporation and affording it a reasonable opportunity to be heard and present evidence, under any of the following circumstances:

1. The Commission of the public corporation has requested the same by resolution;

2. The public corporation has discontinued its projects and activities for which chartered and/or for which its charter has been amended, or remained inactive for a period of six months in succession;

3. A judgment of a court of competent jurisdiction shall have become final, which judgment annuls the existence of the public corporation, or prohibits it from conducting all or a major portion of the activities for which chartered and/or for which its charter has been amended, or permits recourse by creditors of the public corporation or other persons to the assets, property, or credit of the City on account of any debts, obligations, or liabilities of the public corporation;
4. Any one or more of the circumstances for imposition of a trusteeship by the City stated in Section 1.60.410A.5 through A.10 inclusive hereof, together with an affirmative finding by the City Council that a trusteeship would not be feasible under the circumstances or could not attain its objective, and that termination is warranted;

5. The finding by the City Council of any of the matters in 1.60.410A.10, subparts (a) through (f) hereof, as cause for a trusteeship, together with an additional finding that management or reorganization under a trusteeship would not correct the deficiency, enable the public corporation to fulfill its outstanding agreements in connection with projects or activities of a Federal or Public Program, perform functions for which chartered and/or for which its charter has been amended, reinstate its credit or credibility with HUD or the affected Public Agency, or the Comptroller General, or for other cause is impractical or infeasible, and that termination is warranted under the circumstances;

6. Repeal or amendment of applicable State laws which singularly or cumulatively restrict all or a major portion of the activities by the public corporation for which chartered and/or for which its charter has been amended, or permits recourse by creditors of the public corporation or other persons to the assets, property, or credit of the City on account of any debts, obligations, or liabilities of such public corporation; or

7. Continuous trusteeship of the public corporation for one year, or the imposition of a trusteeship for whatever cause(s) three times in any one-year period.

B. Subject to any limitations that may be imposed by the judgment of a court of competent jurisdiction, provision shall be made in any termination of the public corporation's existence for causes designated above for payment of any obligations, bonds, notes, or other contracts of indebtedness from the rights and assets of the public corporation so that such bonds and contracts be not impaired.

(Ord. 25482 § 1; passed May 3, 1994)

1. The name and principal office of the public corporation;

2. The debts, obligations and liabilities of the public corporation, and the property and assets available to satisfy the same; the provisions to be made for satisfaction of outstanding liabilities and performance of executory contracts, and the estimated time for completion of its dissolution;

3. Any pending litigation or contingent liabilities;

4. The Commission resolution providing for such dissolution and the date(s) and proceedings leading toward its adoption, whenever the dissolution be voluntary; and

5. A list of persons to be notified upon completion of dissolution.

B. The City shall review the statement filed and oversee the dissolution to protect the public interest and prevent impairment of obligation, or if so authorized by law, authorize or initiate proceedings in the Superior Court for the appointment and supervision of a Receiver for such purposes. Upon satisfactory completion of dissolution proceedings, the City shall indicate such dissolution by inscription of "charter canceled" on the original charter of the public corporation, on file with the City Clerk, and, when available, on the duplicate original of the Charter of the public corporation, and the existence of the public corporation shall cease. The City Clerk shall give notice thereof to the Secretary of State of this State, to HUD, and to other persons designated by the public corporation in its dissolution statement.

In the event of such a merger, all of the rights, assets and property of the public corporation shall vest in the surviving public corporation or successor public corporation, unless an agreement or covenants with HUD or the City shall specify otherwise.

(Ord. 25482 § 1; passed May 3, 1994)

Subject thereto, all of the rights, assets and property of a public corporation shall be tendered to the entity first listed below, and if not applicable or not accepted, to the next listed entity in succession:

A. Any aggrieved person having legal standing under the ordinance governing such application shall submit an appeal, in writing, to the City Council of those recommendations of the Hearing Examiner set forth in Section 1.23.050.A. Only those persons or entities having legal standing under the ordinance governing the application, or as otherwise provided by law, have the right to appeal the recommendation to the City Council. Such appeal shall set forth, with specificity, the alleged errors of fact or law.

B. C. The Council may grant relief only if the appellant seeking relief has carried the burden of establishing that one of the standards set forth in (a) through (d) of this subsection has been met. The standards are:

(a) The Hearing Examiner is engaged in unlawful procedure or failed to follow a prescribed process, unless the error was harmless;

(b) The recommendation is an erroneous interpretation of the law;

(c) The recommendation is not supported by evidence that is substantial when viewed in light of the whole record before the Council; and

Such written arguments shall not contain any evidence or statement of facts not contained in the hearing record made before the Hearing Examiner, and shall be filed with the City Clerk no later than seven calendar days prior to the date the matter is scheduled to be heard by the City Council. At the time an appeal is heard by the City Council, each side shall be afforded an equal amount of time pursuant to the Rules of Procedure of the Council of the City of Tacoma for oral argument. In the event there are multiple appellants or respondents, each side shall divide its time limit between or among the appellants or respondents, or, if agreement cannot be reached, as directed by the Mayor. No new evidence or testimony shall be presented to the Council during such presentation. The City Council shall accept, modify, or reject any findings or conclusions, or remand the recommendation of the Hearing Examiner for further hearing. Such findings and conclusions regarding appeals of recommendations of the Hearing Examiner shall set forth and demonstrate the manner in which the action carries out and helps to implement the goals and policies of the comprehensive plan and the standards of the various land use regulatory codes. The City Council may adopt all or portions of the Hearing Examiner’s findings and conclusions supporting the recommendation. In the case of an ordinance for reclassification of property or right-of-way vacation, the City Clerk shall place the ordinance on the Council’s agenda for first reading or, after denial of appeal, on the next available City Council agenda for first reading. The final reading of the ordinance shall not occur until all conditions, restrictions, or modifications which may have been imposed by recommendation of the Hearing Examiner or added by the City Council have been accomplished or provisions for compliance made to the satisfaction of the City Attorney.

“Building Official” shall mean and refer to the individual authorized by the Director of Planning and Development Services Department of the City to administer and enforce the Building Code, or a duly authorized representative.

