

# *greener* coffee maker cleaner

## Ingredients:

- water
- distilled white vinegar

## Directions:

Pour equal parts of vinegar and water into the coffee maker's water chamber. Switch on the brew cycle. Halfway through brewing, turn off the coffee maker and let the solution sit for about an hour. Turn the coffee maker on again to complete the cycle. Run several cycles through with clean water.

*Check your coffee maker's instruction manual before using this recipe.*
