

# OPEN HOUSE SCHUSTER SLOPE

Wednesday, July 16, 6 to 8 p.m.  
Landmark Convention Center's  
Rooftop Garden Room  
47 St. Helens Ave.

We're creating a long-range natural resource management plan for Schuster Slope. Please attend and share your feedback on, slope stability, recreation, view corridors, public safety, native vegetation, wildlife habitat and water quality.

Questions? Joe Brady | Metro Parks Tacoma | (253) 305-1014 | [JoeB@tacomaparks.com](mailto:JoeB@tacomaparks.com)

The City's Environmental Services Department is caretaker to select open spaces, due to the environmental benefits they provide, throughout Tacoma. The City of Tacoma and Metro Parks want to find out how the needs of the community can be served by these spaces by fostering of volunteer stewardship, quality vegetation, and natural resource management plans (such as this one for Schuster Slope). With your involvement, these spaces will become even greater Tacoma assets.