(Ord. 28510 Ex. A; passed May 15, 2018)

1.82.020  Code enforcement – General.

A. Application; Purpose. The policies, procedures, and remedies provided herein shall apply to any violation. The purpose of this chapter is to establish a uniform and consistent administrative system for the enforcement of City regulations, and to ensure the health, safety, and welfare of the citizens of Tacoma. Nothing in this chapter is intended to create a duty on the part of the City to any particular person or class of persons, or form the basis of any liability on the part of the City, its officials, officers, employees, or agents, for any injury or damage resulting from any act or omission on the part of the City, its officials, officers, employees, or agents. The provisions of this chapter, including the provision for monetary penalties, are not intended to affect a substantive or vested right and are remedial in nature and intent. Compliance orders issued under authority of this chapter are intended to bring the activity, use, property, or structure into compliance with applicable standards and legal requirements.

B. Responsibility for Compliance. It is the intent of this chapter to place the obligation of complying with regulatory requirements that are made subject to enforcement under the provisions of this chapter upon the owner, occupier, or other person responsible for the condition of the land and/or structures, and upon persons otherwise responsible for actions regulated pursuant to such regulations.
C. Policy. It is the general policy of the City of Tacoma to emphasize code compliance by education and prevention and to pursue abatement, correction, remediation, or mitigation, when appropriate and feasible.

D. Policies and Procedures. The director of each department of the City and the superintendents of each operating division of Tacoma Public Utilities having responsibility for enforcement of a regulation are authorized to develop, promulgate, revise, and implement policies and procedures governing enforcement actions under this chapter over which such department or division has responsibility, authority, and control. Such policies and procedures are intended to supplement the provisions of this chapter, and are not intended to replace, modify, or supersede any of the provisions of this chapter. Such policies and procedures may include provisions for suspension, reduction, or waiver of the monetary penalties imposed pursuant to a notice of civil violation upon a showing of hardship, substantial completion of the necessary correction, unforeseeable circumstances beyond the control of the responsible person which render completion impossible by the date established as a good cause, or other factors or considerations establishing a basis for mitigation of the monetary penalty.

E. Choice of Action. The choice of enforcement action to be taken under this chapter and the severity of any penalty to be imposed should be guided by the nature of the violation, the damage or risk to the public or to public resources, and/or the existence or degree of bad faith of the person or persons subject to the enforcement action, the economic benefit that the violator derives from the violation, as measured by the greater of the resulting increase in market value of the property or the value received by the violator, the savings of construction costs realized by the violator, the reasonable value of property damaged, and such other factors related to the remedial purposes of enforcement action under this chapter and the enforcement policies authorized herein.

F. Joint and Several Responsibility and Liability. Responsibility for violations subject to enforcement under this chapter is joint and several, and the City is not prohibited from taking action against a person where other persons may also be potentially responsible persons, nor is the City required to take action against all potentially responsible persons.

G. Presumption. Except as may be otherwise provided by law, proof that a violation exists or existed on privately owned (nongovernmental) property shall constitute prima facie evidence that each owner of the property is a responsible person. However, this presumption shall not relieve or prevent enforcement against any other person who may also be a responsible person. Proof that a violation occurred on property subject to a project permit shall constitute prima facie evidence that the applicant for the project permit is a responsible person. However, this presumption shall not relieve or prevent enforcement against any other person who may also be a responsible person.

H. Prohibited Acts Include Causing and Permitting. Whenever in a regulation any act or omission constitutes a violation, such act or omission includes causing, allowing, permitting, aiding, abetting, suffering, or concealing the fact of such act or omission.

I. Separate and Continuing Offense. Every act or omission which constitutes a violation shall constitute a separate violation for each and every day during any portion of which the act or omission constituting the violation is committed, continued, allowed, abetted, suffered, or permitted. A violation continues to exist until abated, corrected, or remedied.

J. Non-Exclusive. The provisions of this chapter are not exclusive and may be used in addition to other enforcement provisions authorized by the TMC, state or federal law or regulation.

K. Conflicts. In the event of a conflict between a provision of a regulation made subject to enforcement under this chapter and a provision of this chapter, such conflicting provisions of the regulation shall control to the extent of the conflict.

L. Reference to Laws and Regulations. All references in this chapter to any title, chapter, section, or subsection of the TMC, state law, or federal law, or any city, state, or federal rule or regulation, shall mean and refer to such title, chapter, section or subsection, rule, or regulation as it exists on the effective date of the ordinance enacting this chapter, or as it, or any part thereof, may thereafter be amended, renumbered, retitled or recodified.

M. Title. The provisions of this chapter, as now or may hereafter be amended, may be referred to throughout the TMC as the “Uniform Enforcement Code” or “UEC.”

(Ord. 28510 Ex. A; passed May 15, 2018)

A. Methods of Service. For purposes of this chapter, the methods of service of any documents related to enforcement, such as notices of civil violation and compliance orders (hereinafter “document”) shall be by mailing, personal service, posting, or publication.

B. When First-Class Mail Deemed Service. Any correction notice, notice of civil violation, notice of hearing, compliance order, or other code enforcement document shall be deemed legally served upon a party by mailing, unless another method of service is expressly required in a particular subsection of this chapter, TMC, state law, or court rule.
1.82.040 Voluntary correction.

A. General. A compliance officer may attempt to secure the voluntary correction of a violation by contacting the responsible person and providing a correction notice.

B. Voluntary Correction Agreement - General. At the sole and reasonable discretion of the compliance officer, a written voluntary correction agreement may be entered into between the responsible person and the City. A voluntary correction agreement may be implemented following an oral or written notice of correction, service of a compliance order, issuance of a notice of violation or notice of infraction, or filing of a criminal complaint.

C. Effect of Agreement. Execution of a voluntary correction agreement represents acknowledgement and agreement by the responsible person that (1) the person is, as to each of the violations set forth in the voluntary correction agreement, the responsible person; (2) the voluntary correction agreement represents a determination that the violation or violations as set forth in the voluntary correction agreement have been committed; and (3) this determination is final and conclusive.

