

RECYCLING FOOD WASTE AT COMMUNITY EVENTS

1. Every food vendor is responsible to bring a bucket or container for the booth to put its food waste into.

2. Separate food waste from other waste and put it into your bucket:

- ✓ **Fruit and vegetables**
- ✓ **Breads, grains, pasta, dairy (including egg shells)**
- ✓ **Plants and flowers**
- ✓ **Meat, poultry, seafood, (including shells and bones)**
- ✓ **Food-soiled coffee grounds/filters, tea bags, paper napkins**
- ✗ **No packaging or wrappings**
- ✗ **No liquids, oils, or grease**

3. When your bucket is full, empty it into one of the provided gray bins labeled “FOOD WASTE RECYCLING”, located behind food vendor booths.