D. Contents of Voluntary Correction Agreement. The voluntary correction agreement is a contract between the City and the responsible person under which that person agrees to take corrective action within a specified time and according to specified conditions. The voluntary correction agreement shall include the following:

1. A statement identifying the necessary corrective action to be taken, the date or time by which the corrective action must be completed, and an acknowledgement by the responsible person that the person will correct the violation within the time specified in the voluntary correction agreement;

2. An acknowledgement by the responsible person that if the violation is not corrected in compliance with the terms and conditions of the voluntary correction agreement, the City may issue a notice of civil violation and impose monetary penalties for the time period for the violation or violations described in the voluntary correction agreement;

3. The name and last known address of the responsible person;

4. The street address or a description sufficient for identification of the building, structure, premises, or land upon or within which the violation has occurred or is occurring;

5. A description of the nature, extent, and time of the violation and a reference to the regulation or provision of the TMC that has been violated;

6. An acknowledgement by the responsible person that each violation described in the voluntary correction agreement exists, that the person is the responsible person for the violations set forth in the voluntary correction agreement, that the agreement represents a determination that the violation or violations as set forth in the voluntary correction agreement have been committed, and that this determination is final and conclusive;

7. Acknowledgement by the responsible person that the City may enter the building, structure, premises, or land and inspect the building, structure, premises, or land as may be necessary to determine compliance with the voluntary correction agreement;

8. Acknowledgement by the responsible person that the compliance officer shall have the decision-making authority to determine if corrective action has been taken in compliance with the terms and conditions of the voluntary correction agreement;

9. The signature or official mark of the responsible person and the signature or official mark of the compliance officer; and

10. Any additional information that may be required under the regulation alleged to have been violated.

(Ord. 28510 Ex. A; passed May 15, 2018)

1.82.050 Civil violations.

A. Civil Violation. A compliance officer may issue a notice of civil violation when there is reasonable cause to believe that there is or has been a violation.

B. Content of Notice of Civil Violation. The notice of civil violation shall set forth and contain:

1. The name and last known address of the responsible person;

2. The name and business address and telephone number of the compliance officer issuing the notice of civil violation;

3. The street address or a description sufficient for identification of the building, structure, premises, or land upon or within which the violation has occurred or is occurring;
4. A description of the nature, extent, and time of the violation and a reference to the regulation that has been violated;

5. If a monetary penalty is imposed, a statement setting forth the monetary penalty(ies) imposed and each violation or violations that are subject to such monetary penalty(ies);

6. If the notice of civil violation is issued in conjunction or combined with a compliance order, and the violation is continuing in nature and will accrue daily monetary penalties until the violation is corrected, a statement (a) setting forth the amount of the daily monetary penalty for each such continuing violation, (b) that the violation is continuing in nature, and (c) that daily monetary penalties will accrue until the violation is corrected as set forth in the compliance order;

7. If the notice of civil violation is combined with a compliance order, the notice of violation shall include the content required pursuant to TMC 1.82.060.B for issuance of a compliance order;

8. A statement that the person to whom the notice of civil violation is issued may appeal the notice of civil violation as provided in TMC 1.82.050.J;

9. A statement that a notice of civil violation issued pursuant to this section represents a determination that the violation/violations identified in the notice has/have been committed and that this determination is final and conclusive unless appealed as provided in TMC 1.82.050.J; and

10. Any additional information that may be required under the regulation that is alleged to have been violated.

C. Service. Except as provided herein, service of a notice of civil violation shall be by personal service or by mailing. If personal service is not accomplished after reasonable effort and if an address for mailed service cannot be ascertained, service shall be accomplished by posting a copy of the order conspicuously on the affected building, structure, premises, or land. If service by posting is ineffective or cannot be lawfully accomplished, service shall be accomplished by publication.

D. Effect of Notice of Civil Violation. A notice of civil violation issued pursuant to this section represents a determination that the violation/violations identified in the notice of civil violation has/have been committed. This determination is final and conclusive as to the violation or violations set forth in the notice of violation, unless a timely appealed is filed as provided in TMC 1.82.050.J. Nothing herein is intended to preclude timely appeal of a separate or subsequent compliance order, notice of civil violation, notice of infraction, or imposition of criminal penalties related to the same or continuing violation or violations, to the extent an appeal may be available.

E. Continued Duty to Correct. Payment of a monetary penalty imposed pursuant to this chapter does not relieve a person of the duty to correct the violation as ordered by the compliance officer.

F. Monetary Penalty. Unless a different monetary penalty is specified in the TMC or state or federal law for a particular violation, the maximum monetary penalty for each violation per day or portion thereof, and each continuing day or portion thereof, shall be as follows:

1. First day of each violation, $100;
2. Second day of each violation, $200;
3. Third day of each violation, $300;
4. Fourth day of each violation, $400;
5. Each additional day of each violation continuing beyond four days, $500 per day;
6. For each repeat violation, $500 per day; and
7. The monetary penalty for a violation may alternatively be assessed in an amount up to $10,000 per day, upon consideration of the criteria set forth at TMC 1.82.020.E.

G. Other Action. In addition to the issuance of the notice of civil violation, the City may take other enforcement action available at law or in equity, including, by way of example and not limitation, issuance of a notice of civil infraction, seeking injunctive or declaratory relief, seeking an order of abatement, taking action to seek imposition of criminal penalties, and where applicable, rescission as set forth in RCW 90.58.140. The City may also issue a notice of civil violation in conjunction with a compliance order.

H. Collection of Monetary Penalty. The monetary penalty constitutes a personal obligation of the person to whom the notice of civil violation is directed. Any monetary penalty assessed shall be immediately due and payable and must be paid to the City within ten calendar days from the date the notice of civil violation becomes final and non-appealable. Any monetary penalties that accrue for ongoing violations after the date the notice of civil violation becomes final and non-appealable must be paid within ten calendar days from the date the penalty(ies) have accrued. The City Attorney is authorized to take appropriate action to collect the monetary penalty when past due and owing.
I. Application for Remission or Mitigation. When remission or mitigation of the monetary penalty is authorized under the TMC or state or federal law, any person incurring a monetary penalty for a civil violation may, within ten days of service of the notice of violation, apply in writing to the responsible public official for remission or mitigation of the monetary penalty. The responsible public official shall issue a decision on the application within 15 business days following receipt of such application. Upon timely receipt of a complete application for remission or mitigation, the responsible public official, or designee, shall consider the application, together with any information the responsible public official, or designee, determines is relevant, and may remit or mitigate the penalty only upon a finding by a preponderance of the evidence that applicant has demonstrated extraordinary circumstances, such as the presence of information or factors not considered in setting the original monetary penalty. When a monetary penalty is imposed jointly by the Department of Ecology and the City, the penalty may be remitted or mitigated only upon such terms as both the Department of Ecology and the City agree.

J. Appeal. A notice of civil violation may be appealed to the Hearing Examiner pursuant to the procedures set forth in TMC 1.82 for appeal of a notice of civil violation; provided that, an appeal of an enforcement action under the provisions of TMC 13.11, Shoreline Management, shall be governed by TMC 13.11. In the event that a notice of civil violation is combined with a compliance order, the compliance order is subject to appeal pursuant to TMC 1.82.060.M and may be subject to expedited informal review pursuant to TMC 1.82.060.H. Accrual and payment of the monetary penalty imposed shall be stayed during the pendency of any administrative appeal of the violation for which such monetary penalties have been imposed.

(Ord. 28510 Ex. A; passed May 15, 2018)

1.82.060 Compliance orders.

A. General. A compliance officer may issue a compliance order when there is reasonable cause to believe that there is or has been a violation or that failure to take action or to refrain from taking action will result in a violation. The compliance order is remedial in nature and intended to prevent future violations, protect persons and property from injury or the imminent threat of injury, terminate ongoing violations, and bring the activities, omissions, use, property, and structures that are the subject of the order into compliance, as nearly as practicable, within applicable standards and requirements of the applicable regulation(s).

B. Content of Compliance Order. The order shall set forth and contain:

1. The name and last known address of the responsible person(s);
2. The name and business address and telephone number of the compliance officer issuing the compliance order;
3. The street address or a description sufficient for identification of the building, structure, premises, or land upon or within which the violation will occur, has occurred, or is occurring;
4. A description of the nature, extent, and time of the violation and a reference to the regulation that has been or may be violated;
5. An order that the act or omission or use causing or leading to a violation or a potential violation shall immediately cease and desist, and/or, in appropriate cases, an order to take specific corrective action in compliance with the TMC immediately or within a specific and reasonable time, which corrective action may include, but is not limited to, abatement, remediation, correction, and/or mitigation of the site and other property damaged;
6. A statement that any act or omission contrary to a provision of the compliance order constitutes a civil violation and is subject to enforcement under TMC 1.82;
7. A statement that the person to whom the compliance order is issued may appeal the compliance order as provided at TMC 1.82.060.M;
8. If a stop-work or stop-use order is issued, a statement that the person to whom the compliance order is issued may, in addition to the right to appeal the order, seek expedited informal review as provided at TMC 1.82.060.H. The statement shall identify the public official vested with authority to review the stop-work or stop-use order and the phone number, name, and title of the person authorized to initiate the process for informal expedited review;
9. A statement that the compliance order is final and conclusive unless appealed;
10. If the compliance order is combined with a notice of civil violation, the compliance order shall include the content required pursuant to TMC 1.82.050.B for issuance of a notice of violation; and
11. Any additional information that may be required to be included in the compliance order under the regulation that is alleged to have been violated.

C. Service. Except as provided herein, service of a compliance order shall be by personal service or by mailing. If personal service is not accomplished after reasonable efforts and if an address for mailed service cannot be ascertained, service shall be
accomplished by posting a copy of the order conspicuously on the affected building, structure, premises, or land. If service by posting is ineffective or cannot be lawfully accomplished, service shall be accomplished by publication.

D. Effective Date. A compliance order issued under this section shall become effective immediately upon service of the order upon the person to whom it is directed.

E. Effect of Compliance Order. A compliance order represents notice to the responsible person of a determination that the violation/violations identified in the compliance order has/have been committed, or that there is reasonable cause to believe that a violation will occur, and represents a determination that corrective action as described in the compliance order, or cessation of certain action identified in the order, is required to abate, correct, mitigate, remedy, or prevent the violation. These determinations are final and conclusive unless appealed as provided in this chapter; provided that, nothing herein is intended to preclude timely appeal of a separate or subsequent order, notice of civil violation, notice of infraction, or imposition of criminal penalties related to the same or continuing violation or violations, to the extent an appeal may be available.

F. Extension. Upon written request received prior to the expiration of the correction date or time, the compliance officer may extend the date set for correction for good cause or in order to accommodate a voluntary correction agreement. The compliance officer may consider substantial completion of the necessary correction or unforeseeable circumstances which render completion impossible or impracticable by the completion date established as a good cause.

G. Stop-work order; Stop-use order. Whenever a compliance officer finds reasonable cause to believe that a violation would, if the violation continued, (1) result in irreparable harm, (2) exacerbate injury already caused to any person or property, (3) result in damage or injury to wetlands or critical areas, (4) materially impair the code enforcement officer’s ability to secure compliance, (5) materially impair the responsible persons’ ability to correct the violation, or (6) cause or contribute to an emergency, the compliance officer may issue a stop-work or stop-use order, or issue a compliance order that includes a stop-work or stop-use order. The stop-work and stop-use order shall be deemed served and effective upon posting of the order; provided that, nothing herein shall preclude service in person, by mail, or by publication.

H. Expedited Informal Review.

1. Purpose. Expedited informal review is an informal process that is intended to provide an opportunity for the person to whom the stop-work or stop-use order is issued to seek immediate review to address any claimed errors in the determination by the compliance officer to issue such an order.

2. Who May Seek Review. The person to whom the stop-work or stop-use order is directed, or an authorized representative of that person, may seek expedited informal review of the order by a public official vested with authority to review and uphold or terminate the stop-work or stop-use order.

3. Request For Review. The person seeking expedited informal review may request review within ten days of service of the order by contacting, during normal City business hours, the person identified in the order as the person authorized to initiate the review, requesting initiation of expedited informal review and providing a phone number at which the requesting person can be reached during business hours.

4. Review. The public official designated to conduct the review, or designee, shall provide a reasonable opportunity for the person requesting review to submit in writing or orally, or both, a statement describing the error(s) of law and error(s) of fact, and any other supporting records or documents or information in any form, establishing why the stop-work or stop-use order was issued in error. The public official may consult with any person(s) who the public official determines may have relevant information, and take into consideration any relevant records or documents or information in any form.

5. Decision. The public official shall, within three business days following the date of the request for review, notify the person requesting review of the public official’s decision to either terminate or uphold the issuance of the order; provided that, the public official may extend this time period for good cause.

6. Decision Not Subject to Administrative Appeal. The decision of the public official shall not be subject to appeal to the Hearing Examiner.

7. Effect of Filing an Appeal. Submitting a request for expedited informal review will not impair the right to appeal the stop-work or stop-use order pursuant to TMC 1.82.060.M, and will not operate to toll the time period for filing such an appeal. A person appealing a stop-work or stop-use order is not required to request expedited informal review as a condition of filing an appeal. The filing of an appeal shall not operate to deprive the public official of jurisdiction to conduct an expedited informal review that has been timely requested.

1. Violation – Unlawful. When a compliance order has been issued, posted, and/or served pursuant to this section, it is unlawful for any person to whom the order is directed or any person with actual or constructive knowledge of the order to conduct any activity or perform any work prohibited by the terms of the order, even if the order has been appealed, until the
enforcement officer has removed the copy of the order, if posted, and issued written authorization for the activity or work to be resumed.

J. Removal of Compliance Order – Violation. It shall be unlawful to remove a compliance order posted in conformity with the requirements of this chapter without the prior authorization of a compliance officer, responsible public official of the City, the City Hearing Examiner, or an order of a court with jurisdiction. A violation of the provisions of this subsection shall constitute a misdemeanor.

K. Compliance – Violation. It is unlawful to fail to comply with the terms and conditions of the compliance order. Failure to comply with a compliance order can result in enforcement actions, including, but not limited to, the issuance of a notice of civil violation, issuance of a civil infraction, and imposition of criminal penalties.

L. Other Action. In addition to the issuance of the compliance order, the City may take other enforcement action available at law or in equity including, by way of example and not limitation, issuance of a notice of civil violation and penalties, issuance of a civil infraction, seeking injunctive or declaratory relief, imposition of criminal penalties, modification or revocation of the project permit or approval, seeking an order of abatement, and rescission as set forth in RCW 90.58.140. The City may also issue a notice of civil violation concurrent with a compliance order.

M. Appeal; Exhaustion. A compliance order may be appealed to the Hearing Examiner pursuant to the procedures set forth in TMC 1.82, Hearing Examiner – Appeal of Code Enforcement Actions, for appeal of a compliance order; provided that, an appeal of an enforcement action under the provisions of TMC 13.11, Shoreline Management, shall be governed by TMC 13.11. In the event that the TMC provides that the applicant may request administrative review, remission, or mitigation of the compliance order by a public official, applicant shall exhaust such administrative remedies prior to filing an appeal to the Hearing Examiner; provided that, expedited informal review pursuant to TMC 1.82.060.H is not considered an administrative remedy for purposes of this exhaustion requirement. In the event that a notice of civil violation is combined with the compliance order, payment of the monetary penalty imposed shall be stayed during the pendency of any administrative appeal. In the event of a notice of appeal of an order revoking or rescinding a project permit or approval, the order shall be stayed during the pendency of any administrative appeal.

B. Appeal – Filing.

1. Filing; Where. A notice of appeal shall be filed in writing with the Office of the City Hearing Examiner during regular business hours by the appellant, or, in the case of a corporation, a duly authorized agent of the appellant. The Hearing Examiner may adopt rules consistent with this chapter allowing electronic filing of a notice of appeal.

2. Without the stay, the party requesting it will suffer irreparable harm;
3. The grant of a stay will not substantially harm other parties to the proceedings;
4. The grant of a stay will not cause or contribute to an imminent threat of harm to persons or property; and
5. The request for the stay is timely in light of the circumstances of the case.

The Hearing Examiner may grant the request for a stay upon such terms and conditions, including the filing of security, as are necessary to prevent harm to other parties by the stay.
1.84.040  Decision of the Hearing Examiner.

A. Determination. The Hearing Examiner shall, as to each violation subject to appeal, determine whether the City has established by a preponderance of the evidence that the violation was committed and that the appellant is the responsible person, and shall affirm or vacate the City’s decision regarding such violation or violations.

The Hearing Examiner shall, as to each compliance order subject to appeal, determine whether the appellant has established by a preponderance of the evidence that the order was imposed, issued, or determined in error based upon one or more of the following:

1. The order was imposed, issued, or determined in excess of the authority or jurisdiction of the City or compliance officer; or
2. The order was imposed, issued, or determined upon unlawful procedure; or
3. The order was affected by material error of law or fact; or
4. The order was clearly erroneous in view of the entire record as submitted; or

1.95.010 Purpose and Intent.
The purpose of this chapter is to establish regulations supporting the topic of increasing housing security, and to establish standards and enforcement mechanisms as they relate to rental housing within the City limits of Tacoma.

It is the City’s intent to continue its long-term commitment to maintain vibrant and diverse neighborhoods within Tacoma. The regulations contained in this chapter balance the needs of the landlord, tenant, and the City while creating a partnership to ensure safe, healthy, and thriving rental housing in Tacoma. The City recognizes that the renting of residential property is a commercial venture where owners and landlords must evaluate risk, profit, and loss. Providing housing for Tacoma residents directly impacts quality of life at the most basic level, and therefore requires regulations to ensure that it is equitably undertaken. This chapter strives to ensure housing security for current and future residents, and addresses potential retaliation against tenants who make complaints about housing conditions.

After the initial distribution of the summaries to tenants, a landlord shall provide existing tenants with updated summaries by the City, and may do so in electronic form unless a tenant otherwise requests written summaries.

6. The packet prepared by the Director includes informational documents only, and nothing in the summaries therein shall be construed as binding on or affecting any judicial determination of the rights and responsibilities of landlords and tenants, nor is the Director liable for any misstatement or misinterpretation of the applicable laws.

C. Notice of resources. A landlord is required to provide a copy of a resource summary, prepared by the City, to any tenant when the landlord provides a notice to a tenant under RCW 59.12.030.

(Ord. 28559 Ex. A; passed Nov. 20, 2018)

1.95.040 Deposit requirements and installment payments permitted.

A. Installment payments, generally. Upon a tenant’s written request, tenants may pay security deposits, non-refundable move-in fees, and/or last month’s rent in installments as provided herein; except that the tenant cannot elect to pay the security deposit and non-refundable move-in fees in installments if (1) the total amount of the security deposit and nonrefundable move-in fees does not exceed 25 percent of the first full month’s rent for the tenant’s dwelling unit; and (2) payment of last month’s rent is not required at the inception of the tenancy. Landlords may not impose any fee, charge any interest, or otherwise impose a cost on a tenant because a tenant elects to pay in installments. Installment payments are due at the same time as rent is due. All installment schedules must be in writing, signed by both parties.

B. Fixed-term tenancies for three months or longer. For any rental agreement term that establishes a tenancy for three months or longer, the tenant may elect to pay the security deposit, non-refundable move-in fees, and last month’s rent, excluding any payment made by a tenant to the landlord prior to the inception of tenancy to reimburse the landlord for the cost of obtaining a tenant screening report, in three consecutive, equal monthly installments that begin at the inception of the tenancy.

C. Month-to-month or two-month tenancy. For any rental agreement term that establishes a tenancy from month-to-month or two months, the tenant may elect to pay the security deposit, non-refundable move-in fees, and last month’s rent, excluding any payment made by a tenant to the landlord prior to the inception of tenancy to reimburse the landlord for the cost of obtaining a tenant screening report, in two equal installments. The first payment is due at the inception of the tenancy, and the second payment is due on the first day of the second month or period of the tenancy.

D. A tenant’s failure to pay a security deposit, non-refundable move-in fees, and last month’s rent according to an agreed payment schedule is a breach of the rental agreement and subjects the tenant to a ten-day notice pursuant to RCW 59.12.030(4), and shall mean that the entire amount of any outstanding payments shall become due when the next rent payment is due, unless otherwise agreed to in writing by the landlord and tenant.

E. Paying in installments does not apply to a landlord obtaining a tenant screening report, which report cost paid by the tenant shall be limited to the standard and actual cost of the tenant screening report.

F. No security deposit may be collected by a landlord unless the rental agreement is in writing and a written checklist or statement specifically describing the condition and cleanliness of or existing damages to the premises and furnishings, including, but not limited to, walls, floors, countertops, carpets, drapes, furniture, and appliances, is provided by the landlord to the tenant at the beginning of the tenancy. The checklist or statement shall be signed and dated by the landlord and the tenant, and the tenant shall be provided with a copy of the signed checklist or statement.

G. A landlord must place any required security deposit in a trust account and provide a written receipt and notice of the name, address, and location of the depository and any subsequent change thereof to the tenant, in compliance with the requirements of RCW 59.18.270.

H. Nothing in this Chapter 1.95 prohibits a landlord from bringing an action against a tenant to recover sums exceeding the amount of the tenant’s security deposit for damage to the dwelling unit for which the tenant is responsible. The landlord may seek attorney’s fees for such an action as authorized by chapter 59.18 RCW.

(Ord. 28559 Ex. A; passed Nov. 20, 2018)
1.95.050  Notice requirement generally – reasonable accommodation request.

(Ord. 28559 Ex. A; passed Nov. 20, 2018)

1.95.060  Notice to increase rent requirements.

A landlord is required to provide the minimum written notice, as outlined in Chapter 59.18.140 RCW, as it currently exists or is hereinafter amended, whenever the periodic or monthly housing costs to be charged a tenant will increase by any amount charged the same tenant for the same housing unit.

(Ord. 28596 Ex. A; passed Jul. 9, 2019; Ord. 28559 Ex. A; passed Nov. 20, 2018)

1.95.070  Notice to vacate requirements.

A. The notice requirements provided in this subsection apply when premises are rented with monthly or other periodic tenancy and apply before the expiration of a fixed-term lease, unless the lease automatically converts to a month-to-month or periodic tenancy at the end of its expiration.

B. Requirement for notice to tenant when tenant displaced. When a tenant is to be displaced, a landlord may only terminate the tenancy by providing a tenant with written notice of at least 120 days preceding the end of the month or period of tenancy. For any notice provided under this subsection, the landlord shall also serve at the same time the Tenant Relocation Information Packet and further comply with the Tenant Relocation Assistance requirements in TMC 1.95.080.B.

C. Requirement for notice to tenant for no cause termination. Unless provided otherwise under federal or state law applicable to low-income or affordable housing programs or under subsection B above, a landlord may only terminate a tenancy for no cause by providing the tenant written notice of at least 60 days preceding the end of the month or period of tenancy. Notices that are exempt from this subsection include, but are not limited to, three-day notice to pay or vacate, three-day notice for waste or nuisance, or ten-day notice to comply with the terms of the rental agreement or vacate.

C. Notice requirements, generally.

1. Notices provided in this section shall comply with RCW 59.12.040, as it exists and as hereinafter amended.

2. The notice shall list the name of the tenant and the dwelling unit number.

3. Proof of any service under this section must be made by the affidavit or declaration of the person providing the notice. When a copy of the notice is sent through the mail as provided in this section, service shall be deemed complete when such copy is deposited in the United States mail.

D. Tenant meeting. A tenant who receives a 120-day notice as provided herein may request an in person meeting with the landlord to discuss the upcoming termination. If such request is made, the landlord shall schedule, notify tenants in writing, and hold such a meeting within 20 days of such request, at a time and location reasonably convenient for the parties. A landlord may schedule and hold one meeting for multiple tenants and requests. A landlord holding such meeting at a reasonable time and location shall meet the requirements herein, regardless of whether the impacted tenants attend.

E. The notices required herein do not apply when:

1. A landlord terminates for nonpayment of rent or for other cause allowed by the state RLTA, chapter 59.18 RCW, or the Forcible Entry and Forcible and Unlawful Detainer Act, chapter 59.12 RCW; or

2. A landlord is required to repair the dwelling unit due to a violation of the Minimum Building and Structures Code, TMC 2.01.050, and is found to be either derelict or unfit.

(Ord. 28559 Ex. A; passed Nov. 20, 2018)

1.95.080  Tenant relocation assistance.

A. Tenant relocation assistance for condemned or unlawful dwelling. Landlords are required to comply with the relocation assistance and related requirements pursuant to RCW 59.18.085, Rental of condemned or unlawful dwelling – Tenant’s remedies – Relocation assistance – Penalties.

B. Tenant relocation assistance for low-income tenants when residential property demolished, substantially rehabilitated, or upon the change of use.
Tacoma Municipal Code

1. When tenant relocation assistance applies. This section shall apply to low-income tenants when a notice is required under TMC 1.95.070.B, except as otherwise expressly required by state or federal law, and with the exception of displacement of tenants from the following:

a. Any dwelling unit demolished or vacated because of damage caused by an event beyond the landlord’s control, including that caused by fire, civil commotion, malicious mischief, vandalism, tenant waste, natural disaster, or other destruction;

b. Any dwelling unit ordered vacated or demolished pursuant to TMC 2.01.050, Minimum Building and Structures Code, because of damage within the landlord’s control;

c. Any dwelling unit owned or managed by the Tacoma Housing Authority;

d. Any dwelling unit located inside the boundaries of a major educational institution which is owned by the institution and which is occupied by students, faculty, or staff of the institution;

e. Any dwelling unit for which relocation assistance is required to be paid to the tenants pursuant to another state, federal, or local law; and

f. Any dwelling unit functioning as emergency or temporary shelter for homeless persons (whether or not such persons have assigned rooms or beds, and regardless of duration of stay for any occupant) operated by a nonprofit organization or public agency owning, leasing, or managing such dwelling unit.

2. Tenant Relocation Information Packet. When a landlord intends to displace a tenant, prior to the landlord providing the notice outlined in TMC 1.95.070.B, the landlord shall obtain from the City one Tenant Relocation Information Packet for each dwelling unit where tenants will be displaced. The Tenant Relocation Information Packet shall contain the following:

a. A Relocation Assistance Certification Form with instructions for its submission to the Director; and

b. A description of the relocation benefits potentially available to eligible tenants.

3. Delivery of Tenant Relocation Information Packet. When a landlord serves the notice required under TMC 1.95.070.B, the landlord shall also deliver a Tenant Relocation Information Packet to each dwelling unit where the tenants will be displaced.

4. Within 20 days of providing the Tenant Relocation Information Packet to tenants, the landlord shall provide the Director with a list of names of the legal tenants and number of dwelling units for the dwelling units at issue.

5. Tenant eligibility for relocation assistance. Low income tenants who are parties to a rental agreement for the dwelling unit may be eligible for relocation assistance only if the tenant to be displaced resides in a dwelling unit at issue when the landlord delivers the Tenant Relocation Assistance Packet. As used in this section, “low-income tenants” means tenants whose combined total income per dwelling unit is at or below 50 percent of the median income, adjusted for family size, in Pierce County.

6. Tenant income verification.

a. Within 20 days after the date of delivery of the Tenant Relocation Information Packet, each displaced legal tenant of a dwelling unit wanting to apply for relocation assistance must submit to the Director a signed and completed Relocation Assistance Certification Form certifying the names and addresses of all occupants of the dwelling unit, the total combined annual income of the legal occupants of the dwelling unit for the previous calendar year, the total combined income of all of the adult occupants for the current calendar year, and any other information that the Director may require to determine eligibility for this program. A tenant who, with good cause, is unable to return the certification form within 20 days may, within 20 days after the date of delivery of the Tenant Relocation Information Packet, submit to the Director a written request for an extension of time which details the facts supporting the claim of “good cause.” If the request is submitted within the 20-day period and the facts constitute good cause in accordance with rules adopted pursuant to this chapter, the deadline for submission of the Relocation Assistance Certification Form may be extended by the Director another 20 days. The Director shall review the request and notify the tenant and landlord if an extension has been granted within ten business days.

b. If information submitted by a tenant on a Relocation Assistance Certification Form is incomplete or appears to be inaccurate, the Director may require the tenant to submit additional information to establish eligibility for relocation assistance.

c. Any tenant who fails or declines the opportunity to submit the Relocation Assistance Certification Form, who refuses to provide the information in a timely manner as required, or who is found to have intentionally misrepresented any material information regarding income or eligibility to relocation benefits, shall not be eligible for relocation assistance under this chapter.

7. Relocation assistance verification. Within 14 days of the Director’s receipt of the signed Relocation Assistance Certification Forms from all tenants who are parties to a rental agreement in a dwelling unit, or within 14 days of the expiration of the same
tenants’ 20-day period for submitting signed Relocation Assistance Certification Forms to the Director, whichever occurs first, the Director shall send to each dwelling unit household who submitted a signed certification form and to the landlord, by both regular United States mail and certified mail, return receipt requested, a notice stating whether the dwelling unit’s certification form indicates eligibility for relocation assistance.

8. Relocation assistance payments.

a. Low-income tenants who are displaced, who comply with the requirements of this chapter, and are determined to be eligible by the Director, may receive a total relocation assistance payment of $2,000 for their eligible dwelling unit. The amount of relocation assistance shall be adjusted annually on or before January 1 by the percentage amount of change in the housing component of the Consumer Price Index, as published by the United States Department of Labor, Bureau of Labor Statistics. The relocation assistance payment shall be in addition to the refund from the landlord of any deposits or other sums to which the tenant is lawfully qualified to receive.

b. The landlord that is displacing a tenant is responsible for payment of one-half of the total amount of relocation assistance due to eligible tenants pursuant to this chapter and the City is responsible for one-half the relocation assistance due to eligible tenants pursuant to this chapter.

c. A tenant may be eligible to obtain a relocation assistance payment only after receipt of a notice from the Director of eligibility for tenant relocation assistance or, if an appeal was taken as outlined herein, after receipt of a final unappealed decision from the Hearing Examiner or a court that the tenant is eligible for relocation assistance.

d. An eligible tenant may obtain the relocation assistance payment by completing a request for relocation assistance. The Director shall notify the landlord obligated to pay such relocation assistance of the request. Within 21 days after submission of the tenants’ request to the Director, the landlord and the City shall provide eligible tenants who will be displaced with their portion of the relocation assistance. A landlord must submit written proof to the City that it provided the eligible tenants with the required payment within five business days of such payment.

a. Either the tenant or the landlord may file an appeal with the Hearing Examiner, pursuant to TMC Chapter 1.23, of the Director’s determination of the tenant’s eligibility for relocation assistance or to resolve a dispute between the parties relating to unlawful detainer actions during relocation. An appeal regarding eligibility for relocation assistance shall be filed within ten days after the landlord or tenant receives the Director’s notice of tenant eligibility. All requests for an appeal shall be in writing and shall clearly state specific objections and the relief sought, and shall be filed with the City Clerk. A record shall be established at the hearing before the Hearing Examiner. Appeals shall be considered de novo. The Hearing Examiner shall issue a decision within 30 days of a request for a hearing by either the tenant or landlord.

b. Judicial review of an administrative hearing decision relating to relocation assistance may be made by filing a petition in Pierce County Superior Court within ten days of the Hearing Examiner’s decision. Judicial review shall be confined to the record of the administrative hearing and the court may reverse the decision only if the administrative findings, inferences, conclusions, or decision is:

(1) In violation of constitutional provisions;
(2) In excess of the authority or jurisdiction of the administrative hearing officer;
(3) Made upon unlawful procedure or otherwise is contrary to law; or
(4) Arbitrary and capricious.

10. If the City makes no appropriation to support this relocation assistance program in this subsection TMC 1.95.080.B, then neither the landlord nor the City shall be subject to the relocation assistance requirements for low-income tenants, and tenants shall not be entitled to relocation assistance as otherwise provided.

(Ord. 28559 Ex. A; passed Nov. 20, 2018)

1.95.090 Compliance and enforcement.

A. Compliance.

1. Any rental agreement or renewal of a rental agreement in a residential unit in the City of Tacoma entered into after February 1, 2019, shall include, or is deemed to include, a provision requiring the provisions outlined in this chapter.

2. A landlord is prohibited from engaging in reprisals or retaliatory actions pursuant to RCW 59.18.240 and 59.18.250, as they exist or are hereinafter amended, including reprisals or retaliatory actions against a tenant’s good faith and lawful rights to organize.
3. Pursuant to provisions of the state RLTA (Chapter 59.18 RCW), landlords may not evict residential tenants without a court order, which can be issued by a court only after the tenant has an opportunity in a show cause hearing to contest the eviction (RCW 59.18.380).

a. In addition to any other legal defense a tenant may have, it is an additional affirmative defense to an unlawful detainer action that a landlord failed to:

(1) Give a 120-day or 60-day “no cause” notice to a monthly or periodic tenant as provided in Section 1.95.070, with service conforming with RCW 59.12.040, prior to the end of such month or period, unless a different for cause notice period is specifically authorized by law; or

(2) Provide relocation assistance in a timely manner as provided in Sections 1.95.080 or 1.95.090.

b. Any rental agreement provision which waives or purports to waive any right, benefit or entitlement created by this section shall be deemed void and of no lawful force or effect.

4. Joint and Several Responsibility and Liability. Responsibility for violations subject to enforcement under this chapter is joint and several, and the City is not prohibited from taking action against a person where other persons may also be potentially responsible persons, nor is the City required to take action against all potentially responsible persons.

B. Rebuttable Presumption.

1. If a landlord provides a 60-day notice to vacate under TMC 1.95.070.C, and within 90 days after the tenant vacates the dwelling unit, the landlord commences activity to demolish or substantially rehabilitate or change the use of the dwelling unit, the City shall presume that the landlord intended to avoid the 120-day notice to terminate requirement in TMC 1.95.070.B.

2. To overcome the presumption in subsection B.1, the landlord must demonstrate by a preponderance of evidence that either the termination was due to proper cause or, in the case of substantial rehabilitation, that the tenant left the dwelling uninhabitable such that substantial rehabilitation was necessary to rent the dwelling.

C. Powers and duties of the Director.

1. The Director is authorized to enforce this chapter and may promulgate rules and regulations consistent with this chapter, provided that the Director shall hold one or more public hearings prior to adoption of final rules and regulations.

2. The Director shall attempt to settle by agreement any alleged violation or failures to comply with the provisions of this chapter; provided that nothing herein shall create a right or entitlement of a landlord to settlement by agreement.

3. The Director is authorized to request records from landlord and the landlord shall allow the Director access to such records, as well as a complete roster of tenants names and contact information, when requested, with at least five business days’ notice and at a mutually agreeable time, to investigate potential violations of the requirements of this chapter.

E. Notice of Violation.

1. If a violation of this chapter occurs, the Director shall issue a Notice of Violation. A Notice of Violation shall include:

a. The street address or a description of the building, structure, premises, or land in terms reasonably sufficient to identify its location where the violation occurred;

b. A description of the violation and a reference to the provisions of this chapter which have been violated;

c. A description of the action required to comply with the provisions of this chapter;

d. A statement that the landlord to whom a Notice of Violation is directed may request a hearing. Such request for hearing must be submitted in writing and must be received by the City Clerk no later than ten days after the Notice of Violation has been issued;

e. A statement that penalties will accrue as provided in this chapter;

f. An Advisory Letter to provide the Landlord with a timeline of the process and an invitation to conciliate.

2. The Notice of Violation shall be delivered, in writing, to the person to whom the Notice of Violation is issued by personal delivery or first-class mail.

F. Civil Penalties.

1. Any person violating a provision of this chapter shall be subject to the penalties as outlined below.
a. For a violation of Distribution of information required (TMC 1.95.030), Deposit requirements and installment payments (TMC 1.95.040), Notice requirement generally (TMC 1.95.050), or Notice to increase rent requirements (TMC 1.95.060), a landlord shall be subject to the following penalties:

(1) For the first violation for each affected dwelling unit, $500; and

(2) For each affected dwelling unit for each subsequent violation within a three year period, $1,000.

b. For a violation of a Notice to vacate (TMC 1.95.070), Tenant Relocation Assistance (TMC 1.95.080), and Retaliation prohibited (TMC 1.95.090.A.2), a landlord shall be subject to the following penalties:

(1) For each violation from the date the violation begins for the first ten days of noncompliance, $250 per day, per dwelling unit;

(2) For each violation for each day beyond ten days of noncompliance until compliance is achieved, $500 per day, per dwelling unit.

3. If the tenants have already relocated, but a violation of the notices required pursuant to Section 1.95.070 can be demonstrated by the City by a preponderance of the evidence, then any person violating any provision of this chapter shall be subject to a penalty in the amount of $1,000 per dwelling unit for which the violation occurred.

4. The Director may waive or reduce the penalty if the landlord comes into compliance within ten days of the Notice of Violation or shows that its failure to comply was due to reasonable cause and not willful neglect. If the Director finds a willful violation of this chapter, which resulted in a Notice of Violation outlined above, the Director may issue a Penalty that shall be $1,000.

5. Any civil penalties paid by the landlord shall be kept by the City.

F. Administrative Review by Director.

1. General. A person to whom a Notice of Violation or penalty is assessed may request an administrative review of the Notice of Violation or penalty.

2. How to request administrative review. A person may request an administrative review of the Notice of Violation or penalty by filing a written request with the Director within ten days from the date the Notice of Violation or penalty was issued. The request shall state, in writing, the reasons the Director should review the Notice of Violation or penalty. Failure to state the basis for the review in writing shall be cause for dismissal of the review. Upon receipt of the request for administrative review, the Director shall review the information provided. The City has the burden to prove a violation exists by a preponderance of the evidence.

3. Decision of Director. After considering all of the information provided, the Director shall determine whether a violation has occurred and shall affirm, vacate, suspend, or modify the Notice of Violation or penalty. The Director’s decision shall be delivered, in writing, to the person to whom the notice of violation was issued by personal delivery or first class mail.

H. Appeals to the Hearing Examiner of Director’s Decision. Appeal of the Director’s decision shall be made within ten days from the date of the Director’s decision by filing a written notice of appeal, clearly stating the grounds that the appeal is based upon, with the Hearing Examiner, which appeal shall be governed by TMC 1.23.

(Ord. 28559 Ex. A; passed Nov. 20, 2018)

1.95.100 Severability.

If any provision or section of this chapter shall be held to be void or unconstitutional, all other parts, provisions, and sections of this chapter not expressly so held to be void or unconstitutional shall continue in full force and effect.

(Ord. 28559 Ex. A; passed Nov. 20, 2018)
